All this glory from one tiny seed! The sunflower towers taller than a man, its huge golden head filled with thousands of seeds . . . and every seed contains the mystery of life and growth that science cannot explain.

We are surrounded by miracles that man did not create. Who created them? Who created us? By the reasoning powers of our own marvelous minds we can be guided to see that God the Creator has made all things according to His plan, and that we can only achieve our highest development by living in harmony with it.

How can we know God's will for us? We need only a small seed of faith, for He will lead us in His way if we ask Him . . . and that seed will grow and flourish under His loving care.

Crazy Days Promotion Scheduled Thursday

Thief River Falls merchants will go Western Thursday from 9 a.m. to 9 p.m. when the annual Crazy Days sales promotion will place under the direction of the retail trade committee of the local Chamber of Commerce. Again this year the event is one phase of the annual Jaycee Aquacade. Jon Larson is chairman of the Crazy Days committee.

Approximately 230 western-style hats have been distributed to merchants by the committee to help publicize and promote the event. The popular aidewalk sale will again be featured this year with bargain - priced merchandise placed outside the stores for selection by the public. Crazy costumes will be the vogue during the day and evening.

The "Mule Skinners" German band will play at 9:30 a.m. in downtown Thief River Falls and free movies for the children will be held at Falls Theatre from 10 a.m. to 4 p.m.

Another activity for the youngsters will be a coin scramble starting at 1:30 p.m. Coins ranging from nickels to half dollars will be thrown into a pile of straw in a fenced area and children of various age groups will scramble to retrieve them—being permitted to keep what they find. Further details are in an advertisement in today's issue of the Times.

At 7:45 p.m. the Thursday night Jackpot drawing for $375 will be held and at 8 p.m. the Legion Municipal band will play a concert at the corner of Third street and La-Bree avenue.

Other Activities

Other Aquacade events include the community theatre production of "Romanoff and Juliet" Tuesday and Wednesday at 8:15 p.m. in the city auditorium; street water fight Thursday at 9 p.m. on Second street between Main and Knight avenues; and teenage dance Friday from 8 to 11:30 p.m. in the National Guard armory.

On Saturday at 11 a.m. the annual Aquacade parade will be held and at 8 p.m. in the Lincoln high school gymnasium the Miss America preliminary pageant will be held. Ten lovely and talented young ladies from the area will compete for the Miss Thief River Falls title and the right to enter the Miss Minnesota pageant next spring.

Sunday will feature a full-scale picnic at Tindolph park with swimming, diving and other events, free beef and beans barbecue, concession stands and an aerial fireworks display after dark.

In cooperation with the Thief River Falls Oilmen's association, the Jaycees are conducting a treasure hunt with a grand prize of 1,000 gallons of fuel oil. A small, wooden capsule has been hidden and the finder will receive the grand prize upon presentation of the certificate in the capsule to a local oil dealer.

MUSIC is a basic element in the life of Mary Dahlquist, 22, daughter of Mr. and Mrs. Carl A. Dahlquist of Roseau, although she claims to be "more appreciative than talented". A 1961 graduate of Roseau high school and 1965 graduate of Bemidji state college with a bachelor's degree in vocal music education, she has taught one year of junior high school English in St. Cloud. Her talent number in the Aqacade pageant will be a vocal solo.

Mary Dahlquist Seeks Queen Title

by Marvin Lundin
Times Editor

(This is the seventh in a series of personal interviews with candidates for the Miss Thief River Falls title at the annual Jaycee Aquacade pageant to be held Saturday at 8 p.m. in the Lincoln high school gymnasium. Other articles will appear inthis issue and the Wednesday edition of the Times.)

Among the northern-most candidates in the Miss America preliminary pageant Saturday evening in Thief River Falls will be Mary Dahlquist, sponsored by the Northland Jaycees of Roseau. The Roseau Jaycee chapter was chartered by Thief River Falls Jaycees early this year, and is returning a favor by sponsoring a candidate in the Miss Thief River Falls pageant.

Mary is 22 years old and the daughter of Mr. and Mrs. Carl A. Dahlquist of Roseau. A 1961 graduate of Roseau high school and 1965 graduate of Bemidji state college, she holds a bachelor's degree in vocal music education. She is five feet six inches tall, weighs 123 pounds, has blonde hair, blue eyes and a 36½-25-37 figure. Her talent number will be a vocal solo.

lo.

During her four years in high school, Mary was a member of the band and concert choir, played in the school orchestra, participated in declamation contests, took part in class plays and was a member of the school newspaper staff. She graduated as an honor student and was awarded a superior pin for her participation in music activities.

In college she sang in the Bemidji state college choir four years and was a member of Alph Phi Sigma, a national honorary scholastic fraternity. She was a student director, and also sang in the college production of the opera "Carmen". In 1965 she graduated cum laude from BSC.

This fall she will return to St. Cloud where she teaches English at North junior high school. She also taught at the school last year, and hopes in the future to teach in her major field. Currently she is working for her father in the county assessor's office in Roseau. When she has time, she enjoys reading and sewing.

Mary is the youngest of five children, the eldest being her brother Ray, and her three sisters are Shirley, Nancy and Judy. With the names of all five children ending in "y", would it be proper to term Mary's father a "y's guy"?

Bank Debits in City Up 9 Per Cent from 1965

Bank debits in Thief River Falls during June showed an increase of nine per cent from the same period a year ago, according to statistics released by the Federal Reserve Bank of Minneapolis. In dollars the city's bank debits volume during June was $11,031,000. In the same month of 1965, the total figure was $10,099,000. During the first six months of 1966 bank debits amounted to $121,713,000, an increase of 9 per cent from 1965.

For Minnesota the June volume of bank debits for reporting cities increased 16 per cent from June of last year. Debits for the first six months of 1966 increased 19 per cent from the same period in 1965.

The volume of bank debits reported by the total sample of Ninth Federal Reserve district cities for June increased 15 per cent from a year ago. The cumulative total for the first six months of 1966 indicated a 17 per cent increase from the comparable 1965 period.

Bank debits are mostly checks against depositors' accounts and thus represent payments for goods, services, debts, etc. They also include transfers of funds which of themselves have no business significance.

Police Report Two Mishaps

Two automobile accidents, one involving a hit-run driver, were reported today by the Thief River Falls police department.

Mrs. Arnold Arlt of Plummer reported to police at 6 p.m. Thursday that her car, which was parked in the parking lot at the Land O'Lakes turkey processing plant, had been struck in the left front fender and door and damaged to the extent of an estimated $70. The driver of the other vehicle had left the scene without leaving identification.

Saturday at 1:47 a.m. a car owned and driven by Ahlert Wilbur Johnson, St. Hilaire, was traveling south on Atlantic avenue and struck a vehicle owned by Ole Hadalen, city, which was parked in front of 409 Atlantic ave. N. facing south. Damage was estimated at $175 to the Johnson car and $75 to the Hadalen vehicle. The mishap is under investigation.

ASC Committee Elections Slated In Communities

Farmers today got a last-minute reminder about important upcoming elections of ASC farmer-committeemen who will serve for the next year as local administrators of national farm-action programs.

According to Marcel Dahl, chairman of the Marshall County Agricultural Stabilization and Conservation committee, eligible voters of Marshall county will cast ballots for community committeemen at a meeting held for that purpose on August 1 at 9 p.m. at the appointed places.

Qualified voters in the election are all farmers who are eligible to take part in one or more of the farm programs which the committees administer. The community committee the farmers elect from among their own number consists of a chairman, a vice chairman, a third regular member and two alternates. The regular members of the committee also serve as delegates to a county convention, where farmers will be elected to fill vacancies on the ASC county committee.

The chairman stressed the improtance of electing representative farmers as committeemen in view of their broad program responsibilities. Programs administered by the committeemen include the Agricultural Conservation Program, acreage allotments, marketing quotas, commodity loans, feed grain program, voluntary wheat program, Sugar Act program, national wool program and farm storage facility loans. Other duties are assigned to the committees by the Secretary of Agriculture as the need arises.

Last year 2,800 farmers — 90 per cent of all the farmers in Marshall county — took part in one or more programs administered by the ASC committees. Funds disbursed under the committees' supervision amounted to $4,537,748, including $1,561,500 for price-support loans to increase market returns above what farmers would receive on an unsupported market; $235,499 in price-support payments and $412,265 in diversion payments under commodity programs; $1,001,411 in wheat marketing certificates, and 94,721 as the goverment's share of the cost of conserving local farmland resources under the Agricultural Conservation program.

Vernon Quam Is Named Manager Of T.R. Jobbing

Albert Rotta, president of Rotta Inc., has announced the appointment of Vernon A. Quam as manager of Thief River Jobbing company, succeeding the late Sigward I. Quam.

Vernon started with the company at Bemidji in February of 1940, and has been in Thief River Falls since December of 1945 as office manager. Thief River Jobbing, a division of Rotta Inc., wholesales candy, tobacco and sundries and covers the northwestern corner of Minnesota.

TWO grand championships were won by Becky Scholin of the City View 4-H club at the 1966 Pennington county fair. The charcoal sketch she is holding, entitled "Man With a Guitar," was judged the grand champion home improvement family living exhibit. Miss Scholin also won the grand championship in the photography division.

Members Elected To Pennington NFO Grain Board

Members of the Pennington county NFO grain board were elected at the monthly meeting of the county chapter of the National Farmers organization held in the Highland-ing hall.

Elected to the board were Frank Krbechek and George Horachek of Goodridge, Alex Wold of Plummer, Louis Stenseth and Jens Steen of Thief River Falls with Bennie Svanjord of Goodridge as alternate. Horachek announced that a meeting with signed-up timothy producers would be held soon, with persons interested in signing a contract asked to contact a member of the grain board.

Also discussed at the meeting were the "ship a cow to slaughter" and "veal a calf" projects designed to decrease dairy production and indicate NFO strength. Any member with dairy cows for sale during the first week of August was asked to contact Alton Carlson of Thief River Falls or Albert Kotrba of Goodridge.

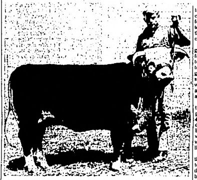
All Approaching 65 Should Apply For Medicare

A person approaching 65 should apply for Medicare in one of the three months before the month in which he is 65, according to Clifford Kittelson, district manager for social security.

This is necessary if the applicant wants his medical insurance to take effect with the month in which he is 65. Retirement is not necessary to qualify. Those working full time should also apply before 65.

ADDING to the family honors at the Pennington county fair this year were Tom and Jennifer Duke of the Silverton 4-H club. Tom showed the champion ewe lamb and Jennifer showed the champion market lamb and the reserve champion ewe lamb. Tim Duke had the reserve champion market lamb of the show. Tom was reserve champion sheep showman. The three youngsters also gained top honors in the swine division.

County Fair Crowd Is Estimated at 19,000



DOUBLE honors were won by Ross Hanson of the Silverton 4-H club in the 4-H beef division of the Pennington county fair. Ross showed the grand champion heifer and was named champion showman of the division.

Crowds estimated at 19,000 attended the 65th annual Pennington county fair which concluded its four-day run on Sunday, according to Morris Goddard, secretary of the Pennington County Fair association, Inc.

Rain fell prior to the opening grandstand performance of the fair on Thursday and during latter stages of the tractor-pulling contest. Saturday afternoon, but all grandstand programs were held as scheduled. Neither of the rains were particularly hard nor lengthy and did little to dampen enthusiasm of the crowd on the grounds.

Complete compilation of statistics on the fair have not been completed, Goddard said, but increases were noted in all revenue-producing portions of the production. Exhibits in open class and 4-H divisions ran quite close to the average number with many fine quality items and animals displayed.

A number of the champions in the 4-H division are pictured in today's issue of the Times and additional photos from the fair will be published on Wednesday, together with the list of winners of grand and reserve championships.

Friday night's tractor - pulling contest drew a large crowd with third place in all three classes being determined by a matter of inches.

In Class A for tractors up to 4,500 pounds, John Jorgenson of Thief River Falls took first place when his 1964 Oliver pulled 124 feet, five inches. Second place went to Clark Carpenter at 120 feet, nine inches and third to Neider Broten at 116 feet, 11 inches. Broten driving a 1937 Farmall, edged Alvin Omdahl of Angus by 11 inches.

Class B winner with a 1962 Allis Chalmers was Jerome Potucek of Warren who pulled 157 feet. Second place went to Kenneth Poole of Thief River Falls at 137 feet, two inches and third was Tom Yutrzenka of Viking at 110 feet, one inch. Adam Lendobeja of Thief River Falls was fourth at 109 feet, 11 inches—just two inches from third place.

Roger Omdahl of Warren won

Plummer Post Installs Officers

Plummer American Legion Post No. 623 installed officers for the coming year at its regular meeting Wednesday evening. Installed were Henry Moonen, commander; Melvin Hesse, vice commander; Leroy Westerlund, adjutant; Ivan Hesse, finance officer; Donald Hesse, chaplain; and Leo Eskell, sergeant-at-arms.

Peter Probasco Elected Director Of State Group

Peter Probasco of Thief River Falls was elected to the board of directors of the Minnesota Vocational Agriculture Instructors' association at the 48th annual vocational agriculture conference held at the Lowry hotel in St. Paul last week.

As a member of the board, Probasco will be the liaison between the area vocational school coordinators and the executive board of the association. A "grass roots" approach to professional problems characterizes the director-member relationships.

Directors are elected for a two-year term, with half of the 16 directors being elected each year. The Minnesota Vocational Agriculture Instructors' Association, Inc. is affiliated with the National Vocational Agriculture Teachers' association, the Minnesota Vocational association and the American Vocational association.

Officers of the association include Maynard Harms, Belle Plaine, president; George P. Nornes, Climax, president-elect; John Zwiebel, Owatonna, vice president; Truman Tilleraas, Blooming Prairie, secretary; John Thell, Willmar, treasurer; Douglas Bade, Chaska, membership secretary; and Emery Krech, St. James, past president.

Local Barber To Move to Wayzata

Ben Bendickson Jr., who has operated a barber shop at 315 East Third st. in Thief River Falls for the past four years, has announced that he will open a new shop August 2 at the Colonial Square shopping center in Wayzata, 10 miles west of Minneapolis.

Play Slated Tues., Wed.

ROMANCE is interrupted by the under-paid members of the army of a mythical six-acre country in this scene from "Romanoff and Juliet" to be staged by the Thief River Falls Community theatre Tuesday and Wednesday evenings. Igor Romanoff (Brooks Mostue) and Juliet (Rosemary Dahlen) find their park bench discussion thwarted by the soldiers (Neil Jensen and Dick Stenberg) who are peddling trinkets, souvenirs and other items of questionable value.

Thief River Falls Community Theatre will present "Romanoff and Juliet" Tuesday and Wednesday at 8:15 p.m. in the Thief River Falls city auditorium. The second production of the recently-formed theater group, the play will be staged as a featured event of the 12th annual Jaycee Aquacade.

Mrs. Pat Johnson is director of the production with James McConnell as assistant director. Members of the stage crew are James Solsten, William Jensen, Everett Marshall, Francis Womack, Allen Gilbert and Robert Womack. Jerry Foldenauer and Vance Busse are in charge of lighting with Margaret Moeglein and Shirley Kruschke in charge of properties.

Gloria Bjorkman is arranging costumes with Diane Marshall, Karen Meisner and Rosemary Dahlen assisting with make-up. JuaNita Lieske and Marjorie Hanson are in charge of publicity and tickets while Jo Kruschke, Kathy Buringrud, Kathy Protz, Bev Thompson and Susan Swanson will be usherettes.

Plot of the play involves the attentions of the East and the West to secure the smallest of mythical countries lying on the boundary between East and West as an ally. Intertwined is the romance be-

Worker Shot and Wounded Sunday At Fairgrounds

A carnival worker was shot and wounded early Sunday morning at the Pennington county fairgrounds. Recovering at Northwestern hospital from a bullet wound inflicted with a .22 revolver is James Williams of Burksen, Tex., who operated a concession at the county fair.

Police were called to the fairgrounds at 5:20 Sunday, where the wounded man was found and taken to the hospital. Dan Vincent Culbert of Burkburnett, Tex., an employer of Williams, told police that he fired the shot when Williams, in a state of intoxication, attempted to break into Culbert's trailer house. Culbert was not taken into custody and no charges have been made. The case is under investigation.

Debbie Korsmoe Weds Orlean Agnes At Trail

Debbie Korsmoe, daughter of Mr. and Mrs. Orvin Rystad of Seattle, Wash., became the bride of Orlean Agnes, son of Mr. and Mrs. Johnnie P. Agnes of Trail on Saturday, June 18, at 2 p.m. at the St. Charles Barroneo mission church at Trail. Rev. Paul A. Cardin of Oklee officiated at the double ring ceremony attended by approximately 200 relatives and friends. Nuptial selections were provided by the St. Francis Xavier choir with Miss Bronken as organist. Forming the chancel background were arrangements of pink gladioli and white mums. Bows of aqua ribbons on the pews marked the center aisle.

Given in marriage by her grandfather, Elmer Jorgenson of Clearbrook, the bride wore a floor-length gown of white lace over taffeta fashioned with a full skirt topped by a fitted bodice with sleeves that buttoned at the wrists. A double tiered crown of pearls held her veil of silk illusion and she carried a white orchid surrounded by pink roses and white carnations. Her single strand pearl necklace and matching earrings were a gift from the groom.

Sharon Ballweg of Fargo, N. D., attended the bride as matron of honor. Bridesmaids were Betty Turkelson of South Milwaukee, Wis., and Karen Woods of Minneapolis. They wore floor-length gowns of aqua satin styled with modified bell skirts topped with fitted bodices of white lace. Each wore a veiled aqua pillbox headpiece and carried an arrangement of pink roses and white carnations. Their long white gloves and pearl earrings were gifts from the bride.

Nieces of the bride, Lynn and Lori Korsmoe of Seattle, Wash., were flower girls. They wore aqua floor-length gowns and headpieces similar to the other attendants. To complete their attire they wore white gloves and shoes and carried baskets of assorted flowers. Kendell Korsmoe of Seattle, Wash., brother of the bride, was ring bearer.

Attending the groom as best man was his cousin Harold Agnes of Fosston. Other attendants were Jerry Carlson of Gully and Donovon May of Trail. Ushers were Ward Erickson of Clearbrook and Charles Agnes of Fosston, cousins of the bride and groom, respectively. The ring bearer and the attendants of the groom wore white dinner jackets with aqua tipped white carnations. Their black bow ties and cuff links were gifts from the groom. The groom wore a dark suit with a pink rose boutonniere. His cuff links and tie tac were gifts from the bride.

For the wedding, the mother of the bride chose a blue sheath gown with white accessories. The mother of the groom wore a three-piece blue suit, also with white accessories. Both wore identical corsages of pink roses and white carnations.

Also presented with corsages and boutonieres were the honor guests attending the wedding, Mr. and Mrs. Elmer Jorgenson of Clearbrook, grandparents of the bride; Mrs. Vilaline LaCoursiere of Oklee, grandmother of the groom, and Ella Austin, a great-aunt of the bride. Serving the bride as her personal attendant was Mrs. David Korsmoe of Seattle, Wash., a sister-in-law.

Following the ceremony, a reception was held in the VFW club room with Mrs. Albert Aaknes of Trail as hostess. Decorations were in aqua and white, the bride's chosen colors. On the bridal table, surrounding a miniature bride and groom, was a double ring arrangement of white flowers flanked by aqua and white candles in crystal holders.

The four-tiered wedding cake, with each tier resting on graceful swans, was decorated in white with aqua roses. A garden trellis graced with a cluster of white roses formed the background for the miniature ceramic bride and groom that topped the cake made and decorated by Mrs. Albert Aaknes. Cutting and serving the cake were aunts of the groom, Mrs. Maggie Weber and Mrs. Laura Cate of Oklee. Mrs. Francis Erickson of Clearbrook, and Mrs. Martha Agnes of Fosston, aunt of the bride and groom, respectively, poured.

Beverly Erickson, cousin of the bride, registered the guests and Janet Anderson and Shirley Paulson presided at the punch bowl while Paulette Aaknes and Kelvin Korsmoe of Seattle, Wash., a brother of the bride, passed the groom's cake. Waitresses were Karen Jallen and Barbara Woods, both of Minneapolis and Sandra Peterson of Hoyt Lakes and those who opened and displayed the gift were Mrs. Gerald Cate of Oklee, Nancy Wasvick and Sharon Johnson of Fargo, N. D. All wore corsages, a gift from the bride. Those in charge of serving the reception were Mrs. Henry Lund, Ann Pederson, Mrs. Vincent Agnes, Mrs. Lyle Lund, Mrs. Lloyd Pladsen and Mrs. Bennie Torkelson. They, together with the waitresses, wore white aprons, gifts from the bride.

Out-of-town guests were from Seattle, Wash.; Milwaukee, Wis.; Fargo, N. D.; Hoyt Lakes, Minneapolis, Clearbrook, Fosston, McIntosh and Bagley.

For her traveling ensemble, to the Black Hills of South Dakota, the bride wore a three-piece green suit with white accessories and a corsage of yellow roses.

The bride is a graduate of the Gonvick high school and the groom is a graduate of the Fosston high school. They will make their home on a farm near Fosston.

Victor Holmstroms Honored On Their 50th Anniversary

Mr. and Mrs. Victor Holmstrom of Strandquist were honored recently when a large number of friends and relatives gathered at the Bethesda Lutheran church at Strandquist to help them celebrate their 50th wedding anniversary.

A program preceded the reception with Rev. Albert Stromlund of Tanneyville, Mo., in charge. For devotions Rev. Jackson read Psalm III and the devotional message, based on Revelations 12, was given by Rev. Stromlund. Greetings were given by Edwin Lefrooth and Mrs. Kenneth Setterholm gave a reading.

Musical selections included a solo, "Each Step I Take" by Keith Myer accompanied by Sheila Larson and a duet, "Take Your Burden to the Lord" sung by Mr. and Mrs. Edwin Lefrooth. Mrs. Albert Stromlund participated by singing, "When They Ring Those Golden Bells" and was joined by her family in singing "What A Day That Will Be'.

A reception followed in the decorated dining hall. The anniversary cake was cut by Mrs. Raymond Hougard of Stephen and Mrs. Emil Dyrud of Newfolden.

Grandaughters assisted with the reception. They were Virjean and Marilyn Holmstrom who poured coffee and served nectar; Avis Setterholm of Stephen who registered the guests and the waitresses Arlis Setterholm and Barbara Stromlund.

Golden Age Group To Present TLCW Program

Trinity Lutheran church women will hold their regular meeting Thursday, July 27, at 8 p.m. The topic, "How Old Are You?" will be presented by members of the Golden Years group. Devotions will be given by Mrs. Millard Peterson. Members of the Priscilla circle will serve as hostesses while members of the Miriam circle will be in charge of hospitality.

Everyone is welcome to attend, according to the publicity chairman who quoted St. Simon in saying, "The Golden Age is before us and not behind us" and further stated..."that those attending may be surprised to discover how old they are and how young these senior citizens are".

Sannes-Olson Family Reunion Held At Erskine

Annual Sannes - Olson family reunion was held Sunday, July 10, at the Farmers Union park at Erskine.

A brief program and business meeting followed the pot-luck dinner. The program included devotions by Herman Jacobson, principal of the Park Rapids schools, a piano solo by Ann Stordahl and group participation in singing "America".

At the business session held, Grundy Sannes was elected president, Ole G. Olson, treasurer and Mrs. Norman Rudie, secretary.

It was reported that the restoration of the abandoned cemetery south of Erskine, a project of the group, was progressing satisfactorily under the leadership of O. G. Olson. The burial plot, according to the "75th anniversary" booklet published by the Grace Lutheran church, Erskine, was used by that church as its first cemetery. After abandoned, the plot was left to the ravages of nature and the wooded area grew up with underbrush. According to the report, this had been bulldozed and cleared away. A fence, a plaque of ownership and other needed work is now in progress. However, it was stated that more work had to be done, more money was needed and that those having anyone buried in this cemetery were welcome to participate.

The group voted to meet again next year with the time and place set for the second Sunday of July in 1967 at the same Farmers Union park at Erskine.

Mr. and Mrs. Art Zacharias returned home Monday evening after visiting friends at Menahga and with relatives at Sebeka and Bemidji.

Mrs. Headly Lee returned this week to her home at Minneapolis after visiting with relatives and friends in and around Thief River Falls. While here she was a house guest at the Art Zacharias home. Tuesday evening, Mr. and Mrs. Zacharias and Mrs. Lee were guests at the John Erickson home at Highlanding.

Mrs. Wilfred Heidinger, formerly Sharon Hendrickson, and children of Salinas, Calif., visited the past week with her in-laws, the Hellmuth Heidingers at Milner, N. D. Mrs. Heidinger is a daughter of Mr. and Mrs. Harry Hendrickson of this city. She will attend her high school class reunion here on Saturday and expects to return to her home at the end of this month.

Daniels and Center Vows Exchanged in St. Paul

Miss Kathleen Ann Daniels, daughter of Mrs. D. W. Daniels of St. Paul and the late D. W. Daniels, and Richard Dennis Center, son of Mr. and Mrs. Howard G. Center Sr., of Bloomington, Ill., exchanged marriage vows Saturday, June 18, at 8 p.m. at the Calvary Lutheran church in St. Paul. The mother of the bride is the former Ruth Remmen of this city.

Rev. A. H. Braun officiated at the double ring ceremony. Mrs. Ver Burtzlaff was organist and accompanied Margaret Carlson who sang "I Love Thee" from the "Song of Norway", 'Love Never Faileth (I Cor. 13) and "The Lord's Prayer".

Candelabras on alternate pews trimmed with bows and ferns lined the center aisle and arrangements of gladioli, mums and carnations graced the altar.

The bride was escorted to the altar by Leonard Daniels, brother of her deceased father. For her attire she chose a floor-length gown of ivory peau de soie in simple lines. Alencon lace accented the above-the elbow sleeves, empire bodice and chapel length train. Her bouffant veil of silk illusion fell from a pillbox headpiece enhanced with Alencon lace and pearls and she carried a white bridal bouquet of roses and stephanotis, accented with trailing ivy.

Diane Daniels of Minneapolis attended her cousin as maid of honor. She wore an aqua chiffon over taffeta gown in empire fashion. The gown styled with short sleeves was trimmed with a lighter shade of aqua and avocado and featured a flowing back with a floor length panel.

Dressed similar to the maid of honor were the bridesmaids, Virginia Vogel of St. Paul and Georgia Jacob of Lake City. All the attendants wore matching net petal headpieces with brief butterfly veiling, aqua shoes and each carried a bouquet of aqua tinted carnations and white roses.

Miss Sandra Foster of this city was flower girl. She was dressed like the other attendants and carried aqua carnations and roses in an aqua tinted lace basket.

Russell Cotton of Champaign, Ill., a college friend of the groom, was best man. Other attendants were Samuel Perroni of Normal, Ill., cousin of the groom and Martin Lower of Bloomington. Ushers were Ralph Foster of this city, cousin of the bride, and Howard Center Jr., brother of the groom. They were attired in black tuxedos with carnation boutonnieres.

The mother of the bride wore a pale aqua crepe gown with satin accenting the waist and lace bodice. Corresponding accessories completed her attire. The mother of the groom wore a three-piece ensemble of frosting pink silk chiffon over cotton silk. A cranberry veil accented her shaded pink floral hat.

Among the guests attending the wedding was the godmother of the Thief River Falls, who is also the bride's aunt. Mrs. John Zeiss was the bride's personal attendant.

A reception followed the ceremony with approximately 150 guests in attendance. Miss Shirley Thunhard registered the guests. Ellen Oram and Janet Eggen served the punch and Bettie Schoene and Mrs. Kenneth Voohres poured. A dinner the preceding evening was given for 25 guests at the Sheraton-Ritz hotel in Minneapolis by the parents of the groom.

Guests attending the wedding were from Louisville, Ky.; Champaign and Bloomington, Ill.; Kelliher, Thief River Falls and areas surrounding the Twin Cities.

For travel on her wedding trip, the bride wore a yellow sheath dress with dyed-to-match accessories.

The bride and groom are currently attending summer school at the University of Illinois. The bride, a graduate of Macalester College, St. Paul, is working towards her masters degree. In the fall she will resume her duties as first-grade teacher at the Champaign unit four schools at Champaign, Ill. The groom will attend the Illinois State University at Normal, Ill., where he is majoring in accounting. They are at home at 308 North Prairie, Chafpaign, Ill.

Friday evening supper guests at the Ed Christensen home were Rev. Merle Christensen of Minneapolis, Rev. and Mrs. Charles Copham, of Crookston, Mr. and Mrs. Lee Osberg, Susan and Charles of McDonald, Ohio; Judith Ellsworth of Seattle, Wash., Edna Christensen of Brooksville, Fla., and Mrs. Waldie Christensen.

Manley Andersons Of Grygla Fete On Anniversary

Mr. and Mrs. Manley Anderson of Grygla were honored Sunday afternoon, June 19, at Our Saviors Lutheran church at Grygla in observance of their 25th wedding anniversary. With them for the occasion were their attendants of 25 years ago, Mrs. Allard Morken, Mrs. Harry Johaneson, Clifford Anderson and Torrence Lillevold.

For the event, Mrs. Anderson wore a shoulder corsage of white carnations and red rosebuds as did Mrs. Morken and Mrs. Johaneson. The flowers were gifts from the children of the honored couple who were all present for the celebration. They were Janice, Mary Joy and Elaine, all of Minneapolis; Roger of Grand Forks, N. D., and Glenn, Glenda and Karl, all of Grygla.

Johnny Lillevold was master of ceremonies of the program that preceded the social hour. Rev. S. J. Sigurgeirson led in devotions. Included in the program was a history of the life of the honored couple, written and read by Mrs. Roland Sundberg. Sons and daughters, neices and nephews, as well as brothers and sisters, presented readings and hymns and the assembled group participated in singing "Savior Like a Shepherd Lead Us" and "Now Thank We All Our God. Mrs. Harvey Ness accompanied the group singing.

A reception followed in the church parlors with the North Side circle serving the refreshments. The four-tiered anniversary cake, baked by Mrs. Tom Webster and Mrs. Clarence Carlson, was cut and served by Mrs. Lyndon Magnuson and Mrs. Louis Jelle. Mrs. Emil Boyum and Mrs. Torrance Lillevold poured. Mrs. Johnny Lillevold served as hostess while Donald Johaneson and Allan Morken served as ushers.

Guests attending were from Illinois, North Dakota, International Falls, Minneapolis and Grygla. They were registered by Genelle Morken.

Ella Erickson, 68, Long-time Local Resident, Dies

Miss Ella Erickson, 68, a longtime resident of Thief River Falls who was employed for many years at the Model Laundry, died Sunday at Northwestern hospital. Her survivors include two sisters, Mrs. Edwin Ahlstrom and Mrs. Lyda Olson, both of this city.

Funeral services for Miss Ella Erickson will be held Wednesday at 2 p.m. at Zion Lutheran church. Neil Henderson, lay pastor will officiate and interment will be in Greenwood cemetery.

The body will repose at Sinding's Funeral chapel from 7 p.m. today (Monday) until Wednesday noon and at the church for one hour prior to the time of services. A complete obituary will be in the Times on Wednesday.

Mrs. Bjornaraa, Pioneer Resident Of Trail, Dies

Mrs. Ingeborg Bjornaraa, 87, of Trail, a pioneer Pennington county settler, died Friday, July 22, at Northwestern hospital in Thief River Falls.

Funeral services for Mrs. Ingeborg Bjornaraa will be held Tuesday at 2 p.m. at the Nazareth Lutheran church, 12 miles north of Trail. Rev. J. H. Larson of Oklee will officiate. Reese Funeral home at McIntosh, where the body is reposing this afternoon (Monday) and evening, is in charge of arrangements.

Mrs. Bjornaraa, the former Ingeborg Berg, was born May 30, 1879 in Hylestad, Satesdalen, Norway, a daughter of Turjerd and Sigurd Berg. On Oct. 12, 1900 she married Bjorgulv Bjornaraa, a teacher in nearby Valle who became widely known as a poet and speaker in Norwegian - American circles. After a year of teaching at Evje, near Kristiansand, Norway, they came to Starbuck in 1903, residing on a farm while he served as parochial teacher and song leader for several Norwegian Lutheran congregations in the area.

In 1912 they homesteaded a farm in the newly opened section of eastern Pennington county where she had since resided. She was active in Ladies Aid and other church activities and in Setesdalslaget, a society of former residents of Setesdalen, Norway which her husband headed for over 30 years.

She is survived by three daughters, Mrs. Erick (Selma) Johnson of Trail; Mrs. Fred (Borghild) Lablow of El Cajon, Calif., and Mrs. William (Solveig) Costa of San Dimas, Calif.; four sons, Einar Bjornaraa of Trail, Thorwald of Grand Forks, N. D., Sigurd of Eureka, Calif., and Dreng of Minneapolis; nine grandchildren and eight great-grandchildren. Two nieces and a nephew in Norway also survive.

She was preceded in death by her husband in 1912, three daughters and one son.

Services Held At Newfolden For Ole Engstrom, 83

Funeral services for Ole Engstrom, 83, of Newfolden, who died Monday at Northwestern hospital, were held Friday at 2 p.m. at the Westaker Lutheran church at Newfolden, Rev. Gene Sundby officiated and interment was in the Bjorsness cemetery. Green Funeral home was in charge of arrangements. Hymns were sung by Mr. and Mrs. Virgil Hjelle with Mrs. Stanley Holmans as organist.

Honorary pallbearers were Melvin Ihle, Karinus Hjelle, Arthur Sorenson, Harold Hanseth, Henning Anderson and Hjalmer Haugen.

Those who served as active pallbearers were John Neegard, Walter Neegard, Marvin Neegard, Nels Asp, Robert Zak and Andy Anderson.

Ole Engstrom was born Aug. 2, 1882 in Mariehill, Sweden to Lars and Kristine Engstrom. In 1894, at the age of 12 years, he immigrated to America with his parents. The family lived at Warren until moving in 1901 to a farm in Newfolden township, Marshall county. There Mr. Engstrom had since resided living on the home farm which he operated following the death of his parents.

Mr. Engstrom was active in community affairs and had served for many years on the school board of District 69, the township board and the Newfolden Livestock shipping association board. He never married.

He is survived by one sister, Mrs. Ruth Rhodegard of Newfolden, Rudolph Engstrom, Minneapolis; Elmer Engstrom of Trail and several nieces and nephews.

He was preceded in death by four sisters.

Albert Bennes, 82, Once of Holt, Dies In Calif.

Albert B. Bennes, 82, formerly of Holt, died Thursday, July 14, at San Pedro, Calif., according to word received here recently.

Funeral services for Albert Bennes were held Monday, July 18, at the Halverson Mortuary chapel at Torrance, Calif.; with Rev. Philip Hiller of the First Lutheran church of Torrance, officiating. Interment was made in the Green Hills Memorial park at San Pedro, Calif.

Pallbearers were Oscar Furr, Carl Frederickson, Harry Tollefsrud, Charles Monroe, George Jorgenson and Carstuen Sagstune.

Albert Bennes was born in Fertile. He was owner-operator of a restaurant in Holt for 47 years before moving to 1965 Reynosa, Torrance, Calif. to live with his daughter, Mrs. Beulah Frederickson.

Other survivors include his wife, Emma, also of Torrance; one brother and three sisters, Edward L. Bennes, Minnesota; Josie Armstrong, California; Ida Ashling and Clara Helgaas, both of Minnesota; two granddaughters, Janice Harrison and Judy Day, and four great-grandchildren.

Olaf Nerby Rites Held Saturday At Westaker Church

Funeral services for Olaf Nerby, 80, who died Tuesday at Northwestern hospital, were held Saturday at 2 p.m. at the Westaker Lutheran church in Newfolden. Rev. Gene Sundby officiated and interment was in the Folden cemetery east of Newfolden. Green Funeral home was in charge of arrangements. Mrs. Stanley Holmans was organist and Mrs. John Julin and Irene Julin were the vocalists.

Serving as pallbearers were Norman Folden, Melvin Hjelle, Bernhard Nelson, Lester Olson, Hans Hanson and Harvey Hoberg.

Olaf Nerby was born Oct. 11, 1885 in Norway. He immigrated to United States with his uncle and aunt, Mr. and Mrs. Nyhu[illegible], when he was 15 years old, settling in Thief River Falls. Here he was employed at a grain elevator until moving several years later to Newfolden to work in an elevator there.

He was united in marriage to Signe Loveld on Oct. 25, 1924 at [illegible]road. Following their marriage they lived for many years in New Maine township, Marshall county. For the past two years, he had made his home in Thief River Falls.

He is survived by three brothers in Norway and by several nieces and nephews. His wife, Signe, preceded him in death on Dec. 7, 1964.

Emily Hoel Is Participant in Carleton Program

Miss Emily Z. Hoel, daughter of Mr. and Mrs. Howard M. Hoel Jr. of Thief River Falls, is among a number of selected "pre-freshmen" who are attending a summer program of special studies at Carleton college in Northfield. Participants in the program are some of the abler members of the incoming freshman class who were invited by the college to attend summer classes which began June 20 and will continue through August 19.

The course is worth four term credits of college work. Each of the participants has registered for two of the following courses: Classical Literature, English, Government, Modern Languages and Religion.

Designed as an enrichment rather than an acceleration of the academic program, the summer program has two basic aims: to offer participating students the opportunity for more concentrated study in courses designed to fully utilize their capabilities and to provide them with a good start on their college careers by enabling them to satisfy requirements in elementary subjects more quickly and thus proceed more rapidly into advanced courses in their fields of special interest.

Estimated 19,000 Attend Co. Fair During Four Days

(Continued from Page 1)

the Class C competition with a pull of 142 feet, nine inches with his 19-62 Cockshutt. Second place went to Alvin Omdahl of Angus with 125 feet, five inches and third place to Ralph Nowacki of Argyle at 109 feet, 11 inches — just four inches ahead of Curtis Johnson of Thief River Falls.

On Saturday afternoon, Kenneth Sanders of Goodridge won Class D honors with a pull of 184 feet, nine inches with his Case 930. Second was Louis Carpenter with 162 feet, 11 inches and third was LeRoy Zak of Angus with 156 feet.

Class E was won by Larry Rivard of Oslo when his Minneapolis Moline G1000 pulled 155 feet, eight inches. Second place went to William Rupprecht, TRF, at 120 feet, seven inches with a John Deere 4020.

Class F was won by Cliff Jorde when his John Deere 5010 pulled the sled through the entire course. Second place went to Roger Hible with 171 feet, two inches with his Case 1200.

Cathy Barthel of Minneapolis won the Powderpuff pull at 81 feet, six inches. Second place went to Janice Nelson of St. Hilaire while third place was won by Mrs. Frank Hible of Thief River Falls.

The Venita Rich talent revue Saturday evening drew one of the largest crowds of the fair with first place and a trip to New York City for a national television audition going to the Four Countrymen men's quartet of Fosston.

A large number of teenagers also attended the Teen Night program Sunday evening.

HANDICRAFT projects made by mentally retarded children taking part in the Falls Day Activity center were displayed in this booth located in the women's building at the fairgrounds during the 1966 Pennington county fair. The projects were made during Saturday afternoon sessions of the center located in the Redeemer Lutheran church parsonage. The center is sponsored by the Pennington-Red Lake Association for the Mentally Retarded. Its operation was recently placed in the hands of a board of directors with Richard Contos as chairman.

Variety Noted in Weather During 1966 County Fair

Weather was alternately fair and foul during the 1966 Pennington county fair. The fair opened Thursday to the tune of thunder, a chilly north wind and continuous rain. Some rain also fell Saturday afternoon, but weather was generally fair and cool during the balance of the period.

Forecast calls for occasional periods of cloudiness today, tonight and tomorrow with scattered showers and thunderstorms. No important temperature change is expected for the area except slightly cooler in north portions tonight. Highs today will range from 75 to 85; lows tonight from 55 to 62.

Temperature and precipitation readings recorded at the airport are as follows: 78 and 54 on Wednesday; 86, 53 and .09 inch on Thursday; 78 and [illegible] on Friday; 78, 51 and a trace on Saturday; and 89, 53 and a trace on Sunday.

Goodridge Class Of '56 Reunites

Goodridge high school class of 1956 held its 10-year reunion Saturday, July 16, at the American Legion club in Thief River Falls with 20 of the 41 class members present. Following a ham banquet, the program began with Dean Wiseth of St. Paul Park, class president and adviser for reunion arrangements, as master of ceremonies.

Prizes were awarded to Mr. and Mrs. Alvin Arneson of Hawthorne, Calif. for traveling the greatest distance; Conrad Iverson of Thief River Falls for traveling the shortest distance; Dennis Sistad of Fosston for changing the least in appearance since school days; Earl Lee of Two Harbors for gaining the most weight since school days;

Also to Jerome Leverson of Minneapolis for having lost the most hair; Mr. and Mrs. Roland Verbout (Shirley Benson) of Grygla for being the most recently married; and again to Mr. and Mrs. Earl Lee for having the youngest child.

Mrs. Edgar Miller and Mrs. Bernard Sturre were each presented with a gift from the class for making arrangements for the reunion.

Each member of the class received a book which was published previously, containing pictures of classmates and their families along with a resume of their lives since graduation. The book was dedicated to the memory of the two deceased classmates, Jerroll Jergenson and Fern Haligan.

Attending besides those previously mentioned were Mrs. Dean Wiseth, St. Paul Park; Mrs. Dennis Sistad, Fosston; Mrs. Jerome Leverson, Minneapolis; Edgar Miller, Bernard Sturre and Gerald Hamre, Goodridge; Mr. and Mrs. Donald Auld (Clarice Rolandson), Minneapolis; Mr. and Mrs. Robert Smeby (Mavis Tiegland), Grygla; and Mr. and Mrs. Allen Horning (Marilyn Sigerud), California, Md.;

Also Mr. and Mrs. Alden Overby, Moline, Ill.; Mrs. Jerry Klein (Esther Bratten), Minneapolis; Mrs. Craig Barr (Marlys Larson), Bemidji; Mr. and Mrs. William Grasfield (Carol Selle), Bemidji; Mr. and Mrs. O. W. Harmer (Alice Aldstad), St. Paul; Mr. and Mrs. Harvey Uglum, Hastings; and Mr. and Mrs. Donald Magan (Carol Anderson), Embarrass.

Four teachers were also present. They were Mr. and Mrs. Julian Gasperlin, East Grand Forks; Mr. and Mrs. Richard Edlund, Thief River Falls; Harold Hans, Bellingham; and Donald Olson of Sisseton, S. D.

Floral arrangements were contributed by Mrs. Harold South.

Keith Davison Campaigns for Congress at Fair

Keith C. Davison, DFL candidate for Congress, said Thursday that passage of the 1965 public works an economic development act has been worth a million and a half dollars to the Seventh district since its passage last August. Campaigning at the Pennington county fair, Davison said: "The EDA has given new life to many of the hard-pressed areas in the district.

"These funds have made possible basic public works projects such as street improvements, water facilities and sewer services in areas where the local economy simply could not carry the burden of additional local tax levies and assessments. Not only has this area received the direct benefit from the infusion of federal funds into the local economy, but also there is the long-range benefit in making the district more attractive to industry and tourism."

Davison specifically noted the $254,000 grant awarded to Greenbush for purposes of construction of sewage and water facilities, and the $448,000 grant to help finance public works projects in Baudette.

EDA was established by the public works and economic development act of 1965 to promote economic growth in depressed areas. EDA is authorized to provide public works grants and loans, business loans and technical assistance funds.

"Had my opponent's vote prevailed," Davison said, "this assistance would not now be available and the Seventh district would be $1,469,000 poorer today."

The incumbent Republican Congressman voted against the 1965 public works and economic development act, Davison said.

State Obligates $1,658,109 for Highway Beauty

A total of $1,658,109 for highway beautification was obligated by the Minnesota highway department in fiscal year 1966, which ended June 30. The funds were slated for landscaping and scenic enhancement, advertising control and junkyard control along the state trunk highways and county roads under authority of the federal highway beautification act of 1965.

The major outlay of funds for landscaping and scenic enhancement, amounted to $1,438,434 and was obligated for 74 projects. The largest landscaping project involved $230,600 for planting trees and shrubbery along CSAH 62 in Hennepin county. Fourteen other landscaping projects were planned on a smaller scale, throughout the state. In addition, safety rest areas and overlooks are being planned along county state aid highways, and rights of way along trunk highways are scheduled for improvement.

Some $153,750 was allotted for an advertising control project from Anoka to St. Cloud. This project involves checking advertising signs for conformity to the new regulations, determining which signs must be removed, and purchasing the signs from the owner and the advertising rights from the landowner.

The department allocated $65,925 for planting trees around junkyards located near federal and primary highways. All planting will be done on existing highway rights of way to screen the junkyards from highway view.

The federal government contributed 100 per cent of the funds for the landscape and scenic enhancement projects, 75 per cent for advertising control and 50 per cent for junkyard control. The state contributed 25 per cent of the funds for both advertising and junkyard control.

In addition to these projects, the highway department is in the process of completing an inventory estimating the cost of a 10-year landscaping and scenic enhancement project which was also provided for in the 1965 beautification act. This inventory is scheduled to be studied by a Congressional committee and any further apportionments will depend on future federal apportionments.

Trout Bonanza

According to reports trickling in from Cranberry Portage, Manitoba, Mr. and Mrs. Vern Nelson and Mr. and Mrs. Leo St. Michel have had, or are having, a lake trout "bonanza".

On Saturday, a week ago, in the party's first try at the Lake Athapapuskow's trout waters, ten trout were taken, including a 20-lb., 2 oz. trout by Bernice Nelson, and a 32 lb. trout by Alice St. Michel. Mrs. Nelson caught her trout on a smelt-baited rig, while Mrs. St. Michel used a sutton leaf-thin spoon.

And on Monday Vern Nelson checked in with a 23-lb., 12 oz. trout. The party had intended to fish the McKenzie Bay waters of Lake Athapap and they were using deep-water gear. Their rods were equipped with roller tip-top guides, metal lines, half-pound sinkers and big capacity reels. They would be trolling the reefs off the bay, and according to Vern, the reefs in the McKenzie Bay are "like the Rocky Mountains turned upside down". But they are getting the trout and in trophy size!

Perhaps it would be an idea if, come next winter, a class on lake trout fishing could be organized, with Vern and Leo, and Bernice and Alice as teachers. I know of six or eight so-called lake trout fishermen who are prospective students.

And speaking of fishing, and more on the local level, Phil Beving was reporting a limit catch of walleyes on Lake Bemidji on Saturday. Phil and Shorty Perkins were out with a guide who had his boat equipped with a sonar depth-finding device. They were able to locate the reefs and sand bars off Diamond Point in Lake Bemidji. And the party, fishing from about 9:30 a.m. to noon, picked up their limit in walleyes. And that must be considered quite a feat as Bemidji isn't rated as a prime walleye lake.

Some Fine Entertainment

Baseball fans are due for some fine entertainment at the fairgrounds on Wednesday and Thursday when three of the sub-district American Legion junior baseball tournament games will be played. Another set of games will be played at Warren, and the sub-district finals will be played at Warren on Saturday, July 30.

Games scheduled to be played here on Wednesday evening, with the first game slated to start at 6:30 p.m., will find East Grand Forks meeting Karlstad. And at 8:30 p.m. the Thief River Falls team will play the Roseau squad. On Thursday, with game time at 8 p.m., the two winners will play, and the winner of this semi-finals game will enter the sub-district finals on Saturday evening at Warren.

Teams starting play at Warren on Wednesday will be Middle River against the winner of the Warren vs. Oslo game, and Crookston vs. Warroad.

The Year's Top Event

There is not much doubt that when the year's top athletic events are recapped at the year's end that the mile run turned in by Kansas U's freshman, Jim Ryun, will be the tops. Ryun, a 19-year old record-breaker, last week ran the mile in 3:51.3, chopping 2.3 seconds off the record held by France's Michel Jazy. It marks the first time since Glenn Cunningham held the record, that the mile run mark has been held by an American.

Ryun, in setting this remarkable mile run record, turned in quarter-mile marks of 57.9, 57.6, 59.8 and 56. Mile runners runners reach their physical peak when they are about twenty-five years of age, so it is probable that Ryun will be the runner to run the miles in 3:50. But that 3:51.3 set last week must be considered an epic event.

That Football Call

While it may seem that baseball season has only really started, football and the opening of school are just around the corner.

Jim Sims, the new football coach for the Prowlers, has moved to town and is anxious to get started with his work. Although formal practice will not start until about two weeks before the opening of school, the coach has invited high school boys to contact him individually or in groups and check out footballs and shoes for informal use. He will be at the school today through Wednesday from 3 to 4 p.m. or may be called at his homes.

Ekeren Pharmacy vs. L. D. Hartz.
Mostue's Floral vs. Coast-to-Coast.
Mostue's Floral vs. Coast-to-Coast.

With sponsor Al Jensen shooting a 25 straight, and with Vern Cyr scoring a 22-3, Ken Moum a 22-5, Goodwin Olson a 20-5, and Steve Johnson notching a 21-3, the Jensen Mink Farm squad, the league leaders, posted a 124 to 114 win over the Mostue's Floral squad on Wednesday evening. The florists had one "25" in Joanie Wilson's 19-7. Other scores were Myrt Wilson, 17-4, Carol Stenseth, 14-10, Yvonne Hedlund, 10-10, and Pat Ball, 14-10.

The Wilson Bros., kept pace with the league-leading Jensens, and remained but two points off the lead by scoring a 122 to 118 win over the Ekeren Pharmacy. Three "25's" were marked up by the Wilsons, with Al Tonder having a 22-3, Wally Vagle a 23-7, and Merv Skadsem a 21-4. Stan Wilson had a 24-0 and Si Schantzen had a 23-0. The Pharmacy also had three "25's", one a straight in Sandy Wilson's 25-0, and Ted LaCoursiere having an 18-8 and Ray Thyren a 23-3. Stub Pahlen scored an 18-3 and George Schlieff had a 20-2.

The defending league champion Times, who meet the Jensens this week, chalked up a 120-116 win over the Coast-to-Coast. George Mostue had a 23-5, Marv Lundin a 21-4, and Jim Amundgaard, a 20-8 for the three "25's" on the Times score sheet. Bob Mattson had a 20-2 and Clarence Mattson had a 23-1. The Coast-to-Coast had two "25's" in Jim Huseth's 17-8 and Don Omdahl's 21-6. Howard Hagen scored a 22-2, Don Kamrowski had a 20-3 and Stan Ranum a 13-6.

The Union State Bank had an easy time with the L. B. Hartz squad, winning by a 107 to 85 score. Only one shooter appeared for the Hartz, and he was Rich Jorde who marked up a "25" with a 19-8. For the bankers, Walt Fischer had a 21-5, John Moum a 14-7, Arnie Johnson a 19-5 and Arnold Narverud a 17-5.

Bridgeman Hands VFW First Loss In City Softball

City Softball League

	w	l	pct.
V. F. W.	6	1	.857
Schmidt's Beer	6	1	.857
Bridgeman's	4	3	.571
Hartz Stores	3	4	.428
Bea's Food Market	1	6	.143
Hamm's Beer	1	6	.143

Results of last week's games:
Schmidt's Beer, 7, vs. Bea's Market, 3.
Hartz Stores, 19, vs. Hamm's Beer, 14.
Bridgeman's, 5, vs. V. F. W., 4.
This week's schedule:
Monday, July 25.
Bridgeman's vs. Hamm's Beer.
Tuesday, July 26.
V. F. W. vs. Bea's Food Market.
Wednesday, July 27.
Schmidt's Beer vs. Hartz Stores.

The high - flying Vets were dropped from the ranks of the undefeated in the city softball competition on Wednesday evening when, in a game played on the fairgrounds diamond, the Bridgeman's scored a 5-4 win over the league leaders. The loss, combined with the Schmidt's Beer 7-3 win over the Bea's Food Market on Monday evening, shuffled the league standings, with the Vets and Schmidt's sharing the top rung.

The Bridgeman's held a 5-1 lead entering the seventh inning in their game against the Vets, and then were forced to snuff out a last-inning rally by the Vets. The Vets scored three runs in the final inning, and had the tying run on third and the go-ahead run on second, but Bridgeman's Bob Carlson, who hurled the route for the winners, forced a pop up to retire the side and end the game.

This week's feature game could be the Schmidt's vs. Hartz Stores game slated for Wednesday evening. The Hartz Stores survived a hectic 19-14 game against the Hamm's Beer squad on Tuesday evening.

In the opening game on the week's schedule, this evening, Monday the Bridgeman's will be meeting Erv Melvie's Hamm's Beer team. And the Ham's would like nothing better than to upset the Bridgeman's. In a previous game between the two clubs, the Bridgeman's marked up a 10-1 win, but since that time the Hamm's have added reinforcements to their squad.

Vacura Leading Hitter in TRF Softball League

Jeff Vacura of the Hartz Stores team, although dropping a few points from the average he carried last week, continues to pace the hitters in the city softball league. Vacura, with 12 hits in 26 at bats, is carrying a fine .462 average. Lloyd Noreen of the Schmidt's, with nine hits in 25 trips to the plate, is hitting at a .370 average.

The leading batters:

Dr. Bob Harris Wins Aquacade Open Tournament

Dr. Bob Harris of Roseau, shooting three-under-par golf for the 27 holes of the medal play championship flight, won top honors in the Aquacade Open golf tournament played over the local course on Sunday. After the first round of play, Dr. Harris trailed the local club's Ron Kvikstad by one stroke, with Kvikstad carding a 34 to Harris' 35.

The Roseau golfer scored three birdies and six pars on his second round to post a 33 and take a commanding lead. On his final round, being even par driving off on the 9th tee, Harris was on the green in three, and had a six-foot putt for a birdie. He over-ran the cup on his birdie try, and then rimmed the cup on his come-back putt, and scored a bogey six and a 37 for the round.

Crookston's Jack Robinson, with a one-under-par 35 on his final round, chipping in for a birdie on the ninth hole, gained runner-up honors. Kvikstad and Dave Wegge shared third place honors with 112's, and in a playoff, Kvikstad was the winner.

In junior golf competition Billy Olson won the championship flight honors, with John Womack as the runner - up, and Bob Womack is the consolation winner. In the junior first flight play, Tim Carlson won the flight honors with Steve Hess as runner-up. Allen Gilbert won the flight's consolation prize.

Watershed Projects Held Up by President Order, Langen Says

Over 50 watershed project plans are being held up in the bureaucratic maze of Washington upon the orders of President Lyndon Johnson, members of the House Republican task force on agriculture charged today.

"Fifty - five important projects, designed to save and improve land and water areas in this country lie dormant in the files of the bureau of the budget because of the power-hungry tactics of the administration," said Congressman Odin Langen, chairman of the group.

In 1956, Public Law 566, the watershed protection and flood prevention act, was amended to provide for approval of watershed projects by the committees on agriculture and public works of the House and Senate. Since September of 1965, however, none of the requests filed with the bureau of the budget have been forwarded to these committees for action, Langen noted.

Budget bureau director Charles L. Schultze said in a recent letter to Congressman W. R. Poage, chairman of the House subcommittee on conservation and credit, "We expect to be able to forward the individual projects, in virtually all cases, as soon as a single, but fundamental, problem is resolved."

The problem involves the question of whether the President or the Congress should be allowed control over watershed project decisions. The current law reserves that right for the Congress but administration officials are challenging the legality and constitutionality of the provision.

"This most recent attempt by the Johnson administration to balloon the ever-increasing scope of Presidential authority is being made at a great cost to the taxpayers, local governments and to the land itself," Congressman Langen charged.

Langen pointed out that financial commitments and time schedules are just two of the hapless victims of the refusal of budget bureau officials, acting on order of the President, to submit watershed plan projects to Congress for review and decision.

"For nearly 12 years," Langen said, "Congress has been handling these projects. A total of 446 stamps-of-approval have been given watershed proposals following intense study of them by the committees.

"Congress," he stated, "can stand on its record of careful consideration of watershed projects and genuine concern for the best possible use of conservation funds in this area. Administration efforts to take over this function are only hampering the smooth effective process that has worked so well over the years."

Rent Supplement Authorized Under Mondale Proposal

First rent supplement in the nation under Senator Walter Mondale's amendment to the 1965 Housing Act will be awarded to a St. Paul housing project for the elderly. The elderly residents must use one-fourth of their income for rent, with the government making up the difference.

The department of housing and urban development informed Sen. Mondale that an annual rent supplement of $15,000 will be provided to Central Towers apartments in St. Paul to help support 25 apartments for low-income elderly persons who are unable to afford full rent.

The Mondale amendment extended the rent supplement program to senior citizen housing sponsored by non-profit groups such as churches and labor unions. Central Towers apartments was originally constructed by Central Presbyterian church of St. Paul with a $2.9 million federal loan.

Mondale noted that federal housing officials expect that his amendment will encourage more non-profit groups to sponsor housing projects for the elderly. "This is most desirable," he said, "because, housing sponsored by churches, labor unions and other non-profit local groups will tend to keep the community in closer contact with the elderly and their problems."

"Experience has shown, and a true philosophy will always show, that a vast, perhaps the larger, portion of the truth arises from the seemingly irrelevant." —Edgar Allan Poe

Too Much for Too Many

Last spring's jump in food prices, as is the case with every inflationary price rise, set off the usual hunt for a scapegoat. To many, the logical culprit could be found at the beginning of the food pipeline—the farmer. But the farmer, far from being a culprit, is a victim of inflation to a greater extent than most other segments of the country.

Prices received by farmers for all products in 1965 were nearly nine per cent below the average for 1947-49. During the same period, weekly wage rates to labor have gone up 107 per cent. Things farmers bought rose in price by 28.3 per cent.

No, the farmer is not to blame for inflation. Inflation is the result of too many people asking too much from their government, and the government trying to provide too many "free" services and handouts.

In defending the farmer, Farm Journal magazine says, " . . . we suggest that they, the Secretary of Agriculture, the President, the rest of his administration — and Congress — concern themselves more with the real cause of inflation: government spending and expansionary fiscal policies. Let's have less wailing about food prices and some real shouting about that."

Matter of Principle

If pending proposals to expand size and weight limitations covering the Post Office department's parcel post service are adopted, the result may well be catastrophic for private carriers, states the Industrial News Review.

In the case of one private company, the REA Express, the enactment of the proposal would divert up to 42 per cent of the company's surface shipments, and mean a drop of 27 per cent, or over $120 million in its total revenues. If that should happen, then the government, in the opinion of the president of the company, must be prepared to offer a federal subsidy or nationalize the express company.

Some of the reasons why the private company would face a losing competitive battle against parcel post are significant because they show what can happen to any private enterprise that is forced to compete with government. The Post Office department pays no taxes of any kind; it pays no fees for licenses or permits; it is included in the federal government retirement plan rather than the more costly Social Security or Railroad Retirement system; it pays no interest on debt; it is free of state regulation; it is not subject to strikes or work stoppages interrupting service.

These are but a few of the privileges enjoyed by government when it enters a commercial business activity. As a matter of principle, anyone who believes in the private property, private enterprise system should oppose the entrance of government into any business.

Handcuffed Police?

The following editorial appeared in a recent issue of the St. James "Plain Lealer":

The recent ruling of the United States Supreme Court barring signed confessions from being used as evidence in the trial of a criminal unless they are obtained under very restrictive procedures, has caused quite a furor among police officials and other law enforcement agencies.

During the past years the Supreme Court has made so many interpretations and rulings for the protection of the individual that we wonder just how long it will be before criminals, communists and extremists of all kinds will have no fear whatever of the law, or of being prosecuted for their acts against other individuals or groups.

One very good discussion of the situation was written by Paul Harvey, newspaper columnist and radio commentator of Chicago, and published in the June 22, 1966 issue of The Minneapolis Daily American. It is headed: "Shoot and be merry! Cops are handcuffed!" Here is how he views the situation:

"The man with the smoking revolver standing over the dead body says, 'I did it and I'm glad', yet he may go free.

"The policemen at the scene of the crime are now required (by Supreme Court edict) to advise the man with the smoking revolver:

"1. You don't have to say anything.

"2. Anything you do say may be used against you.

"3. You have a right to an attorney before I ask you anything.

"4. If you can't afford an attorney, one will be provided free.

"If police abuses had necessitated clarification of the Fifth Amendment, there might be some justification for a Supreme Court decree, but the fact is that confessions under duress have long since been ruled unacceptable.

"Further, with our crime rate increasing five times faster than our population is increasing — youth crimes seven times faster — this is a most in opportune time to further shackle our law enforcers.

"With street rioting an increasing menance, much of it doubtless spawned by the leniency of our courts, it should appear to any objective observer that we have gone quite far enough in protecting the rights of the criminal; now we'd better give some attention to the rights of the law-abiding citizen who is presently terrified in the asphalt jungle, avoiding the streets, cowering behind locked doors and shuttered windows.

"Henceforth, any crime with no witnesses will be virtually unsolvable.

"My heart bleeds today for the lawmen whom we bind with red tape, then say, 'Stand there and shield us from the lawless'.

"If the police forces of our nation become forceless — if pretty soon nobody will take that thankless job except a sadist on the muscle or a fink on the take or a thug on the make—

"If our police become what police already are in many Latin American nations—hired two-hat lackeys for precinct lawbreakers—

"It will have been because we made the task of a conscientious cop so desperately difficult that no decent, dedicated man will volunteer anymore."

If the Supreme Court is so concerned with protecting the rights of a criminal when he runs afowl of the law, why should it not also be equally concerned with protecting the rights of individuals to walk safely on the streets or to live securely within the walls of their own homes?

The pendulum has swung too far to the left! Let's get it going back the other way for a change!

Leave It to Beaver

We quote the following item from Forest Abbott's column in the Baudette "Region".

"The crowning touch of nature's whims took place at Ted Rowell's large conservation development southeast of Baudette, where tree planting and improvement of waterfowl habitat has been in progress for some time.

"Ted and his right-hand man, Al Francisco were inspecting an area near a natural inland lake off the Rapid River and agreed that it would be nice to have a dam in a certain spot, just in case the lake might be in danger of drying up.

"Al took his engineer's magic wand, a straight handle shovel — usually used for leaning on for intensive thought — and emphasized the strategy by turning over a shovelful of dirt and saying, 'This would be the ideal spot, right here.'

"Evidently the beavers thought it was a good idea, too, because soon afterward they erected a dam in that very spot — and without any costshare business or any strings at all.

"It should be safe to say that Ted and Al are just about the best dam engineers in the country."

To the Point

With all the furor being made in Congress in regard to safer automobiles, we believe the points made by Editor Rowland D. Hughes in the Salvation Army's "War Cry" magazine are well taken. We quote from his editorial as follows:

"The general aim of the pending legislation, so it would appear, is to produce more crashworthy vehicles, to minimize the effects of mishaps.

"And we're all for that. We join forces with the many concerned folk in this land who are seeking the elimination of sharp handles, protruding knobs and other dangerous features in today's car interiors.

"Safe cars are essential. So are safe roads. But the real offenders in this whole sorry business are the drivers. They are, in the vast majority of cases, directly responsible for highway horror because, at a given moment, they do what they should not do or not do what they should do.

"We get a little impatient, therefore, with those who are inclined to pile most of the blame on the machines.

"After all, vehicles do not get intoxicated. They're parked outside of taverns minding their own business while their owners are whooping it up with the boys and topping it off with 'a couple for the road.' (According to a recent article in Time, half of all the fatally injured drivers are listed by police as 'H.B.D.'—Had Been Drinking.)

"Vehicles do not fight with ther wives, leave home boiling mad and tangle with everybody who gets in their way on the turnpike.

"Vehicles do not rush from a board meeting in a temper and peril the lives and limbs of motorists by reckless actions.

"Vehicles do not accept challenges at traffic lights and race down the highway heedless of road rules or the rights of others.

"Vehicles do not take chances at intersections and railroad crossings.

"Vehicles do not step on the gas and barrel through red lights and stop signs.

"Nor do vehicles maintain themselves, swallow antibiotics, antihistamines and barbiturates, or suffer sight or hearing defects.

"Vehicles stand innocent on every one of these counts. The blame rests squarely on the drivers."

Interesting Opinions . . .

"In some 20 years of observing local government, we have noticed a disturbing treand — and that is a tendency for the governing bodies to take the side of the professionals they hire instead of the people they represent. This is not to say that the professional is necessarily wrong and the public is right. But we do say that it is still the public's responsibility to determine the amount of government and what kind of government programs it wants."

—Manteca (Calif.) "Bulletin"

• • •

"When federal grants expand to the point where every community is affected, the federal government will control the destiny, will determine the life or death of each village, hamlet, town and city in the country. Can it be depended upon to make wiser decisions concerning the future of those communities than could the residents themselves?" The Morris "Sun".

Borrowed Nonsense . . .

"I'm worried about my husband," the woman said. "He keeps dreaming he's an electric refrigerator."

Psychiatrist: "That's nothing to be alarmed about . . . a lot of people dream that they're something or another."

"I know doctor . . . but he sleeps with his mouth open and that little light shines in my eyes."

Questions Answered On Federal Taxation

These questions most frequently asked by taxpayers on federal income tax matters with authoritative answers are provided by the office of the district director of Internal revenue, St. Paul.

Q Am I taxed on the reserve pay I get for my two-week military duty at summer camp?

A — Yes, pay for reserve training is generally fully taxable.

Q - My company is planning to send me to another city on a temporary three-week assignment. If I have to pay the costs to come home weekends with no company reimbursement, can I deduct this on my income tax?

A — This situation seems to qualify as a temporary assignment. In these cases, the law permits you to deduct the traveling costs of returning home weekends as long as the costs do not exceed what you would have spent for room and board if you had not gone home. You may also deduct the travel costs of getting to your new assignment and returning home after it is over if the costs exceed reimbursement from your employer.

Q I hold down two jobs and social security is withheld by both employers. Is there any way I can stop this withholding on one of the jobs?

A - No. The law requires each employer to withhold social security on the first $6,600 of wages paid to each employee during the year. If more than the maximum of $277.20 is withheld for social security from your combined salaries, you should claim the excess as a credit against your income tax when you file your income tax return next year.

Q -- I was given an extension of time to file my tax return. Will I owe any interest on the unpaid balance?

A -- Yes, you will. Even though you were granted an extension of time for filing, interest will be due on the unpaid balance at an annual rate of 6 per cent. Interest should be computed from the due date of the return and paid with the tax when you file your return.

Q - I was just reimbursed by my insurance company for some medical expenses I claimed on my 1965 return. Do I have to report this as income on my 1966 return or do I file an amended return for 1965?

A The reimbursement should be included in income on your 1966 return to the extent you received a tax benefit from it on your 1965 tax. There is no need to file an amended return.

Q -- If I sell my house at a profit will I be taxed on the gain?

A — Profits from the sale of a personal residence are generally taxable. Under certain conditions, however, the tax on this gain may be postponed until a later year. This situation occurs if you buy a new house within a year of the sale of your old home and pay more for the new house than you sold the old one for.

Also, if you are 65 or older, all or part of the gain realized upon the sale may be exempt from tax. Further information on this subject may be found in Document No. 5017, "Selling Your Home," available free from our local IRS offices.

Q -- Is it true that a cooperative apartment gives you some of the same tax deductions as owning a home?

A -- Yes. Your part of the real estate taxes and interest charges will be a deductible expense. The managers of a particular co-op will be able to tell you what these items amount to on a specific apartment.

Farm Accidents Stressed at Farm Safety Week Event

Farm resident fatality rate is well above the national fatality fatality rate and has been increasing steadily for the past five years. Speakers at the Farm Safety Week kick-off luncheon on the St. Paul campus of the University of Minnesota stressed the rising farm accident rate and the hazards of farming over other occupations.

Statistics provided by the National Safety council show that it is much more dangerous to work on a farm than in a factory. The fatal accident rate for farmers in 1964 was 67 per 100,000 against a figure of 10 per 100,000 for factory workers. Farmers also led the national average in traffic accidents with a total of 28.6 per 100,000 as opposed to 24.9, the national average.

Only the home accident fatalities of farmers and the national average were similar statistically.

Some of the farm accidents were attributed to the fact that farmers do not come under supervision by any agency with controls similar to those the Department of Labor exercises over industry.

According to the National Safety council report, industry has been receptive to suggestions based on research; but research on farm safety engineering has been almost non-existent. The report looked to education as the best weapon in the battle to slow the farm accident rate.

The Slow Moving Vehicle (SMV) theme of the luncheon was discussed from various aspects. Robert Rupp, managing editor of "The Farmer" magazine spoke on the "Press and SMV". Kenneth Austin, executive secretary of the Minnesota Retail Farm Equipment Association, discussed "Implement Dealers and Youth and SMV". "SMV on the National Scene" was the subject discussed by Phillip Schmidt, organization and youth specialist of the National Safety council farm department.

The city youth program is a wonderful thing. It surprises me tho everytime I go with my ten year old son to swimming lessons or his baseball games how few mothers are there Bet you'd enjoy it, Mom, I know your son would. You can't realize the progress they're making unless you see it yourself. They're regular "Little Leaguers"—some day they might be "Big Leaguers"!

Sulfur Research Is Noted at Park Rapids

Visitors at the University of Minnesota's sulfur research plots field day at Park Rapids last week were able to see first hand the positive effects of sulfur applications on alfalfa yields.

E. C. Seim, research assistant in soil science at the university, told the field day visitors that although sulfur treatments had been tried on a number of different field crops, the most striking and consistent yield responses have been obtained with alfalfa.

In field tests 10 miles east of Park Rapids, plots treated with sulfur applied as either gypsum or elemental sulfur have produced up to three times as much alfalfa hay as the untreated check plots.

Seim pointed out, however, that similar increases should not be expected throughout the state since the sandy loam soils in about a 10-county area around Park Rapids are particularly sulfur deficient.

Generally speaking, he said, studies by G. W. Reim, research assistant in soil science, show that the soils in northcentral and northeastern Minnesota are relatively low in sulfur supplying power, while soils in the southern and western parts of the state are relatively high.

Results of the 1965 studies at the sulfur experimental fields near here show that annual applications of elemental sulfur or gypsum at the rate of 50 pounds per acre produced the greatest alfalfa yields for three cuttings during the season.

Sulfur bearing materials applied in 1962 also had a residual effect on crops grown in 1965. Applications in 1962 of 100 pounds per acre of elemental sulfur and 1,000 pounds per acre of gypsum produced the greatest yields in 1965 cuttings.

Both residual and annual applications resulted in significant increases in alfalfa yields over the untreated plots.

Seim pointed out that the difference between controlled and treated plots increased with each successive cutting in the season, which indicates that sulfur from natural sources is repaidly exhausted by the first cutting.

He added that in order for sulfur applications to increase alfalfa yields, it is important that treated fields also receive complete applications of phosphorus and potassium in amounts determined by soil tests.

While university researchers have conducted investigations on a number of topics ranging from sulfur movement through the soil to sulfur content in the air, major emphasis at the field day was on the effects of rates and kinds of sulfurbearing materials on the yield and sulfur content of field crops.

In addition to increasing alfalfa yields, sulfur treatments have also increased the sulfur content in the tissue of small grains, soybeans, sunflowers and potatoes. But Seim reported that additions of sulfur have not resulted in significant yield increases in these crops.

He said that sulfur supplied by the soils from atmospheric sources and by the mineralizations of organic matter is adequate to supply the sulfur requirements of these and other long-season cultivated crops.

Discoloration in corn following sod was observed in research plots that had not received sulfur treatments. But corn in plots with 10 pounds per acre of sulfur appeared normal.

Seim reported that the discoloration gradually disappeared after the application of sidedressed nitrogen and as the season progressed. He said that the sulfur content in the tissue of normal compared to abnormal plants seems to indicate that discoloration results from a sulfur deficiency.

The university's continuing program of sulfur research on soils and crops in Minnesota was begun in 1962. It is financed by funds from the Sulphur Insitute and the Tennessee Valley Authority.

SWEEPING top honors in the swine division of the Pennington county fair 4-H club department were Tim (left) and Tom Duke, sons of Mr. and Mrs. Bill Duke and members of the Silverton 4-H club. Tom showed the champion barrow and was reserve champion showman. Jennifer Duke showed the reserve champion gilt.

Public Opinion

Drake, North Dakota
July 18, 1966

To the Editor:

There have been many times in the past when I have been tempted to write "a letter to the Editor", but after reading your editorial in the Times of July 11th in regard to the article in the "Trainmen's News" about Medicare, I feel that this time I must follow through. Your unjust and unfounded remarks against the Trainmen automatically attacks all men who man the trains because their working conditions are all the same. I believe that you should have done some research before you made your accusations. Since I have been the wife of an engineman for twenty-five years, I feel that I can give you some help in looking at the other side of the picture. It is evident that you have formed your opinion after reading only the one side given in the newspapers and magazines. Why haven't you gone right to the men who run the trains and ask them what their working conditions really are? Or, better yet, why don't you take a trip on one of the freight runs to Glenwood, Federal Dam, or North Dakota - sleep where the men sleep, eat where and when - and if they eat? Try it in 90 degree heat and 30 degree (below) cold. Then form your opinion, Marv.

First of all, remember that we are going to be considering what are called the "operating crews", the men who run and manage the trains: Conductors, brakemen, fireman (we don't have many of these anymore, more's the pity) and engineers. I can't answer for the non-operating men, but I'm sure they'd be glad to tell you about their work if you go to the yards and ask them.

About strikes: Do you think for one minute that the men or their families like them? It means a loss of money to all of us in more than one way. But what other power do the men have when the employer refuses to meet over the bargaining table? Remember, the fact that you chose to be the editor of a newspaper instead of being a railroad man doesn't make the companies always and forever right. There are two sides to an argument.

You bring up the point about strikes being dangerous to National Defense. Since you are so fond of quoting editorials from other papers and magazines in almost every edition of the Times, let me quote a sentence from an editorial by Clayton Fritchey in the July 15 Minneapolis Tribune in which he wrote about the need for better strike machinery i.e., legislation; "It is then (after the emergency is over) also discovered that while strikes are damaging, they seldom prove fatal to the national interest." During the last strike on some of the nations railroads, the men moved every train that was declared to be of vital interest to the National Defense. I don't believe that railroad men - or any union men - are any less patriotic than anyone else - newspaper editors included. In fact, what group of men are more vital in a national emergency? Not only as civilians, but in the armed services, too, they keep the trains going, carrying troops, supplies, weapons.

What's this about a 38 hour work week? You've got to be kidding, Marv! A 60 hour work week is usual for most of the men, and many others work much more than that. The only ones who work less than 60 hours might possibly be the crews on the passenger, and they are away from home at least 48 hours each trip.

Double pay for Sundays and holidays? With the exception of the switch engine crews who receive extra pay on holidays only, the men receive not a cent extra on Sundays or holidays. Even if they did, would you deny a man extra pay for working on a holiday instead of being at home with his family? I notice you arrange to publish the Times ahead of time when a holiday is coming up so that you can be with your family. Mr. Editor, how many Christmases, Thanksgivings, Easters, have you been away from your family? Would your children like to have Santa come a couple of days after - or maybe before - December 25th? That's what railroad families have to do if Dad is going to be in on the festivities. We've all done it, because someone has to run those trains, but we've not liked it, and we'll never become accustomed to it. In our family we are luckier now because my husband has more seniority, and can usually manage to be at home either Christmas Eve or Day - but now the children are grown! You can't win. Oh, yes, while other people are having their holiday feasts, the men on the trains are fortunate if they eat at all, since people who own or work in restaurants like to be at home with their families on a holiday!

So now the Soo Line has decided to cancel some of the freight runs on holidays. You will notice I said cancel, Marv. If they just plainly don't run them, they must pay the men their regular wages while they stay at home. In most cases, this means losing two days' wages. Do you take a loss in wages when you are off on a holiday? Maybe you dock employee's wages, I don't know.

You didn't mention overtime in your editorial, but I am going to, because most people think our men are paid overtime after eight hours as is custom in other industry. This is not so. Here is a schedule of the hours that must be worked before overtime begins on the freight runs from Thief River Falls:

To Glenwood - 14 hrs. 53 min.
To Devils Lake, 10 hrs. 48 min.
To Federal Dam, 10 hrs. 58 min.
To Noyes and back, 12 hrs. 53 min.
To Overly, N.D., 16 hrs. 20 min.

(and Federal Law prohibits the men working over 16 hours. Of course, the companies have thought of several ways to get around this law, but that's another story.)

The run my husband is on now, a turn-around between Drake and Devils Lake, is what railroad men consider a good one. It averages 10 hours a day, six days a week. He's at home every night in time for dinner (any time between 6:00 and 10:00 o'clock as any railroad man's wife will tell you) and has Sundays off. What luxury! Yes, for 10 hours a day, my husband must sit there on the right side of the cab. He can't leave the seat at all because, you see, he doesn't have a fireman to relieve him, or to take signals. On the return trip, he must back the engine all the way! (The engine isn't dual - controlled). Can you imagine how comfortable that is? Good for the spine, isn't it? Maybe it's good for the character, though! Oh, he has a brakeman in the cab between stations, but he can't run the engine, and conditions are no more comfortable for him. If he twists around to watch ahead, how does he watch behind for hot boxes or other trouble on the train? Too bad they don't have eyes in the back of their heads! Overtime on this job begins at 12 hours 48 minutes.

Yes, Marv, we have made some progress in bettering working conditions. For the past two years the men have been receiving some expense allowance. The companies now pay for sleeping accomodations. Hotel rooms with baths-where they are available, and these are, at best, third rate. Even if there is anything better, the companies have decided that this is good enough. Where there is no hotel, the engine crews stay in bunk-cars that have no sanitary facilites, and are hot in summer and cold in winter. The conductors and brakemen stay in Cabooses of about 1905 vintage. The allowance for meals is fabulous - $1.50 per trip regardless of the hours worked-75 cents per day! Of course, if it is late at night, or Sundays or a holiday, the restaurants may be closed so the men don't eat and then they save money! On any run that returns to Thief River Falls the same day, even if they eat three times (and in 16 hours they just might), they receive nothing for meals.

However, we are grateful for any improvement regardless of how small they might be. If it weren't for the Brotherhoods, our men wouldn't have it this good.

As Ann Landers so often says, "Wake up and smell the Coffee, Buster!".

I do not mean this as a personal attack on you, Marv. You have a right to your opinion; please, won't you listen to both sides before forming that opinion?

Sincerely yours,
Beth Haldin

Council To Sell Bonds On City Improvement

Meeting in regular session Tuesday night, the Thief River Falls city council set August 16 as the date for sale of $550,000 in bonds for the 1966 street improvement project and extension of the Chief's coulee from Seventh street to the river. The sale will start at 3 p.m. in the council chambers.

Representatives of the Walter Butler architect and engineering company of St. Paul, retained by the Economic Development administration to fulfill requirements for the river reservoir study, presented to the council a resume of Phase 1 of the project, which is a recreation-market feasibility study. The council approved Phase 1, to be conducted at a cost to the city of $621.40. This figure is 10 per cent of the cost of Phase 1, the balance to be paid by a federal grant.

The city's share of the entire reservoir study is set at $31,070. Money for Phase 1 amounts to 20 per cent of the cost of the entire project.

Three University of Minnesota men have been hired by the Butler firm to conduct the Phase 1 study. Project leader is Dr. Dale C. Dahl, assistant professor of agricultural economics at U of M. Also retained are Dr. John S. Hoyt Jr., lecturer in the U of M department of agricultural economics and extension economist for the Minnesota Cooperative Extension service; and Paul J. Stelmaschuk, area development agent for the U of M agricultural extension service.

Four building permits having a total valuation of $20,300 were approved. They included Dorothy Boyer, 308 S. Merriam, garage and basement, $2,000; Leonard Nelson, 110 N. Conley, entry to dwelling, $300; Sherman Johnson, 301 S. Oak, addition to dwelling, $3,000; and Clifford Swanson, 512 S. Merriam, dwelling, $15,000.

On and off sale beer licenses were granted to The Mint, Ralph's Family Bowl. Off sale beer licenses were granted to Eighth Street Grocery and [illegible] cafe.

Upon recommendation by Morris Owen, superintendent of utilities, the council voted to release payment of 15 per cent of the cost of the river dredge. Amount of the payment is $8,345. A defect in the dredges' operation which had delayed payment has apparently been rectified. The city still owe's the Ammco company 10 per cent of the cost.

In response to a report by Fire Chief Roy Langevin that some owners of mobil homes at city trailer courts had indicated a desire to move them to residential areas, the council voted to pass an ordinance prohibiting the use of

Lightning Razes Barn, Hits Car Monday Night

The area surrounding Thief River Falls was the scene of severe thunderstorm activity Monday night, with serious property damage resulting. Lightning struck a car driven by Roy Pederson of the Thief River Falls police department that evening as the vehicle traveled east on Highway 1. A small spot on the roof of the vehicle was melted, and the aerial and ignition system was damaged extensively. Pederson and his two passengers were protected from electric shock by insulation provided by the rubber tires.

Later that night, sometime after 1 a.m. Tuesday, lightning struck and burned a barn on the Gilmer Bakken farm located 10 miles west of town. The structure was consumed in a short time, and seven calves perished in the flames. The storm dropped a total of 2.13 inches of rain at the airport.

Forecast calls for occasional cloudiness today through tomorrow with a few isolated showers likely. Highs today will be in the 70's; lows tonight from 50 to 64.

Temperature and precipitation readings recorded by North Central Airlines at the airport are as follows: 77, 56 and .30 inch on Monday and 80, 52 and 1.83 inch on Tuesday.

Mr. and Mrs. Werner Jacobson visited at the Pete Moe home at Grafton, N. D. Sunday afternoon. Monday afternoon they were callers at the Alfred Husby home near St. Hilaire.

Odd Fellows and Rebekahs To Meet Neighbors Aid

Odd Fellows of Young Pine Lodge 221 and Rebekahs of Lyon Rebekah lodge 69 will hold a joint informal meeting Thurrday evening at the Odd Fellows hall. The meeting will open at 8:30 p. m. and all members of both the lodges are urged to be present to hear the reports of their delegates who recently attended the annual state sessions at Virginia.

A report will be given on the traveling Friendship gavel, now in custody of the local Odd Fellows, and plans will be made for delivering the gavel to some Canadian lodge. The huge gavel belongs to Bellingham Bay lodge 31 of Bellingham, Wash., and is working its way criss-crosing the international border from lodge to lodge as it travels to the east coast.

It has been moving from lodge to lodge since 1956 and moved this far or approximately half way in this span of time. A log book accompanying the gavel records the history of the various lodges and members moving with it in the promotion of fraternalism among the members on both sides of the border.

Coin Scramble Among Activities For Crazy Days

Something of interest for everyone is planned for the annual Crazy Days retail promotion in Thief River Falls Thursday. Young and old alike will find sidewalk sales fascinating, bargain hunting good and planned activities entertaining. The promotion will run continuously from 9 a.m. to 9 p.m.

The "Mule Skinners" German band will play at downtown locations beginning at 9:30 a.m. Free movies for the youngsters will be held at Falls Theatre from 10 a.m. to 4 p.m.

A coin scramble will begin at 2 p.m. on LaBree avenue between Second and Third streets. A pile of straw within a snowfence enclosure will be provided, and children will be given the opportunity to scramble for coins thrown into the pile. Children six years of age and under will be permitted to try their luck at 2 p.m. with children age seven through 11 given the same chance at 2:30 p.m. A total of $50 in coins will be used for the event.

Sidewalk sales will begin at 9 a. m., a crazy auction will be held in the afternoon and the Legion-Municipal band will play an evening concert. A Western theme will be used for the promotion this year with prizes offered by the retail trade committee of the Chamber of Commerce to the persons having the best costumes.

Crop Types To Be Shown Thurs. At Longren Farm

Pennington County Crop Improvement association, in cooperation with the Extension service and Soil Conservation service, will sponsor a meeting at the varietal demonstration plot on the Alfred Longren farm one mile east on highway 1 Thursday from 8 p. m. until sundown.

This year's plot consists of five oats varieties, three barley, four wheat, three flax, one soybean and one sunflower. Farmers will be able to make comparisons as to maturity, height, disease resistance, standing ability, kernel size, plumpness, etc.

Farmers in the area are invited to attend the informal meeting at the plot site Thursday evening at which time questions will be answered by the extension and soil conservation services.

Neighbors Aid Disabled Farmer

Howard Harmoning of rural Oklee broke an arm cranking his tractor, so friends and neighbors gathered at his farm home Sunday, July 17, for a working bee. After a picnic dinner, they stacked 1,800 bales of hay in his barnyard.

LaVern Grimm, Lloyd Nelson, and Harley Parsley mowed the 50 acres of hayland the previous Wednesday. Ray Chaput, Albert Plante and Leander Berberick brought their balers Sunday, and eight trailers with hay racks were also used. Xavier Robidoux and La Vern Grimm pulled the loads to the road with their tractors where Lloyd Nelson and Wally Groberg pulled them to the farmstead with their pickup trucks.

Handling bales on the trailers and at the stack were Harley Parsley, Aristide Paquin, Kenneth Parsley, Willie Grimm, Orville Grimm, Larry Grimm, Xavier and Randy Robidoux, Clarence Parsley, Russell Johnson, Melvin R. Johnson, Jerome Turgeon and Maynard Ferden. Persons present for the occasion totaled 64, including men, women and children.

12th Annual Aquacade Events Set This Week

Final Payments For Diversion To Be Given Soon

Growers who have participated in the 1966 feed grain program will begin getting final program payments soon, according to Winton Knutson, chairman of the Pennington County Agricultural Stabilization and Conservation committee. The payments will cover both diversion and price - support payments.

Growers had the opportunity to request that half the estimated diversion payment be made in advance at signup time in the spring, and where this was done the payment now available represents the balance of the diversion payment due and all of the price-support payment carried under the program.

In total, these payments are estimated at about $125,000 for the expected 240 county participants in the 1966 program. The payments will raise returns from the 1966 feed grain crops substantially. Farmers participating by diverting acreage under the program are also eligible for loans on their entire 1966 crops of corn, barley and grain sorghum, Knutson said.

The diversion payment for shifting part of the farm's feed grain base to a conserving use does not apply to the first 20 per cent diversion except on farms with small bases. The price-support payments are earned on the projected production from the acreage scheduled for planting up to 50 per cent of the farm's total feed grain base for the farm; one or more of the feed grains, — corn, grain sorghums or barley — could be planted on the acreage, or soybeans could be planted in lieu of a feed grain. These price-support payments are assured no matter what disposition is made of the crop.

The chairman said that there should be no delay in the prompt receipt of the payment where the diverted acreage and program provisions have been met. The payment will be made after the application form is completed and signed.

Farmers were also reminded by the chairman that, even though program payments are to be made in the near future, the approved conserving practices are expected to be carried out on designated diverted acreage throughout the remainder of the year.

Mrs. Stenberg Is Named Clerk for Co. Draft Board

Mrs. Jean L. Stenberg has been named clerk of Pennington County Local Board 82 of the Selective Service system to succeed Mrs. Eldora Ranum. The appointment was effective as of July 20.

Mrs. Ranum, who has completed nearly 10 years in the local office, has been named coordinator of the selective service area covering the west half of the state from Ortonville to the Canadian border. She will continue to live in Thief River Falls.

475 MILES were logged during an 11-day expedition by these two cyclists, Bob Relerson (left) and Dale Gilbertson. The boys left this city July 11 and biked to Detroit Lakes on Highway 59, took Highway 10 to Perham and turned south on Highway 67 to Rush Lake, where they stayed two days at the home of Dale's aunt. On July 14 they traveled to Brainerd via Henning and Staples. There they stayed at the home of Bob's great aunt. They also spent time at the home of Bob's grandparents on Bay Lake. After five days, they began their homeward trip through Wadena, New York Mills and Rush Lake, where they stayed overnight. They arrived home at 5:40 p.m. Thursday, July 21.

ASC Community Election Monday

Times Vacation Period Reminder

Times advertisers, news sources, subscribers and readers are again reminded that the Times will not be published on Wednesday, August 10, or Monday, August 15, to permit the entire Times staff a full week of uninterrupted vacation.

The issue of Monday, August 8, will be printed ahead of schedule on Saturday, August 6, but will be mailed at the usual time on Monday, August 8. The paper will be supplied to newsstands on the same day it is printed.

Advertisers, new sources and rural correspondents are particularly urged to keep the above dates in mind. Cooperation and understanding by the public will be sincerely appreciated by the entire staff, several of whom have not had a full week's vacation for a number of years.

The issue of Wednesday, August 17, will be published on schedule.

Election of the ASC community committeemen for Pennington county will be held on Monday, August 1, at 9 p. m. at the following locations:

Black River-River Falls township, council rooms, St. Hilaire; Braypolk Centre, Bray town hall; Cloverleaf-Goodridge, Cloverleaf town hall; Deer Park-Hickory, Hickory town hall; Highlanding township, Highlanding town hall; Kratka township, Kratka town hall; Mayfield-Wyandotte township, Wyandotte town hall; Norden-Numedal township, Norden town hall; North township, Kompen school house; Rocksbury township, Vallhall; Sanders township, Sanders town hall; Silverton township, Silverton t[illegible] hall; and Smiley township, Smile[illegible] hall.

For each community where elections are being held, three regular committee members and two alternates will be elected. The chairman, vice chairman and third regular member of the elected ASC community committee will also serve as delegates to the county convention where farmers will be elected to fill vacancies on the ASC county committee and where the committee's chairman and vice chairman will be chosen for the coming year.

The alternate committeemen will also serve as alternate delegates to the convention. The county convention will be held in the meeting room in the county courthouse, Thief River Falls, at 8:30 p. m. on August 15.

The county committee supervises the ASC county office and is responsible for administering the price support, acreage diversion, agricultural conservation and other programs in the county. The community assists the county committee and are particularly responsible for keeping their neighbors informed about the programs.

Generally, a farm owner, tenant or sharecropper may vote in the community committee election, if he is eligible to take part in one

Parade, Pageant Slated Saturday; Fireworks Sunday

Final phases of the 12th annual Jaycee Aquacade will be held tonight through Sunday, according to R. F. Contos, general chairman. Among the events remaining are Crazy Days, the street water fight, teenage dance, Miss America preliminary pageant, Tindolph park picnic and free fireworks display.

The treasure hunt came to an unusually sudden halt Tuesday when the wooden capsule containing a certificate good for 1,000 gallons of fuel oil was found by Rev. Wesley Johnson and his family. The capsule was hidden in a hole in a wood guard-rail post at Tindolph park. Grand prize was contributed by the Thief River Falls Oilmen's association.

Tonight is the last night for the community theatre's production of "Romanoff and Juliet" at 8:15 p.m. in the city auditorium. A crowd of about 150 people attended last night.

Following the Crazy Days festivities Thursday, a street water fight will begin at 8 p.m. on Second street between Main and Knight avenues. A number of local teams have been organized to compete for the special trophy to be awarded the winner in the double-elimination event.

"The Coming Time" will provide music for the teenage dance Friday at 8 p.m. in the National Guard armory. Dancing will continue until 11:30 p.m.

Interest Saturday will be centered on Miss Thief River Falls activity. The 10 candidates for the Miss Thief River Falls title will be featured in an 11 a.m. parade which will [illegible] include a number of bands, floats and marching units. A special kiddies division of the parade is also being planned, Contos said.

Children up to 12 years of age are eligible to compete. Parents are advised to use their own discretion as to the ability of young children to complete the approximately 10-block parade route. Cash prizes will be offered for the best girl's costume, best boy's costume, funniest costume and most original entry. No bicycles will be permitted the chairman said. Children should report to the northwest corner of the city parking lot at Fourth and LaBree between 11 and 11:15 a.m., and they will be moved into the parade as the regular units have passed.

Coronation of Miss Thief River Falls of 1966 will be accomplished by Marlys Mossestad, reigning Miss Thief River Falls, at the conclusion of the Miss America preliminary pageant Saturday evening. The program will begin at 8 p.m. in the Lincoln high school gymnasium when final competition in evening gown, swimsuit and talent will be held.

City Line Crews To Cut Power on East Side Sunday

To permit the city line crews to transfer line on First street due to the street project work being done in the area, several portions of the east side of the city will be without electric power Sunday from approximately 5 a. m. to 9 a. m., according to Harry Hendrickson of the city utilities department.

Hendrickson listed the outage area as follows: Everything north of first street and east; everything south of first street from Crocker avenue and east; Rustad addition and east; and west Kendall and east Markley south of First street to Nora street.

Land O'Lakes turkey processing plant, mink food processing plant and the area west of the Pennington avenue will NOT be turned off, he noted. In case of bad weather the work will be postponed to a later date and customers will be notified again.

The 5 a.m. to 9 a.m. time has been arranged to provide the least possible inconvenience to the public, Hendrickson said.

WINNING number in the Venita Rich talent revue held Saturday evening at the Pennington county fairgrounds was "Rock-a My Soul" sung without accompaniment by the Four Countrymen men's quartet from Fosston. Left to right are Ron Hanson, James Rud, Mike Ophus and Dennis Rud. Later in the year, the quartet will be given free transportation to New York City to audition for the Ted Mack television show.

Cheryl Amren Becomes Bride of C. Granland

Miss Cheryl Rae Amren, daughter of Mr. and Mrs. Oscar Amren of St. Hilaire, and Charles Donald Granlund, son of Mrs. Elizabeth Granlund of St. Paul and the late Clifford T. Granlund, exchanged marriage vows Saturday, July 2, at 2 p. m. at the East Immanuel Lutheran church at St. Paul. Rev. George Vocks officiated at the double ring ceremony attended by relatives and close friends of the couple.

Nuptial organ music was provided by Lawrence Larsen who accompanied Mrs. George Vocks as she sang, "Song of Ruth", "O Perfect Love" and "The Wedding Prayer". An arrangement of white gladioli and yellow snapdragons graced the altar for the afternoon ceremony while baskets of similar flowers accented by white mums, formed the background for the bridal party.

Given in marriage by her father, the bride wore a floor-length gown of silk organza over taffeta, fashioned with a slightly scooped neckline and long sleeves which tapered to points over the wrists. Swiss lace appliques enhanced the bodice and skirt and were repeated on the train that flowed back from the waist. Her veil of silk illusion fell from a double crown embroidered with pearls and crystals and she carried a cascade bouquet of white roses and mums centered by five yellow sweetheart roses.

The bride chose her sister, Marlys, Mrs. Bradley C. McKenstry of Cloquet, as her maid of honor. Bridesmatron was Mrs. James Ivens of Chicago, Ill., the former Carol Yonke of St. Hilaire, a close friend of the bride.

They wore identical Nile green floor-length gowns. Styled with fitted bodices of satin with slightly scooped necklines and elbow-length sleeves, the gowns were fashioned with crepe skirts enhanced by trains of matching satin brocade. To complete their attire, they wore matching headpieces of silk illusion, white gloves and shoes and each carried an arrangement of yellow roses and white mums. Their charm chains of pearls were gifts from the bride.

A niece of the bride, Jeannette Amren of Frederick, Md., was flower girl. She wore a Nile green taffeta dress similar in style to those worn by the other attendants and carried a basket of yellow roses and white mums. Her headpiece was a floral wreath matching the flowers in her basket. The golden locket on a slender golden chain, was her gift from the bride.

Terry Granlund of St. Paul, nephew of the groom, was ring bearer and carried the rings on a satin heart shaped pillow.

The groom was attended by his brothers, Lyle Granlund of St. Paul, as best man and Clifford, also of St. Paul, as groomsman. Ushers were Thomas Amren, Indianapolis, Ind., borther of the bride, and Jack Granlund of St. Paul, brother of the groom. For their attire, they wore white dinner jackets, dark trousers and white carnation boutonnieres. Their tie bars were gifts from the groom.

The mother of the bride wore an aqua dress of crepe decore accented by white accessories. The groom's mother wore a blue lace dress complemented by a crepe sash and coordinating accessories. Both wore identical corsages of yellow sweetheart roses and stephanotis.

A reception following the ceremony, given by the parents of the bride, was held at 1517 North Hazel street, the home of the mother of the groom. Approximately 100 guests were in attendance. The three-tiered wedding cake, trimmed with yellow roses and topped by three satin wedding bells, was cut and served by Mrs. Allen Tenny, Tucson, Ariz., aunt of the groom. Mrs. Ed Christensen of Thief River Falls, aunt of the bride, poured. Serving punch were Misses Neva Brown, cousin of the bride and Sharon Kjellberg and Patsy Nowicki, cousins of the groom, all of St. Paul. In charge of opening and arranging the gifts were Mrs. Eugene Peterson, Mrs. Daniel Parent and Miss Diana Holasz of St. Paul, friends of the bride and groom.

Guests attending were from Tucson, Ariz.; Chicago, Ill.; Frederick, Md.; Indianapolis, Ind.; St. Paul, Detroit Lakes, Thief River Falls and St. Hilaire.

For traveling on the wedding trip to Las Vegas, Yellowstone National park and other points west, the bride wore a two piece white knit suit with black accessories.

The bride is a 1962 graduate of Lincoln high school and is employed by the St. Paul Terminal Warehouse company. The groom, a 1955 graduate of Harding high school, St. Paul, attended the University of Minnesota and is employed by Midway Chevrolet company, St. Paul. Following the wedding trip, Mr. and Mrs. Granlund will be at home at 685 East Maryland Avenue, St. Paul.

Roselle Field Is Wed Recently In Wisconsin

Roselle Field of Janesville, Wis., formerly of Thief River Falls, and William G. Holman of Stoughton, Wis., exchanged marriage vows on Saturday, July 11, at 1:30 p. m. at the First Presbyterian church at Janesville. The Rev. James W. Rankin, assisted by Rev. Lloyd Makool, officiated at the ceremony as the couple exchanged matching white gold wedding bands.

Edwin K. Nicholson, B. M. of Oak Park, Ill., brother-in-law of the bride, was organist. He played the "Wedding March" by Lohengrin and accompanied Dr. G. *Thomas Fisher of Janesville*, a friend of the bride, who sang, "O Perfect Love" and "The Lord's Prayer". Candelabra and bouquets of white gladioli formed the chancel setting.

The bride is a daughter of Mr. and Mrs. George N. Shwery of Janesville, Wis., and the groom is the son of Mr. and Mrs. George G. Holman of Kennett Square, Pa.

For her wedding, the bride wore a pink three-piece ensemble featuring a lace overblouse and short fitted jacket. A veiled straw hat and white accessories completed her attire. She carried a corsage of pink sweetheart roses.

The bride chose her cousin, Mrs. Genevieve Swanson of Oak Park, Ill., as her only attendant. She was attired in a three-piece ensemble of aqua silk with a beaded design enhancing the neckline. Her corsage was composed of yellow roses and white carnations.

George G. Holman, father of the groom, was best man. Ushers were Bruce Austin, nephew of the bride, and Lyle Noe, a friend of the couple. Both reside at Janesville, Wis.

Following the reception, the newly-weds left on a wedding trip through the Southern and Northeastern states, visiting enroute at Kennett Square, Pa., at the groom's parental home and at Richmond, Va., at the home of the groom's brother. They will be at home at Stoughton, Wis., RR 3, after August 1.

The bride, a former resident of Thief River Falls who was employed at Montgomery Ward store in this city, was employed at the district office of the Prudential Insurance company at Beloit, Wis., prior to her marriage. The groom is a sewing machine sales and serviceman at Stoughton, Wis.

Final Plans For Aquacade Made By Mrs. Jaycees

Mrs. Jaycees of this city held their regular monthly meeting Monday evening at the Roger Person home with Mrs. Marvin Lundin and Mrs. Sander Tureson as assisting hostesses. Special guest for the evening was Mrs. Robert Dondelinger.

Reports and final plans were made for the Aquacade and Crazy Days events by Mrs. Sander Tureson, chairman of the Aquacade and Mrs. Donald Goodrich, who heads the Mrs. Jaycees' activities for Crazy Days.

Mrs. Robert Henry was appointed to the regional nominating committee and Mrs. Richard Contos reported on her trip to the National convention at Detroit, Mich.

The Mrs. Jaycees will not meet during the month of August. Meetings will resume in September.

LOCAL NEWS

Miss Edna Christensen left Monday for her home at Brooksville, Fla., after a two-month visit with her brothers, Ed, Dave and Waldie Christensen and with other relatives and friends.

Mr. and Mrs. Carl Dyrseth of Grygla visited with Mr. and Mrs. Harold Wick of Marysville, Wash., and with Mr. and Mrs. Elmer Wick of Minneapolis at the Matt Wick home Saturday evening.

Olga Brudie of Chicago, Ill., arrived Monday to visit her mother, Mrs. Lena Skaar at Oakland Park rest home and with her sister, Jenny Skaar in this city. She plans to stay here about a month.

Mr. Walter Peterson and daughter, Margaret, of Minneapolis, who were former residents of the Holt community, and Mrs. Chris Engen of Holt were dinner guests Monday at the Pete Sorter home.

Mr. and Mrs. Harold Wick and Susan of Marysville, Wash., returned to their home Monday after visiting a week with Mr. Wick's mother, Mrs. Katherine Wick, and at the Matt Wick home. Their son, Dennis, and family of Hammond, Ill., joined them here for the week, leaving for their home on Saturday.

ADDITION to the L. B. Hartz Wholesale on the west side of the warehouse is now under construction, with the Ranum Construction company as contractor. The addition, when complete, will measure 276 feet long, 100 feet wide and 20 feet high (ceiling clearance), and will probably be used mostly for storage of flour, cereals and paper goods, according to L. B. Hartz, owner of the company. Five doors will be located on the south side for unloading freight cars and four truck docks will face north. October 1 has been set as the completion date. Hartz said the rail unloading facilities will about double that capacity of the wholesale operation.

The Library Corner

Flora Allison

William Lederer and the late Eugene Burdick, who co-authored the volatile "The Ugly American", have come up with another novel just as shocking in its implications. Titled "Sarhkan", it carries on where the first left off and should be a matter of concern for all of us. It is a search for a better approach to the problem of containing communism than the ones now employed by Washington in the words of the authors.

The authors' background in southeast Asia has taught them much about the enemy and his methods, and in this hard-hitting book they put this knowledge to practical use. The easy style makes it readable even for those of simpler tastes; nothing stodgy or boring or high-handed about it. It is the sincere effort of the two angry Americans to head off another Bay of Pigs disaster. Disturbing reading, but timely, it is provocative, explosive and highly recommended.

Dorothy Eden's "Never Call It Loving," is a novel of vast scope and perception, concerning the forbidden love of Charles Parnell and Katharine O'Shea, wife of a cruelly cunning man, contending with the mores and the changing loyalties of the Irish, whom Parnell strives to serve. His unfortunate private life in the Victorian setting, brings into play a number of other political lights of that era.

The mighty giant, fiercely dedicated to serving his people, but hopelessly involved with the charming Katharine, (an involvement which cost him dearly) is finally brought low by political and personal pressures. As he goes on his final journey across the Irish sea, it is Kitty O'Shea who stands stoically by as she says her final farewell, with him even in defeat.

We want to thank Mrs. Clarence Gross for a gift of a number of older books written in German, and others in French. They can be taken out by anyone wanting to brush up on either or both of these languages, or for the pleasure of reading them.

"Bonnes Soirees," a magazine published in French, in Paris, is also available to us through her interest and generosity. A magazine for women, it covers fashions humorous sayings of French tots, film personalities, exotic recipes, beauty, hobbies and many other features of interest to the female of the species on both sides of the Pond, provided you can read or understand French, that is. College-bound gals will find these intriguing if their interests include that language, but anyone is welcome to use them.

Among the many gift magazines which we receive are "Future Farmers of America," and the "Minnesota Horticulturist". Others, not gifts, but of timely interest to garden clubs and to all green-thumbers, and all available here are, "House and Garden"; "The Flower Grower" (the Home Garden); "Better Homes and Gardens" and others. Not to be overlooked is the beautiful "Conservation Volunteer," a publication of the Minnesota Department of Conservation. With the wonderful views of what's pretty in our state, are articles on various topics, such as the recent "Forest Ranger's Diary," "Hunting License Comparisons by States," Lake of the Woods first annual sailboat regatta (international) scheduled for August 14, and "Wetlands, Liquid Assets." Any sportsman or conservationist should find these highly interesting. Drop by and ask for them.

New non-fiction includes "An Anthology of Famous British Stories," which is edited by Bennett Cerf and H. Moriarty. Featured contributors to this grouping of stories include Maughm, Conrad, Kipling, Stevenson and a host of others equally well-known.

Recent hit plays are here too; "As You Like It,", "The Dance of Death," and "The Doctor's Dilemma," among them. Lovers of theatre and theatrics will enjoy "A New Theatre," by no less a personage than Tyrone Guthrie himself, and telling of his own triumphant efforts toward the Minneapolis theatre which bears his name. He traces the history of one of Minnesota's proud new institutions from the early plans to bring it to our state, to their final consummation on opening night.

A desire to locate such a theatre between New York and London and to bring a new dimension of culture to a new location, as yet untried and unplumbed to any great extent, involved many hazards and considerable daring. The search for funds, the actual building of the structure, the plays to be presented and the choice of casts, the scenery, costuming and other details had to be worked out from the dream stage to actuality, from a plan to the glitter of opening night. That it was accomplished with such outstanding success is due in large part to Guthrie, of whom the New York Times speaks as the "most important international theatre director today".

Another comprehensive book in this field is Howard Taubman's "The Making of the American Theatre," which highlights the growth of that institution from fledgling stages to the giant that it is today, and pays tribute to the talent that pushed it to its success. In a country that surged ever forward, bright lights like Bernhart, the incomparable Barrymores, Bert Lahr, Gladys Cooper, Tululah Bankhead, Jason Robards Jr., Julie Harris, Orson Welles, Nazimova, Eva LeGallienne, Charls Winninger, emerged and forged their way ahead to fame in the theatre. There are others, too, many others, among them Mary Martin, Ezio Pinza, Carol Channing and other contemporaries.

The survival of the theatre through the agonies of the depression when half the stages in New York were dark, to its resurgence in our affluent age, is a fine tribute to the men and women who would never bow to defeat, saving their bows only for applauding patrons who they knew would one day again fill the theatres and shout their acclaim. This well-written book will be a revelation to all who are interested in this type of art and talent. It's here now, and ready for you.

The kiddies' summer reading has taken a decided slump, we're sorry to say. Send them in, Mom, and while you're about it, come in yourself. Pick up a magazine or something to pursue while they're having their relaxation at one of the tables. This quiet time out will give you both a ..... They'll like looking at Brian Wildsmith's "1, 2, 3's" which is singing with color and teaches the beginning numbers besides. What a contrast to the black and white, unimaginative arithmetic book from which grandma learned her numbers! Yes, I'm referring to the drab books from which my teachers attempted to indoctrinate me into the world of finance. No wonder I'm so bad at figures that I can't even balance my budget!

"Dear Little Mumps Child" by Overlie is a humorous approach to a very unfunny affliction to which most children fall heir at one time or another. If anything can take the sting out of having to stay in bed with a lumpy jaw when all the world's swinging by just outside their window, this will do it. They'll laugh at themselves and feel less like unfortunates than usual, I'll wager. Mumps are explained in full, the hows and the whys (although, unfortunately, not the howcomes) in this story of a little boy who falls victim, along with his brothers, to the pesky ailment which isn't too comfortable, either, let's admit it! Common sense advice on how to treat the illness is interjected with the humor. Kids will love it. Come to think of it, what makes them happy will be a boon to Mommy too, so she won't want to pass it up either.

The new library is going to have the cutest reading room for the kiddies. They'll just love the kid-sized furniture and the "let's read" atmosphere of the place. Tell them about what's in store and keep the desire for books at a high level. It's to everybody's advantage. See you, and them, at the library.

Ella Erickson Rites Held Today At Zion Lutheran

Funeral services for Ella Erickson, 68, a resident of Thief River Falls who died Sunday at Northwestern hospital, were held today (Wednesday) at 2 p. m. at the Zion Lutheran church. Lay pastor, Niel Hendrickson, officiated. Mrs. James Dalager served as organist and Mrs. Obert Lindland was soloist.

Those who served as pallbearers were David Bjorkman, Lawrence Bjorkman, Alfred Longren, Alvin Aaseby, Obert Lindland and Harry Lund. Interment was in Greenwood cemetery with Sinding's Funeral chapel in charge of arrangements.

Ella Erickson was born Feb. 10, 1898 in Marshall county to Gustav and Marta Erickson. At the age of four years, she moved with her parents to Saskatchewan Canada, where she attended elementary school. In 1919 she returned to the United States, settling in Thief River Falls where she had since made her home. She was employed at the Model Laundry from 1920 until retirement this past year. She never married.

She was a member of the Zion Lutheran church, the Rebekah and Vaarblomsten lodges and the Friendship group.

Her survivors are two sisters, Mrs. Edwin (Clara) Ahlstrom and Mrs. Lyda Olson, both of Thief River Falls.

She was preceded in death by one brother and four sisters.

BALCONY scene from "Romanoff and Juliet", the community theatre's production to be staged for the last night tonight (Wednesday), portrays Juliet (Rosemary Dahlen) being serenaded by two soldiers (Neil Jensen and Dick Stenberg) and the General (Francis Womack). First crowd totaled approximately 160 people, with a larger crowd hoped for tonight in the city auditorium. The play is one part of the 12th annual Jaycee Aquacade which will be concluded on Sunday.

mobile homes trailer coaches or camp cars within the city of Thief River Falls except in duly licensed trailer coach parks. The ordinance was given its first reading at the meeting and will become law following two successive readings and legal publication.

Chief Langevin was directed to present a report at the next regular meeting regarding the location of blighted, hazardous and abandoned homes in the city. On the basis of the report, some of these may be razed.

City Engineer D. H. Stewart presented the assessment roll for street improvement last summer in the southeast section of the city. In round figures, the assessed valuation totaled $285,000.

Resignations of Donald D. Olson as line foreman, Morris Olson as lineman and Ray C. Olson as volunteer fireman were accepted. Appointment of Leighton Hamre to the volunteer fire department was approved.

Bills totaling $20,885.02 were paid to the Stewart & Walker engineering firm, for street improvements, EDA application and water and sewer extensions.

Mrs. Flora Allison, assistant librarian, was granted a $10 monthly wage increase following successful completion of her six-month probationary period.

ASC Community Elections Slated In County Monday

(Continued from Page 1)

or more of the programs administered by the ASC committee. Eligibility to vote or to hold office as a committeeman is not restricted by reason of race, color, creed or national orgin. Question on eligibility to vote and hold office, or on the election procedure, will be settled by the incumbent community committee. Appeals from such decisions may be made promptly to the county committee and to the state committee.

Qualifications of persons eligible to hold office as committeemen include eligibility to vote in the election and being a local resident. It is also highly desirable that nominees be currently active farmers or ranchers who are qualified for community committee work and who will be representative of the various sections and types of agriculture in the community. Further information on committee qualifications may be obtained from the ASC county office.

Final Aquacade Events Will Be Held This Week

(Continued from Page 1)

Pageant admission will be $1.50 for adults, 75 cents for children ages seven through 11, and free for children six years of age and younger. Due to the length and nature of the pageant, however, young children tend to become restless. For this reason, children will not be admitted unless accompanied by their parents or other adults responsible for their conduct.

Candidates include Diane Hanson, Erskine; LuAine Knutson, Strathcona; Judy Spray, TRF; Tippi Benson, TRF; Mary Dahlquist, Roseau; Ann Winters, TRF; Shirley Rowland, Fosston; Susan Griffin, Middle River; Mary Jo Walker, Oklee; and Rachel Christianson, Roseau. Special guest appearances will be made by Kathy Swanson, first runner-up to Miss Minnesota, and visiting royalty from northwestern Minnesota communities. Clyde Payne of KTHI-TV will be master of ceremonies.

Sunday activities will be centered at Tindolph park with water sports games, races, a free beef and beans barbecue and free aerial fireworks display on the program.

On Friday and Saturday the international square dance camporee will be held with dances both evenings at 8:30 p.m. in the city auditorium. Jo Johannson of Transcona, Manitoba, will be the featured caller.

Rae Christianson In Queen Pageant

by Marvin Lundin
Times Editor

(This is the last in a series of personal interview articles on candidates for the Miss Thief River Falls title at the annual Jaycees Aquacade Pageant Saturday, July 30. Other stories on candidates are published in this issue.)

A graduate of Concordia college, with a major in English and speech, Rachel (Rae) Christianson of Roseau is looking toward a future position as a stewardess with Pan American airlines. In the immediate future, however, she is looking toward competition in the Miss America preliminary pageant to be held Saturday at 8 p.m. in the Lincoln senior high school gymnasium in Thief River Falls.

Rachel is 21 years old and the daughter of Mr. and Mrs. Charles Christianson of Roseau. A 1962 graduate of Roseau high school, she graduated cum laude from Concordia college this spring. This summer she has been working in Moorhead, making commercials for a lumber company's television promotion. She is five feet, six inches tall, weighs 120 pounds, has blonde hair, blue eyes and a 35-23-35 figure. Her pageant talent number will be a vocal solo.

In Roseau high school, Rachel was in the band and choir for four years, playing bassoon, clarinet and drums in the band. She was also a cheerleader for four years, a member of the drama club, played the lead role in the senior class play, was a member of the radio club and chairman of the prom committee in her junior year. An honor student in the graduating class, she was also a class officer.

While at Concordia she was a member of the concert choir for three years, touring the Southern and Eastern states on three separate tours from three weeks to a month in length. She was in charge of music for homecoming in 1965 and was a member of AKX social society.

This spring she was vocal director for the college production of "Sound of Music", and sang the lead role two nights when the regular lead became ill. She was also head of worship and music for the Concordia religion commission, and studied voice for four years at college.

Her sponsor in the contest will be the Roseau Civic and Commerce association, a long-time supporter of the Aquacade pageant. The first Roseau entry, Susanne Pitblado, was named Miss Thief River Falls and was a talent division winner at the Miss Minnesota pageant.

Test Schedule Announced for Minnesota Tech

Forty-three of the 206 students who applied for admission are scheduled to take a multi-purpose battery of tests on Monday, July 25, the first scheduled date in the precollege testing program of the new University of Minnesota Technical Institute. Other scheduled dates when the rest of the students will be tested are August 16, September 7 and Orientation Week which is September 21-23.

The activities for the test day begin at 8:40 with an assembly meeting. Dr. Stanley Sahlstrom, director of the institute, will welcome the students to the campus. Administration of the testing program is under the direction of Harland Hasslen, coordinator of student activities, and Richard Christenson, supervisor of admissions and records. Prospective students will also have an opportunity on these days to meet with members of the staff pertaining to their course selection and other concerns.

There are many purposes for conducting the testing program prior to the beginning of college work, Dean Sahlstrom said. One is to enable the staff to do a better job of channeling students into classes which will be most helpful to them in their career selections. Also, the tests will be used for vocational guidance as a supplement to educational guidance. The tests are not administered as a basis for admission to college, but rather as a tool to better counsel the students in their college curriculum selection, as well as extra-curricular activities," the dean noted.

As of July 20, 206 students had been accepted for admission to the new institute. Of these 205 students, there were 184 boys and 22 girls.

The office of admissions and records announces that the college will accept applications for admission until September 26, the opening date of scheduled college classes.

Case of Missing Passenger Told By Police Dept.

An unusual and unsettling turn of events was reported today by the Thief River Falls police department. At 4:45 a.m. Tuesday the Howard Abbott family of St. Paul pulled into Darrell's Mobil service station to purchase gasoline before proceeding to Winnipeg.

All passengers in the car had been asleep, and while at the station, Sandy Abbott, about 15, got out of the car to purchase something from inside the station. Abbott, not knowing that his daughter had left the car, drove away.

City police were contacted, and they in turn alerted Lake Bronson police to intercept the car. Sandy was missed when the vehicle arrived at Karlstad, however, and the family returned to pick up their missing passenger.

Police Report Thefts, Mishap And Vandalism

Two larcenies, an automobile accident and a case of vandalism were reported today by the Thief River Falls police department.

It was reported that a rifle was stolen from a local store sometime Saturday or Monday. The weapon is a Winchester Model 70 in .284 caliber with a serial number of 7045.

Robert I. Stuyck of Aurora, Colo. reported that two cameras were taken from his car Sunday night while the vehicle was parked at the fairgrounds or in back of a residence at 114 Conley av. S. The cameras were valued at $100 and $15 respectively.

A two-car mishap was reported at 2:20 p.m. Tuesday. A pickup owned by Clarence O. Larson, rt. 2, city, was parked by Selmer Larson, his son, in a Land O'Lakes driveway. The vehicle rolled backward and struck a car owned by Michael Joseph Walsh, Brooks, which was parked in front of 416 Davis av. N. facing north. The left front door and fender of the Walsh car were extensively damaged, but no estimate is available at this time.

Sometime Tuesday afternoon, vandals snapped the aerials off two cars which were parked near the area vocational-technical school.

Police Chief Elton Cummings announced that "No Parking" signs will be erected on LaBree avenue between Second and Fourth streets tonight to allow the street's use for Crazy Day Thursday. The bus which usually parks on LaBree to pick up passengers will park on Fourth.

In addition, Second street between Main and Knight avenues will be closed to parking during the Aquacade water fight Thursday evening beginning at 9 p.m.

Girl Injured as Bike Hits Car Door This Noon

Hospitalized with a fractured skull suffered in a bicycle mishap at noon today in Thief River Falls is Jennifer Mary Travnicek, nine-year-old daughter of Mr. and Mrs. Leo Travnicek of 703 South Markley. The accident happened in front of the city post office.

According to city police, Mrs. Donna Beverly Elleson, 216 St. Paul Ave. S., had parked her car in the north stall in front of the post office and was opening the door when the Travnicek girl struck the half-opened door with her bicycle. She was thrown from the bicycle, striking her head on the street.

Other than the personal injury, the only damage in the accident was to the basket of the bicycle.

Grain Shortage Next Year Possible; More Production In Order

Congressman Odin Langen, chairman of the House Republican task force on agriculture has urged an "immediate re-examination of U. S. food production policies.

"So much attention has been focused on the world food crisis that the ominous threat of a grain shortage here in the United States has been all but overlooked," Langen said.

"There is a very real possibility that domestic reserves of wheat and feed grains will reach dangerously low levels in the year ahead unless U. S. production is increased or exports to the underdeveloped countries of the world are reduced. The time for planting winter wheat is fast approaching and if it is the Johnson administration's intent to choose the alternative of expanded production, acreage allotments for both wheat and feed grains should be further increased at once so farmers can make their plans accordingly.

"The 1966 U. S. wheat crop will fall 250 to 300 million bushels short of meeting domestic and export needs which are estimated at about 1.5 billion bushels for the crop year ahead. This will leave a critically low carryover of only 250 to 350 million bushels next July 1. Should 1967 bring a repetition of the drought conditions which reduced this year's production, the United States will have no choice but to cut back Food for Peace wheat exports or ration wheat in this country.

"With the potential to increase grain production substantially and with millions of acres of cropland lying idle, the United States cannot, in good conscience, turn its back on the hungry people of the world.

"If American farmers are asked to increase wheat and feed grain production in 1967, they should not also be asked to assume the entire risk of lower prices. We don't ask the manufacturers of guns, tanks and planes for U. S. military aid abroad to produce these items at bargain basement prices. Neither should we expect farmers to produce $1.25 wheat and $1 corn for economic assistance programs abroad - certainly not in the face of rapidly - mounting farm production costs. Farmers must have assurance of a fair price for the additional food they are asked to produce.

"The United States needs four billion bushels of corn and 800 to 900 million bushels of soybeans to feed its annual domestic and export requirements. Should 1966 production fall substantially below those figures, the impact upon the entire livestock industry would be enormous. There would follow some forced liquidation of hog and cattle numbers and next, a bit later, much higher meat prices. We went through all of this before, after the corn crop failure of 1947.

"Today Commodity Credit corporation has only 80 million bushels of corn in its uncommitted inventory - enough to meet domestic and export needs for one week. The government's wheat inventory is down to about 230 million bushels. These are mighty slim reserves and the Johnson - Humphrey-Freeman administration would be well advised to hold onto them instead of continuing to dump remaining supplies back into the market place.

"A world food crisis is upon us," the Task Force chairman concluded, "The threat of a domestic grain shortage is present. Time is running out for the administration to take bold action aimed at sharply increasing U. S. farm production."

Farmers Union Picnic Set At Pine Lake Aug. 7

U. S. Senator Walter F. Mondale will give the keynote speech at a tri-county Farmers Union picnic Sunday, August 7. Also appearing on the program will be State Representative L. J. Lee of Bagley and, if his schedule permits, Edwin Christianson, president of the Minnesota Farmers Union and vice president of the National Farmers Union.

The program will start at 2 p. m. with entertainment, free coffee and free ice cream for the children. The public is invited to attend the picnic, which is sponsored by Clearwater, Pennington and Red Lake County Farmers Unions.

4-H Helps Prepare Young People for Farming Careers

Would you believe that farming employs six million workers—more than the combined employment in transportation, public utilities, the auto industry and the steel industry? That one farm worker produces food, fiber and other farm commodities for himself and 35 others? The U. S. Department of Agriculture says you had better believe it! Farming is the biggest industry in the U. S. What's more, American agriculture has advanced more in the last 50 years than in all the prior years of our history.

In these last 50 years the nation's 4-H club members have kept up with the new agricultural practices and have produced their share of food and fiber. Scores of the nation's successful farmers today got their start in 4-H, according to the cooperative extension service which supervises 4-H club work.

Right about now, some 106,000 young 4-H farmers are getting ready to harvest crops including corn, oats, soybeans, sugar beets, cotton, sorghum, milo, alfalfa and truck garden produce of sweet potatoes, tomatoes, cabbage and squash.

In the process, several thousand compete for county, state and national awards provided by the 4-H field crops program sponsor.

These junior farmers don't just plant the seeds and reap the harvest. They make soil tests, practice conservation by rotating and terracing, restore arid and eroded land, learn to judge crops, maintain farm machinery and also study marketing.

Many of the older 4-H'ers have outpaced more experienced farmers with higher yields. Some are already in partnership with their dads or are renting acreage on their own.

With the aid of 4-H scholarships provided by the program sponsor, six young people each year are helped with college expenses, agricultural short courses or other educational endeavors.

The 1966 scholarship winners will be chosen from among all state award winners. They will be announced next fall during the national 4-H Club congress which they will attend. About 4,000 members are expected to receive the field crops county medal of honor this year.

Any boy or girl interested in starting a field crops project can contact the county extension office.

Army Commission Granted to Former Thief River Man

Richard A. Peterson, son of Mrs. Dorothy M. Peterson, of Wilmar, was commissioned as a first lieutenant in the Staff Judge Advocate section, U. S. Army, during commissioning ceremonies at Fort Leonard Wood, Mo., June 30.

Lieutenant Peterson, who entered the service January 18 as a private, completed basic combat training at Fort Wood April 7. He was granted his direct commission by act of congress. The lieutenant is presently working as an assistant staff judge advocate on post. The oath of commissioning was administered by Major General Thomas H. Lipscomb, commanding general of Fort Wood.

A graduate of Wilmar high school the 25-year-old lieutenant earned a degree in law from the University of Minnesota in 1965. Prior to entering the service, he worked as a lawyer in Thief River Falls.

Stationed in West Germany

Army Pvt. Delvin J. Schob 19, son of Mr. and Mrs. Delvin W. Schob of Thief River Falls, was assigned to the 101st Ordnance Battalion near Heilbronn, Germany July 12.

Schob, an ammunition storage clerk in the battalion's 23rd Ordnance Company, entered the Army in December 1965 and completed basic training at Fort Leonard Wood, Mo. He is a 1964 graduate of Lincoln high school.

Pennington County Highway Engineer

Looks Like We Need More
Advertising...

As newspaper people we're constantly selling advertising. We have to to survive as a newspaper. Occasionally an account will tell us they feel they are selling everything they can. "We think we should cut back," they tell us, "the country needs a little advertising peace and quiet!"

Just what kindova a selling job is being done on basic products in the country of ours today? Here are some some figures that will give you an idea. There are 53 million families in the nation and 42 per cent do not own their own homes.... Twenty-six per cent do not own an automobile ... 60 per cent spend less than $100 a year on appliances.... more than 20 per cent carry no life insurance. Looks like we've still got plenty of selling to do.

Steiner...

The Steiner 4-H club will meet at the Steiner Hall Tuesday evening, August 9, with special business being the State Fair and appointing a nominating committee. Demonstrations are scheduled to be given by Linda Jorde in Junior Leadership, Paul Bordan in beef, Gary Halvorson in Entomology and Darrold Rodahl in Sheep. The program committee includes Candance Pasan, Barbara Rondorf and Timmy Brosseau. Serving on the recreation committee are Steven Anderson, Brenda Muzzy, Karen Muzzy and Peter Solem. The lunch will be the form of a bonfire, so everyone is asked to bring his own weiners and buns. The Robert Hillyer and Clifford Jorde families will be in charge of it.

Keeping Score with "Huck" Olson

It's a Toss-up

Rash and foolhardy it would be to attempt to name the finalists who will come out of the first-round and semi-finals games of the American Legion sub-district junior baseball tourneys being played here and at Warren this evening, Wednesday and on Thursday.

The eight teams that are entered — East Grand Forks vs. Karlstad, and Thief River Falls vs. Roseau, here; and Middle River vs. Warren, and Crookston vs. Warroad, at Warren — are all equipped to turn in an upset or two.

Middle River finished play in the Northwest conference with a record of eight wins and one loss, and gained the honor of being the top-seeded team. And East Grand Forks, with a season's mark of eight wins and two losses, was just half a game behind the Middle River club. Coach Lee Swanson's Thief River Falls club earned third place in the conference ratings with a mark of six wins and three losses.

The locals dropped games to Middle River, East Grand Forks and Karlstad.

Middle River has strong batting and can give their lanky righthander, Kark Holmes adequate support in the field, Middle River will have a slight edge in the games to be played at Warren.

The four teams that will meet on the fairgrounds diamond here—East Grand Forks, Karlstad, Thief River Falls and Roseau—can provide top-notch pitching, with all the clubs having veterans available for pitching assignments. It's probable that the locals will rely on righthanders Tommy Cummings and Billy Poole. Roseau, of course, will turn to their burly lefthander Mike Baumgartner. And Karlstad, too, can show a fine lefthander in Tom Price of Stephen.

While all of the teams will be anxious to rack up wins in the first-round and semi-finals, it's possible that the East Grand Forks squad will be "up" a bit more than the other teams. The district American Legion junior baseball tournament will be played at East Grand Forks' Stauss field, and coach Roger Achen will make every effort to get the East Siders in their home tournament.

Hopkins to Detroit Lakes

John Hopkins, the Bemidji State college graduate who did his practice teaching here and who, last season, was varisty hockey coach of the Warroad Warriors, is leaving the Warroad post. John will join the Laker faculty at Detroit Lakes, and will undoubtedly coach the Laker hockey squad.

Hopkins turned in a first-rate job at Warroad last season, coaching the Warriors to a runner-up spot in the Region Eight tournament. And the Warriors, in a play-off game to determine the Region Three entry in the state tournament, lost to Coleraine, 2-1.

Hopkins, a native of Edmonton, Alberta Canada, is perhaps the first bona fide hockey man to handle the coaching at Detroit Lakes. If the Lakers get a covered arena down there, and I hear that this is a possibility in the near future, you can expect to see the fortunes of the Detroit Lakes squad begin to boom.

Good for the League?

With those who know softball best -- and they are the boys along Third and Main — whenever the Vets lost a game (and it hasn't happened often) it's to the benefit of the league. Last week the Bridgeman's, although having some anxious moments in the top of the seventh when the Vets scored three runs, defeated the Vets, 5-4.

Incidentally, the Bridgeman's have been playing a fine brand of softball for manager Bob Carlson (who is on a trip to Washington, D.C., visiting his sister Bev and friends). By the way, that sister of Bob's, Beverly, or Boots as she was called when she was growing up and playing softball around here, wouldn't hurt that Bridgeman's team! The Bridgeman's will play the Hamm's Beer on Friday night as their game on Monday evening was postponed.

Sub-District Jr. Legion Baseball Tourney Slated

First - round and semi-finals games in the American Legion's sub-district junior baseball tournament will be played here and at Warren this evening, Wednesday, and on Thursday. The sub-district finals will be played at Warren on Saturday evening.

Games to be played on the fairgrounds diamond here this evening Wednesday, will find East Grand Forks playing Karlstad at 6:30 p.m. and Thief River Falls meeting Roseau at 8:30 p.m.

Games slated for this evening, Wednesday at Warren's Emory Johnson field will have the top-ranked Middle River team playing Warren at 6:30 p.m. The Crookston vs. Warroad game will be played at 8:30 p.m.

On Thursday, with game time at 8 p.m., the winner of the East Grand Forks vs. Karlstad game will play the winner of the Thief River Falls vs. Roseau game.

The winner of the semi-finals game played here on Thursday evening will meet the winner of the semi - finals game at Warren on Thursday for the sub - district championship at Warren at 8 p. m. on Saturday. The winner of the sub-district title, as well as the runner-up, will gain a berth in the district tournament to be played at East Grand Forks on August 6, 7 and 8.

Man Assigned To Develop Private Wildlife Habitat

Minnesota game and fish division has taken a firm step toward providing additional assistance to private land owners in developing wildlife habitat on their lands.

Ted Shields, state game and fish director, said that a full time man has been assigned the work of developing and coordinating a new and expanded program. Merlin Wesloh, formerly headquartered at Detroit Lakes, will have charge of the new post in St. Paul.

Wesloh has been with the department for several years and lately has been in charge of acquiring lands for spawning areas in northwestern Minnesota.

Shields also announced the appointment of Roger Holmes to the position of assistant supervisor of game. Holmes, formerly wildlife projects development coordinator; will replace Don Ledin who has taken over a new regional office in Brainerd.

Archery Club To Hold Club Shoot

Thief River Falls Archery club will hold an intra-club tournament Sunday with registration beginning at 11 a. m. at the club range. No entry fee will be charged and only club members will be permitted to compete for trophies and prizes. Pop and coffee will be available at the range.

The city golf league began play on Wednesday on the second half of its 1966 schedule. The Hamm's Beer No. 1 and the Larson Music company squads were the first half leaders and gained berths in the final playoffs.

In last week's play the Standard Oil foursome of Dave Wegge, Greg Greg Larson, Ken Moum and Gary Flynn, posting a fine 135-stroke aggregate, gained a four-stroke lead over the second place Hamm's Beer No. 1 squad. For the Standard Oil, Wegge had a gross 35 and net 30, Larson carded a gross 41 and net 36, Moum had a gross 41 and net 34, and Flynn had a gross 40 and net 35.

Dave Wegge monopolized the week's individual honors, having a 35 to gain low gross honors, and a net 30 to card the low net score.

Create New Marsh On Twin Lakes Wildlife Area

A new 1,500 - acre marsh has been created on the 7,500 acres Twin Lakes Wildlife Management area in Kittson county, the conservation department reported today.

Twin Lakes is considered an important waterfowl production and public hunting area in Northwestern Minnesota. The department's game and fish division is responsible for development and management of the site which is located east of Karlstad.

Through construction of a diversion ditch, dike and water control structure, water is diverted into the marsh from Twin Lakes. The new development is expected to become an excellent waterfowl nesting area and will be open to public hunting in the fall.

The marsh will also help relieve peak flooding periods along state ditch No. 10 and the south branch of the Two Rivers by slowing runoff and storing water in the upper watershed.

Considerable work is presently underway including boundary brushing, fencing, rip - rapping, posting and seeding. Additional work is scheduled for later this summer on improving wildlife food plots.

A refuge has been established on part of the area which includes most of South Twin Lake extending from state highway 11 about two miles east.

As a result of the new development work, game managers expect a marked improvement in duck and goose hunting in the area during the coming years.

Woodcock, Snipe Season Announced

Minnesota Conservation department today announced a 50-day season on woodcock, snipe, rails and gallinules. The season will open at sunrise September 17 and close at sunset November 5.

The bag limit on woodcock is five daily and 10 in possession. Limits on rails and gallinules are 15 daily and 30 in possession and the big limit on snipe is eight daily and 16 in possession.

Woodcock and snipe are very lightly hunted in Minnesota, according to state game officials. Only about 8,000 of each species are taken each year. Very few rails and gallinules are taken by hunters in the state.

Farm Safety Week Being Observed July 24 to 30

"Safety is Victory Over Accidents" is the theme for Farm Safety Week, July 24-30. "A moment of carelessness causes nearly all of the accidents," says Mrs. Rosella Qualey, chairman of the home economics committee of the agricultural division of the Minnesota Safety council.

With the increased production and use of pesticides a great effort will be needed to establish and maintain a good safety record. The National Safety Council has prepared a Pesticide Safety Check List. Gather the family together and take the quiz. (Answer "yes" or "no".)

Do you always read the label before using sprays and dusts and follow the directions?

Do you store sprays and dusts in original, labeled containers?

Do you keep pesticides out of the reach of children, pets and irresponsible people?

Do you avoid smoking while spraying or dusting, when this is directed?

Do you avoid inhaling sprays or dusts, and wear protective clothing and masks, when directed to do this?

Do you avoid spilling materials on your skin, and wash immediately when they are spilled accidentally?

Do you wash hands thoroughly after spraying or dusting and before eating or smoking?

Do you cover food and water containers when treating around livestock or pet areas?

Do you always dispose of empty containers so they pose no hazard to humans, animals or valuable plants?

Do you wash contaminated clothing before reuse, when this is directed?

Do you always observe label directions to keep residues on edible portions of plants within limits permitted by law?

If your answer was "yes" to all the questions, go the head of the safety parade.

Donald Erickson Herd Tops County DHIA During May

Orville Peters, supervisor of the Pennington County Dairy Herd Improvement association, lists the following herds as the top 10 in the association for the month of May:

	Ave. Milk	Ave. Fat
Donald Erickson	1,437	55.3
Clyde Christenson	1,128	47.8
Dale Svendsgaard	1,207	46.1
John Burtness	1,178	44.1
Mordy Morrison	1,190	44.1
Earl Erickson	918	42.3
Carl and Kermit Finstad	1,163	41.9
Wallace Releraon	1,128	39.7
Mehrkens Farms Inc.	1,066	39.5
Harold Sabo	1,092	39.5
Darrow Lundeen	1,034	39.5

Herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat produced is averaged out over all the cows, giving the farmer a record of the earning power of the herd for the month.

If too many dry cows are included in the herd, the average for that month may be low even though the cows which are milking produce a lot of milk.

There were 24 herds on test with the total of 715 cows and an average of 30 cows per herd during May with the Pennington association, 90 per cent of which were milking. Average amount of milk produced per cow was 1,030 pounds which tested 3.7 per cent fat. This amounted to 38.1 pounds of butterfat per cow.

Eight cows finished with records of over 500 pounds of butterfat during the testing year in a 365-day or less lactation. They were from the following herds:

	Milk	Fat
Mehrkens Farm Inc.	19,110	741
Mehrkens Farm Inc.	13,210	548
Mehrkens Farm Inc.	20,540	777
Mehrkens Farm Inc.	18,490	696
Wallace Releraon	13,140	501
Myron Erickson	16,630	728
Don & Mark Bruggeman	13,560	549
James Jarshaw	15,490	601

New Film Shows Opportunity for School Dropouts

Job problems of unskilled, unemployed school dropouts — and how the Youth Opportunity centers of the State Employment service go about helping these young people—are portrayed in a new 16mm film available through MSES, it was announced today by Robert J. Brown, commissioner of the Minnesota Department of Employment security.

The 28-minute film, "What's In It For Me?", uses actual school dropouts in roles which parallel their lives. These same young people, through arrangements with their local Youth Opportunity center, are now learning marketable skills or gaining work experience under the Manpower Development and Training act and through Job corps or Neighborhood Youth corps programs.

"We have hundreds of young people in Minnesota between the ages of 16 and 21 who can benefit from seeing this film," Brown said. "While it is specifically designed to acquaint the disadvantaged youth with ways which are open to him for getting started toward a useful, productive life, the film also has a powerful message for boys and girls who might be thinking about dropping out of school."

Although it concerns young people, the film has general appeal for adults. Civic groups, social service agencies, educational and professional associations, can make use of it to learn about the vocational problems of youth.

"What's In It for Me?" can be secured for showing by calling or writing the Youth Opportunity Center, 1058 University Avenue, St. Paul, telephone 645-0461. Staff members of the center are available to provide supplementary information, if desired.

AAA Advocates Protection at Grade Crossings

Steps to assure greater safety for motorists at the nation's 220,000 railroad - highway grade crossings should be taken without delay, Erling Berg, Duluth, president of the Minnesota AAA, urged today.

"Over a five-year period, an average of 1,227 people annually met their deaths in collisions with trains," the motoring organization official said. "To give additional protection, AAA has long been urging greater use of automatic short-arm gates and flashing or wigwag signals at crossings."

The House committee on government operations recently estimated that the cost of providing maximum protection at all grade crossings would be a whopping $86 billion. The first order of business, said the committee, is to determine a priority of need so available funds can be concentrated on those grade crossings presenting the greatest hazard.

Use of reflective paint on railroad cars would also cut down on nighttime grade crossing accidents, AAA believes. During the day, only five per cent of car-train collisions involve the motor vehicle striking the train. By night, this proportion soars to 27 per cent.

Berg pointed out that each railroad goes to the expense of putting its name on rolling stock for purposes of advertising and identification, so the added cost of using reflective paint or materials would, in all probability, be recovered in lower damages and improved public relations.

Gas Tax Refunds Now Credits; No Claim Required

Procedures for refunding tax paid for gasoline used on the farm for farming purposes or other than in registered highway vehicles have been changed, according to George D. Lethert, district director of Internal revenue.

Under the excise tax reduction act of 1965, tax refunds on gasoline used after June 30, 1965, may be claimed as credits on the individual's annual income tax return, Lethert said. Previously, a special claim was required to be filed by September 30 for gasoline tax refunds due for the preceding fiscal year period.

The first credit for gasoline tax refund may be claimed on the return for the year 1966. It will include the tax on gasoline used in the period from July 1, 1965, through Dec. 31, 1966. Thereafter, for each taxable year credit should be claimed only for gasoline used during the taxable year.

The credit on individual income tax returns, Form 1040, may be listed and claimed in a manner similar to the credit for tax withheld on wages, Lethert declared. The new procedure simplifies the tax refund process for the taxpayer, he indicated.

Davison Issues Debate Challenge To Rep. Langen

Keith C. Davison, DFL candidate for Congress in the Seventh District, challenged his Republican opponent to debate the issues with him during the course of the forthcoming campaign and then promised to work to achieve the votes necessary in Congress to insure farm prices at 100 per cent of parity.

In a speech to the Seventh District National Farmers organization picnic in Detroit Lakes Sunday, Davison, who shared the platform with incumbent Congressman Odin Langen, prefaced his remarks with this comment: "I am pleased that the Republican incumbent Congressman could also be here because I have a few things to say to him as well." Davison then challenged Langen to join with him in "appearing before every N F O group, every county organization, every Chamber of Commerce group, every civic group, indeed any group anywhere in the district that desires to hear our views on the issues."

"In addition," said Davison, "I request that my opponent join with me in appealing to the radio and television stations of this district to make available time in the interest of public service so that all the voters of this district might be fully appraised of our respective positions.

"Such a campaign would do much to dilute the effect of Madison avenue advertising agencies, mass mailing of newsletters and campaign literature and the expenditure of thousands of dollars for television . . . and would insure that the one of us who most closely and most truly reflects the desires of a majority of the voters of this district would serve as Representative."

Davison then went on to discuss his views on agriculture and said that "the final answer (to the agricultural price problem), will only be achieved when the American farmer is receiving 100 per cent of parity for the commodities he raises and sells. I will go to my Democratic colleagues who constitute the majority in Congress and get the votes necessary to achieve 100 per cent of parity — this I promise you," said candidate Davison.

Federal Reserve Bank Provides Economic Review

At mid-year point, most of the economic indicator series of the Ninth Federal Reserve district continued favorable, the Federal Reserve bank of Minneapolis reported today in its monthly economic review.

Farm product prices were relatively high; agricultural production prospects were rated good; industrial production had expanded; employment, had increased; and retail sales were booming.

The Ninth district is composed of the states of Minnesota, Montana, North and South Dakota, upper Michigan and northwestern Wisconsin.

Money and credit in the district at mid-year was relatively tight as the demand for loans was strong in relation to the available supplies of credit. The ratio of loans to deposits at Ninth district member banks was up moderately from year-earlier levels, particularly at the larger city banks, and a sharp increase was noted in the use of federal funds and of borrowings from the Federal Reserve bank.

Although crop predictions at mid-year were rather speculative, prospects seemed to indicate a near bumper grain crop assuming normal conditions during the critical July and August period.

The industrial use of electric power in early 1966 registered about a 12 per cent rate of increase over the year earlier and the production worker manhour series was up around seven per cent. These indices appear to support a view that machinery and primary metals industries have provided the main impetus for the district's industrial production expansion thus far this year, the bank said.

The district's May employment data shows a four per cent increase from a year earlier with even stronger advances in manufacturing and construction employment of 5.8 per cent and 10.2 per cent respectively.

Although building permits for single family houses have lagged in recent months, contracts in the district for nonresidential building have expanded sharply.

Available data on new hirings and "quit" rates indicate a tight labor market within the district with average weekly earnings and weekly hours in manufacturing just slightly below the national rates. The district's unemployment rate in May was estimated at 3.9 per cent compared with four per cent for the nations.

Attendance at Marshall County Fair Sets Record

All attendance records were broken with an estimated 20,000 one attending the 60th annual free gate Marshall county fair which came to a successful close at Warren Sunday, July 17, after a three-day run which started the *previous Friday*.

Income from the fair operations also reached a new high figure of $9,450, according to preliminary reports compiled by William Schaefer, secretary. This included grandstand, $4,725; car parking, $850; carnival, $3,450; and commercial exhibit space rental and concessions, $650.

Expenses for operating and maintaining the fair also climbed higher than normal Schaefer said, but the fair board expects to be well in the black when the bills are paid. Weather during the three-day event was generally favorable, though extremely hot and humid Sunday.

GUITAR strumming is a popular pastime with Tippi Benson, one of 10 candidates entered in the Miss Thief River Falls pageant Saturday, July 30, at 8 p.m. in the Lincoln high school gymnasium. Tippi is a self-taught guitarist, and will play her guitar as background for an original poem as her talent number in the pageant. A 1965 graduate of Lincoln high school, she is the daughter of Garfield Benson of Thief River Falls.

Tippi Benson Is Queen Candidate

by Marvin Lundin
Times Editor

(This is the sixth in a series of personal interview stories on candidates for the Miss Thief River Falls title at the annual Jaycees Aquacade pageant Saturday, July 30, in the Lincoln high school gymnasium. Other stories are published in this issue and the final articles will appear Wednesday.

Although she has never had any formal instruction, Tippi Benson finds that playing a guitar is a challenging and relaxing pastime. Last year, while attending Moorhead state college, she won a talent contest with her original poem and guitar self-accompaniment. She will use the same number as her talent presentation at the pageant Saturday evening.

Tippi is the daughter of Garfield Benson of Thief River Falls and a 1965 graduate of Lincoln high school. She is five feet five inches tall, weighs 125 pounds, has dark blonde hair, blue eyes and a 34-23-34 figure. She is currently employed by her sponsor, Northwestern Bell Telephone company in Thief River Falls.

While Tippi says her hobbies are varied and change from time to time, she enjoys swimming, skiing, skating and spectator sports.

"However, my greatest pleasure is found through meeting and getting to know people and understanding different problems we are faced with today," she says. "I have also found a greater understanding of people through expressing myself with poetry."

While in high school Tippi served on junior and senior high student councils for five years and was a council officer her senior year. Other activities included prom committees, pep club, Girls Athletic association, dramatics club and one-act plays. She was also selected by the American Legion auxiliary as representative to Girls State her junior year.

As soon as possible she plans to return to college in order to get a double major in sociology and psychology. Then she plans to spend two years in the Peace Corps and return to the United States for a career in case work.

Tippi has two brothers—Bob, who is in the navy at Jacksonville, Fla., and Denny, 15—and two sisters, 13-year-old Wendy and 11-year-old Susan.

Foxtail Millet Proves Excellent Late Forage Crop

Foxtail millet is proving to be an excellent late-planted forage crop, a University of Minnesota agronomist reported at Grand Rapids today.

R. G. Robinson, associate professor of agronomy and plant genetics, told visitors at the North Central school and experiment station that recommended varieties of foxtail millet can produce higher protein forage than can sudangrass or sorghum-sudangrass hybrids.

Robinson and other university researchers were on hand to tell visitors at the experiment station's annual crops and soils field day about research projects currently underway here.

Results of millet studies conducted last year show that White Wonder and Empire, the two varieties recommended for growth as silage or hay in Minnesota, have averaged about 20 per cent more than sudangrass or sorhum-sudan hybrids.

These findings, Robinson pointed out, are consistent with results of studies conducted at the Rosemount station in past years.

Per acre yields of dry matter have also been higher for the two millet varieties with some experimental plots yielding over two-and-one-half tons per acre.

GRAND championship in the 4-H conservation division at the 1966 Pennington county fair was won by Don Rondorf of the Steiner 4-H club with his treatise on "Weeds."

GARDEN division grand championship among 4-H exhibits at the 1966 Pennington county fair went to Douglas Johnson of the New Solum 4-H club, pictured above holding his exhibit of samples of garden vegetables.

The real advantage of White Wonder and Empire millet varieties is their late season sowing dates. Although they are only one-cut crops, they can be seeded as late as mid-July for hay production.

This is particularly important in a year like last year when many Minnesota farmers found their potential for hay and forage production to be less than they had expected because of a severe winter and late spring.

When asked why millet has not been used more extensively as a forage or hay crop, Robinson said that one reason it has been overlooked is because of the widespread promotion of other forages like sudangrass and sorghum-sudan hybrids.

In addition to its use as a forage, millet can also be used as a grain crop and sold for bird feed. The proso variety of Trughal is the only variety recommended for grain production in Minnesota.

Robinson pointed out that the increased feeding of wild and tame birds should at least maintain and perhaps increase the demand for millet seed.

Discussing still another advantage of millet, the agronomist suggested that more Minnesota farmers make use of this crop as a low-cost weed control. Because of late planting, early harvest, thick growth and tolerance to 2, 4-D, millet is an excellent control for annual weeds, quackgrass and thistles.

Further information on millet can be found in Extension Bulletin 302 titled, "Millet, Buckwheat and Annual Canarygrass in Minnesota." Copies can be obtained from the Bulletin Room, University of Minnesota, St. Paul, Minnesota 55101.

Dr. Scheuneman On Insurance Firm Advisory Board

Dr. A. F. Scheuneman of Thief River Falls has been named a member of Planned Future Life Insurance company's advisory board it was disclosed today. The company's home office is located in Mankato.

The company held its first advisory board meeting last week since it was incorporated in August of last year. Purpose of the meeting was to review the company's growth and overall operations. It was revealed that the company, now in its 10th month of operation, has written close of $11,000,000 of insurance marketed by 127 agents in the state of Minnesota.

New Committee Offers 5-Point Tax Proposal

A newly-formed statewide tax committee has proposed a five-point platform as a basis for a beginning in tax reform in the state. Among committee members is Cy Carpenter, Bloomington, formerly of Thief River Falls. He is secretary-treasurer.

Known as the "Minnesota Committee for a progressive tax system," the tax group said it would issue factual data and background material on the following proposals:

1. Personal property tax relief for retail merchants and farmers, with replacement revenue to come from an income-tax type of levy. This would be along the line of the Mann-Benson bill in the 1965 session, which was narrowly defeated in the state senate.

2. A property improvement tax incentive plan, which would encourage home owners, businessmen and farmers to make needed improvements in existing buildings by providing that the value of such improvements would not be reflected on the tax rolls for a given period of time. A proposal of this kind was sponsored in the 1965 session by Rep. Harvey Wilder of Crookston and others.

3. Provision of a tax credit of up to $50 a year to low-income home owners aged 65 years and over to help alleviate the burden of rising real property taxes. This would be patterned after the system in operation in Wisconsin and similar to the amendment offered by Senator Edward Novak of St. Paul in the 1965 session and defeated on the state senate floor.

4. Recommendation to Congress to adopt the Heller pan on a stand-by basis so that when a budget surplus does again exist, a one or two per cent share of federal income tax collections could be channelled back to the states to be used as the legislatures may see fit.

5. To raise the present 43 per cent share of school maintenance cost now borne by state aid to a level of 50 per cent.

Milton D. Hakel of St. Paul, president of the new committee, said that its position is that "tax reform is long overdue and when it comes, it should be designed to make our overall tax system more progressive in impact, not less."

Hakel noted that Minnesota's tax system is now based to an important degree on ability-to-pay taxes.

"This is the best feature of our state tax system, but there is room for improvement. Several states are ahead of us in the degree of progressivity in their tax structures," he said.

Keeping Score with "Huck" Olson

It's a Toss-up

Rash and foolhardy it would be to attempt to name the finalists who will come out of the first-round and semi-finals games of the American Legion sub-district junior baseball tourneys being played here and at Warren this evening, Wednesday and on Thursday.

The eight teams that are entered — East Grand Forks vs. Karlstad, and Thief River Falls vs. Roseau, here; and Middle River vs. Warren, and Crookston vs. Warroad, at Warren — are all equipped to turn in an upset or two.

Middle River finished play in the Northwest conference with a record of eight wins and one loss, and gained the honor of being the top-seeded team. And East Grand Forks, with a season's mark of eight wins and two losses, was just half a game behind the Middle River club. Coach Lee Swanson's Thief River Falls club earned third place in the conference ratings with a mark of six wins and three losses.

The locals dropped games to Middle River, East Grand Forks and Karlstad.

Middle River has strong batting and can give their lanky righthander, Kark Holmes adequate support in the field. Middle River will have a slight edge in the games to be played at Warren.

The four teams that will meet on the fairgrounds diamond here—East Grand Forks, Karlstad, Thief River Falls and Roseau—can provide top-notch pitching, with all the clubs having veterans available for pitching assignments. It's probable that the locals will rely on righthanders Tommy Cummings and Billy Poole. Roseau, of course, will turn to their burly lefthander Mike Baumgartner. And Karlstad, too, can show a fine lefthander in Tom Price of Stephen.

While all of the teams will be anxious to rack up wins in the first-round and semi-finals, it's possible that the East Grand Forks squad will be "up" a bit more than the other teams. The district American Legion junior baseball tournament will be played at East Grand Forks' Stauss field, and coach Roger Achen will make every effort to get the East Siders in their home tournament.

Hopkins to Detroit Lakes

John Hopkins, the Bemidji State college graduate who did his practice teaching here and who, last season, was varisty hockey coach of the Warroad Warriors, is leaving the Warroad post. John will join the Laker faculty at Detroit Lakes, and will undoubtedly coach the Laker hockey squad.

Hopkins turned in a first-rate job at Warroad last season, coaching the Warriors to a runner-up spot in the Region Eight tournament. And the Warriors, in a play-off game to determine the Region Three entry in the state tournament, lost to Coleraine, 2-1.

Hopkins, a native of Edmonton, Alberta Canada, is perhaps the first bona fide hockey man to handle the coaching at Detroit Lakes. If the Lakers get a covered arena down there, and I hear that this is a possibility in the near future, you can expect to see the fortunes of the Detroit Lakes squad begin to boom.

Good for the League?

With those who know softball best — and they're the boys along Third and Main — whenever the Vets lost a game, (and it *hasn't happened often*) it's to the benefit of the league. Last week the Bridgeman's, although having some anxious moments in the top of the seventh when the Vets scored three runs, defeated the Vets, 5-4.

Incidentally, the Bridgeman's have been playing a fine brand of softball for manager Bob Carlson (who is on a trip to Washington, D.C., visiting his sister Bev and friends). By the way, that sister of Bob's, Beverly, or Boots as she was called when she was growing up and playing softball around here, wouldn't hurt that Bridgeman's team! The Bridgeman's will play the Hamm's Beer on Friday night as their game on Monday evening was postponed.

Games to be played on the fairgrounds diamond here this evening Wednesday, will find East Grand Forks playing Karlstad at 6:30 p.m. and Thief River Falls meeting Roseau at 8:30 p.m.

Games slated for this evening, Wednesday at Warren's Emory Johnson field will have the top-ranked Middle River team playing Warren at 6:30 p.m. The Crookston vs. Warroad game will be played at 8:30 p.m.

On Thursday, with game time at 8 p.m., the winner of the East Grand Forks vs. Karlstad game will play the winner of the Thief River Falls vs. Roseau game.

The winner of the semi-finals game played here on Thursday evening will meet the winner of the semi - finals game at Warren on Thursday for the sub - district championship at Warren at 8 p. m. on Saturday. The winner of the sub-district title, as well as the runner-up, will gain a berth in the district tournament to be played at East Grand Forks on August 6, 7 and 8.

Man Assigned To Develop Private Wildlife Habitat

Minnesota game and fish division has taken a firm step toward providing additional assistance to private land owners in developing wildlife habitat on their lands.

Ted Shields, state game and fish director, said that a full time man has been assigned the work of developing and coordinating a new and expanded program. Merlin Wesloh, formerly headquartered at Detroit Lakes, will have charge of the new post in St. Paul.

Wesloh has been with the department for several years and lately has been in charge of acquiring lands for spawning areas in northwestern Minnesota.

Shields also announced the appointment of Roger Holmes to the position of assistant supervisor of game. Holmes, formerly wildlife projects development coordinator; will replace Don Ledin who has taken over a new regional office in Brainerd.

Archery Club To Hold Club Shoot

Thief River Falls Archery club will hold an intra-club tournament Sunday with registration beginning at 11 a. m. at the club range. No entry fee will be charged and only club members will be permitted to compete for trophies and prizes. Pop and coffee will be available at the range.

The city golf league began play on Wednesday on the second half of its 1966 schedule. The Hamm's Beer No. 1 and the Larson Music company squads were the first half leaders and gained berths in the final playoffs.

In last week's play the Standard Oil foursome of Dave Wegge, Greg Greg Larson, Ken Moum and Gary Flynn, posting a fine 135-stroke aggregate, gained a four-stroke lead over the second place Hamm's Beer No. 1 squad. For the Standard Oil, Wegge had a gross 35 and net 30, Larson carded a gross 41 and net 36, Moum had a gross 41 and net 34, and Flynn had a gross 40 and net 35.

Dave Wegge monopolized the week's individual honors, having a 35 to gain low gross honors, and a net 30 to card the low net score.

Create New Marsh On Twin Lakes Wildlife Area

A new 1,500 - acre marsh has been created on the 7,500 acres Twin Lakes Wildlife Management area in Kittson county, the conservation department reported today.

Twin Lakes is considered an important waterfowl production and public hunting area in Northwestern Minnesota. The department's game and fish division is responsible for development and management of the site which is located east of Karlstad.

Through construction of a diversion ditch, dike and water control structure, water is diverted into the marsh from Twin Lakes. The new development is expected to become an excellent waterfowl nesting area and will be open to public hunting in the fall.

The marsh will also help relieve peak flooding periods along state ditch No. 10 and the south branch of the Two Rivers by slowing run-off and storing water in the upper watershed.

Considerable work is presently underway including boundary brushing, fencing, rip - rapping, posting and seeding. Additional work is scheduled for later this summer on improving wildlife food plots.

A refuge has been established on part of the area which includes most of South Twin Lake extending from state highway 11 about two miles east.

As a result of the new development work, game managers expect a marked improvement in duck and goose hunting in the area during the coming years.

Woodcock, Snipe Season Announced

Minnesota Conservation department today announced a 50-day season on woodcock, snipe, rails and gallinules. The season will open at sunrise September 17 and close at sunset November 5.

The bag limit on woodcock is five daily and 10 in possession. Limits on rails and gallinules are 15 daily and 30 in possession and the big limit on snipe is eight daily and 16 in possession.

Woodcock and snipe are very lightly hunted in Minnesota, according to state game officials. Only about 8,000 of each species are taken each year. Very few rails and gallinules are taken by hunters in the state.

The Froseth's Market squad, shaters of first place in the junior golf league standings a week ago, carded a fine 142-stroke net on Thursday to break their deadlock with the Union State Bank and gained a six-stroke lead.

For the league leaders, Billy Olson had a gross 42 and net 33, Steve Larson a gross 44 and net 34, Tim Carlson a gross 45 and net 37 and Jay Moum had a gross 48 and net 38.

"Billy Olson's 42 was the low gross card turned in, and Olson, along with Cal Wicklander, Randy Carlson and Paul DeBriyn had the low net total, a 33.

Farm Safety Week Being Observed July 24 to 30

"Safety is Victory Over Accidents" is the theme for Farm Safety Week, July 24-30. "A moment of carelessness causes nearly all of the accidents," says Mrs. Rosella Qualey, chairman of the home economics committee of the agricultural division of the Minnesota Safety council.

With the increased production and use of pesticides a great effort will be needed to establish and maintain a good safety record. The National Safety Council has prepared a Pesticide Safety Check List. Gather the family together and take the quiz. (Answer "yes" or "no".)

Do you always read the label before using sprays and dusts and follow the directions?

Do you store sprays and dusts in original, labeled containers?

Do you keep pesticides out of the reach of children, pets and irresponsible people?

Do you avoid smoking while spraying or dusting, when this is directed?

Do you avoid inhaling sprays or dusts, and wear protective clothing and masks, when directed to do this?

Do you avoid spilling materials on your skin, and wash immediately when they are spilled accidentally?

Do you wash hands thoroughly after spraying or dusting and before eating or smoking?

Do you cover food and water containers when treating around livestock or pet areas?

Do you always dispose of empty containers so they pose no hazard to humans, animals or valuable plants?

Do you wash contaminated clothing before reuse, when this is directed?

Do you always observe label directions to keep residues on edible portions of plants within limits permitted by law?

If your answer was "yes" to all the questions, go the head, of the safety parade. . .

Donald Erickson Herd Tops County DHIA During May

Orville Peters, supervisor of the Pennington County Dairy Herd Improvement association, lists the following herds as the top 10 in the association for the month of May:

	Ave. Milk	Ave. Fat
Donald Erickson	1,437	55.3
Clyde Christenson	1,128	47.8
Dale Svendsgaard	1,207	46.1
John Burtness	1,178	44.1
Mordy Morrison	1,190	44.1
Earl Erickson	918	42.3
Carl and Kermit Finstad	1,163	41.9
Wallace Reierson	1,128	39.7
Mehrkens Farms Inc.	1,066	39.5
Harold Sabo	1,092	39.5
Darrow Lundeen	1,034	39.5

Herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat produced is averaged out over all the cows, giving the farmer a record of the earning power of the herd for the month.

If too many dry cows are included in the herd, the average for that month may be low even though the cows which are milking produce a lot of milk.

There were 24 herds on test with the total of 715 cows and an average of 30 cows per herd during May with the Pennington association, 90 per cent of which were milking. Average amount of milk produced per cow was 1,030 pounds which tested 3.7 per cent fat. This amounted to 38.1 pounds of butterfat per cow.

Eight cows finished with records of over 500 pounds of butterfat during the testing year in a 365-day or less lactation. They were from the following herds:

	Milk	Fat
Mehrkens Farm Inc.	19,110	741
Mehrkens Farm Inc.	13,210	518
Mehrkens Farm Inc.	20,540	777

New Film Shows Opportunity for School Dropouts

Job problems of unskilled, unemployed school dropouts — and how the Youth Opportunity centers of the State Employment service go about helping these young people—are portrayed in a new 16mm film available through MSES, it was announced today by Robert J. Brown, commissioner of the Minnesota Department of Employment security.

The 28-minute film, "What's In It For Me?", uses actual school dropouts in roles which parallel their lives. These same young people, through arrangements with their local Youth Opportunity center, are now learning marketable skills or gaining work experience under the Manpower Development and Training act and through Job corps or Neighborhood Youth corps programs.

"We have hundreds of young people in Minnesota between the ages of 16 and 21 who can benefit from seeing this film," Brown said. "While it is specifically designed to acquaint the disadvantaged youth with ways which are open to him for getting started toward a useful, productive life, the film also has a powerful message for boys and girls who might be thinking about dropping out of school."

Although it concerns young people, the film has general appeal for adults. Civic groups, social service agencies, educational and professional associations, can make use of it to learn about the vocational problems of youth.

"What's In It for Me?" can be secured for showing by calling or writing the Youth Opportunity Center, 1058 University Avenue, St. Paul, telephone 645-0461. Staff members of the center are available to provide supplementary information, if desired.

AAA Advocates Protection at Grade Crossings

Steps to assure greater safety for motorists at the nation's 220,000 railroad - highway grade crossings should be taken without delay, Erling Berg, Duluth, president of the Minnesota AAA, urged today.

"Over a five-year period, an average of 1,227 people annually met their deaths in collisions with trains," the motoring organization official said. "To give additional protection, AAA has long been urging greater use of automatic short-arm gates and flashing or wigwag signals at crossings."

The House committee on government operations recently estimated that the cost of providing maximum protection at all grade crossings would be a whopping $86 billion. The first order of business, said the committee, is to determine a priority of need so available funds can be concentrated on those grade crossings presenting the greatest hazard.

Use of reflective paint on railroad cars would also cut down on nighttime grade crossing accidents, AAA believes. During the day, only five per cent of car-train collisions involve the motor vehicle striking the train. By night, this proportion soars to 27 per cent.

Berg pointed out that each railroad goes to the expense of putting its name on rolling stock for purposes of advertising and identification, so the added cost of using reflective paint or materials would, in all probability, be recovered in lower damages and improved public relations.

Gas Tax Refunds Now Credits; No Claim Required

Procedures for refunding tax paid for gasoline used on the farm for farming purposes or other than in registered highway vehicles have been changed, according to George O. Lethert, district director of Internal revenue.

Under the excise tax reduction act of 1965, tax refunds on gasoline used after June 30, 1965, may be claimed as credits on the individual's annual income tax return, Lethert said. Previously, a special claim was required to be filed by September 30 for gasoline tax refunds due for the preceding fiscal year period.

The first credit for gasoline tax refund may be claimed on the return for the year 1966. It will include the tax on gasoline used in the period from July 1, 1965, through Dec. 31, 1966. Thereafter, for each taxable year credit should be claimed only for gasoline used during the taxable year.

The credit on individual income tax returns, Form 1040, may be listed and claimed in a manner similar to the credit for tax withheld on wages, Lethert declared. The new procedure simplifies the tax refund process for the taxpayer, he indicated.

Davison Issues Debate Challenge To Rep. Langen

Keith C. Davison, DFL candidate for Congress in the Seventh District, challenged his Republican opponent to debate the issues with him during the course of the forthcoming campaign and then promised to work to achieve the votes necessary in Congress to insure farm prices at 100 per cent of parity.

In a speech to the Seventh District National Farmers organization picnic in Detroit Lakes Sunday, Davison, who shared the platform with incumbent Congressman Odin Langen, prefaced his remarks with this comment: "I am pleased that the Republican incumbent Congressman could also be here because I have a few things to say to him as well." Davison then challenged Langen to join with him in "appearing before every NFO group, every county organization, every Chamber of Commerce group, every civic group, indeed any group anywhere in the district that desires to hear our views on the issues."

"In addition," said Davison, "I request that my opponent join with me in appealing to the radio and television stations of this district to make available time in the interest of public service so that all the voters of this district might be fully apprised of our respective positions."

"Such a campaign would do much to dilute the effect of Madison avenue advertising agencies, mass mailing of newsletters and campaign literature and the expenditure of thousands of dollars for television . . . and would insure that the one of us who most closely and most truly reflects the desires of a majority of the voters of this district would serve as Representative."

Davison then went on to discuss his views on agriculture and said that "the final answer (to the agricultural price problem), will only be achieved when the American farmer is receiving 100 per cent of parity for the commodities he raises and sells. I will go to my Democratic colleagues who constitute the majority in Congress and get the votes necessary to achieve 100 per cent of parity — this I promise you," said candidate Davison.

Plummer Legion Auxiliary Unit Names Officers

Officers were installed at the regular meeting of Plummer American Legion Auxiliary Unit 623 held Thursday, July 14. New officers are as follows:

Mrs. Leroy Westerlund, president; Mrs. R. H. Pahlen, first vice-president; Mrs. Bud Zimpel, second vice president; Mrs. Floyd Hesse, secretary; Mrs. Melvin Hesse, treasurer; Mrs. Leonard Peterson, sergeant-at-arms; Mrs. Arlene Kelly, historian; Mrs. Alvin Johnson, chaplain; and Mrs. Herbert Walter and Mrs. Emil Malwitz, executive officers.

Federal Reserve Bank Provides Economic Review

At mid-year point, most of the economic indicator series of the Ninth Federal Reserve district continued favorable, the Federal Reserve bank of Minneapolis reported today in its monthly economic review.

Farm product prices were relatively high; agricultural production prospects were rated good; industrial production had expanded; employment, had increased; and retail sales were booming.

The Ninth district is composed of the states of Minnesota, Montana, North and South Dakota, upper Michigan and northwestern Wisconsin.

Money and credit in the district at mid-year was relatively tight as the demand for loans was strong in relation to the available supplies of credit. The ratio of loans to deposits at Ninth district member banks was up moderately from year-earlier levels, particularly at the larger city banks, and a sharp increase was noted in the use of federal funds and of borrowings from the Federal Reserve bank.

Although crop predictions at mid-year were rather speculative, prospects seemed to indicate a near bumper grain crop assuming normal conditions during the critical July and August period.

The industrial use of electric power in early 1966 registered about a 12 per cent rate of increase over the year earlier and the production worker manhour series was up around seven per cent. These indices appear to support a view that machinery and primary metals industries have provided the main impetus for the district's industrial production expansion thus far this year, the bank said.

The district's May employment data shows a four per cent increase from a year earlier with even stronger advances in manufacturing and construction employment of 5.8 per cent and 10.2 per cent respectively.

Although building permits for single family houses have lagged in recent months, contracts in the district for nonresidential building have expanded sharply.

Available data on new hirings and "quit" rates indicate a tight labor market within the district with average weekly earnings and weekly hours in manufacturing just slightly below the national rates. The district's unemployment rate in May was estimated at 3.9 per cent compared with four per cent for the nations.

Attendance at Marshall County Fair Sets Record

All attendance records were broken with an estimated 20,000 ne attending the 60th annual free gate Marshall county fair which came to a successful close at Warren Sunday, July 17, after a three-day run which started the *previous Friday.*

Income from the fair operations also reached a new high figure of $9,450, according to preliminary reports compiled by William Schaefer, secretary. This included grandstand, $4,725; car parking, $650; carnival, $3,450; and commercial exhibit space rental and concessions, $650.

Expenses for operating and maintaining the fair also climbed higher than normal Schaefer said, but the fair board expects to be well in the black when the bills are paid. Weather during the three-day event was generally favorable, though extremely hot and humid Sunday.

GUITAR strumming is a popular pastime with Tippi Benson, one of 10 candidates entered in the Miss Thief River Falls pageant Saturday, July 30, at 8 p.m. in the Lincoln high school gymnasium. Tippi is a self-taught guitarist, and will play her guitar as background for an original poem as her talent number in the pageant. A 1965 graduate of Lincoln high school, she is the daughter of Garfield Benson of Thief River Falls.

Tippi Benson Is Queen Candidate

by Marvin Lundin
Times Editor

(This is the sixth in a series of personal interview stories on candidates for the Miss Thief River Falls title at the annual Jaycees Aquacade pageant Saturday, July 30, in the Lincoln high school gymnasium. Other stories are published in this issue and the final articles will appear Wednesday.

Although she has never had any formal instruction, Tippi Benson finds that playing a guitar is a challenging and relaxing pastime. Last year, while attending Moorhead state college, she won a talent contest with her original poem and guitar self-accompaniment. She will use the same number as her talent presentation at the pageant Saturday evening.

Tippi is the daughter of Garfield Benson of Thief River Falls and a 1965 graduate of Lincoln high school. She is five feet five inches tall, weighs 125 pounds, has dark blonde hair, blue eyes and a 34-23-34 *figure.* She is currently employed by her sponsor, Northwestern Bell Telephone company in Thief River Falls.

While Tippi says her hobbies are varied and change from time to time, she enjoys swimming, skiing, skating and spectator sports.

"However, my greatest pleasure is found through meeting and getting to know people and understanding different problems we are faced with today," she says. "I have also found a greater understanding of people through expressing myself with poetry."

While in high school Tippi served on junior and senior high student councils for five years and was a council officer her senior year. Other activities included prom committees, pep club, Girls Athletic association, dramatics club and one-act plays. She was also selected by the American Legion auxiliary as representative to Girls State her junior year.

As soon as possible she plans to return to college in order to get a double major in sociology and psychology. Then she plans to spend two years in the Peace Corps and return to the United States for a career in case work.

Tippi has two brothers—Bob, who is in the navy at Jacksonville, Fla., and Denny, 15—and two sisters, 13-year-old Wendy and 11-year-old Susan.

Foxtail Millet Proves Excellent Late Forage Crop

Foxtail millet is proving to be an excellent late-planted forage crop, a University of Minnesota agronomist reported at Grand Rapids today.

R. G. Robinson, associate professor of agronomy and plant genetics, told visitors at the North Central school and experiment station that recommended varieties of foxtail millet can produce higher protein forage than can sudangrass or sorghum-sudangrass hybrids.

Robinson and other university researchers were on hand to tell visitors at the experiment station's annual crops and soils field day about research projects currently underway here.

Results of millet studies conducted last year show that White Wonder and Empire, the two varieties recommended for growth as silage or hay in Minnesota, have averaged about 20 per cent more protein than sudans or sorhum-sudan hybrids.

These findings, Robinson pointed out, are consistent with results of studies conducted at the Rosemount experiment station in past years.

Per acre yields of dry matter have also been higher for the two millet varieties with some experimental plots yielding over two-and-a-half tons per acre.

The real advantage of White Wonder and Empire millet varieties is their late season sowing dates. Although they are only one-cut crops, they can be seeded as late as mid-July for hay production.

This is particularly important in a year like last year when many Minnesota farmers found their potential for hay and forage production to be less than they had expected because of a severe winter and late spring.

When asked why millet has not been used more extensively as a forage or hay crop, Robinson said that one reason it has been overlooked is because of the widespread promotion of other forages like sudangrass and sorghum-sudan hybrids.

In addition to its use as a forage, millet can also be used as a grain crop and sold for bird feed. The proso variety of Trughal is the only variety recommended for grain production in Minnesota.

Robinson pointed out that the increased feeding of wild and tame birds should at least maintain and perhaps increase the demand for millet seed.

Discussing still another advantage of millet, the agronomist suggested that more Minnesota farmers make use of this crop as a low-cost weed control. Because of late planting, early harvest, thick growth and tolerance to 2, 4-D, millet is an excellent control for annual weeds, quackgrass and thistles.

Further information on millet can be found in Extension Bulletin 302 titled, "Millet, Buckwheat and Annual Canarygrass in Minnesota." Copies can be obtained from the Bulletin Room, University of Minnesota, St. Paul, Minnesota 55101.

Dr. Scheuneman On Insurance Firm Advisory Board

Dr. A. F. Scheuneman of Thief River Falls has been named a member of Planned Future Life Insurance company's advisory board it was disclosed today. The company's home office is located in Mankato.

The company held its first advisory board meeting last week since it was incorporated in August of last year. Purpose of the meeting was to review the company's growth and overall operations. It was revealed that the company, now in its 10th month of operation, has written close of $11,000,000 of insurance marketed by 127 agents in the state of Minnesota.

New Committee Offers 5-Point Tax Proposal

A newly-formed statewide, tax committee has proposed a five-point platform as a basis for a beginning in tax reform in the state. Among committee members is Cy Carpenter, Bloomington, formerly of Thief River Falls. He is secretary-treasurer.

Known as the "Minnesota Committee for a progressive tax system," the tax group said it would issue factual data and background material on the following proposals:

1. Personal property tax relief for retail merchants and farmers, with replacement revenue to come from an income-tax type of levy. This would be along the line of the Mann-Benson bill in the 1965 session, which was narrowly defeated in the state senate.

2. A property improvement tax incentive plan, which would encourage home owners, businessmen and farmers to make needed improvements in existing buildings by providing that the value of such improvements would not be reflected on the tax rolls for a given period of time. A proposal of this kind was sponsored in the 1965 session by Rep. Harvey Wilder of Crookston and others.

3. Provision of a tax credit of up to $50 a year to low-income home owners aged 65 years and over to help alleviate the burden of rising real property taxes. This would be patterned after the system in operation in Wisconsin and similar to the amendment offered by Senator Edward Novak of St. Paul in the 1965 session and defeated on the state senate floor.

4. Recommendation to Congress to adopt the Heller pan on a standby basis so that when a budget surplus does again exist, a one or two per cent share of federal income tax collections could be channelled back to the states to be used as the legislatures may see fit.

5. To raise the present 43 per cent share of school maintenance cost now borne by state aid to a level of 50 per cent.

Milton D. Hakel of St. Paul, president of the new committee, said that its position is that "tax reform is long overdue and when it comes, it should be designed to make our overall tax system more progressive in impact, not less."

Hakel noted that Minnesota's tax system is now based to an important degree on ability-to-pay taxes:

"This is the best feature of our state tax system, but there is room for improvement. Several states are ahead of us in the degree of progressivity in their tax structures," he said.

The Worried Poor

It would seem that the poor are much less worried about their poverty than the Administration is, if one used the recent New York vote to elect a poverty control board as a scale. An editorial in the New York Times reports that "a disappointly small number of Lower East Siders voted in New York's first direct election of a local poverty control board. The 2,600 voters represented fewer than 2 per cent of all those eligible to cast ballots and, even if the potential were restricted to low-income residents, the turnout would still be less than 4 per cent." The article goes on to conclude that this incident, coupled with similar experiences in a half-dozen other big cities "should by now have dispelled any idea that slum dwellers are itching with eagerness" to take part in Johnson's war on want.

The Art of Courage

Imprinted on a two-color broadside which was received at this office recently was the following dissertation which makes for inspirational reading:

The art of courage makes "mountaintop" men out of ordinary individuals. It is an essential ingredient in men of outstanding accomplishment.

In the words of Sydney Smith, "A great deal of talent is lost for want of a little courage."

The art of courage causes some men to keep on trying where others have failed . . . and rising above failure, to invent the light bulb, the airplane and the penicillins.

"Courage is the human virtue that counts most," wrote Robert Frost. It makes men venture into the unknown. It stretches their horizons. It enlarges their visions. It magnifies their capabilities.

Courage is the acceptance of what and where we are and living abundantly in spite of it.

The greatest test of courage on earth is to bear defeat without losing heart.

Men of courage rise to a challenge, dare to try the untried, carry on in spite of defeat because they know it is only a temporary setback.

Men of courage take over where other men stop and go on to win the important battles in war, science, politics, business and in all of life.

As Knute Rockne put it, "When the going gets tough the tough get going."

The art of courage is the realization that no problem is insurmountable if you have confidence in yourself and in the Supreme Source of all courage.

Courage is the antidot for fear . . man's greatest enemy. The art of courage is filling our minds with courageous thoughts and overcoming ourselves to conquer life's obstacles.

Courage is quaking knees and a quivering heart, and the faith, perseverance, determination and daring to carry on in spite of them.

Courage is accomplishment.

Convention Differences

Those who would suggest that control by the few was as much in evidence at the GOP state convention as it was at the DFL convention might consider that the DFL decision was made by a handful of leaders at Sugar Hills.

That was several months before the convention and the 20 ballots were just window dressing to a well engineered plan.

When the Daily Republican Eagle, Red Wing newspaper, tried to make both political conventions look bad, the newspaper was quickly taken to task by Frank Callister of the Kenyon Leader. Said Callister:

"When the DRE editor implies that Sandy Keith outdid Governor Rolvaag in campaigning, he must have had his tongue in cheek. A Governor campaigns to some extent every day he is in office. He has every access to the news media. He speaks at every town and hamlet at the drop of a hat—as the head of our state government. Can the DRE editor truthfully say that Lt. Governor Sandy Keith out-campaigned Governor Karl Rolvaag. We ask the DRE editor: Would Sandy Keith have been a candidate against Rolvaag if there had been no meeting of party bosses at Sugar Hills?

"Let's take a look at LeVander. We do not deny the existence of party bosses in the GOP. But this time they backed the wrong man. The stage was set to block the endorsement of LaVander even though he showed strength in precinct, county and district endorsements. In spite of this popularity, LeVander could not catch the fancy of the party's top brass. They trotted out two candidates in an effort to head off the South St. Paul attorney. John Pillsbury was supposed to win the nomination, and if a deadlock occurred, former Governor Elmer L. Andersen was to emerge as the 'chosen man.' Neither plan worked. The rank and file delegates stayed with LeVander, which, we repeat, was a 'laudable action.' He emerged as a candidate with no strings attached.

"The DRE editor and everyone else who finds time to scan our editorial page should realize, and we ask that they do realize, that it is not our intent to carry on a 'hate campaign.' We hate no one. We disagree with some of the political philosophy of both parties and we are often critical of the people who adhere to these philosophies. The fact that there is disagreement is no reflection upon a man or a woman as an individual. The writer of this editorial has never met Harold LeVander. We have met Sandy Keith and he radiates a fine personality. We happen to believe that Mr. LeVander is a man who will make a good governor, a man who is not ashamed to face up to the issues of the day even if it means a searching study of tax relief through a sales tax. The DFL party bosses would never allow their man such authority."

Really Big Show

Concluding events of the 12th annual Jaycee Aquacade promise to provide the community and area with a "really big" show this week. Tonight will mark the final presentation of the community theatre's production of "Romanoff and Juliet" and community support through attendance is both needed and warranted.

Many events are planned for Crazy Days on Thursday from 9 a.m. to 9 p.m., with the concluding event to be the popular street water fight among teams representing local organizations. An appropriate trophy will be offered to the winning team and the event is free to th public.

Teenagers will have an opportunity to dance to live music Friday from 8 to 11:30 p.m. when a dance is held in the National Guard armory.

One of the more popular features of the nual Aquacade, the parade, will start at 11 a.m. Saturday. Included will be the 10 candidates for the Miss Aquacade title, visiting royalty, floats, high school bands, marching units and the Thief River Falls Saddle club. A new addition this year will be a kiddies parade section with cash prizes in four divisions.

On Saturday at 8 p.m. in the Lincoln high school gymnasium the Miss America preliminary pageant will be held to select Miss Thief River Falls of 1966. The 10 candidates and talent finals during the pageant which officials claim holds promise of being one of the best ever held here. Marlys Mossestad will crown her successor as Miss Thief River Falls to conclude the evening program.

Sunday will also be filled with activities at Tindolph park, including a free beef and beans barbecue, water sports, races and games and an aerial fireworks display after dark.

As usual, the Jaycees have collectively compiled countless man-hours in making arrangements for the full week of activities—correctly promoted as the "biggest summer fun fest in the area". Public attendance at the attractions will be greatly appreciated by the Jaycees and assure them that their efforts have been well received.

Could Happen Here

This week's edition of the Red River Scene at Moorhead contained an editorial warning which could be issued in any community of the nation. The circumstances involved are not unique to a large city, although the frequence is certainly less in towns our size. The editorial is as follows:

Every once in awhile, major newspapers and news magazines tell of an assault on a child and society is shocked.

This seldom happens in a community the size of Moorhead, one of the selling factors for many couples who must decide where they will locate permanently.

Everyone wants his child to grow up in a safe neighborhood — one where that child can play games, walk to school or relax without fear of being molested.

But because Moorhead is a fairly small city — quiet and respectable — its adult citizenry tends to become a little careless. We forget there could be an occasional demented or frustrated person who just might be tempted to hurt a child if the opportunity should arise.

A frightening example occurred the other evening. A local 14 year old boy accepted a babysitting job, reponsibly carried out his duties, and was paid when the parents returned. He lived in the immediate neighborhood and thought nothing of walking home even though the hour was quite late. Neither set of parents was concerned either — nor would anyone else be in a similar situation.

The one thing that made this night a little different is that there were two men (or older boys) standing in the shadows, and when the 14-year-old headed for home, they began following. The child ran — so did they. The boy had presence of mind to scream, which may have slowed the pair down.

The child's mother described her son as "blue in the face, from running so hard, and from fright". They reported the incident, of course, but by the time the police could arrive, the two men had disappeared.

Both the child's parents and the couple for whom the boy babysat were highly disturbed — and so should they be. So should every intelligent, concerned adult in the City of Moorhead.

No one knows whether the young Moorhead lad would have had his money stolen, would have been beaten or worse. He's fortunate to have escaped with a bad scare.

We don't expect serious crimes here and we don't intend to become alarmists. We simply want parents to realize something could happen here but with a little commonsense caution, that possibility can be minimized.

A child's life is much too precious to take chances. Guard him!

Interesting Opinions . . .

"Inflation means to 'blow up'. It can be conjugated thus: 'Inflate, inflated, busted.' Those who believe inflation can be controlled at any desired point may also believe that an atom bomb can be exploded just a little."

LuAine Knutson Seeks Queen Title

by Marvin Lundin
Times Editor

(This is the ninth in a series of personal interview articles on candidates for the Miss Thief River Falls title in the annual Jaycees Aquacade pageant Saturday, July 30. Other stories on candidates are published in this issue.)

One of two instrumentalists among 10 candidates for the Miss *Thief River Falls title Saturday* evening in the Thief River Falls Jaycees Miss America preliminary pageant will be LuAine Knutson of Strathcona. Her talent presentation at the pageant to be held at 8 p.m. in the Lincoln high school gymnasium will be a saxophone rendition of "Misty".

LuAine is the daughter of Mr. and Mrs. Berdean Knutson and a 1966 graduate of Middle River high school. She is five feet, four and one-half inches tall weighs 105 pounds, has blonde hair, blue eyes and a 34-24-35 figure. Her sponsor will be Ekeren Drug, Inc., of Thief River Falls.

Always interested in music, LuAine played in the school's bands since she was in fourth grade. In grades five and six she advanced to junior band and for six years she played in the senior band—the last three years as first chair member of the saxophone section. In addition to the concert band, she played in various ensembles. This year she was snow festival queen at the school.

For two years she was a member of the high school chorus, and she took part in activities of the Future Homemakers of America for four years. Among her hobbies are bowling, water skiing, swimming, sewing, cooking and listening to records.

During the past four years she has been a member of the King's Missengers, a group of young people from the Strathcona area which has made regular television appearances and numerous personal appearances throughout Minnesota and parts of Canada. Regular twice-weekly rehearsals with this group — *in addition to* the many trips and appearances—curtailed her extra-curricular activities in shcool.

At the present time she is working at Dayton Rogers in Minneapolis as a secretary, and she hopes to attend night school there this fall for advanced secretarial training. She lists travel as a future ambition.

LuAine has three younger sisters, Dorie, 16; Paula, 10; and Sherree, 5.

SMALLEST community to be represented at the Miss Thief River Falls pageant Saturday evening at Lincoln high school gymnasium in Thief River Falls will be Strathcona. LuAine Knutson, 17, is the daughter of Mr. and Mrs. Berdean Knutson of Strathcona. Her talent number will be a saxophone rendition of "Misty"

Wine Makers Are Reminded of Law

Prospective wine makers are reminded that as heads of families, they may produce up to 200 gallons of wine tax-free, for the use of their immediate families only if they comply with the federal statute requiring prior registration of intent to produce wine with the alcohol and tobacco tax division of the Internal Revenue service.

Prospective family-use wine makers in the state of Minnesota can comply with the registration requirement by filling out forms obtainable from the office of the supervisor-in-charge, Alcohol & Tobacco Tax, Room 1033, Main Post Office, St. Paul, Minnesota, 55101. The filled-out forms must be submitted in duplicate to the above office at least five days before the production of wine is begun. Telephone inquiries may be made by calling 228-7496.

If the applicant is qualified one copy of the form will be returned as authorization to produce not more than 200 gallons of wine during the 12-month period from July 1 through June 30. A new registration form must be filed for each year in which it is desired to produce such wine.

Engineer Corps Will Celebrate 100-Year History

July 31 will mark the 100th anniversary of the St. Paul District Army Corps of Engineers. Lt. Col. Richard J. Hesse, who recently assumed duties as district engineer to succeed Col. Leslie B. Harding who left for a new assignment in Thailand commented on the anniversary in a message to all employees:

"Though one of the most recent to join the St. Paul District, I am aware of its 100 years' tradition of effective performance, commemorated in the Centennial we are celebrating this year. Certainly this is a tradition to be proud of. It is also a tradition which requires something from us. We must continually show that we have preserved the same spirit of readiness to adapt new ways and requirements as characterized our country and the Corps of Engineers in early days.'

The St. Daul district, which was established in 1866 when the Civil War hero, General Gouveneur Warren, arrived in St. Paul to become the first district engineer, is today the federal government's principal agency for water resources development in the Upper Midwest.

In General Warren's time, major consideration was given to improvements and maintenance of the channels of the Mississippi River and its tributaries. While river transportation has grown in tonnage far beyond that of those early years, particularly since the establishment of the nine-foot channel made possible by the construction of locks and dams along the Mississippi, the Corps' responsibilities have broadened to include many aspects of water resources development.

In 1936, for example, the Corps of Engineers was assigned flood control responsibilities. More recently, concern for multi-purpose development of water resources in a modern urban society has given new emphasis on corps planning to recreational needs and beautification.

National Guard Unit Passes Army Training Tests

Minnesota National Guard 47th Viking Infantry division, commanded by Major General Donald C. Grant, one of the three divisions throughout the nation selected by the Department of Army to comprise the Selected Reserve Force (SRF), demonstrated its degree of combat readiness by passing the required army training tests conducted during annual field training at Camp Ripley.

The army training tests were conducted under the direction of the Department of Defense to determine the state of readiness of the 7,752 officers and men of fourteen major organizations of the Minnesota National Guard. Army training tests were means by which, under stimulated combat conditions, the effectiveness of training programs can be determined.

Major General Chester J. Moeglein, the adjutant general, said, "I am extremely pleased with the progress of our units and with the results of the testing. The results of these tests are the reward for accomplishing a difficult training objective made possible by long hours of work, dedication, and the espirt de corps of the officers and men of this group. These officers and men now know that they are a select group of which the citizens of Minnesota can be proud."

The Selected Reserve Force was organized in November of 1965 and was formed from National Guard units throughout the United States. The Selected Reserve Force embarked on a program of intensified training and a build-up of strength and equipment to improve their state of combat readiness.

Since November of 1965 units of this Minnesota Force have been operating an accellerated drill schedule of 78 four-hour drill periods per year as compared to the normal 48 drill periods per year. Those orgainizations which successfully passed the army training tests are now cut back to 58 four-hour drill periods per year to maintain their present level of "combat readiness".

Only one organization, composed of approximately 350 officers and men, requires retesting under the army training test program and this will be accomplished in November. After successful completion of this test this organization will also cut back to the 58 drill periods per year.

Langen Questions Inconsistencies In Sugar Program

Recent developments in the sugar industry, involving changes in the Aroostook county, Maine, processing plant and fluctuations in the foreign import quotas, have prompted Congressman Odin Langen to express concern over what he called, "the administration's lack of sound reasoning in sugar-related decisions."

Langen pointed to developments in Aroostook county saying, "Back in 1964, this area received a 33,000 acre sugar beet allotment before it was even definitely established the area could support the growing of high quality beets. Proven beet areas, including the Red River Valley of Minnesota and North Dakota, were not allowed to realize their full potential in the raising of top-grade sugar beets."

Aroostook county is the site of a sugar processing plant, built in 1964, that was financed by Area Redevelopment administration (ARA) funds. The plant was originally intended for the processing of sugar beets and was backed up by the 33,000 acre allotment granted to the area.

"It's now been found," Langen continued, "the Maine plant is being forced to add additional equipment, again financed by government funds, for the refining of sugar cane. Figures show they haven't even come close to planting their allotted acreage of beets."

The new equipment, costing over $2 million, is being financed by the Economic Development administration, the 1965 successor to ARA.

"We questioned the original decision on the loan and acreage allotment, and our arguments seem to be bearing out. This desperate move to keep the factory running by adding facilities for the refining of sugar cane is not the answer, either."

Langen referred to the "double-pronged" effect of the change to cane refining saying the increased facilities for the refining of sugar cane would either force further increases in the importation of sugar cane or would take away from the cane available for refining by existing, established plants in other areas. "The latter," he said, "would only result in the transfer of jobs and materials from one place to another and would reflect no overall gain."

To assure ourselves that our subscribers are receiving the strongest, disturbance free, at their sets, we have planned to install one these new Jerrold amplifiers (shown above) for every one-thousand feet of main trunk cable.

This dual purpose amplifier will strengthen the signal, filter out outside noises, and tend to keep the signal at your receiving set more constant. With a more constant signal subscribers (especially those owning color sets) will note that is not necessary to adjust the picture controls as often.

It's just one of the many reasons, we say, "for the finest picture possible — Sign-up for the cable."

OLD FASHIONED

Now it's just an antique, a relic of a bygone era. Formerly it served a practical purpose, a special need. Today, Grandfather's horseless carriage is completely outmoded.

Some philosophies are also out of date. New ideas grip our minds and challenge the intellect. We would not want a "horse and buggy" philosophy in this modern world of growth and change.

Some things do not change, for they are eternal. For example, man's soul and his need of God. No modern invention can ever make God and the Church obsolete. Society is different today than it was in Grandfather's day, but man's spiritual needs are the same.

Discover the value of the timeless in the midst of time. Worship God in your church this week and find the eternal truth which spans the ages.

Former TRF Man Named to Head Welfare Project

Darrell Rude

Appointment of Darrell Rude of Detroit Lakes as director of the Becker-Mahnomen Title V project was announced recently by James Rothschadl of Ogema, Becker county commissioner and chairman of the coordinating committee for the project.

Rude is the son of Mr. and Mrs. George Hanestad of Thief River Falls. A former Prowler athlete, he graduated from Lincoln high school in 1954. His wife, Laurie, is the daughter of Mr. and Mrs. Gust Haugen, also of this city. He received his bachelor's degree from Concordia college, Moorhead.

Rude, a case worker for the Becker county welfare board, was given a year's leave of absence by the board to accept the Title V position. His staff will include two case workers, two employment guidance counselors and two stenographers.

Becker and Mahnomen counties have received a grant of $478,842 in federal tax money to conduct the project. The grant will be used for financing a work experience and training project in the two-county area. The project's training program will fall into three major areas—adult education, high school equivalency and vocational training. The project is designed for those now receiving public assistance, low-income farmers and those with seasonal employment only.

S&H GREEN STAMPS

TROMBONE rendition of the theme from "Exodus" will be played by Susan Griffin of Middle River as her talent presentation at the Miss America preliminary pageant to be held Saturday at 8 p.m. in the Lincoln high school auditorium. Susan will be one of 10 candidates competing for the Miss Thief River Falls title at the pageant.

Susan Griffin Is Queen Candidate

by Marvin Lundin
Times Editor

(This is the eighth in a series of Personal interview articles on candidates for the Miss Thief River Falls title at the annual Jaycees Aquacade pageant Saturday, July 30. Other stories on candidates are published in this issue.)

Middle River will be represented at the Miss Thief River Falls pageant on Saturday at 8 p.m. in the Lincoln high school gymnasium in Thief River Falls by Susan Griffin. Susan will be one of 10 candidates in the official Miss America preliminary pageant sponsored by the Thief River Falls Jaycees.

Susan is the daughter of Mr. and Mrs. Melvin Griffin of Middle River and a 1966 graduate of Middle River high school. She is five feet, eight inches tall, weighs 135 pounds, has blonde hair, blue eyes and a 36-25-36 figure. Her talent number will be a trombone solo, the theme from "Exodus".

Active in many extra-curricular activities at Middle River high school Susan took part in class plays, chorus, concert band, stage band and ensembles. She worked as an assistant librarian and was co-valedictorian of the graduating class, also winning the outstanding musician award for 1965-1966.

Among her hobbies she lists music, all sports and sewing. Her future plans call for attendance at Moorhead state college where she will major in business education. This summer she is working at the Middle River school, giving instruction to youngsters in playing the trombone and several other instruments.

Youngest in a family of three daughters, Susan has two older sisters, Rena, 23; and Sylvia, 20. Her sponsor will be the Middle River state bank.

T.R.F. Junior College Sets 'Welcome Week'

Thief River Falls Junior college will begin its fall "Welcome Week" activities with sophomore registration September 12 and 13 between the hours of 9 a.m. and 3 p.m. in the auditorium for a three-day program of testing, orientation and registration. Classes begin Monday, September 19, according to Dean Victor Charles.

Three hundred students are expected to enroll for the fall quarter of 1966. About 200 freshmen and 100 sophomores returning from last year are anticipated, Dean Charles said.

Twenty additional courses will be offered in the growing college this coming year. Among new courses offered will be typing, shorthand, business machines and secretarial practice. Business administration courses added are principles of accounting, principles of economics and introduction to business. Speech, journalism, psychology, health, natural science and theatre are other courses to be added.

Ten faculty members will be new on campus this fall, as nine are being added to the instructional staff and one is needed to fill the vacancy created by the resignation of Robert Keiffer, English enstructor.

A new student center will be available to students this year in the basement of the Carnegie library building. Some remodeling of the old library for use as a college library and student center will begin as soon as the new Thief River Falls city library is ready for occupancy. Facilities in the student center will be the college library, book store, snack bar, lounge and restrooms.

New students and transfer students are welcome to apply for admission until September 1. Dean Charles encourages all who have not yet made application to do so as soon as possible. One hundred sixty-five freshmen have applied to date. The college will again assist students in finding housing and part time work.

Foster Home Sought

Marshall county welfare department is in need of a farm foster home for a retarded 14-year-old boy. Inquiries should be directed to the Welfare Department, Court House, Warren, Minn.

Hours Extended At Customs Port At Lancaster

According to a telegram received late last week by William LaFave, chairman of the transportation committee of the Chamber of Commerce, hours have been extended at the port of entry at Lancaster on highway 59. The change in schedule is effective today.

Hours have been extended to provide service from 8 a.m. to midnight each day, a change from the former hours of 9 a.m. to 10 p.m.

LaFave noted that the increased hours have been sought for some time, since it is believed that highway 59 offers the best all-weather route from Winnipeg to the Twin Cities. He noted that the customs port was opened 24-hours daily last spring when highway 75 was impassable due to flooding, and added that highway 59 offers more protection for winter travel.

Traffic through the customs station at Lancaster has increased this year, he said, providing added reason to increase hours. It is hoped that the Lancaster port will eventually become a 24-hour station.

Police Report Two Mishaps

Two automobile accidents were reported today by the Thief River Falls police department.

Thursday at 4:14 p.m. a car owned by Arnold Engelstad, Gatzke, which was parked on Horace avenue north of Second street, was backed into by a vehicle driven by Lawrence Perkins, city. Damage was estimated at $58 to the Engelstad car. The Perkins vehicle was not damaged.

At 11 p.m. Sunday a car driven by Mary Putten, city, struck a parked car owned by Fred Cook, Rockford, Ill., in the Dine-A-Mite parking lot. The Cook car was damaged to the extent of about $75. No damage was done to the Putten vehicle.

WESTERN attire was much in evidence Thursday as Thief River Falls merchants and their employees followed the Crazy Day theme. Mrs. George Hanestad, an employee of the J. C. Penney shoe department, was selected by the judges as among the best-dressed employees and received a $10 check from the retail trade committee of the Chamber of Commerce.

Probate Judge Need Not Resign To Seek Office

According to Minnesota Attorney General Robert Mattson, "A judge of probate court is not required by statutory or constitutional law to resign as such judge at the time of filing as a candidate for the office of state legislator, but a probate judge's candidacy for other office may violate the judicial canons of ethics."

This is the notation included in an opinion issued by the attorney general to C. L. Charlson, Pennington county attorney. Charlson requested the opinion at the request of Judge Herman A. Kjos of Thief River Falls, an announced candidate for state senator.

"The provisions of Minnesota Constitution . . . which in part provide that judges of the supreme court and district court terminate their offices as such judges at the time of filing as candidates for nonjudicial offices of the state do not apply to probate judge," the attorney general said.

"Canon 30, Judicial Ethics, provides in part that 'If a judge should decide to become a candidate for any office not judicial, he should resign in order that it cannot be said that he is using the power or prestige of his judicial position to promote his own candidacy or the success of his party.' "

Girl Scout Day Camp To Start Aug. 8 at M.O.E.

Brownie, Junior and Cadette Girl Scouts are reminded that their day camp at Camp M.O.E. will open at 10 a.m. Monday, August 8. The sessions will continue throughout the week under the direction of Mrs. Pat Johnson. The staff has been secured and will begin training at 1 p.m. Thursday, August 4.

Registration for the camp closed July 1 and the various groups have been secured and will begin training at 1 p.m. Thursday, August 4.

Registration for the camp closed July 1 and the various groups have been filled. Specialists will direct various activities and Senior Scouts will again assist the adult leaders. Girls are asked to bring sack lunches for the first day; milk and an afternoon treat will be furnished.

MAIN attraction for the youngsters on Crazy Day Thursday afternoon was this straw pile with coins hidden in the straw. The straw pile, located on LaBree avenue near Poppler's store, became a scene of much activity as boys aged one through six began looking for coins at a given signal. The straw pile was a project of the Retail Trade commission of the Chamber of Commerce.

IFYE Delegate From Norway To Visit County

Six International Farm Youth Exchange (IFYE) delegates will arrive in Minnesota Saturday. The four young women and two young men will live and work with rural families to obtain an understanding of the American rural way of life, as well as introduce their host families and friends to some of their own country's ideals and customs.

The 1966 IFYE exchangee from Norway is Miss Aud Knutsen, who will visit Pennington county September 21 - October 8. She has been a 4-H member for almost 10 years, and active as a leader and member of a 4-H chorus. At the present time she is a pharmacist's assistant but hopes to go into 4-H work after further schooling. She has always lived on a 100 - acre farm.

Building Permits Show Increase From June 1965

Fifteen permits having a valuation of $64,665 were issued in Thief River Falls during June 1966 for new buildings and repairs and alterations. According to the Federal Reserve Bank of Minneapolis, this was an increase from $52,250 for nine permits issued in June 1965. The cumulative total for the first six months of 1966 shows that 50 permits valued at $254,490 were issued compared with 30 permits valued at $270,350 last year.

For Minnesota the June valuation decreased from $55,957,246 in 1965 to $43,639,786 in 1966. The cumulative total for the first six months of this year was $247,905,892 compared with $244,525,247 recorded during 1965.

Throughout the Ninth district, the total valuation of building permits issued during June 1966 in 299 permit issuing centers was $74,062,690 for 5,346 permits. In June 1965 with a valuation of $78,826,266. The cumulative total for the year showed an increase from $328,998,844 for 22,596 permits in 1965 to [illegible]061,993 for 22,527 permits in 1966.

G. Gunstenson, 68, Retired County Assessor, Dies

Gunnuf Gunstenson, 68, of Gonvick assessor and a former resident of this city, died Monday, July 25, at the Clearwater County Memorial hospital at Bagley following a heart attack July 7th.

Funeral services for Gunnuf Gunstenson were held Friday at 2 p.m. at the Samhold Lutheran church at Gonvick. Rev. E. M. Berg officiated and interment was in the church cemetery. Cease Funeral home, Bagley, was in charge of arrangements.

Gunnuf Gunstenson, a son of the late Thor and Anne Gunstenson, was born July 14, 1898 near Oklee. There he was baptized and confirmed in the Salem Lutheran church. He was united in marriage to Bessie Hegland on Oct. 4, 1931 at Oklee. They established their home at Highlanding where Mr. Gunstenson owned and operated a creamery from 1925 until 1946. At that time they moved to Thief River Falls where he served as Pennington county assessor. He retired in 1946, moved to Gonvick and purchased the Gamble store which he operated until his illness.

He was a member of the Samhold Lutheran church at Gonvick and was presently serving as a deacon. While living here, he was a member of the Trinity Lutheran church and had served on the church board.

He is survived by his wife, Bessie; one son, Gene Gunstenson of Garden Grove, Calif.; a daughter, Mrs. Frank (Annella) Marquette of Chaska; four grandchildren; a sister, Mrs. Emma Vake of Oklee and five nieces.

He was preceded in death by four brothers and one sister.

Soo Line Picnic Slated Sunday

Arrangements have been made for the fifth annual Soo Line employees association picnic to be held Sunday at the Haugen picnic grounds east of Long's bridge in Thief River Falls.

Many activities have been arranged for children and adults, and hot dogs, coffee, ice cream and soft drinks will be furnished. The grounds will officially open at 10:30 a.m. Complimentary tickets have been provided to retired employees who are especially invited to attend.

Mary Dahlquist Named Miss Aquacade of 1966

CROWNED as Miss Thief River Falls Saturday at the conclusion of the Miss America preliminary pageant was Mary Dahlquist, Roseau, who was sponsored by the Northland Jaycees. Left to right in the photo are Diane Hanson, Erskine, first runner-up and winner of the Miss Congeniality award; Kathy Swanson, Miss Minnesota first runner-up; Miss Dahlquist, who also won evening gown and swimsuit trophies; and Mary Jo Walker, second-runner-up.

Diane Hanson and Mary Jo Walker Are Runners-up

Blessed by generally favorable weather and good crowds at all events, the 12th annual Jaycees Aquacade concluded Sunday evening with a free fireworks display at Tindolph park. Although a very few drops of rain fell from overcast skies Sunday afternoon, and a light sprinkle preceded the fireworks display, the crowd was not inconvenienced by the weather.

Highlight of the week-long event was the Miss Thief River Falls pageant Saturday evening at Lincoln senior high school. Mary Dahlquist, sponsored by the newly-chartered Northland Jaycees of Roseau, was named Miss Thief River Falls of 1966 to succeed Marlys Mossestad. Enroute to the title, the blue-eyed blonde also won first place trophies in evening gown and swimsuit competition.

Mary is the daughter of Mr. and Mrs. Carl A. Dahlquist of Roseau, a cum laude graduate of Bemidji state college and will start her second year of teaching in the St. Cloud school system this fall. She is five feet, six inches tall, weighs 123 pounds, and has a 36½-24-37 figure. Her talent number at the pageant was a vocal solo, the title song from "Sound of Music".

Winner of the talent division was 21-year - old Rachel Christianson, sponsored by the Roseau Civic and Commerce association whose vocal number was taken from the musical "Showboat". First runner-up in the contest was Diane Hanson, 19, Erskine, sponsored by the American State Bank of Erskine, who also was selected by the candidates themselves as Miss Congeniality. Second runner - up was Mary Jo Walker, 18, Oklee.

As Miss Thief River Falls, Miss Dahlquist will represent this city in the Miss Minnesota pageant to be held next spring in Austin. She is the second Roseau entrant to win the local title since the official Miss American preliminary pageant has been held here. Susanne Pithlado was the first winner, gained district finalist honors and won the talent division at the state pageant.

Other Events Noted

Saturday and Sunday were the two days filled with the most activity during the week-long Aquacade, although special events took place every day with the exception of last Monday. An Aquacade open golf tournament was played last Sunday, community theatre play was presented Tuesday and Wednesday, Crazy Day was held Thursday with a water fight in the evening and a teenage dance was held Friday night.

Saturday morning was marked by the annual Aquacade parade which included candidates for the Miss Thief River Falls title, visiting royalty, bands and marching units and a number of floats and other entries.

A special feature was the kiddies section of the parade. Winners in the various divisions were Steven Paul Carlson, best boy's entry; Ann Linthacum, best girl's entry; Ruth Ferber, funniest; and Murray Phillips, most original.

Clyde Payne of KTHI-TV served as master of ceremonies for the evening pageant with special entertainment provided by Connie Brodin, Miss Crookston; Marlys Mossestad, reigning Miss Thief River Falls; and Kathy Swanson,

No Primary for County Offices In Red Lake Co.

No county primary election will be held in Red Lake county this year since no more than two candidates have filed for any county office. The only office for which a contest has developed is the first district commissioner post, with Paul Berg of Red Lake Falls filing to oppose incumbent Sidney Kirk.

Incumbents filing for reelection are Arnold Person, third district; Don Ste. Marie, fifth district; David Kankel, auditor; Mrs. Amanda Hofius, treasurer; Martin Pouliot, register of deeds; Gerald Hinze, sheriff; and Mrs. Hazel Pahlen, clerk of court. Coroner Dr. Vincent Hunt did not file for reelection.

Three Area UND Students Awarded Scholarships

Two University of North Dakota students from Red Lake Falls and one from Goodridge have received scholarships for the 1966-67 academic year. Joseph Guzek of Red Lake Falls and Helen Brown of Goodridge have received Elizabeth J. Larimore scholarships, which are provided from a $500,000 trust fund established at UND in 1965 from the estate of Mrs. Elizabeth J. Larimore, one of the earliest settlers of the Larimore area.

Dean R. Wieland of Red Lake Falls, a UND student in the College of Engineering, has been awarded a Charles W. Boise scholarship, provided from the income from a fund of $20,000 given in 1936 and 1937 by Charles W. Boise, E.M., of London, who graduated from UND in 1908.

City Court Tries 10 Cases Since July 18 Session

Ten cases have been brought for trial before Judge Stanley N. Mortenson of the Thief River Falls municipal court since the July 18 regular session.

Michael Alan Johnson of Thief River Falls appeared in a special session July 19 on three charges brought by the city police. They are as follows: speed, $16 fine or three days in jail; open bottle in motor vehicle, $25 fine or five days; and disorderly conduct, $25 fine of which $10 was suspended.

Charged by the city police in Monday's regular session were James Williams, Burleson, Tex., assault, $25 bond forfeited; David Froehle, city, failure to heed red light, $15 bond forfeited; and William Langenbacher, Remer, speed, $19 fine with $5 suspended.

Cited by the sheriff's office were Gordon Martin, Crookston, violation of driver's license restriction, $25 bond forfeited; and Howard Beiswenger, Minneapolis, failure to stop at scene of accident, $50 bond forfeited.

James Fargey of St. Boniface, Man., appeared in court Wednesday on a game warden charge of fishing without a license and was fined $30 of which $15 was suspended.

Daniel Culbert of Burkburnett, Tex., appeared Friday on a city police charge of assault with a deadly weapon. He waived preliminary hearing and was bound over to district court for trial during the fall term and was released on his own recognizance.

Mr. and Mrs. Carl Erickson of the Hawley area and Mr. and Mrs. Elmer Erickson of Appleton, Ill., were in Thief River Falls Wednesday to attend the funeral of their cousin, Ella Erickson.

TALENT division winner at the Miss Thief River Falls pageant Saturday evening at Lincoln high school was Rachel Christianson of Roseau, sponsored by the Roseau Civic and Commerce association. She sang "Can't Help Lovin' That Man of Mine" from the musical "Showboat".

Farmers To Plan Dairy Cow Sale

All county members and other interested farmers are invited to attend a meeting sponsored by the Pennington county NFO Tuesday at 9 p.m. at the Highlanding hall. Purpose will be to implement the sale of one cow from each dairy herd in protest against milk price to producers. Pending results of the Tuesday meeting, it is anticipated that cattle will be loaded Thursday morning at the Brooks corner on highway 59.

RAZED by fire resulting from a lightning bolt during the electrical storm Monday night, July 25, was this barn on the Gilmer Bakken farm located 10 miles west of Thief River Falls. The bolt is believed to have struck at about 3 a.m. Tuesday. The barn was nearly consumed by the time the blaze was noticed. Seven calves died in the fire, and a brooder house situated beside the barn, shown at upper left, was also lost. Bakken, using a water bucket, was able to save a well house located nearby, though this structure was badly charred by the flames.

Warren Man Gets State OEO Post

Harold M. Johnson of Warren has been appointed deputy director of the Governor's Office of Economic opportunity to succeed George R. Holland who has been transferred to the regional office in Chicago, Ill.

Johnson had previously been director of the Tri-Valley Opportunity council with headquarters in Crookston. A member of the Warren high school faculty for 16 years, he taught vocational agriculture and biology. Two years ago he opposed Rep. Richard Fitzsimons in the election for state representative.

Three Birthdays Observed In The Dake Ayers Family

The Dake Ayers home in rural Thief River Falls was the scene of three separate gatherings recently when their sons, Robby, Randy and Ricky, celebrated their birthdays. Centering the luncheon table for each event was a birthday cake placed on a 100-year-old cake stand handed down by the boys' great-grandmother.

On Tuesday, July 19, for Robby's first birthday, the cake was a traditional three - layer decorated cake featuring train candleholders. Toy cookies and candles topped the cake on July 21, for the celebration of Randy's fifth birthday and for Ricky's seventh birthday on Monday, July 25, the cake was baked and decorated in the shape of a Hereford calf were all baked and decorated by their mother. Another cake, decorated to resemble a clown, was a gift from Mrs. Russell Gustafson of Plummer.

Those who came during the week to help the boys celebrate their birthdays were their grandparents, Mr. and Mrs. Frank Armstrong; their great-grandmother, Mrs. Mae Magsam; Mr. and Mrs. Russell Gustafson, Cathy, Ricky and Kyle of Plummer; Mr. and Mrs. Lloyd Vevea and Mr. and Mrs. Paul Furuseth, Lee, Dale, David and Eddie;

Also Mrs. Dunne Olson, Danny, Susan and Jeffrey; Mrs. Martin Solseng Jr., Sherry and Shelly; Mrs. I. E. Dyrdal, Mrs. Daryl Lewis, Timmy and Todd; Mrs. Harold Kalsnes, Kenneth and Glenn; Mr. and Mrs. Dunne Vatsaas, Julie, Jodi and Jeanie, Mrs. George Selney, Wesley, Ross and Ronnie; George Joyce and Myrle Johnson.

Pictures were taken of the separate events and the honored guests received many gifts to mark the occasion.

TRF Women Win At Recent Area Golf Tournaments

Several local women were winners at invitational golf tournaments held recently in the area according to a report received here and by an announcefent given by President Mrs. Ella Anderson at the Thief River Falls Ladies golf club luncheon on Tuesday.

In the report received, Betty Waldera placed first in the fourth flight at the invitational golf tourney held Wednesday at Mahnomen. Consolation prizes were awarded to Vi Larson in the first flight, Connie Ekren in the second and Lois Broughton in the fourth.

At the Tuesday luncheon, Mrs. Anderson stated that four women returned home with prizes following the invitational tournament held July 20 at Fosston. They were Sam Rasmussen, who was medalist in addition to winning the championship flight; Keks Lee, runner-up; Phyllis Moum, runner-up in the second flight and Lois Broughton, first place winner in the fourth flight.

bers who helped make the local in-

Mrs. Anderson, who was in charge of the business session that followed the luncheon, expressed her appreciation to all the members who helped make the local invitational a success. Vice president, Gladys DeBriyn, also thanked the members for the work and food donated during the Canadian and Aquacade tournaments held here the past two weekends.

Invitations were read, inviting members to participate in tournaments at Roseau on Tuesday, August 2; Moorhead, August 3 and Warren August 10.

Bridge and golf followed the meeting. Winning with a high score at bridge was Ruth Olson. Margaret Weigelt won second and Dora Mattson received a prize for bidding a slam and making it.

The golf event, of predicting the score before going out to play, was won by Sylvia Olson who fulfilled her prediction of 47 by tallying that score. The winner of the low net on Tuesday, July 12, was Betty Waldera.

Hostesses at the noon luncheon were Margaret Weigelt, Ruth Olson, Lu Ekren and Connie Ekren.

Orville Harstads Honored On Their 25th Anniversary

Open house was held Saturday evening, July 9, at the Bethlehem Lutheran church, Newfolden, in honor of Mr. and Mrs. Orville Harstad, who were observing their 25th wedding anniversary. For the event, the children of the honored couple presented them with a boutonniere and corsage of roses, made by Mrs. Albert Lokken.

Sheila Elseth, organist, played a program of appropriate selections and as the couple was ushered into the church by Clarence Westman, she played, "O Perfect Love". Helmer Lind led in scripture and prayer and was in charge of the program that followed. The welcome was extended by Mrs. Oscar Amundson, president of the Bethlehem LCW and the group participated in singing the hymn, "Praise the Lord, the Almighty". Vocal selections were a duet, "The Love of God" by Mr. and Mrs. Oscar Amundson, and solos, "Bless This House" by Larry Hanson and "The Lord's Prayer" by Lester Elseth. The Rev. Loren Nielson gave the devotional message and readings were given by Mrs. Lester Sorenson, sister-in-law of Mrs. Harstad, and Mrs. Clarence Larson, who read "The Wedding Prayer".

After the gifts from the group were presented by Helmer Lind, the honored couple responded with words of thanks and appreciation. The program concluded with the singing of the hymn "Now Thank We All Our God" and the table prayer.

At the reception, Mrs. Olga Harstad, mother of Mr. Harstad, presided at the guest book; a gift from the children. Centering the serving table was an anniversary cake, baked and decorated in silver and blue by Mrs. Oscar Amundson. Cutting and serving the cake were Mrs. Lester Sorenson of Viking and Mrs. Leonard Field of Stephen, sister of Mr. Harstad. Daughters-in-law, Mrs. Larry Harstad and Mrs. Doyle Harstad, poured. Those who served the reception were members of Group Three of the Bethlehem LCW with Mrs. Helmer Lind and Mrs. Kenneth Moen in charge. Assisting with the ushering were Clarence Westman and Dale Rokke.

Children of Mr. and Mrs. Harstad who attended the event were Mr. and Mrs. Doyle Harstad of Newfolden, A2c and Mrs. Larry Harstad of Boise, Idaho and Calvin and Don Harstad, both at home. Unable to attend were Lynnet Harstad of Minneapolis and Pvt. 1c Kameron Harstad who is with the United States Army in Korea. His wife, who lives in Minneapolis and Mrs. Harstad's mother, Mrs. Clara Sorenson, who resides at a rest home in Thief River Falls, were also unable to attend.

Guests attending were from Boise, Idaho; Fargo, N. D.; Viking, Thief River Falls, Fergus Falls, Argyle, Stephen and Holt.

Among the greetings received were those from the attendants at their wedding 25 years ago, Orris Harstad of Big Lake and Mrs. Wilbur Highfill of Kansas City, Mo., brother and sister, respectively, of Mr. and Mrs. Harstad.

Inez Lorene Nelson, daughter of Mr. and Mrs. Wilfred Nelson of rural Thief River Falls, and Robert C. Schwegler, son of Mr. and Mrs. Gabe Schwegler of Alexandria, exchanged marriage vows at 1 p.m. Saturday, June 18, at the St. France Cabrina church in Minneapolis. The Rev. Donald Conroy officiated at the double ring ceremony.

The bride, in a wedding gown designed and fashioned by herself, was escorted to the altar by her parents. The empire fashioned gown of silk Shantung, featured short sleeves and a watteau train with lace appliques enhancing the neckline and skirt. A headpiece of silk Shantung held her illusion veil and she carried a bouquet of white daisies. For sentiment she wore her great-grandmother's pearl necklace and carried a handkerchief that the groom's mother had carried at her wedding.

Miss Mary Ann Schwegler of Bismark, N. D., sister of the groom, was maid of honor and Mrs. Dennis Knudsen of Fargo, N. D., a friend of the bride, was bridesmatron. Their yellow floor-length gowns, trimmed with white daisies, were styled similar to the bridal gown. To complete their attire, they wore long white gloves and carried bouquets of yellow daisies.

The groom, also escorted to the altar by his parents was attended by his cousin, Robert Foss, as best man and Dr. Robert Mosselin, as groomsman. Seating the guests were William MacPhail and Dr. Richard Adamson, both friends of the couple. For their attire, the men of the wedding party wore dark grey strollers.

For her daughter's wedding, Mrs. Nelson wore a mint green suit accented with white accessories. The father of the groom was attired in a biege and brown ensemble, complemented with beige accessories. Both wore identical corsages of pink carnations and white camellias. Mrs. Bessie Lamberson, grandmother of the bride, wore a blue floral print dress and a corsage of pink carnations.

Following the ceremony, a reception was held at the Fair Oaks Motor hotel. Mrs. Den Besonen registered the guests while Misses Karen McNiece and Janet Schwegler served the punch. Sharon Maruska and Mrs. Bian Saine cut and served the wedding cake and Judy Lehman and Mrs. Roger Joing poured. Kathy Richardson served as the bride's personal attendant and Esther Schwegler was in charge of the flowers.

Following a wedding trip through Wisconsin, Indiana and Illinois, Mr. and Mrs. Schwegler are at home in Albany where Mr. Schwegler will open a dental office.

Local Women Attend Retreat At Park Rapids

Seventy-two women attended the Woman's Society of Christian Service retreat held Saturday and Sunday, July 23 and 24, at Northern Pines Methodist camp grounds on the shores of Fish Hook Lake near Park Rapids.

Devotions, singspirations and directives were led by Mrs. Earl Toy of Breckenridge, district president of the WSCS and Mrs. Donald Harrup of Park Rapids, who is the current district secretary of spiritual life cultivation. Discussion groups on the book of James were led by six members of the WSCS and Mrs. Gladys Woodward of Park Rapids was in charge of the inspiring "Evening Worship in Song".

Guest speaker for the retreat was Rev. Earl Toy, district secretary of evangelism, who showed slides and spoke on "Mission to Alaska." Included in the slides were views of earthquake ruins, the new Jesse Lee Home, a Methodist orphanage; Methodist University of Alaska, several churches and schools. Mr. Toy, who spent three weeks in Alaska on a home visitation mission, stated, "many of the people of the Northern state are not natives but are originally from the lower forty-eight states who had settled in Alaska 'just to get away from it all', consequently they are not interested in church affiliations".

Saturday's activities concluded with a coffee and fellowship hour held in the dining hall, followed by day's end devotions, "Fret Not Thyself".

Sunday morning began with an early communion service with the Rev. Alex Ramos of Menahga in charge. Mrs. Leslie Grunnett, vice president of the North Central jurisdiction WSCS, was the morning worship speaker. Using the book of James, for the theme of her message, she stated that growing Christian women should have the desire to do good deeds in their homes, churches and communities.

The retreat concluded following the noon meal with the forming of a friendship circle and the singing of the hymn "Blest Be the Tie That Binds".

Those attending the retreat from the Community Methodist church, Thief River Falls, were Mrs. Earle Ripley, Mrs. Ira Nicholson and Mrs. Orville Kruschke.

KITCHEN KARNIVAL

Features from the Kitchen of

MRS. ED MOSINSKI
of Viking

Receiving a recipe contribution for Kitchen Karnival is just like receiving a letter from home—always welcome.

Our thanks today go to Mrs. Ed Mozinski of Viking for her recipe for Goody Coconut bars. In glancing at the recipe, don't be misled in thinking it is a complicated recipe because it is made in three parts. It is really very simple to make, requires less than half an hour of your time and the clean-up job is small as very few dishes are used.

Goody Coconut Bars

Part I
1½ cups cushed graham crackers
one-third cup melted butter
½ cup sugar

Mix well and pat into bottom of 7x11 inch pan. Bake 5 to 7 minutes in a 350 degree oven.

Part II
1 can sweetened condensed milk
1 Package flaked coconut

Mix and spread over baked crust. Bake in 325 degree oven for 10 minutes.

Part III

Ice with your favorite chocolate frosting or while warm, place six bars of milk chocolate over coconut mixture and let melt in the oven until spreading consistency.

Mr. and Mrs. Ed Mozinski live on a farm four miles north of Viking. They have three children, Mark 17; Bonnie 15 and Larry 13. As a family, they attend St. Bernard's Catholic church in Thief River Falls.

Mrs. Mozinski enjoys gardening and spends a great deal of time in both her vegetable and flower gardens. She also likes trying new recipes and during her spare time enjoys reading.

Senator Mondale Visits Housing At Leech Lake

Senator Walter F. Mondale has called for a "concerted, combined attack" on the economic and social problems of Indian reservations —"the kind of attack that is being mounted in other distressed areas."

Speaking on the Leech Lake reservation at ground - breaking ceremonies for the first public housing project on a Minnesota reservation, Sen. Mondale said, "we must place the reservation itself, and the Indians on it, in the mainstream of American life. We must see to it that Indians have the opportunity to live economically productive and socially satisfying lives both on the reservation for those who desire to stay there and off the reservation for those who decide to leave.

"We must bring decent housing, up-to-date education, and employment opportunities to the reservation," Sen. Mondale said, "I don't think the Indian or any other citizen of this country ought to be forced to leave his home environment to enjoy the basics of good housing, a good education and a job."

The $700,000 50-unit low - rent housing project on the Leech Lake reservation is one of 10 Indian projects totaling some $4 million approved in the past six weeks following a breakthrough on costs and specifications. Prior to the breakthrough, housing projects for reservations in Minnesota and other states had been blocked because the cost was too high.

The 10 projects approved since June 1 will provide a total of 312 new homes for Indians on four Minnesota reservations: Leech Lake, White Earth, Red Lake and Fond du Lac. Mondale noted that projects which would provide some 300 additional housing units for Minnesota Indians are currently being processed and should be approved in the near future.

Sen. Mondale, who inspected existing housing on the Leech Lake reservation, said there is a grave need for better housing on all Minnesota reservations. He noted that studies have indicated that 90 per cent of all Indian housing in Minnesota is substandard.

How's Your Health?

(Prepared in the public interest by the Minnesota Medical Ass'n)

We live in a dirty world. Almost anywhere you go you are likely to run into a deadly microscopic organism, clostridium tetani. What is this killer? It is the germ that causes tetanus, often called lockjaw, because of the characteristic stiffening of the jaw.

According to the Minnesota State Medical association, the first signs of the illness are restlessness, irritability and muscular stiffening in the jaw, neck or limbs. Unfortunately, by the time these symptoms occur, the tetanus poison has already reached the brain, and the physician can do nothing to counteract it. Therapy to prevent further damage to the nervous sys is difficult and often ineffective. fective. Tetanus is fatal to over Tetanus is fatal to over 60 per cent of those who contract the disease.

We have all been warned about stepping on rusty nails, but did you know that tetanus can be caused by cuts or scratches so minor they are hardly noticeable? The medical association reports that cases of tetanus have been recorded following the peck of a hen, an insect bite and even a scratch from a rose thorn.

Protection against tetanus is a simple matter. Immunization with tetanus toxoid is 99.9 per cent effective. However, although the toxoid is effective, inexpensive and readily available, fewer than one-third of the pre-school children in the United States have received the triple vaccine against diptheria, whooping cough and tetanus. About three-fourths of the adult population are probably lacking in immunity.

If you and the members of your family have not had a tetanus vaccination or if it has been a long time since you had a booster shot, the State Medical association urges you to ask your family physician about the tetanus toxoid vaccine. Make sure that this summer will be a safe one for your family.

June signals the beginning of another swimming season—and a rise in the incidence of accidental drownings. According to the Minnesota State Medical, association, less than 10 per cent of drowning victims die of obstructive asphixia before water reached the lungs. In the past, much emphasis was placed on removing water from the lungs and stomach early in resuscitation. This, however, delays bringing the much needed oxygen to the lungs of the victim.

The process of drowining is much more complex, in many cases, than simple asphixiation, says the medical association. It has been demonstrated that large amounts of fresh water rapidly enter the circulation through the lungs. This water dilutes the blood and disrupts the functioning of the body. If oxygen is also lacking in the blood, the heart muscles will be affected, circulation will stop and the victim will die. Delayed death may also result from the changes which take place in the blood when water enters the circulation.

Therefore it is imperative that artificial respiration be begun immediately when a drowning victim is recovered from the water so that the oxygen level in the blood can be built up. Everyone, including children, should be familiar with the mouth-to-mouth method of artificial respiration.

As soon as possible, 100 per cent oxygen should be administered. Even if breathing is soon restored, every drowning victim should be taken to a hospital for a physical examination, chest x-ray and blood test to assess any damage which may have occurred in the heart, lungs or blood. With prompt first aid—mouth - to - mouth artifiial respiration—the follow-up medical care, many drowning victims can be saved, says the association.

According to the Minnesota Medical association, the rapid upsurge of motorcycle accidents has become an increasing concern to the medical profession. Daily the victims of motorcycle accidents are brought to the emergency rooms of our hospitals — a fact that has led some authorities to call the rash of motorcycle injuries and fatalities a "contemporary epidemic."

In recent years, physicians have made several studies of the kinds of injuries sustained by the victims of motorcycle accidents. It isn't difficult to visualize why head injuries are frequent and severe. The cyclist is often thrown with great force into another object or to the pavement in a collision or fall. The head generally receives the full impact of the blow, and more often than not, the driver of the motorcycle is not wearing protective head gear.

By far the most common injuries, however, are fractures of the arms and legs. Even at slow speeds, because the driver lacks protection around his body, there are often multiple injuries, compound fractures and contamination of the fractures and wounds, making treatment and cure more difficult, says the association.

Doctors claim that if all cyclists wore protective head gear, head injuries would be dramatically reduced. More than safety equipment is needed to reduce the number and severity of motorcycle accidents. A study made by Minneapolis doctors revealed that the vast majority of victims of motorcycle accidents were riding the vehicles for the first or second time. Most of the accidents were caused by upsets of the basically unstable machines.

A motorcycle, even a small one, is not a toy. Before a cyclist ventures onto a public highway, it is as essential for him as for the driver of a car to be expert at controlling his machine and to know and obey the traffic rules.

WINNER of both the evening gown and swimsuit divisions of the Miss Thief River Falls pageant Saturday evening was Mary Dahlquist of Roseau, who was also selected by the judges as Miss Thief River Falls of 1966. She sang the title song from "Sound of Music" for her talent number.

Large Firms Need Supply of Machine Parts, SBA Says

Harry A. Sieben, regional director of the Minneapolis office of the Small Business administration announced today that his office was receiving many calls from large and medium sized firms who are looking for precision machine shops and tool and die companies with open time on their equipment. His appeal was made particularly to firms that are located in rural areas who may be looking for additional business.

With the acceleration of our war effort a heavy burden has been placed on large government contractors to meet the needs of the military forces. This, coupled with the high level productivity of consumer goods, is pushing plant capacities to the limit.

Sieben said that his SBA regional office is sponsoring two exhibits and workshops in the area for the purpose of finding new suppliers for these large firms. These and many more firms urgently need additional suppliers, particurly precision machine work and tool & die making.

For additional information Sieben said to write or call SBA, Minneapolis regional office at 603 lephone 334-2338, or come in to the Second ave. S.

$13 Million Requested From MORRC Funds

Requests totaling over $13 million for appropriations in 1967-69 from the natural resources fund have already been received by the Minnesota Outdoor Recreation Resources commission although only $7.5 million will be available.

This was the word today from Representative Richard W. Fitzsimons, Argyle, a MORRC member. MORRC, a legislative unit, is responsible for reviewing natural resource fund requests and making appropriation recommendations to the 1967 session of the legislature.

The natural resources fund, dedicated to accelerating Minnesota's natural and recreational resource development, is provided by a one-cent-per-pack tax on cigarettes levied by the 1963 Legislature. Rep. Fitzsimons detailed some of the appropriation requests.

"The commissioner of conservation has asked that $7,320,042 be appropriated for various programs, including $2,235,000 for state park land acquisition and development, $981,000 for forestry programs, $2,500,000 for game and fish programs and $845,000 for division of water projects.

"The University of Minnesota, which is contributing to the natural resources program in projects so diversified as mapping, aquatic organism control research and a proposed study of lakeshore development trends, has asked for $1,133,900."

Rep. Fitzsimons identified requests totaling $608,340 from the Minnesota Historical society to continue historic archaeological activities, state historic site development and the restoration of Ft. Snelling.

"The Department of Business Development has recommended $500,000 as a minimum for the continuation of programs started this biennium, including at least $250,000 for grants to support county and regional planning. The department is also seeking funds to continue the grant program to share the costs of regional tourist promotional brochures, the preparation of additional resource promotional pieces and research work," the Argyle legislator said.

In addition to the grant moneys to promote and support planning, according to Fitzsimons, the one million dollar appropriation to share the costs of the development of recreational facilities by local units of government . . . an appropriation from the natural resources fund in 1965 . . . is sought for 1967.

An additional $2.5 million in miscellaneous proposals for metropolitan parks, special research programs, etc., is also being sought from the resources fund in 1967.

"This total does not reflect appropriations in a number of areas designated in the 1965 allocations by the legislature," Rep. Fitzsimons said. "As an example, the legislature established a number of contingency funds for interim needs, that is monies over and above those given directly to operating departments to meet unexpected needs between the sessions."

The legislature also ear-marked special funds for specific studies by operating departments; studies deemed necessary by the legislature.

The major focus of MORRC's activities between now and the start of the session in January will be to weigh the requests of each agency against the priorities of demand for the full range of natural and recreational accelerated resource development plans.

Tom Torkelson Services Held At Clearwater Luth.

Tom Torkelson, 67, a resident of Equality township, Red Lake County since about 1903, died Friday, July 22, at Northwestern hospital in this city. Mr. Torkelson had a stroke the previous Wednesday evening while driving his car home from the Frank Linder farm. He was found the next morning near the Hofstad farm and was taken by ambulance to the Northwestern hospital.

Funeral services for Tom Torkelson were held Wednesday at the Clearwater Lutheran church with the Rev. Herbert Larson officiating. Hymns were sung by Oliver Lien with Jane Linder as accompanist. Tomine Moen served as organist. Serving as pallbearers were six brothers of the deceased.

Tom Torkelson was born at Fisher on Nov. 3, 1898 and came with his parents, Mr. and Mrs. Ole Torkelson to a homestead in Equality township in 1903. He never married.

Surviving are six brothers, Isaac Torkelson of Fisher; Martin of Limon, colo.; Carl of Plummer, Bennie of Trail, Oscar of Fosston and Nere of Oklee, and three sisters, Mrs. Steen Birkeland and Mrs. Frank Linder, both of Oklee and Mrs. John McDaniel of Omaha, Neb.

By funds, the levy includes the following: County revenue, $125,000; welfare, $151,017; road and bridge, $145,000; agriculture society, $9,500; 4-H club building, $2,500; building fund, $9,500; and agricultural extension, $14,990.

COUNTY BOARD PROCEEDINGS

July 11, 1966

Pursuant to Law the Board of County Commissioners met in the Commissioners' Room in the Court House at 10:00 A.M., July 11, 1966.

Members present: Hanson, Olson, Anderson, Lindberg and Tasa. All present.

A delegation from Rustad's Addition appeared, petitioning for completion of the black topping of the County roads in Rustad's Addition in the Town of North and also asking that the County assume responsibility and take over the Township road extending south to the river from CR 78 which lies on the section line between sections 34 and 35. The Board indicated the black top could be done on the County portion with County forces in the near future and the Town of North would be invited to complete their section at the same time. No County take over of Township roads could be undertaken.

At 10:30 A.M. bids were opened as duly advertised and called for for the Seasons supply of No. 5 Fuel Oil for the Courthouse.

Consumers Co-op. Assn., Thief River Falls, 11.08 cents per gal.; Northwestern Refining, St. Paul Park, 11.54 cents per gal.

Moved by Anderson seconded by Lindberg that the bid of the Consumers Co-op. Assn. be accepted as the lowest and best bid received and the Auditor and Chairman were authorized and instructed to enter into Contract with said bidder. Motion carried.

The North Star Gas Co. appeared with request for easement and right-of-way across Courthouse property for a service line to the Courthouse for possible future hook-up. Moved by Olson seconded by Hanson that right-of-way be granted for gas service line. Motion carried.

At 11:00 A.M. bids were opened as called for for gravel and re-gravel of County Roads. The following bids were opened and read aloud.

Mahnomen Const. Co., Mahnomen, $29,930.00 plus optional $3,500.00.

No other bids were received. Moved by Hanson seconded by Olson that bid for graveling and the optional bid be accepted and the Chairman and Auditor be authorized and instructed to enter into Contract with said successful bidder. Motion carried.

Moved by Hanson seconded by Lindberg that the Agreement with the State of Minnesota for the snagging operations in the Thief River to the north of Thief River Falls as approved Dec. 7, 1965 be extended for completion in 1967. Motion carried.

A supplementary list of 40 Petit Jurors was drawn to replace those jurors drawn previously.

Moved by Olson seconded by Hanson that condemnation proceedings be started at the earliest possible date to assure right-of-way for highway projects presently under way on CSAH 30 and CSAH 32. Motion carried.

Looks Like We Need More Advertising...

As newspaper people we're constantly selling advertising. We have to survive as a newspaper. Occasionally an account will tell us they feel they are selling everything they can. "We think we should cut back," they tell us, "the country needs a little advertising peace and quiet!"

Just what kindova selling job is being done on basic products in the country of ours today? Here are some figures that will give you an idea . . . There are 53 million families in the nation and . . . Twenty-six per cent do not own their own automobile . . . 42 per cent spend less than $100 a year on appliances . . . 60 per cent carry no life insurance. Looks like we've still got plenty of selling to do!

Rites Held Today For Donald Keefe Of Red Lake Falls

Donald C. Keefe, 27, of Red Lake Falls, the brother of Daniel Keefe of Thief River Falls, died Friday morning at St. John's hospital at Red Lake Falls. He had been in failing health for some time.

Funeral services for Donald C. Keefe were held today (Monday) at 9 a.m. at St. Joseph's Catholic church at Red Lake Falls with the Rev. Wm. Keefe officiating. Interment was in St. Anthony's Catholic cemetery at Terrebonne. Petterson Funeral home was in charge of arrangements.

Donald Keefe was born April 14, 1939 at Grand Forks, N. D., to Edward and Kathleen Norton Keefe. In 1948 he moved with his parents to the Terrebonne - Red Lake Falls area.

He is survived by his parents, Mr. and Mrs. Edward Keefe of rural Red Lake Falls; four brothers, Daniel of Thief River Falls, Bernard with the United States Army in Germany, David and Richard, both of East Grand Forks; and and three sisters, Sister Mary Gertrude of Cedar Rapids, Iowa; Mrs. Charles (Elsie Marie) Bateman of East Grand Forks and Veronica of Red Lake Falls.

Mrs. C. Winnegge, Sister Of Local Woman, Dies

Mrs. Charles L. (Hilma) Winnegge, 74, of Devils Lake, N. D., a native of Newfolden and the sister of Mrs. Inga Rux of Thief River Falls, died Monday July 25, at a Devils Lake, N. D., hospital.

Funeral services for Mrs. Winnegge were held Thursday at 2 p.m. at the St. Olaf Lutheran church at Devils Lake and interment was in the Devils Lake cemetery.

She was born July 19, 1892 at Newfolden and was married Oct. 19, 1914 to Charles L. Winnegge at Fairmont. The couple moved to Ramsey county in North Dakota and farmed in Morris township for many years before moving in 1943 to a farm near Devils Lake. Following their retirement in 1950 they have lived in Devils Lake. The couple celebrated their 50th wedding anniversary in 1964.

Survivors include her husband; three daughters, Mrs. Ed (Bernice) Howard of Tacoma, Wash.; Mrs. James (Harriete) Kohel of Grand Rapids and Mrs. James (Muriel) Dugan of Imperial Beach, Calif.; a son, Earl, of St. Lake City, Utah;

Also three sisters, Mrs. Olivia Olson of Devils Lake, N. D.; Mrs. Emma Daily of Detroit Lakes and Mrs. Inga Rux of Thief River Falls; two brothers, Ole and Willie Garfve, both of Newfolden; nine grandchildren and four great-grandchildren.

Mrs. O. M. Bishop Services Held at Trinity Saturday

Mrs. Orlando (Hazel) Bishop, 59, a lifetime resident of Thief River Falls died Wednesday at Northwestern hospital.

Funeral services for Mrs. O.M. Bishop were held Saturday at 2 p.m. at Trinity Lutheran church. The Rev. Harold Peterson officiated and interment was in the Greenwood cemetery. Green Funeral home was in charge of arrangements.

Hymns at the funeral were sung by Mrs. Donald L. Olson with Mrs. Harold Peterson as organist. Pallbearers were Ralph Petterson, Everett Amundgaard, Wilbert Maves, Alvin Christofferson, Gary Christofferson and Richard Thompson.

Mrs. Bishop, the former Hazel A. Kruse, was born Sept. 18, 1906 in Thief River Falls to Mr. and Mrs. Charles Kruse Sr. She received her education in this city, which included a teachers training course, and taught in rural schools in this vicinity for several years.

She was a member of the Trinity Lutheran church.

Survivors include her husband, Orlando; three daughters, Mrs. Arthur (Carol) Tesl of Tucson, Ariz.; Mrs. John (Mary) Stevens, also of Tucson and Mrs. Jack (Barbara) LaSalle of Crookston; five grandchildren;

Also one brother, Charles Kruse, Jr., of Thief River Falls; one sister, Mrs. Martin Troland of Moorhead and several nieces and nephews.

She was preceded in death by two sisters.

T.R.F. Wins Sub-District Jr. Legion Baseball Title

Thief River Falls, the sub-district champion, and Warren, the sub-district runner-up, will join six other teams in Ninth District American Legion Junior baseball play at East Grand Forks on Saturday. The semi-finals will be played on Sunday, and the district championship game on Monday. The games for Saturday's first-round play, with Central Standard time in use, will be at 1 p.m., 3 p.m., 6 p.m.; and 8 p.m. Sunday's game will be at 6 p.m. and 8 p.m.

Coach Lee Swanson's locals defeated Warren, 10-4, in a sub-district tournament finals game played at Warren on Saturday night. To gain the finals, the local squad defeated Roseau, 7-6, and East Grand Forks, 8-1, in games played here. Coach Jerry Cook's Warren club defeated the top-seeded Middle River team, 3-2, and bested Warroad, 3-1, to gain the finals.

In Saturday night's finals, in the first inning with one out, Billy Olson singled to left field, Karl Poppenhagen drew a walk, and both runners scored on Tommy Cummings triple to right. Tommy Tunberg whiffed, Rocky Wilson drew a walk, and on a successful double steal, Cummings came in with a run. After Wayne Smith and Jon Looker had walked, Dale Erickson struck out to end the rally.

Warren hopped back into the game by tallying three runs in the last half of the first inning. Brad Johnson flied to center field; Peter Gilbert singled to right field; Bruce Johnson pumped a single to center, scoring Gilbert who had stolen second; Larry Olson was safe on an error; and Jim Jorgenson's single tallied Bruce Johnson. Cummings came on in relief for starter Jon Looker. Dick Engelstad grounded into a force play, pitcher to third. Allen Peterson and Les Landon drew walks, with Landon's walk forcing in a run. Bob Knutson struck out.

Warren moved into a 4-3 lead in the second on a single by Brad Johnson, a throwing error and a single to right field by Bruce Johnson.

Warren maintained that lead until the sixth when, with one out, Gilbert loaded the bases by giving up three walks (he walked 18 batsmen during the six innings he pitched). Engelstad came over from third base to take over the pitching chore and he forced Peterson to hit into a force play at the plate, with Engelstad throwing to Landon to get Tunberg. Dale Erickson singled into right field, scoring Wilson and Wayne Smith, and the locals had the lead, 5-1.

The locals erupted for five runs in the seventh inning, with four walks, an error, and singles by Nicky Drees and Tunberg, plus a wild pitch, accounting for the tallies.

Cummings, who relieved Looker in the first, gave up but three hits, doled out three walks and struck out 12 batters.

Schedule, Wednesday, August 3.
Jensen Mink Farm vs. Ekeren Pharmacy.
Wilson Bros., vs. Mostue's Floral.
Times vs. L. B. Hartz.
Union State Bank vs. Coast-to-Coast.

Last week Was-The-Week- That-Was in trap shoot league competition for it witnessed the first defeat of the season for the Jensen Mink Farm -- by the Times, 124 to 116 -- and the first win of the season for the L. B. Hartz squad--118 to 116 over the Pharmacy. The loss by the Jensens and the win by the Wilson Bros., 123 to 104 over the Union State Bank, deadlocked the league lead, with Jensens and Wilsons having 20 points apiece.

The Times, with four "25's", were one bird off perfect figures in defeating the Jensen Mink Farm, 124 to 116. Bob Mattson scored a 22-3, Leif Erickson had a 20-5, Jim Wills a 21-4 and Jim Amundgaard a 22-8, Marv Lundin had a 21-3 for a 24. Elmer Hanson's 22-5 was the lone "25" for the Jensen squad, Vern Cyr had a 19-3, Bud Bakken scored a 14-8, Pat Fischer had a 22-1 and Mark Mattson a 19-5.

The L. B. Hartz notched their season's first win by defeating the Pharmacy 118 to 116. Curt Bottem with a 24-4, Carl Carlson with a 22-4 and Rich Jorde with a 17-8, had "25's" for the winners, Dick Hoglo had a 14-8, and Don Hoganson came in with 19-2. The losing Pharmacy found Sandy Wilson scoring a 23-0, Ted LaCoursiere a 16-8, Ray Thyren an 18-3, Floyd Ball a 21-2; and Stub Pahlen a 21-5.

The Wilson Bros., posted a 123 to 104 win over the Union State Bank to gain a share of first place. Orv Ferngen shot a 20-7, Merv Skadsem had a 23-3 and Roy Landmann a 19-6 for the three "25's" on the board. Al Tonder had a 22-2 and Roy Peterson a 20-4. For the Union State Bank, Walt Fischer had a "25" with a 20-5. John Moum scored a 12-8, Arnie Johnson an 18-4, Orvis Olen a 16-6 and Arnold Narverud a 9-6.

The Mostue's Floral posted a fine 122 as they defeated the Coast-to-Coast. Yvonne Hedlund, with a 14-10, and Joanie Wilson, with 21-5, had "25's". Myrt Wilson had a 20-4, Carol Stenseth a 14-9 and Pat Ball a 14-10. For the losers, Don Omdahl had a 19-6, Howard Hagen a 24-1, Reuben Carlson a 20-1 and Jim Huseth an 11-8.

Vacura Remains Softball League Batting Leader

Jeff Vacura of the Hartz Stores team continues to pace the city softball league hitters, having compiled a .433 average on 13 hits in 30 times at bat. The Schmidt's Beer with five batters in the "top ten", and with J. Ellis having six hits in 17 tries for a .353 mark, have the team batting honors.

The batting averages:

Only two weeks of the city softball schedule remain to be played before the city playoffs begin, and it is apparent that the Vets and the Schmidt's Beer will finish one-two in the standings.

The league playoff games will with team number three playing team number six at 6:30 p.m. On Tuesday, August 16, team number four will play team number five at 6:30 p.m. The finals bracket will begin on Monday, August 22, with the first place team playing the winner of the August 16 game; and on Tuesday, August 23, the second place team will play the winner of the August 15 game. On Wednesday, August 24, the playoff finals game will be played.

In league play last week the Hartz Stores team, holding a 4-1 lead entering the final inning, succumbed to a rally by the Schmidt's Beer squad which found manager Kerm Malberg's team scoring four runs, losing by a 5-4 score. The win kept the Schmidt's in a first place tie with the Vets.

On Friday evening Erv Melvie's Hamm's Beer team, leading all the way, defeated the Bridgeman's, 9-3.

This week's slate of games will be highlighted by the Schmidt's Beer vs. Bridgeman's game to be played this evening, Monday. In an earlier game between the two clubs, the Schmidt's received a shutout performance from Mulberg and scored a 4-0 win.

Athletic Policy Announced for Minnesota Tech

Announced policy in athletics at Minnesota Tech at Crookston will be to make participation in the various sports an enjoyable experience, as well as a learning process, according to Herschel Lysaker, athletic director.

The University of Minnesota Technical institute will have teams competing in football, cross country, basketball, wrestling, swimming, track, baseball, tennis and golf. The institute will operate as an independent, scheduling games with other two-year colleges and nearby four-year college freshmen teams. Forty-five boys have already indicated that they plan to go out for football this coming September.

A boy competing for two years in this program will immediately be eligible his junior and senior years at a four-year college, should he choose to transfer. However, the primary goal of the new department of the University of Minnesota will be to make a boy or girl employable in two years.

QUESTIONS Answered for VETERANS

Q -- I am a serviceman with more than two years of service but have less than 180 days since Jan. 31, 1955. Am I eligible for educational benefits under the new GI Bill?

A -- Yes. Two years of active service, any part of which was after Jan. 31, 1955, qualifies you. But you are eligible -- month for month -- for only that time you have served since that date.

Q -- As a so-called "Six-month Enlistee" am I eligible for benefits under the new GI Bill?

A -- No.

Q -- I was on active duty from Aug. 19, 1957, to Sept. 20, 1960. Am I eligible for hospital treatment?

A -- Yes. All veterans discharged from military service under conditions other than dishonorable after Jan. 31, 1955, will be eligible for admission to VA hospitals with the same general admission priorities as war-time veterans.

Q -- I am severely disabled and in a VA hospital. I will be hospitalized about two months, then will require nursing home care as my wife will be unable to care for me. Shall I wait until I am discharged from the hospital to file claim for increased pension?

A -- You should file your claim for increased pension now, as "housebound benefits" of $35 per month may be payable while you are hospitalized.

Q -- I had active duty in the army from January of 1956 to December of 1965. I spent more than two years of this time in Viet Nam. I was in an automobile accident in February of 1966 which rendered me permanently and totally disabled. May I receive pension for these disabilities since I am a veteran of the Viet Nam war?

A -- No. Pension is payable to veterans of World War I, World War II and the Korean Conflict discharged under other than dishonorable conditions after 90 days or more active duty, or because of a service -, connected disability from reasons not traceable to their service.

Q -- What period of service is required for entitlement under the new GI Bill?

A -- Six months (181 days) of continuous active service since Feb. 1, 1955 or discharged for service - incurred disability. Full time duty in armed forces shall include authorized travel to or from active duty.

Q -- Am I eligible for training under the new GI Bill?

A -- If you served on active duty for a period of more than 180 days, any part of which occurred after Jan. 31, 1955, served honorably, or served for any period after that date and were released from active duty for a service-connected disability.

Q -- If I attend school less than full-time, will VA pay?

A -- Yes. VA makes payments for full-time, three-quarter time, one-half time and less than one-half on proportionate basis for institutional training.

Q -- May I take flight training?

A -- No. A course in flying may be approved only if part of an over-all course leading to a degree.

Q -- Does VA pay my tuition?

A -- No. The veteran pays his own tuition; VA pays a monthly allowance directly to the veteran.

Q-I am a railroad employee who is 67 years old and I plan to retire in 1967. I am also a veteran of World War I. My railroad retirement benefits will be about $200 a month and the benefit for my wife will be about $75 for a total monthly income of $275. This will be my only source of income. Am I correct in assuming that this $275 will not be considered as income when applying for a World War I veteran's pension?

A—Yes, the premium on Modified Life, NSLI, will remain the same throughout the duration of the contract.

Q-I lost my son in service about five months ago. As a dependent parent receiving VA compensation, would I be eligible for the GI home loan or does the VA require that the veteran be alive to be eligible?

A—GI loans are available only to veterans or to unremarried widows of men who served in either World War II or the Korean Conflict and who died in service or after separation as a result of a service-connected disability. Parents are not eligible.

DRESSED for the occasion, Bruce Wold of the Otto's Red Owl staff was a participant in the Crazy Day promotion Thursday in Thief River Falls. Selected by the judges as one of three most appropriately costumed for the Western theme of the day, he was presented with a check for $10 from Jon Larson, left, chairman of the Crazy Day committee. Crazy Day this year drew one of the largest crowds ever for the annual promotion.

Best Looking Softball

It is perhaps true that the best softball in town is played on the fairgrounds diamond on Monday, Tuesday and Wednesday evenings, when the city softball league is in action. But it is also true that the best looking softball players are in action on Thursday evenings, for that is the date when the girls take over the fairgrounds diamond.

The games are usually high-scoring affairs, but the gals do come up with some exceptional plays. And it would be worth Al Holzknecht's time to take a look at Lynn Dorn. Al, a winter-time resident of Sun City, is somewhat of a publicity agent for the girl's softball team that represents Sun City in the Pacific Coast league. I have received several brochures and programs extolling the merits of the Sun City team. But he should see the throwing arm of Lynn Dorn.

It is just incidental that one of the scores of the doubleheader played last Thursday was 44 to 4.

Miscellany

Dean Bowyer, a former all-round athlete at Ada high school, and just recently a graduate of Mayville State college, is playing pro baseball with the Aberdeen Pheasants of the Northern league. Dean, who has a twin brother named Don (and the two boys will be remembered by Prowler basketball fans as being factors in leading the Ada Vikings to the Region Eight title in 1962), joined the Aberdeen club following a tryout. He has been playing at shortstop for the Pheasants, who are a farm team of the Baltimore Orioles, and he has been playing and hitting well. Dean will coach at Barnesville this coming school year, and his brother Don will coach and teach at Burnsville. ..Marvin (Ninsk) Carlson, a member of the 1946 Lincoln high school class, and a top-notch prowler football player, is visiting in town. And he took the occasion to meet with Jim Sims, the new Prowler varsity football coach. Ninsk coached for five years at Mahnomen high school, and Sims was the quarterback of Carlson's football team. Back in the days that Ninsk played with the Prowlers, coach Glenn Hanna perhaps had the fastest backfield to play for Lincoln high. Phil Beadle, Les Vigness, Wis Hovie and Carlson were in that backfield. And up front were such players as Bud Foster, Billy Nelson, Don Brossoit, Rog Tunberg, Cliff Anse, Thornton Anderson, Glen Berg, Don Engelstad, Bob Melby, Bob Larson and others. The team posted five wins — 45 to 0 over Warroad, 23 to 0 over Grand Forks Central, 40 to 0 over Grafton, 41 to 0 over Crookston and 38 to 0 over East Grand Forks. The only "blot" was a 6 to 6 tie with Bemidji.... It appears that the basketball fortunes of Concordia college will be getting a boost. According to latest reports, the famed basketball twins of Henning, Dick and Bob Peterson, have decided to enroll at the Cobber school. The fact that Jim Peterson, an older brother of Bob and Dick, is the 1966-67 captain of the Concordia college basketball team may have had some influence on the twins' decision . . Bob Blackman, coach of the undefeated Dartmouth college football team last season, will be one of the instructors and lecturers at the coaching clinic to be held in Bemidji from August 8 through August 10. And speaking of Dartmouth, it is probable that Paul Klungness, who played at right halfback on Blackman's squad last season, and who has been employed in construction work in California, will be visiting here.

Aquacade Week Aided by Mostly Fair Weather

Weather was generally favorable for Aquacade activities during the past week. On Sunday, the day of most of the outdoor activities, rain threatened throughout the day but held off until after the fireworks display, much to the relief of Jaycees and spectators alike. Last night's rain dropped .21 inch of moisture at the municipal airport.

Forecast calls for variable cloudiness with scattered showers in east and south portions and locally cooler temperatures today, tonight and tomorrow. Highs today will be in the 70's; lows tonight from 50 to 58.

Temperatures recorded at the airport are as follows; 80 and 56 on Wednesday, 78 and 53 on Thursday, 81 and 52 on Friday, 90 and 57 on Saturday, and 87 and 64 on Sunday.

Gross Body Shop Henrickson Buys

Clarence Gross has sold his auto body shop in Thief River Falls to Gene Henrickson, a native of Thief River Falls who has been employed the past two years in the body department of Thibert Chevrolet in Red Lake Falls.

Henrickson is a graduate of the auto body department of the Thief River Falls area vocational - technical school, operated a shop in Karlstad and served two years in the army before taking employment in Red Lake Falls. The business transfer is effective today.

Gross has accepted a civil service position with the U.S. Marine corps vihicle repair center at Barstow, Calif., and will begin work there this week. His family will join him there at a later date.

An advertisement of the business transfer appears in today's Times.

Yard 'n' Garden

A well planned patio can extend the living space of the home and at the same time provide for comfortable entertaining out-of-doors. Many gardeners are constructing patios themselves and need some suggestions on proper construction.

Patio construction generally is based on two types of materials: the soft materials such as turf, sand or loose gravel, and the hard surfaces, which would include the patio block, patio stone, concrete and decking.

When the gardener begins construction, it is best to design the patio so it can be built in small units. Larger units are much harder to execute alone.

The soft-surface type patios do not need to have a base for the surface. Where turf grass is used, the soil should be very resilient such as a sandy-clay loam, rich in organic matter. The grass should be a combination of creeping red fescue and Kentucky bluegrass, depending on the amount of shade where the patio is to be located. Graveled surfaces should be at least three inches in depth and may be laid over a plastic film. Sand surfaces need be only two inches in depth.

For hard surface construction there should be a base of coarse sand or fine gravel six to eight inches deep in order to prevent frost heaving and provide under drainage. The hard surfaces are then laid immediately over this base. Be sure to slope the patio to afford surface drainage as well. Half an inch of slope on a 10-foot width would be adequate.

In constructing the patio, keep the size consistent with the number of people to be using it. Generally 30 square feet per person are recommended for a number under five. For over five, the square footage can be reduced.

It's wise to compute the size of the patio based on your family needs with enough room for expansion. For large group entertaining one area adjacent to the patio should be level so that tables and chairs can easily be set on the expansion area.

The patio affords a good opportunity to enjoy plants close at hand. The fragrance, color and form of the flowers can be seen easily from the patio. For this reason any of the flowering materials or shrubs with specialized characteristics lend themselves to the patio.

Shrubs such as the variegated dogwood, variegated weigela and the variegated hosta can be used either in tub plantings or bed plantings close to the patio.

Roses lend themselves to patio plantings because of their fragrance and their flower interest. Most gardeners are fond of this fascinating garden flower. The rose is a flower people enjoy touching and inhaling its fragrance.

Specially trained trees such as the espalier-shaped evergreens and evergreens with distinctive forms, also make good patio plants.

It's a good idea to use some tubbed or container - grown plant materials for the patio. These can be moved out of the way or into the sun when necessary. Often it is necessary to expand the patio to accommodate more people. By having mobile containers, this is then possible.

Tree forms in containers are also useful to define the patio area and to give light shade as well as dimensional effect to the patio. A well shaped tree can form the corners of the patio area and strengthen the dimensional effect.

Exemption Facts Are Given for Taxpayers

These questions most frequently asked by taxpayers on federal income tax matters with authoritative answers are provided by the office of the district director of Internal revenue, St. Paul.

Q — I support my mother and claim her as a dependent. She just turned 65. Does that give me another dependency exemption?

A — No. You are entitled to one exemption for your mother when she qualifies as your dependent. The fact that she is 65 does not give you an extra exemption. The extra exemption for being 65 applies only to the taxpayer and his spouse.

Q — I've just retired. I will have income from social security, a company pension and an annuity from an endowment policy. What part of this will be taxable?

A — Social security benefits are not taxable. Usually you must pay tax on the full amount you receive each year from your pension if you did not contribute to its cost. If you did contribute, only part of each payment is taxable. The annuity is taxable.

There are two methods of reporting pension and annuity income, depending on the time it takes to recover your cost. They are explained in IRS Document No. 5018, "Retirement Income and Credit," available from any of our local offices.

Q — I'm going into the military service. Will my pay be taxable?

A — Pay received for military service is taxable unless you are in Viet Nam or adjacent areas. If you are an enlisted man, you may exclude your full pay for any month during any part of which you served in Viet Nam. If you are a commissioned officer, you may exclude up to $200 a month. This exclusion also includes time spent in a hospital because of injury or illness incurred during service in a combat zone.

Q — I have a loss in some stock I own. What is meant by a short-term loss and a long-term loss?

A — If you hold stock six months or less and sell it at a loss, you will have a short-term loss. If the stock has been held over six months at the time of sale, any loss would be considered a long-term loss.

Short-term capital losses should be used to offset short-term capital gains while long-term capital losses should be used to offset long-term gains. If you have a short-term loss that exceeds your short-term gain, you may also use the short-term loss to offset long-term gains. The same applies for long-term losses.

Q — I'm leaving the U. S. to take a job overseas next month. Do I have to do anything about this year's taxes before I leave?

A — No, your tax return for 1966 does not have to be filed until next year. Be sure to obtain a free copy of IRS Publication No. 54, "Tax Guide for U. S. Citizens Abroad." It has much useful tax information including what your liability is for income earned abroad. Write to our office for it.

Q — I just sold some of the excess furniture we had when we moved from a house to an apartment. Is the money I received from the sale taxable income?

A — There is no taxable income unless the sale resulted in a profit.

Marshall County ASC Convention

County convention where farmer-chosen delegates will elect farmers to fill vacancies on the Marshall County Agricultural Stabilization and Conservation (ASC) committee will be held August 15 at 9:30 a.m. at the courthouse in Warren, according to Marcel Dahl, chairman of the county ASC committee.

The convention will be open to the public, and any person interested in observing the voting procedure may attend. However, only farmer-delegates to the convention may participate in the election process. Election is by secret ballot and plurality vote. After the county committeemen are elected the delegates will determine which of the regular comitteemen will serve as chairman and vice chairman for the coming year.

ASC county and community committeemen are in charge of the local administration of such farm-action programs as the Agricultural Conservation program, the feed grain program, voluntary wheat program, national wool program, acreage allotments and marketing quotas, sugar program, commodity price support loans and storage facility loans.

A qualified candidate for service on the ASC county committee, the chairman explained, is one who is a resident eligible to vote in one of the community elections in the county, and who meets other eligibility requirements. Other details as to qualifications of candidates are available at the ASCS county office.

Any questions on eligibility to hold office as an ASC county committeeman will be decided by the incumbent county committee subject to appeal to the state committee; the convention would proceed, however, on the basis of the county committee decision.

Dahl urged all ASC farmer-delegates to attend the county convention. These farmers were automatically chosen as convention delegates when they were elected recently to serve as ASC community committeemen for the coming year.

Coon Rapids Man One of 5 Living Indian Fighters

Status of a Coon Rapids resident has become even more unique with the recent death of his contemporary in Missouri.

The Veterans administration now lists Griffith C. Williams, 89, a resident of Parkriver Estates Nursing home in Coon Rapids, as one of only five surviving Indian Wars veterans in the nation.

A sixth, Harry E. Brockman, 92, of Tanneyville, Mo., died recently at the State of Missouri Old Soldiers home. Williams is the youngest of the five remaining known Indian fighters and the only one in Minnesota.

Langen Says War On Agriculture Wages Unabated

"Little did I know when I was speaking yesterday in Minnesota that my prediction of further government efforts to beat down farm prices would come true within a few hours," said Congressman Odin Langen as he referred to the Secretary of Agriculture's appearance on nation-wide television in which the secretary said that the government may again cut down its pork purchases if hog prices rise.

In a Minnesota farm speech, Langen predicted that "American farmers have seen only the beginning of government efforts to beat down farm prices and hold them at depressed levels."

Within hours that same afternoon the Secretary of Agriculture was saying, on "Meet the Press" in connection with pork purchases, "I might very well do again what I did before."

"It is obvious from such statements that this administration has no intention of letting supply and demand work for U. S. agriculture," Rep. Langen concluded.

5,149 Veterans In State Sign Up Under GI Bill

More than 5,149 peacetime and Vietnam veterans in Minnesota have signed up to take advantage of the educational program of the new GI Bill. The national total so far is 198,000, according to John R. Murphy, manager of the Veterans Administration center, St. Paul.

Murphy advised the back-to-school veterans to be prepared to pay their own way for the first two months.

The law requires the Veterans administration to make payments to the veterans after they have attended school for a full month, he said. Payment normally is made on the 20th of the month after the month of attendance.

The basic payment is $100 a month. This increases if the veteran is married and has dependents. The basic payment decreases if he does not attend school full time, Murphy said.

"It often amuses me to hear men impute all their misfortunes to fate, luck or destiny, whilst their successes or good fortune they ascribe to their own sagacity, cleverness or penetration." —Samuel Taylor Coleridge

Problem Is Posed

The Morris "Sun" makes an interesting point in the following editorial from a recent edition:

Question. If you owned a small house in Morris would you rather rent it for $45 a month and pay $54 per year in taxes or would you prefer to rent it for $60 a month and pay $254 per year in taxes? It doesn't take more than a minute to figure out that you would be money ahead to take the smaller rent check in exchange for the favorable tax treatment.

Nor if you were on the other side of the fence and wanted to rent a place would it take you long to make up your mind which place to rent.

The $60 rent figure and the $254 tax figure constitute an actual illustration of a home in Morris now vacant. The $45 rent figure and the $54 tax figure are drawn from the proposed public housing in Morris discussed at a meeting last week. And . . . if $60 homes are standing vacant today, how many more will be standing vacant when the $45 units are available? Or . . . if additional low-cost housing is needed in Morris for senior citizens with limited income, why not make it available immediately by slicing the taxes on any property which owners are willing to rent at a reduced figure ?

All of this points up a real problem! Few people, and certainly not this writer, object to helping senior citizens with limited incomes find suitable housing at a reasonable rental. But why must they be herded into a public housing project? Why can't they have the same privileges if they live in a little home of their own or a rented home anywhere?

Why should they be taxed three or four times as much if they choose to live in their own home or four or five times as much if they choose to live in another rental property than they would be taxed if they lived in the housing project?

On the other hand, if one is to conclude that the entire program is set up on a reasonable basis on a national scale, it certainly indicates that property taxes in Minnesota and in Morris are ridiculously high. If 10 per cent of the rental income of property is a reasonable figure for property taxes across the nation, local taxpayers are not being reasonably taxed.

Sailing, Sailing . . .

We have wondered for some time why we have never seen a sailboat on any part of the vast expanse of Lake of the Woods. Not that we have been disappointed because they weren't there, but it has occurred to us at times that it is strange there apparently aren't any.

Times have changed.

The first Lake of the Woods international sailing regatta will be held August 14-20, and quite a number of the sailing vessels are expected to be on the lake. The boats will make daily race legs from Baudette to Oak Island, Oak Island to Kenora, Ont., Kenora to Sioux Narrows, Sioux Narrows to Morson and Morson to Baudette.

A trip made last year by Mr. and Mrs. Clyde N. Ryberg, their 16-year-old son and 12-year-old daughter, was used as a test trip to determine if an international sailing event on the lake was feasible, practical and desirable. The craft used was a 28-foot E class Inland Lakes scow with a three horsepower outboard motor for auxiliary power.

The family reported an enjoyable experience from the trip which lasted from August 7 through August 24. Some entries in the chronology indicate part of the problems which can be encountered on the big lake, however. They include the following:

"Departed under sail from the airport—mast broke on the first tack and we returned with no glory at all . . . Telephoned to Whitebear Lake near St. Paul to order a new mast . . . Camped on fine beach on the Four Mile Bay side of Curry Island . . . Storm in the night blew down the tents . . . Arrived Lily Island, entered large cove . . Strong westerlies kept us in the cove until after lunch . . . Cooked and ate supper in the rain . . ."

The fact that this family made the trip and enjoyed it . . . and that many others are willing to try it this year . . . may mean that the sails will be seen more frequently against the sunset on Lake of the Woods. Even we fishing enthusiasts must concede that there is plenty of water in the lake for both sailboats and outboards.

The Great Debate

It is interesting to see that Keith Davison has challenged Congressman Odin Langen to a debate issues prior to this fall's election. The idea is not exactly new nor unique, but it is an interesting thought.

We don't expect that the challenge will be answered—nor do we expect that Davison thinks it will be answered either. Had he thought it would, we doubt he would have issued the challenge. And if he did challenge the congressman to debate other than with tongue in cheek, he lacks the native intelligence for which we would like to give him credit.

Mr. Davison paid us the courtesy of an office call last week, at a time when this writer and Davison himself were both too busy to say much more than "hello". We do appreciate his stopping by for a few minutes, and hope to have the opportunity to visit with him at greater length and depth prior to the fall election.

It is no secret that the editorial columns of this paper have supported Congessman Langen since he first defeated Mrs. Andy Knutson of Oklee some years ago. Admittedly, our first impression of Mr. Davison was a defensive one of, "so this is the fellow who is running against our congressman . . . "

As we said, we hope to have the opportunity to visit with the challenger again. It very likely won't change any long-formed oppinions, but it is always interesting to hear different thoughts and ideas.

But back to the "great debate" challenge; we would like to see it come to pass. In fact, we would like to make a suggestion. It should be held on area - wide radio and television—immediately following the debates between Sen. Walter Mondale and Robert Forsythe and, after the primary, between candidates Karl Rolvaag and Harold LeVander. Can't you see these DFL incumbents accepting a challenge to debate?

Excessive Authority

From the Bemidji "Daily Pioneer" comes the following editorial:

It is all but assured that a hike in the federal minimum wage will be enacted by Congress this session. But those who feel that Congress must establish a $1.60 minimum rate owe it to the country to seek their goal by means which add the least amount to inflationary pressures and throw as few marginal and beginning workers out of jobs as possible.

Present legislation as passed by the House would lift the minimum wage from $1.25 to $1.40 an hour in 1967 and provide for the final jump to $1.60 an hour 24 months later in 1969. This represents an annual rate of increase over the two year period amounting to 7.2 per cent. A proposed amendment to the bill would make the final jump to $1.60 in only 12 months — 1968, an election year. That would amount to a 14.3 per cent increase in one year — more than four times the average rate of increase in the minimum wage over the past 15 years. If hope of political gain is a consideration behind this proposed amendment, it is a forlorn hope indeed—one can only imagine the inflationary effect, job loss and dislocation that would result. A third amendment has been introduced which, in the interest of price and job stability, deserves the broadest possible support. It would stretch out the adjustment period to 36 months—not establishing the $1.60 minimum until 1970. Even this would amount to an annual increase greater than the historical average.

The federal government was given vast powers over the country when the original minimum wage law was passed in 1938. The intention was to eliminate exploitation and the starvation wage. As so often happens, government is using its authorty to excess. A wage level is now proposed that is not a floor—a minimum—but a maximum that will be far above the economic worth of tens of thousands of young people, older workers and part-time help now employed. Maximum time for adjustment is needed. The alternative is inflation and more federal training and welfare programs to care for the unemployed.

Worth Celebrating?

Representative Edward J. Gurney of Florida has introduced a Resolution in Congress which would designate May 1 as a day of celebration. But, the odds are that government leaders would rather not call the significance of this day to the public's attention.

Regardless of that, Representative Gurney's Resolution has merit. It would hail May 1 as "National Tax Freedom Day." It is the first day of the year that people begin working for themselves. From January 1 until April 30, every dollar the taxpayer earns belongs to the government; he must pay it out in federal, state, or local taxes. In the words of Representative Gurney, "This is simply another way of saying that the average American's tax load is costing him one-third of his income, or 33 cents out of every dollar he earns. Certainly, this day of relief throughout the land deserves to be marked appropriately, and the bill I propose would do this by giving it the status of a national holiday."

As congress votes more billions to further the ideology of the welfare state, National Tax Freedom Day will move forward on the calendar. When it reaches July 4, there will no longer be any reason to celebrate American independence. There won't be any.

Borrowed Nonsense . . .

A beggar stopped a man on the road and asked for some money for something to eat.

"I will give you a drink," the man said.

"But," the beggar replied, "I never drink."

"Well then, I'll buy you a good cigar," offered the man. "I don't smoke," responded the beggar.

"Then I'll give you some money to bet on the races," said the man. "I don't gamble," answered the beggar.

"Look," said the beggar, "all I want is food."

"In that case," the man said, "I'll take you home to dinner with me so my wife can see what happens to someone who doesn't drink, smoke, or gamble."

PRESENTING the $10 check from the Chamber of Commerce retail trade committee is Jon Larson, chairman of the Crazy Day promotion for Thief River Falls Thursday. Mrs. Dean Hams, an employee of Purdy's Shoe store, accepts the check as one of three prize winners for best costume of the day.

At the annual tractor pulling contest held during the Pennington county fair Friday and Saturday found some local tractors entered in the activities. Friday evening Clark Carpenter entered his Allis Chalmers WD, a 1954 model in class A and was a second place winner. Before the heavy weights pulled Saturday afternoon a new event was added, entitled powderpuff, pull which was for garden tractors only driven by women. Mrs. Frank Hible entered their John Deere 110 and won 3rd prize, but was the center of a lot of hurried excitement when the tractor decided to rear up and tip over backwards but several men came to her rescue and she was fortunate not to be hurt. Just a word of caution, that all tractors can rear over backwards very fast. In the heavy weight pull in class D Louis Carpenter won 2nd with his International 660 weighing 10,900 lbs. In class F Roger Hible won a second prize with their Case 1200 weighing 17,980 lbs. Congratulations to all.

Easements Secured on Two Pennington County Roads

Easements have been secured to permit work to be completed on county State Aid highways 20 and 22 in Pennington county, according to a report presented by Joseph Seidel, county highway engineer, to the board of county commissioners on Tuesday. The two road projects had been held up because easements had not been given to the county on several parcels of land on the two projects.

Because of the time required to clear Federal Aid Secondary funds, however, Seidel expressed a doubt that there would be time to complete the road projects this fall. At its last meeting, the county board authorized the start of condemnation proceedings to obtain the land necessary for the projects.

A call for bids on a new truck was authorized by the commissioners with bids to be opened at the next meeting of the board on September 12. The regular meeting date of September 6 has been changed due to the Labor Day holiday. The county will offer a 1961 truck in trade for the unit.

Mr. and Mrs. Vernon Wold and Mr. and Mrs. Robert Hirst appeared to present petitions requesting that their land be set-off from School District 562 at St. Hilaire and annexed to School District 564 at Thief River Falls. A hearing on the petitions was set for 8:30 p. m. Thursday, August 25.

Authorization was made of a payment of $1,249.99 to the probation officer fund to pay the Pennington county share of operating the multi-county office for the first six months of 1966.

Consideration was also given to a letter from the Chamber of Commerce requesting information on the status of redistricting of commissioner districts in the county. A study of the matter is now in the hands of a committee consisting of the entire board of county commissioners.

O & M Announces Reorganization In Operations

Osborne McMillan Elevator company announced today the reorganization of its Thief River Falls grain and agricultural product merchandising operations. As a result of its current expansion program and the need for more specialization in service to the farm community, the company has found it opportune to establish separate management responsibility in the two facilities.

Effective July 6, John Wold became the new manager of the agricultural product merchandising operations. In this new position, Wold will be concentrating on improving O&M service in the areas of fertilizer, feeds, agricultural chemicials and other crop or livestock production services.

Jim Klosterman, formerly of Fargo, N. D. and with many years of experience in the grain business, has been named manager of the grain elevator operation. Klosterman, who himself once farmed in the Red River valley, will be active in developing a new barley grading and merchandising program for O&M and will utilize his knowledge and experience in this field.

In order to facilitate this new operation at Thief River Falls, the company is in the process of installing a series of special barley graders that will prepare this grain for use by maltsters, distillers and other processors.

The grain elevator will continue to buy all types of the farmer's grain as in the past.

O&M also announces that Carl Gjernes is coming out of retirement to serve as buyer for the field and fine seed growers. Carl will be working with Wold in providing this seed market for the two or three-month main marketing period.

Police Report Two-Car Mishap

A two-car accident resulting in a total of $300 in property damage was reported today by the Thief River Falls Police department. Monday at 2:20 p.m. a car driven by Ole Olsen Ness, 419 Duluth av. N., city, was traveling south on LaBree avenue and was struck in the right side by a vehicle driven by James Cuppett, city, which was proceeding east on Fourth street. Damage was estimated at $100 to the Ness car and $200 to the Cuppett vehicle.

PRIZES received by Miss Thief River Falls of 1966, Mary Dahlquist of Roseau, included a $145 Princess diamond dinner ring. Phil Hess of the Jewel Box in Thief River Falls is shown making the presention following the Miss America preliminary pageant Saturday evening at Lincoln high school. Hess also provided engraved charms to each of the candidates as remembrances of the event.

TRF Saddle Club Holds Horse Show

The horse show presented Sunday, July 24, by the Thief River Falls Saddle club in conjunction with the Pennington county fair was reportedly well attended by both people and horses. According to members of the club, some of the finest horses in the northwest participated in the show.

Vision of State Pre-Schoolers To Be Tested Monday

Monday, August 8, will be Vision Day for Minnesota pre-schoolers, according to an announcement by Dr. W. S. Akre, president of the Minnesota Optometric association (MOA). "As in previous years," said Dr. Akre, "members of the Minnesota Optometric association will perform their annual public service project for children about to enter school for the first time. On that day optometrists in every part of the state will screen the children to determine whether their vision is normal or whether a complete visual examination is necessary.

Dr. Orion D. Belch, local optometrist, said today that most preschool children in Thief River Falls and surrounding communities were checked for vision defects during May, June and July. Any child who has not yet taken his vision test may do so by appointment with his optometrist on August 8.

Farmers Organize Cow Shipment as Price Protest

Approximately 90 per cent of the farmers attending an NFO meeting Tuesday evening at Highlanding indicated they would ship a cow to slaughter Thursday in protest over milk prices being paid to producers, according to Merle Lundeen, Oklee, member of the NFO milk board.

Lundeen said that mention was made at the meeting of a three-cent rise in the consumer price of milk in this area while the farmer producer received only one cent of the increase. National average cost of production of hundredweight of milk is $5.15 he said, and farmers are not receiving that amount for their product.

Tentative plans were made at the Tuesday meeting to assemble truckloads of cattle at the Brooks corner on Highway 59 at 11 a.m. Thursday to form a caravan to the NFO collection point at Winger. Persons planning to ship cattle would be notified of any change in plans, Lundeen said.

He also urged consumers to join with dairy producers in protest over the price increase being charged for milk in retail outlets.

Africans Visit Cooperatives in NW Minnesota

Farm cooperatives in northwest Minnesota will be visited for two weeks starting August 1 by a group of 10 African government officials from seven countries now in the Red Lake Falls area on a month-long U. S. government technical assistance training program.

The African co-op leaders have just concluded two weeks of visits as guests of farmers in Red Lake county, through arrangements of the Red Lake County Farmers Union, Minnesota Farmers Union, Farmers Union International Assistance corporation, Wash., D.C., and the U. S. Agency for International Development. The group is part of a delegation of 25 African co-op officials in the United States for three months on an AID training program to help provide American technical know-how to the Africans, under contract to the FUIAC.

Cooperatives to be visited in the coming two-week period are co-op grain elevators, cooperative oil stations, the Red Lake Electri cassociation, Production Credit associations, the Red Lake Electric associations, creameries and credit unions in Red Lake Falls, Brooks and Oklee.

Maurice Benoit, rural Red Lake Falls, is area coordinator for the training of the 10 Africans. Supervising the training are Wayne Bjorlie, Fargo, N. D., and Robert Fried, New York City, who returned to the U. S. in July from two years of service with the Peace Corps in Senegal, one of the countries represented in the African co-op delegation.

Included in the two-week program until August 14 will be filming by a production crew of the U. S. Information agency for a TV show to be shown later this year in Africa.

While studying farm co-op devesolopment in the Red Lake Falls area for the next two weeks the 10 Africans will be guests of families in that community.

Student, Faculty Housing Needed For Jr. College

Rooms and apartments for Thief River Falls junior college students and homes and apartments for faculty members will be needed in September for approximately 100 persons, according to Dean Victor Charles.

All persons, who have rooms, apartments or homes to rent about September 1 are urged to list them with the dean's office. The college office will want information on addresses, cost per month or quarter and whether for college men or women. A quarter of a college year is approximately three months. Faculty members will wish to know whether homes or apartments are furnished or unfurnished, the size cost and location. The college telephone number is 681-2181.

Fallout Shelter Survey Conducted By Civil Defense

Under the national plan for civil defense and defense mobilization, every individual and family is assigned personal reponsibility for their own survival in the initial days after a nuclear attack.

To enable Minnesotans to better meet this personal obligation, the Minnesota Department of Civil Defense is sponsoring a statewide home fallout protection survey, which the federal government is conducting.

Over the past five years, Minnesota Civil Defense has designated 3,323 large buildings in the state, both public and private, as community fallout shelters. They are marked by signs with three yellow triangles on a black circle. They tell us that, if the need ever arises, we could seek shelter there.

These buildings have space for a total of 2,415,870 persons. But with a population of three and a half million, clearly there is not enough room for all Minnesotans in community shelters. Even if there were, they might not serve a person's need because he was too far away.

Home shelters are often closer to housewives and small children, to families at nighttime and to farm families, and they offer certain advantages. A well-shielded home basement stocked with food and necessary supplies, would be preferred by many families over a community shelter.

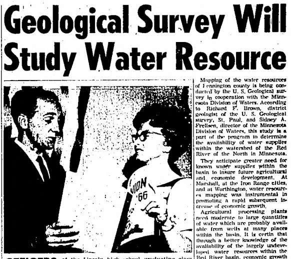
This Minnesota Home Fallout Protection Survey Program will tell many householders that they have basement areas which provide fallout protection equal to, or above, the minimum set for community shelters.

A recent nationwide sample survey shows that about 10 per cent of American homes offer minimum protection from fallout; further, that most homes have significant protection which can be improved if the householder desires.

The survey is being taken by mail in Duluth, Mankato, North Mankato, Minneapolis-St. Paul, St. Cloud, Rochester and Winona. In the remainder of the state, interviewers will call at residences to obtain the necessary information about the construction of houses.

Rev. and Mrs. Orville Sustad and sons, Mark and Cavin of Sioux City, Ia. arrived Tuesday to spend a week here at the Henry Sustad home.

Geological Survey Will Study Water Resource



OFFICERS of the Lincoln high school graduating class of 1956 checked on the current situation of their classmates by paging through a reunion booklet at the gathering held recently in Thief River Falls. They include Evan Jones, Austin, class president, and Mrs. James (Sharon Johnson) Kemp, Moorhead, treasurer. Jones also served as master of ceremonies for the evening banquet program.

Mapping of the water resources of Pennington county is being conducted by the U. S. Geological survey in cooperation with the Minnesota Division of Waters. According to Richard F. Brown, district geologist of the U. S. Geological survey, St. Paul, and Sidney A. Frellsen, director of the Minnesota Division of Waters, this study is a part of the program to determine the availability of water supplies within the watershed of the Red River of the North in Minnesota.

They anticipate greater need for known water supplies within the basin to insure future agricultural and economic development. At Marshall, at the Iron Range cities, and at Worthington, water resources mapping was instrumental in promoting a rapid subsequent increase of economic growth.

Agricultural processing plants need moderate to large quantities of water which are probably available from wells at many places within the basin. It is certin that through a better knowledge of the availability of the largely undeveloped water resources within the Red River basin, economic growth can be promoted. The major purpose of the Red River investigation is to locate these sources of ground water and to determine their sustained yield. Brown noted that agricultural processing plants are growing in number at an increasing rate throughout the state.

The investigation also included a study of surface water resources. Information is being gathered to determine the amount of reservoir storage required to conserve high spring flows of streams for use during periods of low or no flow. Frequency of low and high streamflow and depth of overbank flooding is being studied at selected sites.

The investigation is being conducted by a team composed of ground water geologists and hydraulic engineers assisted by part time student employees. Robert Maclay is geologist-in-charge for the project. This group collects information on changes in water levels by measuring water levels in wells, test drills for data on water bearing formations with a mobile auger rig, and collects information from well owners and well drillers on well depths and yields.

Maclay emphasized that information provided by well owners and drillers is highly valuable in the mapping of large ground-water sources because it results in more accurate and detailed information on sources of water.

To compile this information, Maclay and his project team will contact as many well owners in the county as possible to obtain information on depth, yield and water levels in their wells. Cooperation of well owners in providing well information available will be greatly appreciated and will result in a more complete and accurate map.

Result of the investigation are published by the U. S. Geological survey as hydrologic atlas maps which will be available to the public. These maps will be provided to the public libraries within the region and to state and federal

Fall Festival at Grygla Scheduled Saturday, Aug. 20

Annual fall festival at Grygla will be held Saturday, August 20, with a large number of activities planned throughout the day. Features will be a parade at 1:15 p.m. and evening entertainment at 7 p.m. in the school gymnasium.

Races and contests for youngsters will be held from 10:30 to 11:30 a.m. with a horse show by the bit and Bridle Saddle club of Goodridge at 11:15 a.m. A tug of war between Marshall and Beltrami counties will be held at 12:15 p.m. Following the parade at 1:15 p.m., a baseball game will be played at 2:30 p.m.

Another popular feature of the festival will be the greased pig chase between the third and fourth innings of the baseball game. The youngster able to catch the greased pig to be released will be allowed to keep it.

Following the evening entertainment program, a dance will be held at 9 p.m. in the village hall. Horseshoe contests and concessions will be in evidence throughout the day.

HUNGRY picnickers, tantalized by the aroma of charcoal-broiled beef, formed a long line leading to the Jaycee-Mrs. Jaycee serving table when the "come and get it" call was raised Sunday afternoon at Tindolph park. In "feeding the masses" the Jaycees served 287 pounds of prime beef and 25 gallons of beans to a crowd estimated at 1,000 local residents and Canadians. The entire supply of beef was exhausted in about an hour and a quarter, and it was found that the demand exceeded the supply. Don Grabanski, picnic chairman, and Arve Moser dug the barbecue pit Friday night. The fire was ignited following the Miss America preliminary pageant Saturday night, and the Jaycees kept an all-night vigil at the park.

Miller and Droppo Vows Spoken in Minneapolis

Miss Sally Sue Miller and E. Earl Droppo of Minneapolis were married recently at an evening ceremony at the Salem Lutheran church in Minneapolis, Dr. Paul Luther Wetzler officiated at the double ring ceremony. Gordon Lekson was soloist and Katheryn Weller organist.

Parents of the couple are Mr. and Mrs. Anthony R. Miller of Minneapolis and Mr. and Mrs. Ernest E. Droppo of Thief River Falls.

The bride, given in marriage by her father, was attired in an off-white street-length gown of raw silk featuring a straight skirt and fitted bodice with rounded neckline and elbow length sleeves. Matching material covered her shoes and formed the channel bow headpiece that held her bouffant veil of silk illusion. A single strand of pearls and short white kid gloves completed her attire. Her bouquet was a nosegay of white roses and stephanotis.

Mrs. Charles Wetzler attended her sister as matron of honor. She wore a fern-green street length dress styled with a modified bell skirt and topped with a matching fern-green jacket. Her headpiece, similar to the one worn by the bride, was in fern-green to match her gown and she carried a nosegay bouquet of pink roses and carnations.

The groom was attended by his brother-in-law, Joe Poole of Anoka. Charles Wetzler, brother-in-law of the bride, ushered the guests. The men of the wedding party were attired in dark suits with white carnation boutonnieres.

For her daughter's wedding, Mrs. Miller wore a pink silk three-piece suit accented by white accessories. The mother of the groom wore a light blue ensemble complemented with a matching print. Her accessories were also in white. Both wore identical corsages of white orchids.

Following the ceremony, a reception for approximately 50 relatives and friends was given at the Garden Room of the Curtis hotel by the parents of the bride.

The bride is a graduate of West high school and Augsburg college, Minneapolis. A first grade grade teacher at Monroe elementary school in Minneapolis this past term, she will teach at Mound this coming school year. The groom is a graduate of Lincoln high school and attended the University of North Dakota. He is a construction engineer with Bury - Carlson, Minneapolis.

Mr. and Mrs. Droppo are at home at 2474 Commerce Blvd., Mound.

Mrs. Alf Anderson of St. Paul arrived Sunday to visit at the home of Lena and Oliver Gullingsrud.

Warmest July in Years

Humid Heat, Storms July Weather Topics

by Jim Wills
Times Reporter

Intense, humid heat and its consequent thunderstorms, were the main topics on the weather agenda during the month of July of 1966. Unlike July of last year, when the mercury never reached the 90's, temperatures in this range were recorded on three days last month, and most other daily highs were in the middle and upper 80's. Average high was 87.1 and average low was 56.8.

The high maximums, coupled with relatively high minimum temperatures on several nights, brought the mean temperature for the month to an even 72 degrees, which is a record breaker. No higher mean temperatures for July have been compiled since the Times began keeping permanent records in 1955, although July of 1963 (71.2) and July of 1964 (71.2) were close runners-up. Highest temperature recorded here during the month was a muggy 96 on Sunday, July 17; lowest was 47 on the 5th and the 15th.

Thanks to two severe thunderstorms, the Thief River Falls area did not suffer from lack of moisture, as did other parts of the upper midwest. Most of the month's total of 5.42 inches of rain (1.09 inch above normal) fell during these two highly destructive electrical storms. During his storm, a tornado ravaged part of Red Lake Falls and a lightning bolt burned a turkey barn near St. Hilaire.

The second sod-soaker, which happened July 26, dropped 1.83 inches of rain. At this time lightning burned the barn on the Gilmer Bakken farm west of town, and another bolt extensively damaged Roy Pederson's car, which was traveling east at the time.

Lack of water has been a problem in much of the upper midwest according to the Soo Line crop report issued July 29, which covers eastern Montana, North and South Dakota, Minnesota, Wisconsin and upper Michigan. Soil moisture has declined during the past month and except for scattered spots where heavy thunderstorms have hit, there is a shortage of top and subsoil moisture in 50 per cent of this area, the reports states.

Most crops are fair to good, however, though quality has been hurt by the heat. Some wheat will have shrunken kernels and there will be much high protein hard wheat. Harvest was expected to have started in some areas.

The report promises an above-average crop in northern Minnesota where moisture is still abundant. Potatoes are in bloom and beets look excellent. Barley harvest will start about August 8 and wheat harvest about August 15. Flax is 25 per cent in bloom and 75 per cent bolling and looks good.

Bond Sales in County Total 46.3 Per Cent of Goal

Savings bond sales during June in Pennington county amounted to $8,579, bringing the six-month total to date $66,213 or 43.2 per cent of the county's goal for 1966 of $153,000.00, according to J. M. Roche, Pennington county chairman.

Bond sales during June in Minnesota amounted to $5,066,243 to bring the six-month total to $33,799,986. Nationally, E bonds were the highest for any June since 1945.

Rollin O. Bishop, Minnesota volunteer chairman in reporting the sales, also added, "Many people still do not realize that Series E saving bonds have many tax advantages. There is no state income tax to pay and the fact that one can defer the federal tax makes them an extremely attractive investment. For instance, a husband and wife filing a joint tax return with a net taxable income of $8,000 and tax rate of 22 per cent would have to receive more than 5¾ per cent return from any other type investment in order to compare with the Series E savings bond."

DFL Sets Ball To Raise Funds For Keith Drive

A DFL "First Volunteers Ball" will be held Saturday, August 13, in the Radisson hotel, Minneapolis at 8:30 p. m. according to George Farr, state DFL chairman.

"Purpose of the fund raising event," Farr said, "is to provide financial assistance in the campaign for governor. In order to get his campaign in full gear, Sandy Keith needs the concerted assistance of all of us. His campaign will not be financed by wealthy contributors, rather the financing will come from his supporters within the DFL party."

Tickets for the ball are now on sale throught Minnesota and are being sold for $50 per couple. "Those who cannot make a contribution of $50 are urged to join with other contributors pooling the resources of several to purchase a ticket," Farr said.

Mrs. Odegaard Heads Division of March of Dimes

Richard Mabey of Thief River Falls, chairman of the Pennington county chapter of the National Foundation-March of Dimes has announced the appointment of Mrs. Morris Odegaard as community education chairman for the chapter.

Mrs. Odegaard, who recently returned from a birth defect education workshop in Crookston, will direct the local chapter's efforts to alert the public to the problem of birth defects which afflict 250,000 babies each year with 16,000 of them dying.

Robert E. Day from Minneapolis, field representative for the National Foundation March of Dimes, conducted the workshop around the theme, "Healthy Babies Are Our Business". Day pointed out that the March of Dimes is in the same relative position in the fight against birth defects now as it was in the early 1940's with polio when many people thought that because polio had always been with us that not much could be done.

Mrs. Odegaard reported that the local chapter plans to bring to the attention of Mothers-To-Be the need for seeking pre-natal care and following her doctor's advice. It has been shown that a woman with little or no pre-natal care has two to three times the chance of having a pre-mature baby who in turn is two to four times more likely to have birth defects. Pre-natal care on one hand and more research on the other will hasten the day when the March of Dimes will put birth defects in the same category as it did polio-no longer a major health threat, Mrs. Odegaard said.

John Raaum, Once Of Newfolden Dies in Viet Nam

Sp-5 John V. Raaum, 27, adopted son of the Rev. and Mrs. E. J. Raaum of Newman Grove, Neb., and formerly of Newfolden, died in Viet Nam according to word received Sunday, July 10, by his parents. His death on July 9 was the result of fragment wounds received when a mine accidentally detonated while on a mine laying mission.

Military funeral services for Sp-5 John V. Raaum were held at Trinity church in Kirkland, Wash., with the Rev. and Mrs. Raaum and Beth attending. Burial was at Vashon Island.

He was born June 24, 1939 in Latvia where he became an orphan at three years of age. When the Communists took over Latvia, he with other orphans escaped to Germany and came to the United States in March of 1949 as a displaced person. In July of 1950, he was adopted by the Rev. and Mrs. Raaum and lived in Newfolden until September of 1952 when he moved with his parents to Kirkland, Wash. He graduated from the King's Garden high school in Seattle, Wash. in 1958. A year later he entered military service and became a paratrooper with the 101 Airborne Division. Upon completing his term, he enlisted in an engineering battalion and spent three and a half years in Heilbronn, Germany. Last September he was sent to Viet Nam and was due to come home September 6.

He is survived by his parents at Newman Grove, Neb., and two sisters, Elizabeth and Mrs. Tom Rasmussen, a missionary in Mexico.

Henry Anderson Services Held Tuesday at Viking

Funeral services for Henry Anderson, 79, a long-time resident and retired creamery operator of the Viking community who died unexpectedly Friday evening enroute to his home, were held Tuesday at 2 p.m. at the Mission Covenant church at Viking. The Rev. Paul Johnson and Rev. T. J. Weltzin officiated. Musical selections at the funeral included a solo by Marvin Anderson and a duet by Mr. and Mrs. Douglas Gloude. Interment was in the Greenwood cemetery at Warren with Sinding's Funeral chapel in charge of arrangements.

Serving as honorary pallbearers were William Lindberg, Carl Gustafson, Ed Sorenson, O. M. Tangquist, Carl Anderson and Clarence Gustafson. Active pallbearers were Clarence Tangquist, Oscar Erickson, Virgil Hjelle, Percy Stokke, Elmer Anderson and Lloyd Ranum.

Henry Anderson was born April 4, 1887 at Viking to Gustaf and Johanna Larson Anderson. He attended school and living at Viking working at various creameries until he moved to Warren in 1911. There he was a creamery operator returning in 1921 to the Viking creamery. Following his retirement, he continued to make his home at Viking.

He was married Nov. 27, 1912 to Dora Valtinson at Warren.

Active in community affairs, he was a member of the Mission Covenant church and served on its board for many years and was a long-time member of the Viking village council.

He is survived by one son, Harold D. Anderson of 941 North Main; two grandsons, Gary of Minneapolis and Ronald of this city and three brothers and one sister, Aleck, Arthur and Robert Anderson and Mrs. Dagney Peterson, all of Viking. Several nephews and nieces also survive.

He was preceded in death by his wife in December of 1956; three brothers and one sister.

agencies concerned with water. The public will be able to obtain them from the U. S. Geological survey in Washington, D. C.

Planning commissions, both governmental and private, concerned with regional development will find such maps useful in making recommendations and developing water resources. Among the private enterprises strongly interested in availability of water are the industrial development departments of railroads, potato processors and dairying interests.

Maps showing availability of ground and surface water of the northern part of the Red River basin which included Kittson and Marshall counties have been published as Hydrologic Atlas which is available from the U. S. Geological survey, Washington, D. C. 20242 for $1.50 Maps for the Red River watershed which includes part of Pennington county will be open for public inspection by late 1967 and will be published in 1968.

A summary report will be prepared for all of the basins within the watershed of the Red River of the North in Minnesota. It will present a detailed analysis of water availability and suggestions for will be given nationwide circulation water management. This report and should do much to help the economic development of this region.

NOTICE OF SALE
$550,000 TEMPORARY IMPROVEMENT BONDS
CITY OF THIEF RIVER FALLS, MINNESOTA

NOTICE IS HEREBY GIVEN that the City Clerk and Attorney of the City of Thief River Falls, Pennington County, Minnesota, will meet at the office of the City Clerk in said City on August 16, 1966, at 3:00 o'clock P.M., Central Daylight Saving Time, for the purpose of opening sealed bids for $550,000 negotiable coupon general obligation Temporary Improvement Bonds of the City. The City Council of said City will meet at 7:30 o'clock P.M. on the same date at the Council Chambers in the Municipal Auditorium in said City for the purpose of considering the bids received and awarding the sale of the bonds. Said bonds will be dated September 1, 1966, will be in the denomination of $1,000 each or such multiple of $1,000 as the purchaser may specify, and will bear interest at a single basic rate to be designated by the successful bidder. Bidders may provide that the bonds shall also bear interest at an additional rate for a portion of their term to be represented by a separate set of "B" coupons. All interest will be payable on March 1, 1967, and semiannually thereafter on September 1 and March 1 of each year. The bonds will mature on September 1, 1969, but will be subject to redemption at the option of the City on September 1, 1968, or March 1, 1969, at par and accrued interest. The City will furnish without cost to the purchaser, within forty days after award of sale, the printed and executed bonds and the unqualified approving legal opinion of Messrs. Dorsey, Owen, Marquart, Windhorst & West, of Minneapolis, Minnesota. The bonds will be delivered without cost at St. Paul or Minneapolis, Minnesota, or Chicago, Illinois, or elsewhere at the expense of the purchaser. Principal of and interest on said bonds may be made payable at any suitable bank to be designated by the successful bidder within 48 hours after award of sale of the bonds.

Bids for said issue marked "Bid for $550,000 Temporary Improvement Bonds" must be delivered or mailed to the undersigned prior to 3:00 o'clock P.M. on the date stated above, and may not thereafter be withdrawn. Each bid must be unconditional except as to legality, which may be conditioned upon the opinion of the above attorneys, and must be accompanied by a cashier's or certified check or bank draft in the amount of $11,000, payable to the City Treasurer, to be forfeited as liquidated damages in case the bid be accepted and the bidder shall fail to comply therewith. Bids will be preferred according to lowest net interest cost (total interest from date of issue to stated maturity, less any premium offered). All interest rates shall be expressed in multiples of ¼ or one-tenth of 1 per cent. No oral bid, and no bid of less than par and accrued interest from date of issue to date of bond delivery will be considered, and the Council reserves the right to reject any and all bids, and to waive any informality in any bid.

Dated July 26, 1966.

In Memoriam

In loving memory of Cpl. Odell C. Brenna who was killed in Korea July 29, 1950.

Only a memory of bygone days
And a sigh for a face unseen;
But a constant feeling that God alone
Knows just what should have been.
But time so far has only proven
How much we miss him yet.

Dad, mom, sisters and brothers. 1t62c

Keeping Score with "Huck" Olson

On to the District Tourney

Coach Lee Swanson's local Legion junior baseball squad, with mark of 13 wins and 10 losses, and winners of the sub-district title, will enter the American Legion's Ninth District tourney at East Grand Forks this week. The locals will play a well-rated Moorhead team in a tourney first-round game at 9 p.m. on Saturday.

The local squad, with righthanders Tommy Cummings and Billy Poole well rested, should be a contender for the district title. Glyndon, defeating Moorhead 3-2 for the sub-district title in the tourney played at Detroit Lakes, and with a 6-0 win over Moorhead during the season's play, has been installed as a slight favorite in the tourney.

The sub-district championship game, played at Warren on Saturday night, was somewhat of an anti-climax. The locals made hard work of scoring a 10-4 win over Warren, leaving 17 men stranded on the bases. A "believe it or not" was the fact that Warren's fine southpaw and all-round athlete, Peter Gilbert, issued 18 walks in six innings of pitching. He'll have to be a great deal sharper if he is pitching against Glyndon on Saturday afternoon. It's probable, though, that coach Jerry Cook will go with righthander Dick Engelstad.

Most of last week's action and excitement was in the first-round and semi-finals games played here on Wednesday and Thursday. The locals, making three come-from-behind rallies, defeated coach Don Ross' Roseau squad, 7-6. And in the other first-round game played on Wednesday evening, coach Leon Oistad's Karlstad team, behind the pitching of lefty Bob Price, had East Grand Forks beaten going into the seventh inning. With East Side runners on first and second, two out and Karlstad leading, 4-3, Dave Achen lofted a pop fly to second, but the Karlstad second baseman, who had booted a pair of ground balls earlier in the game, misjudged the fly and the ball fell behind him for a base hit, scoring Dennis Marek with the tying run. And in the last half of the eighth, East Grand Forks on an error, a walk and a single, won the game, 5-4.

The sub-district semi-finals, between Thief River Falls and East Grand Forks, was featured by an eight-run eruption by the locals in the fifth inning. Trailing 1-0 entering the last half of the fifth, Nickie Drees drew a walk, Billy Poole also walked and Rocky Wilson was safe on an error. Billy Olson walked, forcing in Drees, and pitcher Rich Anderson, who had hurled six innings against Karlstad the previous night, was taken out of the game. Lefty Dennis DeMers came to the mound, and he walked Karl Poppenhagen, sending in a run. Tom Cummings was safe on a fielder's choice, with Wilson scoring. Tom Tunberg walked. With the bases loaded, Bob Brodin lifted a grand slam home run over the left field fence. And that was the game as Billy Poole, after giving up two hits and a run in the third inning, pitched no-hit and no-run ball the remainder of the game.

Not a Heavy Diet

Prowler varsity football fans, that is the stay-at-home fans, will have a meager diet this season, with only three home games on the 1966 schedule.

Coach Jim Sims' varsity squad will play an eight-game slate, with the opener being a game against the Grafton Spoilers at Grafton on Friday September 9.

The games to be played on the Lincoln field here will be with the Red Lake Falls Eagles on September 16; the East Grand Forks Green Wave on September 23; and the Detroit Lakes Lakers on October 7. The East Grand Forks game is the lone Northwest conference game to be played before the home fans.

The Prowlers will play Grand Forks Central at Grand Forks on September 30; the Roseau Rams at Roseau on October 14; the Lumberjacks at Bemidji on October 21; and the Crookston Central Pirates at Crookston on October 28.

The appearance of Grafton on the schedule will mark the first time since 1950 that the Spoilers have been on the Prowlers' football slate. In that year, in a game played at Grafton, the Spoilers won by a 13-6 score. Since 1915, when the football rivalry with Grafton began, the Spoilers and the Prowlers have played 23 games. And the Prowlers have won 11, lost 10, and tied a pair. The most lop-sided game in the series was the 61 to 0 win that the highpowered Grafton team of 1920 recorded. The Prowlers most decisive win was in 1945, when they racked the Spoilers, 40 to 0.

Although there will be but three varsity games here, the local fans will have an opportunity to watch the 'B' squad in action in four games—against Crookston Cathedral, Crookston Central, East Grand Forks and Roseau — and the 9th graders in three games — against Red Lake Falls, Crookston Central and Warren — on the Lincoln field. These 'B' squad and 9th grade games, on the field here, will have a 7 p.m. kickoff time.

TUG of war contests held following the Jaycee-and Mrs. Jaycee-served free picnic Sunday afternoon in Tindolph park, provided boys and girls, and their parents, with a chance to let off steam. The final contest was between the Jaycees and the lifeguards and diving club members. The Jaycees lost the round, whereupon they challenged their adversaries to another contest. This time they released the rope on signal, and the divers went sprawling. The latter exacted revenge by heaving several Jaycees into the muddy Red Lake river.

District Legion Baseball Tourney Opens Saturday

Ninth District American Legion junior baseball tournament will be played on the Stauss field diamond in East Grand Forks on Saturday, Sunday and Monday, August 6, 7 and 8. Bob Marshall of Dilworth, the Legion's Ninth district athletic officer, announced the tournament pairings.

Listed on Daylight time, the tournament will open at 2 p. m. with Fergus Falls playing Fertile; 4 p. m. Glyndon will play Warren. The evening program on Saturday will find Red Lake Falls playing Breckenridge at 7 p. m. and Thief River meeting Moorhead at 9 p. m.

Semi-finals in the single elimination tourney will be played on Sunday, with the two Saturday afternoon winners playing at 7 p. m., and the Saturday night winners playing at 9 p. m. The district championship game, with the winner advancing to the state tourney to be held in St. Paul's Midway stadium starting on August 12, will be played on Monday.

The junior golf league competition continues to be a two-squad contest for first place, with the Union State Bank posting a 146-stroke aggregate on Thursday to move past the Froseth's Market team and take a one-stroke lead in the team standings.

The Union State Bank squad of David Kildahl, Scott Adolphson, Rob Womack and Paul DeBriyn picked up seven strokes on the Froseth's Market team. For the Union State, Kildahl had a gross 45 and net 34, Adolphson a gross 47 and net 37, Womack a gross 44 and net 38, and DeBriyn a gross 54 and net 37.

Players sharing low net honors were Billy Olson, Tom Goddard and Dave Kildahl, with the three golfers having 34's.

Billy Olson and Dave Sisler gained low gross honors, carding 41's.

The Froseth's Market foursome, with a net score of 134, moved into the lead as the city golf league concluded its second week of competition on the second round of the 1966 schedule. The quartet of golfers — Erling Olson, Al Adams, Frank Womack and Russ Embury — were ten strokes under par in their net aggregate. Olson had a gross 40 and net 34; Adams carded a gross 40 and net 33; Womack chalked up a gross 39 and net 34; and Embury had a gross 44 and net 33. The Froseth's hold a one-stroke lead over the previous week's leaders, the Standard Oil. The oilmen who recorded a 135 last week, scored an aggregate of 142 in Wednesday's play.

The low net individual scores marked up on Wednesday were a pair of 32's, with Dave Wegge and Ev Marshall coming in with the low score cards. Ron Kvikstad had the low gross score, turning in an even par 36.

TRF Merchants Defeat Gatzke In Playoff Game

The senior baseball Merchants advanced to the semi-finals in the Pen-Ro-Shell league by scoring a 1-0 win over Gazike in a game played on the fairgrounds diamond.

The Merchants will play Greenbush here on Wednesday evening, and the winner will move into the championship finals, which will be played on Sunday.

Sam Pike, the Merchants hurler, had a no-hit and no-run game for seven innings in Sunday's game against Gatzke. Gatzke made a scoring threat when they put together a pair of hits, but Pike finished off by pitching a no-run ball.

Manager Rich Lorenson's Merchants collected seven hits in scoring their well-earned 1-0 win. John Aune, an All-Midwest choice as catcher with Carleton college this past spring, received Pike's slants.

Four Local Boys Canoe to Grand Forks Last Week

The spirit of adventure which characterizes Thief River Falls youth was demonstrated last week by four boys, all aged 15, who made a 125-mile canoe voyage to Grand Forks.

The foursome composed of Tim Herber, Eddie Aakhus, Ron Droppo and Rex Rugland, left in two canoes at about 8 a. m. Tuesday. Their first camp was made on the riverbank between Red Lake Falls and Huot. By Wednesday night, they had paddled to a point between Fisher and East Grand Forks. They reached Grand Forks about 10 p. m. Thursday and camped on the riverbank there. Grundy Aakhus, Eddie's father, drove them home Friday.

Herber reported that the "voyageurs" saw a good deal of game along the river, including five deer and some raccoons. The water was shallow in places, making it necessary at times to wade and pull the canoes. Some rapids had to be contended with between St. Hilaire and Red Lake Falls. One portage was made around a dam at Crookston, and a semi-portage, carrying gear and leading canoes, had to be made at an old dam in the same area.

State Highway Employees to Get Overtime Premium

State employees in the Minnesota highway department may and should receive premium pay for overtime is the finding of a three-man grievance panel. They upheld the State Employees union, council, contention that premium pay can legally be paid to these highway employees who work overtime.

The action resulted from a "friendly legal test" under the governor's grievance procedure. This procedure is used in state employment on matters not covered by civil service law. District Judge Harold Schultz, St. Paul, headed the three-man panel which recommended to Highway Commissioner John R. Jamieson that premium pay for overtime be implemented on July 1, 1967.

The panel's report was made unanimous when Don Burns, international representative of the State, County and Municipal Employees union, AFL-CIO, and Richard Braun, assistant director of highway operations, both signed the recommendation.

State Employees union, Council 6, represents almost 2,000 highway department employees in 18 locals throughout the state.

Efforts Made to Solve Problem of Older Workers

A full-scale effort to solve the job problems of older workers is being launched in the Minneapolis and St. Paul offices of the State Employment service, Minnesota Department of Employment Security Commissioner Robert J. Brown announced today.

Persons outside of the Twin Cities who need employment help can contact any local office of the State Employment service, Brown said. Local office for the area is located at Thief River Falls.

A professional staff of specially trained interviewers and counselors has been obtained for both St. Paul and Minneapolis offices to provide expanded service. While 45 is the age at which such job problems usually begin, younger workers who experienced employment difficulties because of age will not be excluded from the special services, he said.

Arbitrary age restrictions are not the whole problem, Brown pointed out. "The older worker who becomes unemployed is faced with a combination of disadvantages which act as barriers to employment. The specialized services are aimed at helping him out of these difficulties."

Problems resulting from lack of sufficient education or skills demanded by changing occupations can be met by referrals for training and retraining, Brown said that experience with older workers who have received training testifies to the ability of the mature jobseeker to learn new skills.

A Living Nightmare

Former Minnesota Governor Orville Freeman must do a lot of floor-walking and head-scratching in his Washington office as secretary of agriculture. All of it isn't likely occasioned by his ardent desire to help the nation's farmers improve their lot in life; some is definitely attributable to his efforts to second-guess his advisers, please the President, keep consumers away from his throat and the farmers off his back while trying to establish or maintain some sort of wavering course down the middle of the road.

Hoard's Dairyman — a long-standing and generally respected publication — commented as follows on the milk production situation:

Obviously, Secretary Freeman is in a most difficult position. Here are some of the factors he must weigh:

Last fall, his technicians told him that milk flow would go up a half billion pounds in 1966. Later, they said it would drop 2.5 billion pounds. But, in the first five months alone production has dropped 2.56 billion pounds and it appears that total flow this year may be down five to six billion pounds.

High beef prices are a major factor because they have encouraged heavy culling of dairy herds. All forecasts indicate that prices of cow beef will remain strong into the foreseeable future.

Though this should be the secretary's "happy hour," with prices up where he has been trying to get them, he is faced with the prospect of such a shortage that prices will really boom, feeding the fires of inflation. The White House is determined to prevent this happening. So the secretary is trying to maintain his balance doing a high wire act. He wants prices to stay up, but not to go too high. To conclude his act successfully, he has to get some more milk to balance supply and demand at about the present price level.

If he ups price supports, consumers will blame him for high prices. The White House does not want to draw this criticism.

If he asks for authority to make direct payments, he will be accused of being a government handout artist.

Should he do either, farmers are not likely to be impressed because they know he can drop supports or quit making payments anytime he wants. So they are not apt to respond quickly nor in any volume. The most the Secretary can hope to achieve is the prevention of the continued heavy exodus of dairymen.

Of course, he can manipulate dairy imports to "manage" the supply and keep prices about where the administration wants them. But this incurs the political wrath of farmers and jeopardizes the reelection of administration - supporting congressmen in farm areas.

Even more important to the White House hierarchy, however, is the effect of dairy imports on the critical "balance of payments" problem. If the government adopts a policy of permitting the continued liquidation of the manufacturing milk industry, then butter, cheese, and powder must be imported to fill the needs of the country. This means a sharp increase in the outflow of money. We surmise that presidential economic adviser Gardner Ackley is deeply concerned about this factor.

So what should the Secretary do? What would you do? We suspect many of our readers would conclude that the best course is to do nothing, hoping that prices in the open market will go sufficiently high to maintain production but not so high as to encourage severe overproduction and a return to the days of heavy price-depressing surpluses.

In our opinion, neither a price support boost nor the use of direct payments at politically acceptable levels will influence materially the on-the-farm decisions of dairymen. They have been through price-support juggling too long to be greatly impressed. And the lessons of the past are too deeply imbedded to be erased by decisions which can be pledged by the government for only a short time.

Come Down to Earth

It is interesting to see how the perspective on things varies in accordance with the position or station a person has in life. For instance, take the following editorial by Luther Miller in "Railway Age":

Stuart G. Tipton, president of the Air Transport Association of America, is a persuasive and forceful spokesman for the airlines, and we have no real quarrel with either Mr. Tipton or the great industry he represents. But the view from 35,000 feet sometimes gets a little hazy, which may account for some remarks which Mr. Tipton made a couple of weeks ago in Oakland, Calif., at a "Fly Oakland Day" luncheon.

The ATAA president took prideful note of the "staggering" sums which the airlines have spent on new equipment in order to meet peak, as well as average, traffic demands. And he went on to say: "While Oakland and cities like Oakland throughout the country are now reporting adequate air service, the railroads are reporting a critical and growing shortage of freight cars which is adversely affecting the commerce of the country." He mentioned again, toward the end of his speech, the "serious dangers to the economy resulting from under-investment in railroad freight cars."

"Unless airline earnings increase substantially," Mr. Tipton warned his Oakland audience, "there is serious danger of under-investment." In other words — what has happened to the railroads shouldn't happen to the airlines.

What follows is not news either to Mr. Tipton or to our readers, but it can never be put on the record too often — especially when airlines are chiding the railroads for imperiling the national economy by "underinvestment" in equipment.

Item 1: By the end of this year the federal government will have poured $10 billion into the domestic air industry—for airports, airways and cash subsidies to airlines. (How many airplanes, or freight cars, would that buy?) The stated objective has been to help a fledgling industry earn its wings.

Item 2: This "fledgling" industry last year earned an 11.8 per cent return on investment — topping the 1951 record of 11 per cent but still not enough, according to Mr. Tipton, to insure adequate capital investment by the airlines. The railroads' rate of *return last year was 3.8 per cent* —yet they "underinvested" more than $1 billion in freight cars. This year, the railroad industry (with no help from the federal government and no promise that the rate of return will be substantially higher than it was in 1965) will make capital expenditures now estimated at more than $2 billion — and by far the biggest chunk will go for freight cars.

Is anyone still up there on Cloud 9?

We Don't Understand

Perhaps we have missed an important point somewhere along the line, but there are a few things we don't really understand about our involvement in the political and military affairs in Southeast Asia.

For instance, how can our government commit to front-line service the young men of the nation which is not legally at war? Between 4,000 and 5,000 American servicemen have been reported killed in Vietnam, and the only apparent accomplishment is the maintenance of the status quo.

Our military planes ply the air routes of a foreign nation and drop their payloads of death and destruction on a huge scale, yet our government assumes that we are peaceful and friendly people who should not be held responsible for our actions.

Of course no American wants to see other Americans placed on trial, punished or executed for their part in the Vietnamese war—and it is a war in the most real sense of the word. But life and death are very real in Vietnam, just as they are in the United States. We imagine our reaction to concentrated and repeated bombing in our nation would not be looked upon with great favor. We would certainly consider any nation perpetrating such action as an aggressor, and we would act accordingly.

In Vietnam, as in any war, it is the innocent people acting under orders or merely caught up in the situation of being where they are that suffer the most. Our servicemen, almost to a man, agree that they have a responsibility to discharge in Vietnam and that they know why they are there. This nation can do no less than to offer its utter and complete support.

But while we support our fighting men, and we agree that the spread of communism should be halted, we must admit that there are many things about our involvement which we don't understand. And we wonder, does anyone really know?

How to End a Career

One staff member of the Democratic National committee likely found out last week that there is one way to put a sudden end to a career in politics. That is to invite a newsman to a closed political session where campaign strategy is being outlined for candidates.

This was the mistake made by one staff member last week who apparently thought a news briefing was to be held at the meeting in Washington.

Aldo Beckman of the Chicago Tribune attended the session and quoted Secretary of Agriculture Freeman as saying, "There is a reaction far deeper and more bitter than I could ever have anticipated Farmers know what a tremendous minority they are and they are very sensitive."

The story by Beckman said Freeman told the candidates they should not try to handle questions from voters on the increased cost of living.

Freeman was quoted as saying, "I've been trying to figure out an answer to that question for six years. Slip, slide and duck any question on higher consumer prices if you possibly can. Don't get caught in debate over higher prices between housewives and farmers. If you do, and you have to choose a side, take the farmer's side. It's the right side, and, besides, housewives aren't nearly as well organized."

Congressman Bob Wilson of California, chairman of the Republican congressional committee, said Freeman's comments may not have been intended for the public but that ". . . he never the less has provided the country with the 'great society's' blueprint for the 1966 congressional campaign."

There was no doubt very little surprise in this area at the secretary's advice to candidates. Our rural area has been aware for some time that farmers have been given the blame for rising consumer prices although their own income has been slipping further and further behind the national average. If we were secretary of agriculture, we would rather that nobody talked about such unpleasant subjects either.

Borrowed Nonsense . . .

An $8,000 Cadillac convertible shot by a jalopy on a country road. The driver leaned out and hollered: "Hey, rube! What's making that awful rattle in that chariot of yours?"

"I reckon," replied the owner of the jalopy, "it must be the $7,500 jingling in my pocket."

Looking Backward

1896—SEVENTY YEARS AGO

Henry Mourek, who came to this city recently from Michigan, was drowned in the Red Lake River.— Sharing in an excursion to Red Lake on the Steamer Alice M. were E. M. Hoff, M. E. Bjerk and H. E. Ives of St. Hilaire, and Charles Tedford, Jim Brown, George Caine and P. Mechim of Thief River Falls. — J. Berry, photographer, is displaying some fine pictures. — Lightning struck a barn belonging to Rev. Bedessen killing a cow and several pigs. — Fant's store has its new shelving and fixtures in place, and they are as fine as anything west of Chicago.

1906—SIXTY YEARS AGO

John B. O'Brien of St. Hilaire seems to be the unanimous choice of the people of Thief River Falls for the office of county auditor. A list of remarks by local citizens appearing in the News makes this apparent. — Gen. C. C. Andrews, forestry commissioner, suggested that legislative candidates be pledged to forestry. If the present trend continues, he said, all Minnesota pine will be cut within 10 years. — Dan Patch, world's fastest pacing stallion, and Cresceus, tempt to lower their records at the state fair September 3.

1916—FIFTY YEARS AGO

Frank B. Kellog, candidate for the U. S. Senate, spoke at the Pennington county fair. — Earl Weeks, son of Mr. and Mrs. J. J. Weeks, was ordained into the ministry at the Synod church here. — H. O. Loken is erecting a bungalow on First st. at Knight ave. — Ed Brevig returned fomr a visit with his parents in Black River Falls, Wis.

1926—FORTY YEARS AGO

Dr. C. E. Snyder of Warren took over the dental practice of Dr. Edmund Copeland. — An alfalfa float bearing an eight-piece band left this city on a booster tour of southern Minnesota. — Nearly 500 Duluth and Superior businessmen visited this city in the course of a tour of the state.

1936—THIRTY YEARS AGO

Dr. O. G. Lynde and Tom Waale are erecting a business block on LaBree av. N. — Dr. C. M. Haug disposed of his dental practice to Dr. J. G. Hillard, a recent graduate of the University of Minnesota. —Mr. and Mrs. Jordan Penney and daughter of Minneapolis visited at the Dr. G. A. Penney home.

1946—TWENTY YEARS AGO

Kern Olson was named to succeed Alex Cloutier as chef de gare of the local 40 et 8 voiture. — Morris Owen and J. P. Rosengren were among local Boy Scout leaders who attended the dedication of the new Scout camp on Oak Island in Lake of the Woods. — Alfred Forslund, Numedal pioneer, was killed when his car left the highway on TH 1 and rolled over in the ditch. — Clarence Berglund was named manager of the Western Oil & Fuel Co. bulk plant here, succeeding Anton Hall, who will travel for the company.

1956—TEN YEARS AGO

War veterans from Minnesota, North Dakota and Canada will meet in this city August 4-6 for the 12th annual convention of the International War Veterans Alliance. Banquet speaker will be Col. Hubert Schon, state Civil Defense director. — Sen. Estes Kefauver bowed out of the presidential race, asking his supporters to back Adlai Stevenson. — Janice Helgeset, 17, was chosen queen of the 1956 Jaycee Aquacade out of a field of 19 entrants. — Dr. Myron T. Schervheim of Kensington arrived here to take over the dental practice of the late Dr. G. W. Booren.

1966 Hunting, Trapping Seasons Are Announced

Details of the 1966 hunting and trapping seasons were released today by the Minnesota Conservation department.

Minnesota will have a 23-day pheasant season this year with a limit of two roosters daily and four in possession. Opening day will be October 29. Last year's 23-day season with identical limits resulted in a light take of 220,000 roosters, compared to an average kill of about one million birds.

Game and Fish Director Ted Shields said that the pheasant population is up from last year in southern counties spotty in the central area, and down in the northern part of the range. Decreases in breeders in the northern counties resulted from more severe winter weather. Nesting conditions have been about average to date.

This year's season will open a week later than last year to allow farmers more time to complete their fall harvest.

Although hunting is expected to be below average this fall, especially in the northern part of the pheasant range, the department anticipates some improvement in the southern counties. The small bag limit is designed to help distribute kill among as many hunters as possible.

Shields emphasized that the number of roosters shot in the fall has little or no effect on the birds available for the next year's hunting season. He said that, "In Minnesota we have one rooster for every two or three hens during the nesting season. This is an ample supply of roosters to assure maximum reproduction."

Shields noted that some of the best increases this year occurred in counties which received the heaviest hunting pressure last year. Some of the severest declines occurred in counties where there was very little hunting.

Shields urged hunters to "line up a place to hunt" before the pheasant season opens. Competition for hunting areas is especially heavy on opening weekend. Shields also warned hunters against the accidental shooting of hens, stating that game wardens have been instructed to intensify their efforts to apprehend violators.

The Hungarian partridge season will run concurrently with the pheasant season, with limits of three daily and six in possession.

The ruffed grouse season will run for 30 days statewide, beginning October 8 with a limit of three birds daily and six in possession. A second ruffed grouse season of 16 days will be held again this year, starting November 15 in the southeastern part of the state.

Shields reported that the ruffed grouse population has improved again this year, although it is still below the 10-year average. Hunting should be better than last year but still not up to normal.

He said that the winter of 1965-66 provided good snow-roosting conditions for grouse. Sufficient snow depth for under-the-snow roosting provides protection from severe cold and natural enemies. The October 8 opening should provide good grouse hunting conditions since most leaves will have fallen and visibility should be good.

The sharptailed grouse season will also open October 8 and run for 16 days, with a bag limit of two birds daily and four in possession. Although field observations indicate more breeding birds in some areas, the sharptail population is still low. Only that portion of the state north of U. S. highway 2 and east of highway 75 will be open for sharptail hunting this year.

Mink and muskrat trapping season will open on October 29 north of U. S. highways 10 and 210. Trapping will open on November 5, a week later, in the southern zone. Trapping will terminate on December 18 in both zones.

This year trapping will start at noon on opening day, with daily trapping hours from 6 a. m. to 6 p. m. thereafter. The noon opening will give trappers a chance to make their first sets during daylight hours. It will also give game wardens a better chance to apprehend those who try to get a fast start.

Trapping in muskrat houses will be allowed again this year. On the Upper Mississippi National Wildlife refuge, regulations will permit muskrat trapping under federal permit until December 31. Mink trapping season will be closed on this federal project. Raccoon and badger are unprotected and may be taken throughout the year.

The firearms deer season will open November 12 and run for nine days in the primary deer range (zone 1) in northern Minnesota. Game and fish laws permit a maximum season of nine days between November 1-21.

The November 12 deer opening maintains the well established policy of setting the season as late as legally possible and still providing two full weekends of hunting, Shields said.

Last year, 290,000 minnesota hunters set an all-time record by bagging 127,300 deer. Shields said that "our deer herd is still large in spite of the deep snow last winter. Thick crusts on the snow permitted deer in northeastern Minnesota to move about and find

The plan for "emergency winter care of deer and for deer yard improvement" which was carried out by the department last winter, in cooperation with sportsmen and conservation organizations, also helped keep deer losses to a minimum.

Although there was some deer starvation it was confined primarily to fawns and was not serious enough to warrant any restrictive regulations this year. Shields said that the deer herd is still large and that hunters can expect a good season this year.

Except for one large closed area in the southern part of the state, deer hunting zones will be approximately the same as last year's with only minor changes made to conform to local conditions. Details will be available in a few weeks, when a map of the zones will be distributed statewide, Shields said.

As previously announced, there will not be a special early teal season this year. Other waterfowl seasons will not be set until late August, following receipt of the federal regulations establishing the basic framework of the season length and bag limit, Shields said.

MUSIC for the outdoor Jaycee Aquacade festivities Sunday afternoon in Tindolph park was provided by the Thief River Falls Legion-Municipal band. The concert began at 7 p.m. and continued until 8 p.m. prior to the fireworks display after sundown. Director of the band is James Solsten, shown standing at left with the trumpet.

Jehovah Group Attends Confab In Winnipeg

Local delegates to the "God's Sons of Liberty" district assembly of Jehovah's Witnesses returned home with words of high praise for the five-day gathering. The Winnipeg football stadium, home of the Blue Bombers, was transformed into a giant convention hall for the July 27-31 event.

R. H. Wetenkamp, presiding minister in this area, headed the local delegation. Describing the assembly, he said, "Jehovah's Witnesses were present from 36 states, seven provinces, Central and South America, Denmark, India, Africa and Japan. Attendance climbed to 18,207 on the final day."

According to Wetenkamp, the convention was one of a series of 13 mid-summer regional conventions held by Jehovah's Witnesses throughout the United States and Canada this summer. Purpose of the gathering, he said, was to hear layman language Bible discussions and to see practical dramatizations based on advanced Bible subjects, so that all in attendance could increase their ministerial effectiveness.

Newfolden Lady Attends Writing School in Cities

Mrs. Philip Dyrud of Newfolden attended the fourth annual School of Christian Writing July 18-20 in Minneapolis. The school was sponsored by "Decision" magazine and convened at the Billy Graham association headquarters.

Of approximately 500 applications, 138 enrollees were selected to attend the school. Participants represented many areas of the United States and other nations including Canada, England, France, Bolivia, Ghana and Ecuador.

In addition to members of the "Decision" editorial staff, speakers included Dr. Myron S. Augsburger and Dr. David A. Hubbard.

Olson Resigns As Commissioner Of Conservation

Wayne H. Olson has resigned as Minnesota conservation commissioner to run for state attorney general. Today he expressed his gratitude to conservation department personnel for the support given him during his three years as commissioner.

Deputy Commissioner Robert L. Herbst will assume leadership of the department until the Governor makes a new appointment to the post of commissioner.

Olson said the decision to leave the department and file for the attorney general's office was not an easy one to make.

"While the responsibility for determining policies affecting the natural resources of the state requires making grave and difficult decisions', he said, "there is also the satisfaction of having some influence on the conservation or wise use of those resources.

"In making those decisions,' said Olson, "I had the benefit of the advice and support of a group of dedicated and well qualified public servants - the personnel of the Minnesota conservation department. No administrator could ask for a harder working, more unselfish group of employees.'

He said he was "continually amazed" that the department has been able to maintain the caliber of its personnel with the "persistently low salaries offered by state service in comparison with similar positions in other states, private industry and the federal government."

However Olson said, the recent resignations of several experienced professionals from the department are a clear warning that salaries must be revised upward if the high quality of resource management is to be maintained in the state.

The quality of that management, he added, will largely determine the personal well-being of every Minnesota citizen during the coming years.

Olson said that improvements in department organization and the implementation of the Natural Resources act provided him with the greatest satisfaction during his tenure as commissioner. "The present remodeling and expansion of the conservation building at the state fair grounds also fulfills a long need,' he said, "but further efforts in the field of conservation are required to make the public aware of natural resource needs.'

SYMBOL OF SAFETY

You never mistake the meaning of a Church spire.

Even to those who are cold to the ideals for which the Church stands, that finger of faith always points to something that is comforting, reassuring, safe.

The very presence of a Church, whether in a crowded city street or on a quiet country road, is a benediction to all, including those who are not conscious of worship.

Such an influence, with what it means to those who open their hearts to truth, is worthy of a second thought. It merits acceptance as a refuge. It commands confidence as a port in time of storm.

The Church deserves your support — your membership — because it affords real protection for the family whose welfare it is your duty to defend and whose proper upbringing is your solemn obligation.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CARAVAN of NFO-affiliated dairy farmers from Pennington and Red Lake counties formed at Brooks late Thursday morning and proceed to Winger to participate in the "sell a cow for slaughter" campaign. The two trucks pictured above are in the process of being unloaded at the Winger NFO sales barn, and are decorated with signs reading "Here goes your milk to the slaughter house" and "Milk is only 79 per cent parity." Participants in the caravan, left to right, are Bennie Johnson, Goodridge; Calvin Sorenson, Thief River Falls; Henry Hovet, Goodridge; Orville Rolandson, Thief River Falls; Don Erickson, Plummer; Edward Stucy, Goodridge; Richard Peterson, Plummer; Ed Bruggeman, Thief River Falls; Merle Lundeen, Oklee; and William Peterson, Plummer. Darrow Lundeen of Oklee is standing on the running board behind Rolandson.

Protest on Milk Prices

Area NFO Dairy Members Ship Cows to Slaughter

In an effort to make known to the public the low prices received by farmers for milk, farmers throughout the Seventh district who are NFO members took part in a "sell a cow for slaughter" action held during the past week.

On Thursday a total of 205 dairy cows were trucked to the NFO collection point at Winger and sold for slaughter. At the sale were 156 separate consignors representing 28 counties in northern Minnesota.

Also included in the sale were six bulls, 30 steers and heifers, 30 mixed feeder cattle and 10 veal calves. Canners sold for 16 to 17 cents a pound. Cutters went for 17.50 to 18 cents a pound; heifers, 19 to 20; veal, 31; and medium veal, 27 to 29. A string of black steers bid at 23.50 went for grade and yield. One bull weighing 1,675 sold for 23 cents a pound. Common and in-between bulls went at 19 to 21 cents.

In addition to each farmer selling one milk cow for slaughter, each NFO member is allowing a calf to consume milk that would normally have been sold, the object being to cut milk production and thereby raise the price of milk.

Figures taken from "Minnesota Agriculture" show that milk cows in Pennington county dropped from 6,200 in 1963 to a low of 5,300 in 1966, which indicates a drop of 900 milk cows and heifers kept for milk in a period of three years.

It has been estimated by a leading feed company that it costs $5.15 to produce 100 pounds of milk in a 40-cow herd averaging 12,000 pounds of 3.6 milk. For the producer to realize a five per cent profit for his efforts he would have to receive $4.40 per hundredweight for his milk. During the first half of July, farmers in this area recieved $4.30 per hundredweight for grade A milk, NFO officials said.

Processor 2
Producer 1
Consumer 3

SOURCE of the current discontent of northern Minnesota dairy farmers is expressed in concise terms in the above placard. Out of the recent three-cent price increase of a half-gallon of milk handed to the consumer, the producer receives one cent and the processor, or "middle man", receives two cents, NFO officials claim. The truck, owned and driven by Edward Stucy of Goodridge, participated in a caravan to Winger, site of the "sell a cow for slaughter" action Thursday afternoon.

City Court Tries 7 Cases Monday

Seven cases were brought for trial before Judge Stanley N. Mortenson in Monday's session of Thief River Falls municipal court. Two additional city police cases were handled previously. On July 25, Richard Lorenson, city, appeared on a charge of speeding and was fined $19 of which $7 was suspended. Anita Sue Prichard of Anoka appeared July 28 on a speeding charge and was fined $15.

Chared Monday by the highway patrol were Richard Rigo, New York City, speed, $15 bond forfeited; and Harvey R. Haugen, Newfolden, improper parking, $15 fine.

City police cases included Bruce Howick, rt. 1, speed $16 bond forfeited; Joseph Vallet, city, failure to heed stop sign, $15 bond forfeited; David Melin, rt. 2, Red Lake Falls, illegal muffler, $15 fine; Tilmer Johnson, Plummer, speed, $22 fine with $8 suspended; and Helen Warkentin, Grunthal, Man., speed $17 bond forfeited.

Mrs. H. Johnson To Attend Legion National Meet

Some 175 Minnesotans are slated to attend the 48th annual national convention of the American Legion and auxiliary in Washington D. C., August 26 to September 1.

The 103 official Legion delegates will be led by Ernest M. Dieterich, Austin, immediate past state commander, and 26 official auxiliary delegates will be headed by Mrs. James Walker, Robbinsdale, immediate past state auxiliary president. Mrs. Harold M. (Mae) Johnson, Thief River Falls, department president, will be among the auxiliary delegates.

Daniel F. Foley, past national commander, Wabasha, Adolph Bremer, Winona, vice chairman, publications commission, and Mrs. Merrill K. Smith, Elmore, national vice president of the auxiliary, will head up a group of more than 25 Minnesotans who are members of national committees and commissions and who will take part in pre-convention meetings of their committees scheduled for August 26 and 27. Other Minnesotans who will represent Minnesota on the 17 convention committees, will be in Washington on August 28 for the meetings of the committees to which they are assigned, to consider and recommend action on the many resolutions, directed to the national convention by the 58 departments and the standing national committees. Seven of the resolutions to be considered stem from Minnesota.

One of the major items of interest for consideration at the national convention will be the proposed change in membership eligibility dates for legion membership. Minnesota was one of the pioneers in this proposed change and delegates will be watching this item with interest.

Half Inch of Rain Soaks City Friday Night

Warm and humid conditions have prevailed in northwestern Minnesota during the past several days, and resulted in heavy thunderstorms Friday night. Severe storm warnings were posted for the entire area late Friday afternoon. Rain and extremely heavy cloud cover blanketed the local area Friday night. A total of .50 inches of rain were recorded Saturday morning at the airport, and two inches were reported from Silverton township to the east.

Forecast calls for variable cloudiness today and tonight with scattered showers and thunderstroms and continued mild temperatures. It will turn partly cloudy and cooler tonight. Winds will be variable from eight to 15 miles per hour today. Highs today will range from 84 to 90: lows tonight from 58 to 63. Chances of precipitation are pegged at 60 per cent today, 30 per cent tonight and 20 per cent tomorrow.

Temperature and precipitation readings recorded at the municipal airport are as follows: 76, 58 and .21 inch on Monday; 81 and 51 on Tuesday; 85 and 55 on Wednesday; 86 and 60 on Thursday; and 85 and 62 on Friday.

Changes Noted In Election of ASC Committee

Several important changes in election details, initiated last year at the county convention held to elect ASC county committeemen, are designed to give more continuity and stability to operating policies in ASCS county offices and to improve administration of farm programs by local committees, according to Marcel Dahl, chairman of the Marshall County Agricultural Stabilization and Conservation committee. The convention will be held August 15 in Warren.

The chairman explained that the changes are part of a continuing process to make more effective use of farmer - committees in local administration of programs, to increase their importance and status and to attract outstanding farm leaders to serve in these positions.

One change in the convention elections is that all regular members of the various community committees within the county (instead of the chairmen only) elect the county committeemen. Other changes are that the county committeemen are elected for three-year staggered terms instead of for one year, and the service of each county committeemen will be limited to three consecutive terms. Previously there has been no limitation.

In the 1965 county convention, one county committee member was elected for a one-year term, one member for a two-year term, and the third member for a three-year term. Therefore in 1966 and succeeding years, the annual county convention normally will elect only one member of each county committee, for a term of three years. (This of course could vary according to the number of actual vacancies on the committee.) Each year, the convention also elects a first and a second alternate committeeman, each for a one-year term.

After the committee members are elected, the delegates vote again to determine which of the regular members are to serve as the chairman and the vice-chairman. The conventions redetermine these positions annually.

A qualified candidate for service on the ASC county committee is one who is a resident eligible to vote in one of the community elections in the county and who meets other eligibility requirements. The chairman stressed the desirability of electing members who are actively engaged in the operation of a farm and who are representative of the type and kind of farming in the county. Other details as to qualifications of candidates are available in the ASCS county office.

Any questions on eligibility to hold office as an ASC county committeeman will be decided by the incumbent county committee subject to appeal to the State committee; the convention would proceed however, on the basis of the county comittee decision.

Programs administered by ASC committees are directed toward encouraging conservation and increasing farm returns by means of price supports and market supply-management, as well as by payments, Dahl said.

Mr. and Mrs. Marshall Kays returned Saturday after spending the week visiting relatives at Ottertail Lake and Fergus Falls.

Roy A. Jorgenson

Jorgenson Named As Director of Council at Oklee

Roy A. Jorgenson, Thief River Falls, was named to fill the position of director for the Inter-County Community council, Oklee, at the last meeting of the council's board, June 13. The appointment was made to fill the vacancy created by the death of the former director, Edwin J. Bilek, also of Thief River Falls.

Prior to his employment with the Inter - county Community council, Jorgenson was employed by Northern Chevrolet, Inc. He has been active in civic and veteran's affairs. He is presently a member of the Thief River Falls city council and is quartermaster for the Veterans of Foreign Wars post 2793. He is past commander of this post and past commander of the 9th District Veterans of Foreign Wars, department of Minnesota. He has been employed as director's aide to the Inter - County Community council as accountant and field representative during the past year.

Inter-County Community council is the Administrative agency for local programs sponsored under the economic opportunity act of 1964. The council has the following projects active, or being initiated, in the four - county area it serves: project "pretty-up", nursing home therapy program, school social services, school psychological service (Pennington and Red Lake counties); and three child development centers, (head start, Red Lake and Clearwater).

The 16-county neighborhood youth corps project now active is also under the administration of the Oklee office now directed by Jorgenson.

SBA Man To Visit G. Forks Tuesday

Richard D. Jenkins, a representative of the Small Business administration, will be in Grand Forks on Tuesday to meet with anyone interested in assistance through SBA's lending, management assistance and procurement programs. He will be located in the Chamber of Commerce office, 105 North Third Street, from 9 a.m. to 4:30 p.m. No appointment will be necessary.

Through the SBA loan programs, financial assitance can be provided, to most types of business to either expand an existing business or to establish a new business. During the past month the Fargo regional office participated with several home-town banks providing long-term financial assistance for small businesses.

KARLSTAD Family Singers will be featured at Trinity Lutheran church Friday at 8 p.m. The Family Singers, now in their seventh year as a concert group, are currently on a concert tour from coast to coast, appearing in such cities as Portland, Seattle, Regina, Ottawa, Montreal, New York, Washington, Pittsburg, Indianapolis, Milwaukee, Dubuque, Minneapolis, Grand Forks, Denver, Albuquerque, Phoenix, San Diego and Los Angeles. The group is from Tacoma, Wash. No admission will be charged for the concert, but a free-will offering will be taken.

Small Grain Harvest Now Underway in Area

Small grain harvest in the Thief River Falls area began last week on early fields of rye, barley and oats, with quality generally good on all three crops, according to reports from local elevators which have received some grain. Since the Commodity Credit corporation has taken delivery of a large amount of 1965 crop grain, however, it is expected that much of this year's crop will be stored on the farm.

Farmers are reporting some thinning of the stands because of standing water from heavy rain in late June and early July, according to Terry Courneya, Pennington county agricultural agent. Above normal temperatures during the second week in July caused some premature ripening in the earlier-planted small grains.

In general, however, the quality is good and yields should be average, he said. With continued favorable weather — which was in evidence until last night's heavy rains — the mid-season and later small grains should yield very good in both quality and weight.

Charles Kotaska, manager of Farmers Cooperative Grain and Seed association, noted that the first grain was received a week ago Saturday. Since that time, barley, oats and rye have all been brought to the elevator.

Barley was reported as stained due to moisture but weighed from 43 to 45 pounds per bushel, with 55 to 80 per cent plump kernels. Barley combined was dry, although several farmers brought samples which indicated too high a moisture content for threshing. So far, barley has been low in protein — a desirable situation for malting.

Oats has averaged from 35 to 38 pounds per bushel — rated as heavy to extra heavy — and has been of good quality. Rye received to date has also been of good quality.

Jim Klosterman at Osborne - McMillan elevator noted that barley received there has averaged 45 to 46 pounds and was 65 to 80 per cent plump with low protein content. Oats received weighed 38 pounds and was of good quality and rye received has all graded number one.

Courneya noted that Timothy seed harvest is also in progress and farmers are getting good quality and yields. Second cutting alfalfa was being put up in excellent condition until last night's rains and tonnage was reported to be good.

An average flax harvest is anticipated with some yield losses expected from the aster yellows virus which is present in many fields this year, the county agricultural agent said.

Barring extended periods of rain or other bad weather, late-seeded crops are also expected to produce average yields and quality. General concensus of opinion seems to be that crops should be average or better than average throughout the area if the weatherman cooperates—and an average crop will be much better than those the area has experienced - the past four years.

Theatre Group To Meet Tuesday

Thief River Falls Community Theatre members will meet Tuesday at 8 p.m. in the city auditorium. Production of the last play presented will be discussed and consideration will be given to the third play to be presented by the group. The first plays presented were "The Tender Trap" and "Romanoff and Juliet".

Junior College Students Request Part-Time Work

Many freshmen and sophomore students who will be attending Thief River Falls junior college this fall will need part time jobs. Dean Victor Charles hopes that business and industrial firms as well as other employers and individuals will telephone the college listing job opportunities for present and future part time work.

College girls have indicated experience in typing, office work, clerking in stores, baby-sitting and housework. College men are available as gas station attendants, window washers, store workers and as other laborers including farm work.

The college office telephone number is 681-2181.

Social Security Man Here Tuesday

Ted Haversten, field representative of the Social Security district office in Grand Forks, N. D., will be in Thief River Falls at the city auditorium on Tuesday from 9 a. m. to 2 p.m.

County ASC Will Hold Convention

Patrick W. Culkins, office manager of the Pennington county Agricultural Stabilization and Conservation service office, announced today that the ASCS county convention will be held on Monday August 15, at 8:30 p.m. in the meeting room of the courthouse at Thief River Falls.

Eunice Kahle Is Bride Of Gene C. Weckwerth

Grace Lutheran church of Mora was the setting for the recent candlelight ceremony when marriage vows were exchanged by Miss Eunice Mae Kahle, daughter of Mrs. Beatrice Kahle of Mora and Raymond Kahle of St. Cloud, and Gene C. Weckwerth, son of Mr. and Mrs. Clarence Weckwerth of Thief River Falls.

The Rev. Chester R. Nelson officiated at the double-ring evening ceremony with approximately 200 guests in attendance. Mrs. Bernard Nordenstrom of Mora was organist and before the bridal procession, she accompanied Mrs. Clarence Weckwerth, mother of the groom, as she sang, "Together With Jesus". Jon Scheele of Braham sang, "Entreat Me Not to Leave Thee" and as the couple knelt at the altar he sang "The Wedding Prayer".

Forming the chancel background for the wedding party were arrangements of palms and candelabra. Large white bows and candelabra lined both sides of the center aisle.

The bride, given in marriage by her father, wore a floor-length gown of white peau de soie designed with a detachable watteau train. The fitted bodice, fashioned with a rounded neckline and sleeves that tapered to a point over the wrists, was enhanced with lace. Matching lace also adorned the bottom of the skirt and trimmed the train. Her fingertip veil of illusion was caught to a crown of pearls and she carried an arm bouquet of calla lilies and foliage.

Mrs. Marilyn Strelow of Braham, sister of the bride, was matron of honor. She wore a candy-pink floor-length gown of the same design as the bride, and to match her gown she carried a basket of pink rose buds, baby mums, daisies and shaded carnations. Bridesmaids were Ginny Elliott of Minneapolis, friend of the bride, and Alyce Weckwerth of Thief River Falls, sister of the groom. They wore fuchsia - pink floor - length gowns, of the same design as the matron of honor, and carried baskets of similar flowers in shades to match their gowns. As a gift from the bride, the attendants wore cabbage rose headpieces, to match their gowns, white gloves and pearl pendants, set in golf leaf design.

Flower girl, Vicki Anderson, niece of the groom, wore a floor-length gown of white peau de soie with a white cabbage rose headpiece and carried a basket of roses daisies and baby mums. Her golden locket was a gift from the bride.

Bradley Strelow, nephew of the bride was ring-bearer. Serving the bride as her personal attendant was Mrs. Myron Kahle, her sister-in-law.

Jim Weckwerth of Kansas City, Kan., brother of the groom, was best man. Other attendants were Myron Kahle of Minneapolis and Dale Dagoty of Rockford, Ill., brothers - in - law of the bride and groom, respectively.

The mother of the bride was attired in a turquoise tweed suit Weckworth wore a pink linen dress with patent accessories. Mrs. with matching accessories. Both wore corsages of pink roses and carnations.

The reception in the church parlors, given by the mother of the bride, was held immediately following the ceremony. Sisters of the groom, Mrs. Dean Anderson, presided at the guest book and Myrna Weckwerth, served the punch. Friends of the bride, Mrs. Gary Tauer, cut the wedding cake, Mrs. Richard Schoeben, Mrs. Peter Leinonen and Mrs. Einar Hovland, presided at the silver service and Karen Meyers and Ardis Cirpinski, opened and displayed the gifts. Members of the Ruth unit of the Grace Lutheran church women served the reception.

For going away attire, the bride wore a burgandy two-piece dress with patent accessories and a corsage of white roses.

Mrs. Weckwerth a graduate of Mora high school, was employed for the past five years in Minneapolis. The groom, a graduate of Lincoln high school and Brown Institute of Minneapolis, is employed with IBM as a Customer Engineer at Rockford, Ill.

After spending two weeks in Northern Minnesota and visiting relatives, Mr. and Mrs. Weckwerth are now at home at Rockford, Ill.

Eddie Arvesons Honored On Their 50th Anniversary

Mr. and Mrs. Eddie Arveson of the Trail-River Valley area, were guests of honor at a golden wedding celebration held recently at the Nazareth Lutheran church in that area.

Hosting the event were their children, who were all home for the occasion. They were Clifford Arveson of Trail, Verner of Oklee, Alvina of Thief River Falls, Loyd of International Falls and Vernon of Charleston, S. C.

A short program with Lloyd Arveson in charge, preceded the reception. It included a reading by Mrs. Orville Christianson and vocal selections by Mrs. Martin Solseng Jr., who also gave a brief history of the lives of the couple. An account of incidents in the lives of the children, while they were living at home, was given by Alton Solseng. The program concluded with a devotional message by the Rev. Herbert Larson.

At the reception, bouquets of yellow mums centered the tables. An anniversary cake, decorated with golden roses, graced the serving table.

Mrs. Henry Nash of Fordville, N. D., and Mrs. Marit Solseng Sr., sisters of Mrs. Arveson, cut and served the cake while Mrs. Lilah Martinson and Mrs. Palma Strand poured. Guests attending were registered by Mrs. Fred Wilde and the waitresses were Mrs. Clifford Swanson and Miss Pamela Hanson, granddaughters of the honored couple.

Among the congratulatory messages received was the one from Mrs. Sophie (Arthur) Arveson of Washington, who together with her late husband were attendants at the wedding when Eddie Arveson and Hannah Bakke were married in Thief River Falls on Dec. 1, 1915.

Parent And Bulger Vows Said Recently at Argyle

Miss Diane Clara Parent, daughter of Mr. and Mrs. Omer Parent of Argyle, and Gerald Louis Bulger, son of Mrs. Alfred Bulger of Stephen and the late Alfred Bulger, exchanged marriage vows Saturday, July 9 at a morning ceremony at the St. Rose of Lima Catholic church at Argyle.

The Rev. Donald Krebs officiated at the double ring ceremony attended by approximately 60 relatives and friends of the couple. Nuptial music was provided by the organist, Mrs. Lyle Beudry. Baskets of gladioli accented with snapdragons graced the chancel.

The bride, given in marriage by her father, wore a street length gown of white crepe chiffon over taffeta topped by a matching coat of chiffon and Chantilly lace. A tiara secured her shoulder-length veil of silk illusion and she carried a bouquet of red roses accented with magnolias.

The bride chose her niece, Mary Lou Anderson of Stephen as her only attendant. She wore a pink empire fashioned gown enhanced with white Schiffli embroidered eyelet lace. To complete her attire she wore a pink veiled headpiece and carried a bouquet of pink baby roses and white carnations.

The groom was attended by his nephew, Ronald Gerhardt of Bismarck, N. D. as best man. Nephews of the bride, Larry and Wayne Mickelson, were ushers. The men of the wedding party wore black business suits and white carnation boutonnieres. The groom's boutonniere was a red rose taken from his bride's bouquet.

The mother of the bride wore a pink floral frock with white accessories and a corsage of red and white roses. The groom's mother was attired in a brown knit dress with coordinating accessories. Her corsage was composed of yellow tea roses.

A wedding dinner served in the church dining hall by the parents of the bride, followed the ceremony.

The three-tiered wedding cake, trimmed with pink roses and topped with white wedding bells, was cut and served by Mrs. Ernest Anderson, sister of the bride. Susan Gerhardt, niece of the groom, registered the guests while Mrs. Rolland Parent and Eloise Parent, sister-in-law and cousin of the bride, respectively, opened and arranged the gifts.

Guests attending the wedding were from California, Cleveland, Ohio; Bismarck, N. D.; International Falls, Warroad, Minneapolis, Thief River Falls, Stephen, Newfolden and Argyle.

For travel on the wedding trip to North and South Dakota, Montana and Wyoming the bride wore a white sailor dress trimmed with brown and white accessories.

The bride was employed at North Star Cafe at Argyle. The groom is currently employed by Western Oil and Fuel company in Thief River Falls.

Mr. and Mrs. Bulger are making their home in this community.

Nelson and Cleven Speak Their Vows At Redeemer

Miss Evonne A. Nelson and C. Vern Cleven were united in marriage recently at a candlelite ceremony at Redeemer Lutheran church in this city. Rev. T. J. Weltzin officiated at the double ring ceremony before an altar flanked by lighted candelabra. Baskets of pink and white gladioli graced the chancel and white bows marked the pews.

The bride is a daughter of Mr. and Mrs. Alvin Nelson of St. Hilaire and the groom is the son of Mr. and Mrs. Carl Cleven of Grygla.

Mrs. William Halbasch served as as organist and accompanied Mrs. Les Vigness as she sang "Crown With Thy Benediction" and "The Wedding Prayer".

The bride was escorted to the altar and given in marriage by her father. She wore a floor-length gown styled with a fitted bodice of Chantilly lace over satin fashioned with long sleeves that tapered to point over the wrists. Wide bands of matching lace edged the four cascading tiers that formed the full skirt. Crystal embroidery enhanced the scoop neckline. Her veil of silk illusion was held by a queen's crown of pearls and crystals and she carried a bridal bouquet of pink roses and white carnations.

Mrs. Larry Ness of Thief River Falls, sister of the bride, was matron of honor. Bridesmatron was Mrs. Larry Haug of Fisher, friend of the bride.

They wore sleeveless floor-length gowns of ice blue brocade in A-line fashion with veiled headpieces secured with three blue ribbon roses. To complete their attire they wore white shoes and gloves and each carried three long stemmed pink roses accented with white bows. Their pendants were gifts from the bride.

Pam Smeby of Grygla was flower girl. She was dressed similar to the other attendants and carried three miniature pink roses tied with white bows. Her gift from the bride was a miniature sterling silver cross. Ringbearer was Gary Nelson of St. Hilaire, nephew of the bride. He wore a black tuxedo with a white miniature carnation boutonniere and carried the rings on a white satin pillow.

The groom was attended by Larry Ness of Thief River Falls, brother-in-law of the bride. Groomsman was Duane Lusignon of Grygla, a friend of the groom. Leland Nelson of St. Hilaire, brother of the bride and Gerald Klesow of Goodridge, friend of the groom, served as ushers. All were attired in black tuxedos with white carnation boutonnieres.

The mother of the bride chose a navy blue dress with white accessories for her daughter's wedding. The groom's mother was also attired in navy blue with white accessories. Their corsages were pink roses and white carnations. Honor guests attending the wedding, Mrs. Gertie Yonke of Thief River Falls, grandmother of the bride, and Mrs. Anna Miller of Aneta, N. D., grandmother of the groom, were also presented with corsages similar to those wore by the mothers.

A reception in the church parlors followed the ceremony with Mrs. Ed Timm of Thief River Falls as hostess. Registering the 150 guests was Mrs. Leland Nelson of St. Hilaire, sister-in-law of the bride. The punch was served by Sheryle Yonke of Grand Forks, N. D., and Mrs. Harlan Cleven of Grygla, cousins of the bride and groom, respectively.

The three-tiered wedding cake, trimmed with blue roses and topped by a miniature bride and groom, was cut and served by Mrs. Duane Foster of Lockhart, cousin of the bride, and Mrs. Hans Cleven of Grygla, aunt of the groom. Mrs. Art Peterson of Houston and Miss Marlys Miller of Aneta, N. D., aunts of the bride and groom, respectively, poured. Waitresses were Kathy Lannoye, Judy Relerson, Diane Timm and Susan Brown. Those in charge of arranging the gifts were Linda Jorde, Linda Poppenhagen and LaVerne Kees.

Guests attending were from Duncon, Okla.; Mayville, Aneta Fargo, Finley and Grand Forks, N. D.; Houston, Halstad, Erskine, Warroad and surrounding towns.

For travel through northern Minnesota and along the North Shore Drive, the bride wore a blue three-piece knit suit with white accessories and a pink carnation boutonniere.

The bride is a 1966 graduate of Lincoln high school and is employed at J. C. Penneys. The groom, a 1964 graduate of the Goodridge high school is employed by Forsberg Inc.

KITCHEN KARNIVAL

Features from the Kitchen of

MRS. AKSEL GORMSEN

During these hot, humid days, are you looking for something to make in the line of sweets without heating the kitchen by using the oven? Today's recipe for graham cracker bars from Mrs. Aksel Gormsen of Gatzke are made without baking. Doesn't that sound intriguing? Mrs. Gormsen states that they are one of her favorites as they aren't too rich.

GRAHAM CRACKER BARS

Graham crackers
1 cup brown sugar
1 cup coconut, flaked preferred
1 cup crushed graham crackers
½ cup butter
½ cup milk
pinch of salt
½ teaspoon vanilla

Method: Line a 9 x 13 inch cake pan with whole graham crackers. Combine remaining ingredients, except vanilla, and boil about 10 minutes over low heat. Add vanilla and spread over graham crackers. Place whole graham crackers on top of filling and frost. Let stand several hours or overnight before cutting.

Frosting
2 cups powdered sugar
3 tablespoons butter
3 tablespoons milk or cream
Vanilla, to taste.

Method: Mix in order given.

The Gormsens live on a farm two miles from Gatzke where they raise beef and feeder cattle and have a large garden which includes strawberries and raspberries for their own use. Working the garden in addition to riding the power mower as she keeps the large lawn mowed, gives Mrs. Gormsen an opportunity of getting a good sun tan without having to work at it.

Their only son, Elwood, lives in Minneapolis. He is married and has two sons.

The Gormsens are members of the United Lutheran church at Gatzke where Mrs. Gormsen is a member of its ladies aid and circle.

Several Ties Are Noted At Recent Golf Events

Members of the Thief River Falls Ladies golf club met Tuesday at the local golf club for their regular day of activities featuring a one o'clock luncheon, bridge and golf.

Hostesses at the luncheon were Vi Larson, Marion Tygeson, Bea Embury and Sunny Wold.

At the business session, it was announced that Phyllis Moum was the winner of the low net at golf on July 26th and that Mae Jahr's name had been drawn as the second place winner in the five-way tie in that day's golf event of predicting the score and making it.

In Tuesday's golf event, of blind hole putting, there was also a tie. In the four-way tie, of the least number of puts on hole seven, were Gladys DeBriyn, Mary Jane Wurst, Keks Lee and Sylvia Olson. Drawn as the winners were Gladys DeBriyn and Mary Jane Wurst. Winning the low net at golf on Tuesday was Joyce DeKay.

Receiving prizes following an afternoon of bridge, were Margaret Weigelt and Marie Biddick.

Among those who participated in a recent tourney held at Roseau, Mrs. Ames Peterson won high at bridge.

The next invitational tourney to be held in the area will be Wednesday, August 10 at Warren.

E. V. Foldens Of Detroit Lakes Note Anniversary

About 100 friends and relatives gathered at the Detroit Lakes home of Rev. and Mrs. E. V. Folden on Sunday, July 31, to help them celebrate their 25th wedding anniversary. Rev. Folden, founder and director of Steer, Inc., with headquarters in Thief River Falls, is pastor of the Evangelical Free church at Detroit Lakes.

The event was hosted by their sons, Douglas and David, and son-in-law and daughter, Mr. and Mrs. Philip (Farol) Chase who formed a quartet to sing the song, "Living For Jesus", which had been sung at the Folden's wedding at Litchfield 25 years ago. Mrs. Folden's sister, Harriet, who was an attendant at the wedding, joined her husband, Barney Kvingedal, in telling some of the family memories of the Foldens. The Kvingedals are from West Hartford, Conn. Douglas Folden gave a tribute to his parents and he, Farol and David sang, "Jesus, the Master". Douglas also accompanied their singing by playing the electric guitar.

The anniversary cake that graced the serving table at the reception was of heart-shaped tiers, made and served by Mrs. Lloyd Sundvall of Detroit Lakes and her sister, Ruth Holm of Wadena. Mrs. Arnold Folden and Hazel Torgrimson, both of Thief River Falls, poured the coffee while Mrs. Wallace Christensen of Brainerd, Mrs. Joe Fossholm of Adams, N. D., and Arlene Paulson of Detroit Lakes served the punch.

Also assisting in the serving were Mrs. Gayle Trehus of Litchfield, sister-in-law of Mrs. Folden; Mrs. Betty Mattson, Mrs. Harriet Davis and Mrs. Vivian Holland of Detroit Lakes. Mrs. Philip Chase of Watertown, S. D., presided at the guest book.

Mr. and Mrs. T. A. Trehus of Litchfield, parents of Mrs. Folden, were special guests at the celebration.

Out-of-town guests were from West Hartford, Conn.; Cooperstown, Oriska, Adams and Park River, N. D.; Ashton, Aberdeen and Watertown, S. D.; Brainerd, Crosby, Litchfield, Newfolden and Thief River Falls.

Guests attending from Thief River Falls were the Rev. and Mrs. Arnold Folden, Mr. and Mrs. Rodney Brodin, Mr. and Mrs. A. V. Brodin, Mrs. Lillie Ulvin, Hazel Torgrimson and Mr. and Mrs. Lester Gustafson.

Viking Garden Club Makes Plans For Flower Show

When the Viking Town and Country garden club met Wednesday afternoon at the Gust Berg home to make plans for the annual flower show, the informal business meeting was held outdoors with president Mrs. Harold Kagg in charge. A tour to view the gardens, flowers and trees preceded the session.

Plans were made for the flower show to be held Saturday afternoon, August 13, at the Viking school gymnasium with members to observe the centennial anniversary of horticulture in Minnesota by dressing in styles popular in those days.

Members were requested to bring their enteries in early and to invite the public to attend the event featuring Mrs. O. N. Hildahl of Roseau as guest speaker.

Attendance at the Minnesota Centennial convention to be held in Minneapolis August 25-26 was also stressed. It was also decided that no meeting of the club would be held during the month of September. The next regular meeting will be held at the Bert Kron home in October.

A pot-luck lunch concluded the meeting.

Many Attend The Open House For Clifford Jordes

An open house celebration in observance of their 25th wedding anniversary was held for Mr. and Mrs. Clifford T. Jorde of rural Thief River Falls on Sunday, July 17, at the Steiner community hall. About 300 relatives and friends attended the event hosted by the couple's four children, Richard, Linda and Sharon Jorde and Mrs. Curtis (Ellen) Bottem.

A program was given with Richard Jorde in charge. Rev. Harold Peterson led the devotions, a reading was given by Mrs. Eugene Rondorf, vocal selections by Mrs. Everett Amundgaard and a brief account of the lives of the honored couple were given by Alfred Solem and Mrs. Lloyd Johnson.

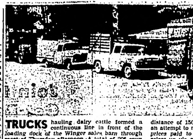
Highlighting the reception table was a four-tiered pillared anniversary cake flanked by two large circular cakes. Under the pillared archway between the double tiers of the center cake were a miniature bride and groom. White streamers flowed down from the ornamented top to white doves that topped the circular cakes. The cake, baked and decorated by a neighbor, Mrs. Gil Sannes, was cut and served by Mrs. Curtis Swanson, sister of Mr. Jorde, and Mrs. Herbert Gothe, sister of Mrs. Jorde. Mrs. Alvin Rundorf, sister-in-law of Mrs. Jorde, and Mrs. Steven Jeanette, aunt of Mr. Jorde, poured. Daughters, Linda, registered the guests, Sharon, served the punch and Mrs. Bottem served as hostess. Waitresses were Dawn Swanson and Diane Gothe, nieces of the couple. Those who assisted in the kitchen were Mrs. Irvin Muzzy, Mrs. James Muzzy and Mrs. Lester Muzzy with Mrs. Richard Jorde, a daughter-in-law, in charge.

Corsages and boutonnieres, gifts from the children, were worn by the honored couple and all who assisted at the reception. The bouquet of pink and white mums, accented with silver, was a gift from Mrs. Jorde's sisters and their families, Mr. and Mrs. Ronald Guily and Mr. and Mrs. Marvin Hempel, all of Portland, Ore., who were unable to attend.

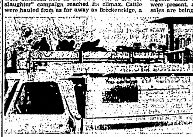
Guests from a distance who attended were Mr. and Mrs. Ernest Egotness of Mckinock, N. D., Mr. and Mrs. Oren Jorde and family of North Dakota, Mrs. Lloyd Iverson and Mr. and Mrs. Charles Wilcoxson and boys of Grand Forks, N. D and Mr. and Mrs. Lloyd Hogenson of East Grand Forks.

Open House August 14 For Selmer Swensons

Mr. and Mrs. Selmer O. Swenson of Oklee will be honored at their home on their 50th wedding anniversary on Sunday, August 14 at an open house. Hours will be from 3 to 5 p.m. No cards are being sent. Everyone is welcome to attend.



TRUCKS hauling dairy cattle formed a continuous line in front of the loading dock of the Winger sales barn through most of Thursday afternoon. A total of 205 cows were unloaded here as the NFO "sell a cow for slaughter" campaign reached its climax. Cattle were hauled from as far away as Breckenridge, a distance of 150 miles. The move was made in an attempt to make known to the public the low prices paid to farmers for milk, and to force prices up via a milk shortage in the area. Consignors from 26 northern Minnesota counties were present, and it was reported that similar sales are being conducted in 23 states.



BEARING the grim prohecy, "You can buy us as hamburgers very soon," the truck pictured above, and many others, unloaded dairy cattle Thursday afternoon at the Winger sales barn for sale as meat. The "sell a cow for slaughter" campaign is designed to cut milk production to the point where the price of milk will be raised, thereby increasing the farmer's income. Dairy farmers generally regret disposing of one of their herd in this manner, but consider the measure necessary for the continuation of their livelihood, NFO officials said.

25th Anniversary Observed By The Herman Hansons

Mr. and Mrs. Herman Hanson of this city observed their 25th wedding anniversary recently. To mark the event an open house celebration at their home at 1023 Dewey Avenue North was hosted by their sons Gary and Lyle. Gary, however was unable to attend as he is in the United States Army serving as a paratrooper in Germany. Assisting Lyle were the brothers and sisters of the honored couple with Mrs. Goodwin Hanson and Mrs. Art Brown in charge.

A brief program preceding the reception included a reading by Mrs. Clifford Swanson, niece of Mr. Hanson; a solo, "Bless This House" by Mrs. Lester Vigness and several musical selections by the Country Cousins. A special feature was a mock wedding with brothers and sisters of Mr. Hanson participating. Ed Leiran was in charge of the program.

Centering the reception table was a three-tiered anniversary cake topped with a silver wedding anniversary emblem. Cutting and serving the cake were Mrs. Sidney Stortroen and Mrs. Edward Bennen, both of Crookston, while Mrs. Gunder Hanson of Perham and Mrs. Norman Hanson of Glenwood, sisters - in - law of Mr. Hanson, poured. Punch was served by Mrs. Verner Arveson of Oklee and Mrs. Alfred Hanson of Thief River Falls, sister and sister-in-law of Mr. Hanson.

Mrs. Ed Leiran registered approximately 125 guests who were in attendance from Crookston, Glenwood, Perham and surrounding area.

Special guests attending were Goodwin Hanson, of Thief River Falls, a brother of Mr. Hanson, who was best man at the wedding 25 years ago; Mrs. Dick Kolstrand of Oklee, mother of Mrs. Hanson and Mrs. Julia Hanson, mother of Mr. Hanson.

Movies of the day's activities were taken by Mrs. Hanson's brother, Moses Kolstrand of Oklee.

VFW Members Thanked For Aid at Fair Stand

At the regular meeting of the VFW auxiliary held recently, president Mable Nelson was in charge of the business session. Following a discussion, definite plans were outlined to aid in keeping the kitchen at the club rooms clean.

Mrs. Nelson also expressed her appreciation to the auxiliary and post members for helping to make the stand at the Pennington county fair a success by donations of time, food and money.

The attendance prize was awarded to Clara Larson and the door prize was won by Leola Kelly.

Kerri Ann Kooyer Was Baptized On Saturday

Kerri Ann Kooyer, three month-old daughter of Mr. and Mrs. James Kooyer, was baptized at St. John Lutheran church in Thief River Falls on Saturday, July 31, in a private ceremony. The child's sponsors were her aunt, Mrs. Clarence Semanko, and her maternal grandfather, Lorenz P. Anton. Performing the administration of sacrament was Paul R. Biegner, pastor of St. John church.

The Kooyers, former residents of Thief River Falls, now reside in Coon Rapids.

Sheila Hanson, Viking To Wed Thomas Foster

Mrs. Henry Hanson of Viking announces the engagement of her daughter, Sheila, to Thomas P. Foster, son of Mrs. Darrell Foster of Minneapolis.

Miss Hanson is employed at Honeywell Incorporated, Minneapolis and her fiance is employed by Univac Corporation.

A September wedding is being planned.

Flower Show Set For August 13

Viking Town and Country Garden Club will sponsor a Centennial Flower show Saturday afternoon, August 13. The showing will begin at 1:30 p.m., at the Viking school auditorium. There will be a display of flowers and vegetables.

The theme chosen for the event is "Thru' the Years", which will be carried out by the club members attired in costumes of yesteryears. A program will be given during the afternoon featuring Mrs. O. N. Hildahl, district president, as guest speaker. She will be dressed in her native Norwegian costume and will speak on Norwegian folklore. She will also show her famous Scandinavian dolls. At the close of the afternoon a silver tea will be served.

Everyone is welcome to attend.

Mrs. Bertha Scullthorp visited Mr. and Mrs. Robert Scullthorp and son, Rob, in Minneapolis and met her new granddaughter, Christi Fawn. Mrs. Scullthorp's son, Pvt. Dennis Scullthorp left recently by ship from New York for Frankfort, Germany.

AAA Offers Tips To Follow When Car Overheats

Four Minnesota cities — Marshall, St. Cloud, Grand Rapids and Fairmont — have won top national awards in their population classes for pedestrian safety achievements in 1965 from the American Automobile association (AAA), it was announced today by Erling Berg of Duluth, Minnesota AAA president.

Marshall is receiving a major award for excellence among cities under 10,000 population. St. Cloud has won an honorable mention award among cities in the 25,000 to 50,000 class. Grand Rapids and Fairmont will each receive a special citation for pedestrian activities among cities under 10,000 population.

Forty-five other Minnesota cities have won awards in the AAA's pedestrian protection program. Thief River Falls is among a number of cities to receive awards for having no pedestrian fatalities during the past year.

Four of these cities are receiving special pedestrian safety awards. They are Ely, 23 years without a pedestrian fatality; Detroit Lakes and Litchfield, 15 years; and Eveleth, 12 years.

In announcing the winners Berg noted that pedestrian deaths in Minnesota dropped from 130 in 1964 to 124 in 1965 and he joined Governor Karl F. Rolvaag in congratulating the award - winning cities for their help in reducing pedestrian fatalities.

The pedestrian program in Minnesota is sponsored jointly by the Minnesota Safety council and the AAA in cooperation with local chiefs of police.

TWENTY years of continous dealership for the Goodyear Tire and Rubber company was noted Wednesday when Charlie Smith of Charlie's Tire service received a plaque from Don Cotton, right, district manager. Others pictured, left to right, include Russ Haley, manager of truck and farm tire sales for Goodyear; Bob Fabian, general line salesman; and Darryl Smith, who has been associated with his father in the business for the past two years. Smith became dealer for the company within a year after starting his business in Thief River Falls in 1945. The walnut plaque includes the dealer's name in bronze and a medallion with the number 20 in the center of the panel.

Tournament Openers

The Ninth District American Legion junior baseball tournament will open today, Saturday, in East Grand Forks. And from the reports that have been compiled, it appears to be a "wide open" tourney. Not one of the eight teams participating in the three-day affair has gained a heavy edge as the favorite. Glyndon, with a fine 19-3 record against first-rate opposition, will prove a strong first-round opponent for Warren. Glyndon won its sub-district title by defeating Moorhead, 3-2.

And coach Harley Oyloe's Fergus Falls squad, which will meet Fertile in a tourney opener at 2 p.m., today has the potential to win the district title. Fergus defeated Breckenridge for the sub-district title, and eliminated last season's district winners, Deer Creek, in a semi-final game.

And at 9 p.m. this evening, Saturday, coach Lee Swanson will send veteran righthander Tommy Cummings against Moorhead in the concluding game on the first day's program. Moorhead, coached by Norman Felde, carries a 14-14 record into the tournament, and will send Dale Hertel against the locals. Hertel, in a sub-district game against Ada, which went only five innings when the 10-run rule became effective, pitched a no-run game as Moorhead scored an 11 to 0 win.

First-round games today will have Fergus Falls playing Fertile at 2 p.m.; Glyndon playing Warren at 4 p.m.; Red Lake Falls meeting Breckenridge at 7 p.m.; and Thief River Falls meeting Moorhead at 9 p.m.

And coach Mike Hajostek's Red Lake Falls club with a record of 16 wins and one loss, the best of any team in the tourney, has its adherents as the Eagles meet Breckenridge. Brent Mead, a fine all-round player, will get the pitching assignment for Red Lake Falls.

The locals will enter the tourney with a composite batting average of .232. Three players, two of whom are regulars, will be carrying averages of .300 or better. Cummings, with 17 hits in 52 at bats, has a .326 average, as has Rocky Wilson, who also had 17 hits in 52 at bats. Jon Looker, pitcher-outfielder, has six hits in 19 at bats for a .315 average.

Cummings leads the runs-batted-in category with 14. But Bob Brodin, who poled out a grand slam home run against East Grand Forks in a sub-district game, has 12 runs batted in with an average of only .172.

He's a Good One

The local golf club has produced a number of fine golfers, and Keith Jorde, now playing out of Herford, Texas, and competing in the Resorters tournament at Alexandria, must be rated with the best.

Keith, who grew up just a mashie shot from the old number two tee box, is in the championship flight in the Resorters. He qualified with a 144 sharing runner-up honors, and just three strokes off the medal score of Neil Croonquist.

Jorde won the Minnesota state high school title in 1951, but at that time, his senior year, he was playing as a member of the Faribault high school squad. He attended and graduated from Faribault, after being a Lincoln high school Prowler for three years.

And commenting on golf brings back memories of the time when the local club was able to put in competition a foursome as tough as any in the northwest—referring to Vic Jung, Orv Robertson, Paul Rooney and Dick Faber. This foursome was of championship flight caliber. The odds were that one of this quartet would gain the finals of any tournament in which they were entered.

But it will be interesting to watch Keith's progress in the Resorters. He won his first-round match quite handily, defeating Al Lerum of Minneapolis, 6-5.

Hot Weather Item

Two of the most enthusiastic and faithful fans of the local American Legion junior baseball this season have been Elmer Poole and Murl Erickson. Elmer, of course, is an old-time sports fan here in town, and he is the father of Billy Poole, pitcher - outfielder on coach Lee Swanson's club. Murl, who moved up here from Cottonwood last year, is the father of Dale Erickson, the sophomore second baseman on the team.

When Elmer and Murl get together, and they are usually in the third base bleachers, the quips come thick and fast. And it isn't often that Elmer is at a loss for words. But last week he received a retort from Murl that left Elmer speechless, momentarily, that is.

The two were in conversation during a between - innings lull, and Elmer turned to Murl and asked: "Say, Murl are you Irish?" Fact is, Mr. Erickson does look like an Irishman. But he answered Elmer's query in this manner: "No, I'm not, I have been sick for eight years and that's why I look like this."

Schedule, Wednesday, August 10.
Jensen Mink Farm vs. Wilson Bros.
Times vs. Union State Bank.
Coast-to-Coast vs. L. B. Hartz.
Ekeren Pharmacy vs. Mostue's Floral.

The trap shoot league will move into its penultimate round on Wednesday, and it will be a head-on gun-to-gun match between the league leaders, the Jensen Mink Farm and the Wilson Bros., that will be the evening's feature match. The two squads boast identical 11 wins and one loss marks, and have 22 points apiece in the standings.

The winner of Wednesday evening's match will clinch at least a tie for the league championship.

In last week's matches, the Jensens posted their second 125-bird total for the season as they defeated the Ekeren Pharmacy, 125 to 122. Harold Cyr's 25 straight paced the winners. Elmer Hanson had a 23-5, Pat Fischer a 24-1, Mark Mattson a 20-6 and Ken Moum a 22-4. The Pharmacy racked up three "25's" in Floyd Ball's 22-3, Stub Pahlen's 22-4 and George Schlieff's 2-4. Sandy Wilson had a 24-0 and Ted LaCoursiere scored a 16-7.

The Wilson Bros. team, with Stan Wilson having a 25 straight, and Roy Peterson, with a 24-3, Wally Vagle with a 22-5 and Roy Landmann with an 18-7, had four 25's. Si Schuntzen came in with a 24-0 as the squad defeated the Mostue's Floral, 124 to 115. For the losers, Myrt Wilson scored a 20-4, Carol Stenseth a 13-10, Yvonne Hedlund a 14-10, Julie Mattson an 11-10 and Pat Ball a 14-9.

The defending league champion Times took over third place in the standings by defeating the L. B. Hartz squad, 120 to 112. George Mostue had a 25 straight for the winners. Bob Mattson had a 22-3, Jim Amundgaard a 20-6, Marv Lundin a 20-3 and Jim Wills an 18-4. The L. B. Hartz, with four men on the line, had Curt Bottem with a 21-2, Don Hognason with a 21-3, Carl Carlson with a 23-2 and Rich Jorde an 18-8.

The Union State Bank recorded a 121 to 106 win over a four-man Coast-to-Coast squad. For the bankers John Moum scored an 18-8, Arnie Johnson an 18-4, Walt Fischer a 22-5, Arnold Narverud a 16-8 and Jerry Wigness a 17-8. The Coast-to-Coast, with a short-handed squad, had Don Omdahl with a 19-6, Don Kamrowski with 22-3, Howard Hagen with a 23-1 and Reuben Carlson with a 16-1.

Monday, August 8.
Schmidt's Beer vs. V. F. W.
Tuesday, August 9.
Hamm's Beer vs. Bea's Food Market.
Wednesday, August 10.
Hartz Stores vs. Bridgeman's.

The league championship of the city softball loop will be at stake on Monday evening at the fairgrounds when the Schmidt's Beer and the V. F. W. meet. The two teams, who are assured of first-round byes in the city playoffs, have records of eight wins and one loss each, as the 1966 league schedule comes to a close.

In an earlier game between the two teams, the Vets scored an 8-2 win over the Schmidt's. The lone loss for the Vets was the 5-4 win that the Bridgeman's scored several weeks ago.

Another important game on this week's slate, and which will have a bearing on the playoff pairings, will find the Bridgeman's meeting the Hartz Stores on Wednesday evening. The two teams are currently tied for third place. In the league playoffs, which open on Monday, August 15, the third place team will meet the sixth place team. And on Tuesday, August 16, the forth place team will play the fifth place team.

The championship round semifinals will begin play on Monday, August 22.

Police Report Two Mishaps

Two automobile accidents were reported today by the Thief River Falls police department. Wednesday at 1:04 p.m. a car owned by Lawrence Anse, city, was parked in front of Sears on LaBree avenue and was backed into by a vehicle driven by Raymond Halvorson, city, which was moving out of a parking stall. The Anse car was damaged to the extent of $89.40. The Halvorson vehicle was not damaged.

Friday at 10:30 a.m. a car driven by Palma Hanson, San Jacinto, Calif., which had been parked in front of the entrance to the Valley Home, was backing away from the curb and collided with a vehicle driven by Helen Christensen, rt. 3, city, which was also backing away at the same time. Damage was estimated at $75 to the Hanson car and $15 to the Christensen vehicle.

Three juvenile shoplifters were apprehended in a local store Thursday and one was apprehended Friday. They were questioned by police and released to their parents.

Bill Severson Named Firearms Safety Director

Minnesota has a new firearms safety director, the conservation department announced today. Ted Shields, director of the department's game and fish division, said game warden Bill Severson has been appointed to head the program which has trained 166,000 young people in safe gun handling since its inception in 1955.

Severson, who has been stationed in the Stillwater area for the past 16 years, has been very active in various youth activities and in promoting the firearms safety program locally. He replaces Don Murray, who was recently named assistant chief game warden.

Last year, 18,825 youngsters in Minnesota completed the program. Game wardens supervise the program but most of the training is handled by 2,500 volunteer instructors.

Youngsters taking the course receive at least seven hours of instruction and also do some target shooting under close supervision. Enrollment in the course is optional at the present time but will become mandatory in 1968 for youngsters ages 12 to 16 who wish to hunt. Game officials estimate that between 30,000 and 40,000 students will be trained annually under the mandatory program.

Ellingson Gains Ground in City Softball Batting

In the Hartz Stores' 9-5 conquest of the Bea's Food Market team on Tuesday evening, Jeff Vacura of the Hartz squad, the city softball league's leading hitter, failed to get a hit in two trips to the plate. Jeff's average, which had been at .433 the previous week, dropped to .407.

Ike Ellingson of the Schmidt's Beer made the biggest jump in the individual batting averages, with the rangy stortstop connecting for three hits, including a home run, in three tries as the Schmidt's defeated the Bridgeman's, 9-1, on Monday evening.

The league's leading hitters:

FFA Is Honored For Conservation, Fire Prevention

Minnesota Conservation department has presented an award to the Minnesota chapter of the Future Farmers of America for outstanding leadership in the field of forest conservation and fire prevention.

The award was presented recently at a meeting of FFA leaders and vocational agriculture instructors at Britt, a few miles north of Virginia. The presentation was made to Waino Kortesmaki, state FFA executive secretary, by Wes Simons of the state forestry division.

Simons emphasized the FFA's contributions in tree planting programs, roadside beautification and other conservation projects.

He congratulated the vocational agriculture teachers for recognizing the need for educating tomorrow's leaders to the necessity for wise use of the nation's natural resources.

"With this training," Simons said, "their leadership will continue to give our people the highest standard of living in the world."

A new cooperative program of the FFA and the conservation department aimed at developing and maintaining wildlife habitat on private lands was discussed at length during the Thursday session.

This spring, state FFA chapters planted 952,000 tree seedlings to speed forest regrowth. Another 4,000 trees were planted to screen roadside junk yards and other public eyesores.

Area Students To Receive Degrees At UND Rites

Melvin LeRoy Stone of Thief River Falls and Shirley Olson of Gonvick are among a record total of 313 student who are candidates for degrees at summer commencement at the University of North Dakota. Stone will receive a master of arts degree and Miss Olson will receive a bachelor of science in education degree and bachelor's diploma in teaching.

Commencement exercises will be held Saturday, August 13, at 10 a.m. in the UND fieldhouse. Commencement speaker will be Dr. Rolf Larson, director of the National Council of Accreditation of Teacher Education, Washington, D. C. Rev. Victor J. Drapela, chaplain at St. Michael's hospital in Grand Forks, will give the invocation and benediction. Paul Lundquist, part-time assistant professor in organ at UND, will play the processional and recessional.

Dr. George W. Starcher, university president, will confer the degrees on the candidates.

Duck Breeding Season Best in Decade, DU Says

Excellent weather for nesting and brood production, good habitat conditions and timely rains in critical areas have resulted in what is probably the best waterfowl breeding season in the past decade, according to the August issue of the Ducks Unlimited "Duckological," prepared by General Manager Angus Gavin.

The report stresses that there was little indication in the early part of the season that the outcome would be so successful. Heavy snow and cold late in April and early in May did disrupt some nests, although a surprising number survived.

Right after the adverse weather, nesting and re-nesting resumed with "tremendous impetus." Success of that effort, observes Gavin, now is evident in the number of broods on the water.

While early broods of mallard and pintail have been on the wing for some time, some broods of mallard are still appearing. There is ample water in most areas to see these late broods through to maturity.

Ducks Unlimited field reports indicate larger - than - average broods in most regions. Most species seem to have enjoyed improved production. It is a practical certainty that the 1966 fall flight will contain a high proportion of young, in all species.

PROGRESS REPORT

Completion of gas main construction in TRF has been accomplished and will be followed with pressure testing to qualify craftsmanship standards and quality measure of the new distribution system. Gas service lines for residential use will then be installed to the homes requesting gas service for heating and other domestic uses.

Following service line installation to homes being connected to the new natural gas distribution system, restoration work will be done on boulevards, streets and alleys to return them to similar conditions existing prior to gas line excavation work.

Restoration work is in process and our intention is to complete the work involved in replacement as methodically, systematically and as quickly as possible. A final clean-up period in which all excessive excavation fill, large rock and extraneous matter will be hauled away will conclude the construction program.

It is our hope to keep public and private inconvenience during our construction program at a very minimum. If you experience any inconvenience during the remainder of our construction work, please call our TRF office 681-3222. We ask that all complaints be referred directly to our office.

For any individual considering natural gas for home use, we encourage them to contact us immediately to arrange for their FREE service line. Arranging for the service line now will facilitate our more rapid completion of the construction phase and eliminate needless duplication of street and alley way disturbance and restoration.

We look forward to serving your fine, progressive community.

● Natural gas will be available to Thief River Falls residents by August 15th.

State Ranks Third In Property Taxes

Minnesota's efforts to attract new industries and payrolls are handicapped by its reliance on property taxation for the bulk of state and local government revenues, according to Charles P. Stone, executive director of the Minnesota Taxpayers association.

"In the north central portion of the country seven states are in competition for the plants and payrolls that mark the surging national economy: Illinois, Indiana, Iowa, Michigan, Minnesota, Ohio and Wisconsin,' Stone said, noting that property tax levels and policies are among the factors invariably taken into account by those charged with selecting sites for industrial plants.

"Among these seven states Minnesota imposes the heaviest tax loads on property, and the trend is sharply upward,' Stone said, citing figures from the U. S. Department of Commerce publication 'Governmental Finances in 1964-65.'

"The property tax in Minnesota in the fiscal year ended June 30, 1965 amounted to $67.36 per $1,000 of personal income. This was sharply above the levels in Ohio, $44.70; Illinois, $44.80; Michigan, $47.45; Indiana, $50.22, and Wisconsin, $56.92. Among the competing states only Iowa, at $65.49, came close to Minnesota's high level.

"In fact, the Minnesota property tax load of $67.36 per $1,000 of personal income was third highest in the nation, topped only by Montana at $67.85 and South Dakota at $73.15, and was nearly 50 per cent above the national average of $46.68.

"Including all forms of state and local taxes, Minnesota's 'take' in the 1965 fiscal year amounted to $127.19 per $1,000 of personal income. This was the second heaviest tax load among all 50 states, exceeded only by Vermont's $127.22."

VA Has Processed 5,500 Requests For Home Loans

Veterans Administration center at St. Paul has processed over 5,500 certificates of eligibility for home loans under the new GI bill, according to John R. Murphy, manager of the center. The total so far, since the bill was signed into law last March, represents veterans in three states — Minnesota, North Dakota and South Dakota.

Murphy said that nearly 1,550 applications for home loans have been received during the same period. More than 1,200 of these are from Minnesota veterans.

Nationally, 135,000 veterans have applied for certificates of eligibility.

A VA study to determine what impact the veterans readjustment act of 1966 (new GI bill) has had on the nation's economy also showed that nearly 42,000 applications for home loans have been received.

Murphy said the number of applications for GI home loans is considered important because the lender usually makes the application, indicating the loan has gone through the initial, or interviewing stage.

Nearly 15,000 of the new GI bill loan applications were made in June. The applications by the peacetime and Vietnam veterans were about 60 per cent of the total received for the month, he said.

Senator Mondale Worried About Food Shortage

Senator Walter F. Mondale said Saturday that the world food shortage is intensifying even faster than most experts have been predicting.

In a speech to the Minnesota state plowing contest awards banquet at Le Center, Mondale said depletion of world stocks in wheat and other vital commodities make it essential that American agricultural production be expanded as he and other farm-state senators have been advocating for the past year and a half.

"We are in serious trouble," Mondale said. "Two-thirds of the human race is undernourished and population growth continues at a pace so rapid it defies both our understanding and our ability to keep up.

"For example, in each of the last seven years, the world has consumed more wheat than it has grown. In mid-1961," Mondale said, "wheat stocks held by the major exporting countries were sufficient to met world needs for about four months, while by the middle of next year there there will be only enough on hand for about one month."

Wheat consumption in the next year is expected to outstrip production by 5.7 million tons, Mondale said, and commodity experts are now predicting that by mid-1967 whole wheat stocks will be reduced to 25.2 million tons - lowest since the Korean War.

"Wheat is vital because it has been the major commodity in our food aid program," Mondale said, "but other commodities are also in short supply. We have no surplus whatsoever in dairy products," he said, "while soybean reserves are negligible and feed grains are at the lowest level of the past 10 years."

The only answer to these growing shortage, Mondale said, is to adopt a policy of increasing farm need while at the same time putting heavier emphasis on improved agricultural production in food-short countries.

Mondale noted that domestic agricultural production can be expanded at little cost to the government and that it would give a tremendous boost to American farmers and the rural economy.

"Expanding production would give the farmer more income," Mondale said, "and they would be spending many millions of dollars in the business communities which serve rural areas for seed, fertilizer, machinery and other services.

"The American farmer has a purchasing power that is immense," Mondale added. "He spends $30 billion annually for gas, electricity, machinery, fertilizer, equipment, and another $12 billion for consumer goods and services. Thus a 15 to 20 per cent increase in acreage under production would mean a tremendous shot in the arm for the rural economy."

State Treasurer Candidate Tours Area Thursday

Harlan Christianson, DFL - endorsed candidate for state treasurer, commenting on his impressions from the first four days of his eight - day tour of northwestern Minnesota said, "Bjornson has failed badly in fulfilling his responsibility of informing the public on operations of his office.

"In talking with citizens, editors and newsmen", he said, "it is apparent that even the most informed have, at best, only a vague understanding of the treasurer's duties. Perhaps Bjornson thinks he has a lease on the office and does not have to answer to the public."

On the role of the politician Christianson said, "a politician must assume the role of educator. He must provide the public with basic information necessary to make intelligent decisions. He must set an example for the public to follow as he uses his public platform to concern himself with the total welfare of the state.

"I am finding it difficult to talk about the issues in the campaign because I must spend most of my time trying to explain why the state treasurer is an elective official when he holds no apparent leadership or policy position. I hope that before November the State's banking procedures, investment funds, tax sources, idle money and basic terminology can be discussed.

"However, it is difficult to get public attention on topics which have been ignored so long by the present state treasurer. It is with great pleasure that I am able to say that the public media is most helpful in bringing the election, and my race, in particular, to the attention of the people," he concluded.

Legion Supports Highway Safety

Support for additional highway safety legislation came out of the recent state convention of the American Legion. In a resolution offered by the standing safety - school patrol committee and confirmed by the convention, the veterans' organization called for:

1. A sizable increase in the manpower strength of the Minnesota highway patrol;

2. Periodic motor vehicle inspection to be required of all vehicles in Minnesota, supervised by the Minnesota highway department; and

3. Periodic re-examination upon application for renewal of a driver license.

The Legion pointed out that with the increasing number of vehicles and drivers and the rising number *of accidents on our highway system,* it is necessary that the state provide for adequate enforcement of its laws by a sufficiently large force to do an efficient job.

Further, the group emphasized that examinatoin of vehicles and drivers will assure that all vehicles traveling on highways will be in a safe condition, driven by persons who continue to be qualified physically and mentally, to drive safely.

Freeze Peaches For Good Eating During Winter

You can have a supply of fresh peaches for salads, fruit cups and desserts available when the snow flies if you freeze some now, says Mrs. Shirley Munson, assistant professor of horticultural science, in charge of the food processing laboratory at the University of Minnesota.

If you've had trouble in the past keeping frozen peaches from darkening, ascorbic acid should solve your problem. Ascorbic acid added to the sugar syrup in which peaches are frozen will prevent the fruit from darkening and at the same time help preserve the natural flavor of the fruit.

Pure crystalline or powdered ascorbic acid is for sale in many locker plants and drug stores. If you use commercial ascorbic acid preparations, be sure to follow directions on the package, Mrs. Munson warns.

Never try to freeze fresh peaches whole without peeling and without using a sugar syrup, Mrs. Munson cautions. The peaches will turn dark in the freezer.

Choose well ripened fruits for freezing — slightly riper than for canning. If the fruit is not perfectly ripe when you buy it, peaches will ripen best when held at about 75 degrees Fahrenheit.

Speed is important in preparing peaches for freezing because delay may cause darkening of the fruit, Mrs. Munson says. Dissolve three cups of sugar in one quart of cold water and add ½ teaspoon of ascorbic acid, mixing thoroughly. Let the syrup stand until clear.

Peel only a few peaches at a time. Dip three or four peaches at one time into boiling water for 15 to 20 seconds until the skins loosen; chill quickly in cold water. Peel, halve and remove the pits, working rapidly. Do not leave the peaches whole.

Use containers with lids. Fill the containers about a third full of the prepared syrup and pack the halves, quarters or slices directly into the syrup in the containers. Completely cover the fruit with syrup but leave about half an inch for expansion.

A generous wad of crumpled wax paper under the cover of the container will hold down the top slices and help prevent browning. Label and date the containers and freeze immediately.

If you can't get ascorbic acid, it's best to pack the peaches in glass jars, using a syrup of four cups of sugar to a quart of water.

"To obey the law is to support democracy. If every man thinks every law must suit him in order that he shall obey it, he does not support democracy but destroys it. The basis of good government lies in the fact that the people are willing to obey the law as they have determined it to be."

—William Howard Taft

Vacation Time

By the time this paper reaches most of our readers, the Times staff will have started its week of vacation. As much as we appreciate the opportunity of serving our public, we must admit it will be a welcome change to forget a couple of deadlines and spend some unhampered time with our families.

For many of us, it will be the first full week of vacation in a number of years. Often the vacation period is chopped into short spans of a day or two whenever time permits, with extra work in advance to try and get ahead and extra work following to try and catch up. The work remains even if the time is spent in other pursuits.

Suspension of two publications is the only vacation for our staff. The dates were selected to cause the least possible inconvenience to our advertisers and news sources—avoiding conflict with community promotions, school and major news events.

It is our hope that the public will not be too greatly inconvenienced by the suspension of publication, but that our paper will be missed when it fails to arrive at the usual time. We hope that a few days to relax and do some of the many things we have never found time to do will permit us to return fresh and eager to do a better job of serving the Thief River Falls area with news and advertising coverage.

Something to Remember

The following item appeared in the "Industrial News Review":

Recent addresses to the graduating classes of two of our nation's largest colleges were noteworthy for their lack of comment on pride in United States citizenship and a free economy. One stressed the problems of technology, education, military aid, leadership, food production, peace and the hydrogen age.

The other was confined to problems of the university and the times, and the hope for a recognition of responsibility for maintaining and building the institution. Nowhere was there a forthright statement of the fact that the future of academic freedom and independent universities rests on perpetuation of our constitutional form of government and a free enterprise system, as contrasted with the totalitarian state.

It still remains for our schools and colleges to teach their students sound economics. No word was spoken to build pride in private property ownership and private enterprise, which are the foundation of our independent school system support. It's about time that our educators got over being afraid to use the terms private enterprise and private property and teach their students what these terms mean to their future. Because if they are swallowed by government, academic freedom, as well as freedom of the individual, will be a thing of the past and representative government will be over. They will sink or swim together—they must support each other.

Cranks Rise Again

One young man went on a shooting spree in Texas and the nation's cranks immediately have taken up the all too familiar cry for stricter firearms legislation. Whether he actually believes it would help or is just saying what he believed to be politically expedient, President Johnson is among those who would like to impose more strict controls on firearms sale and use.

Immediately, thank goodness, the sportsmen, firearms manufacturers and dealers and sportsmen's and shooters' associations have risen to the defensive, prepared to beat down once again the ugly head of stupidity which is reared whenever an unfortunate shooting act occurs. With each new attack by the gun control cranks, the American sportsman breathes a silent prayer that logic will prevail and Congress will not be swept up in the hysteria of the moment.

Anyone who believes that placing restrictions on respectable, law-abiding citizens will deter those who intend to break existing law just simply has to be listening to the wind whistle through his ears. The last such hue and cry arose when one man assassinated President John F. Kenndy. Until the shooting spree by Charles J. Whitman last Monday, the talk of federal firearms control had all but disappeared.

We suppose it is logical to assume that if Whitman did not have a gun that he would have been unable to shoot anyone. This is assuming that he couldn't get a gun—by purchase, loan or theft—and that is a big assumtion. It is illogical to assume that he couldn't get a gun, or guns, even if the infamous legislation now proposed had been in existence and strictly enforced (which is another question mark in gun legislation).

The President contends, "We must end the easy availability of deadly weapons to professional criminals, to delinquent youths, and to the disturbed and deranged. We must stop the flow of firearms into dangerous hands." He made this statement in his recent "Message on Crime".

Senator Thomas Dodd, who authored an extremely stringent bill for firearms control, stated, "My five years of study on the mail order gun problem made it clear to me, and now I know to others, that our country will not hold still for the continued unregulated sale of all manner of firearms to criminals, addicts, delinquents and others."

So let's assume that his bill passed and could be enforced. Under its provisions, Charles Whitman could have done exactly what he did without violating that law. Outwardly he was a sane man with no criminal record, a good student and apparently respectable citizen. Even the people in Washington who suffer from Jehovah complexes would have been satisfied that Whitman was no risk to possess firearms of any type or quanitity.

Those who believe in the constitutional right of Americans to keep and bear arms have many times pointed to New York City—home of the most restrictive anti-gun law in the country—where the homicide rate from all cases is 6.0 per 100,000 population. In Milwaukee, where firearms laws are moderate, the rate is 2.6 per 100,000. Does restrictive firearms "control" actually curb crime? The answer should be apparent.

Any legislator who supports such legislation should be turned out of office in the next election; he is just as likely to make stupid decisions in other matters of government.

We agree with Rep. John Dingell of Michigan who said, "The threat to society is not the weaponry of crime, but crime itself."

Reason for Reform

There comes a time when party differences must be ignored to accomplish necessary objectives which affect the very life of Minnesotans and the future of our state. That time has now come in the state in regard to tax reform. Petty bickering must be cast aside and childish politicians must put on the long pants of men, sit down together and make some vital decisions.

All of us must remember that while we may be Republicans, Democrats, liberals, conservatives or independents, we are first and foremost Minnesotans. Consider the following editorial from the Rochester Post-Bulletin:

How important is tax climate when a corporation is looking for a new plant site? The following examples make the point pretty well.

Two years ago, a manufacturer of farm machinery (a division of a major U. S. corporation) was looking over Rochester and several other southeastern Minnesota communities to locate a 336,000-square-foot facility at a cost of several million dollars. Initial employment would have been 480 persons.

The company hired a professional consulting agency to conduct the site search in the Upper Midwest. The consultant stated that Rochester was one of the better cities surveyed and was impossive because of its environment. However, it was further stated by both the consultant and an official of the company that the business climate of Minnesota was detrimental to locating in our state.

Industrial Opportunities Inc. of Rochester started to work on this project in July of 1964. Announcement was made of the company locating in Nebraska in 1965.

An official of a California electronic communications company states that in the field of taxes, moving from California to Minnesota would be like "jumping from one frying pan into another."

A large Chicago bank recently advised that Minnesota could conceivably lose one of its oldest industries, a manufacturer of radios and phonographs, because a new structure is needed and the type of financing which can be secured in other states (municipal bonds) is not available in Minnesota.

Libby Owens Ford Glass Co., looking for a new plant location, found Austin much to its liking. It even found the land that met the needed specifications (in Austin's new industrial park), and a Chamber of Commerce official subsequently was notified that Austin had been selected as the location of the new plant if it was built in Minnesota. But after a consultation with the Minnesota Tax Dept., the firm's executive board voted for locating in Mason City, Iowa, because of a "much better tax climate."

Taxes are not the only factor considered by corporations in locating a new plant. There are many others. But when other factors are approximately equal in considering states for a location, the tax climate becomes the prime consideration in making a selection.

Our state is daily seeing its strength slipping away. We are losing population in the age bracket that counts most—men and women of 21- to 45 years. The reason is obvious. Because of the business climate, existing industry is dragging its feet on expansion and establishment of new industry is rare.

The only way to correct this situation is through tax reform. Both political parties agree Minnesota's tax structure needs changes, but up to now they haven't gotten together on ways to change them. It will require compromise and a softening of traditional, fixed positions. Only when the need becomes apparent to all, will we have significant tax reform and an improved business climate. Then we can start battling other states on equal terms again and have a flourishing, growing Minnesota.

Borrowed Nonsense . . .

It was 3 a.m. when he staggered home after a glorious evening. In a few minutes a series of unearthly squawks howled out of the radio. His wife looked into the room and discovered him twisting the dial back and forth frantically. "For heaven's sake", she exclaimed. "What in the world are you doing?" "G'way, g'way. Don't bother me," he yelled. "Some poor devil's locked in the safe and I forgot the combination."

How's Your Health?

(Prepared in the public interest by the Minnesota Medical Ass'n)

Do you hate to think of going on a long car trip this summer because you or the kids will invariably suffer from motion sickness? Have you missed the fun of a boat trip because you couldn't stand the rolling and pitching of the boat? Motion sickness is a common malady, often marring what begins as a pleasant vacation trip.

According to the Minnesota State Medical association, the chief cause of motion sickness is a disturbance of the fluid in the semicircular canal of the inner ear. The fluid-filled semicircular canal is the apparatus that determines one's sense of motion, acceleration and deceleration and balance. Too much nerve tickling action in this organ causes the feelings of drowsiness, nausea and dizziness known as motion sickness.

Motion sickness can be prevented. If you can steady your head against a headrest or brace it in position with pillows, motion won't bother you so much. Lying down with your head tilted back or tilting back the seat in a bus or plane will also help. The children are less likely to get sick if they sit still in a car than if they are bouncing around.

By playing animal or tractor spotting games so the children will look at the horizon, you may prevent them from becoming sick. Fixing the eyes on the horizon or other far away object helps to keep the head still and assists the other senses in orienting you to your real position. Motion sickness is less likely to occur. Watching rapidly passing objects on the side of the road or other cars may increase the feeling of motion and aggravate the condition.

The front seat of a car or the midship section of a boat or plane, being more stable, are the best places for one who is prone to motion sickness to ride. If you do become motion sick, says the association, lie down if possible, keep your head immobile and relax. If these precautions do not work, your doctor can recommend one or several of the reliable compounds now on the market which act quickly and effectively to prevent serious discomfort from motion sickness.

4-H CLUB NEWS

Pennington Quads

Eunice Wold, president, called the Pennington Quads 4-H club meeting to order July 26 at 7 p. m.

The 4-H radio program for July 30 was discussed. Club project is conservation so the members decided to use that as our theme. First they will sing the "4-H Field Song," then give a reading about three trees in the forest and sing, "The Tree in the Woods.' A candle lighting ceremony will follow and finally the group will sing "For the Beauty of the Earth." Two practices were scheduled on Tuesday and Thursday.

Clarence Isaacson gave a very interesting talk on bees. "Did you know that in order to make one pound of honey a bee would have to travel about once around the world or about 25,000 miles? He asked. Of course, no bee could do that because bees only live three weeks. In a bee's life he only gatheres one teaspoon of honey! He closed with information on starting a bee project.

Prestegaards were in charge of recreation while Barrons and Pennings served lunch.

Cathy Baron, reporter

Good Hope

Down in Louisiana there's a spot which casts a spell of reverence upon my soul.

But what I have found along the bayou I have seen, too, in the awesome might of a granite peak, in the mystic wonder of a shadowy canyon. I have heard it in the restless symphony of the surf at night.

These, the shrines of nature, are God's hint of a spiritual meaning in life.

But, long ago, man responded to God's hint. The churches in which we worship and learn and serve —these are the workshops He inspired. Week by week, year by year, under the hand of the Master, lives are being fashioned to His blueprint . . . devoted to His purpose.

Yes, we can find God in nature! But the road of spiritual discovery only *begins* along the bayou. It *goes on* from there to our highest quest.

ENJOY YOUR STATE PARKS
Follow the call of the wild or watch the exciting past come alive! Explore, hike, fish or just sit around a campfire and forget busy schedules and jangling telephones! Minnesota's parks are yours to enjoy. Get your money's worth this year!

HIKE THE RUGGED TRAILS OF WHITEWATER STATE PARK
Here is 748 acres of rugged spectacular limestone studded hills rising high above the Whitewater River. Although normally a small trout stream, the Whitewater also becomes a roaring, raging, "Whitewater" river after a heavy rain. Caves too, many of them offering a challenge for even a seasoned mountain climber, dot the bluffs along this picturesque river. Camping, swimming and picnicking facilities, a children's group camp, nature trails and a naturalist program are available at the "rough and ready" state park. The Whitewater State Park is located between Winona and Rochester, in southeastern Minnesota.

OTHER STATE PARK ATTRACTIONS
ITASCA—the source of the mighty Mississippi
GOOSEBERRY FALLS—thundering rapids and two roaring waterfalls
TOWER-SOUDAN—Minnesota's deepest and oldest underground iron mine
BEAR HEAD LAKE—a challenging wilderness area
FORT RIDGLEY—a battleground of the 1862 Sioux uprising
SCENIC—Pristine north woods beauty and crystal clear lake
ST. CROIX—the oldest logging days come alive
CAMDEN—a natural wilderness valley in prairie country

The Library Corner

by Flora Allison

"American Women of the Space Age" by Mary Finch Hoyt, answers the oft-raised query, "What part do women of this space age take in the space program? Are we the forgotten sex, and is the conquest of space to be the privilege of our male counterparts only?" Like the ex-golf-widow who joined her man at the links rather than spend lonely hours at home, women have ventured into the cosmos in imagination and with whatever skills they have in the laboratory, at the drawing board and wherever they can find a niche to fill.

Women have invaded the field as chemists, or by experiencing weightlessness; in bioastronautics, aerodynamic stability, watching over and assisting in development of high technical transmitters, amplifiers, oscillators; they are analysists in the evaluation of propellants for safety factors, and serve in a number of other functions.

Trust the woman to find her way into practically every field where her man excels; (whatever happened to the "weaker sex" concept?) Women and men alike will find an eye-opener in this book, a new addition to the library's many fine non-fiction books.

"Time and a Ticket," by Peter Blenchley, follows the itinerary of the modern Harvard graduate who took the grand tour of many countries of the world, on a fellowship grant. Teamed up with another student on a similar grant, he tours in an unconventional manner and is able to invade the inner sanctum of many foreign capitals and visit people in government and business; a letter from the White House opens for him doors of American embassies at many ports of call.

The graves at Normandy moved him and his companion; the Berlin wall sickened them and left them with a hollow, empty feeling. He and his traveling companion talk of many things, of communism, politics and in their open outlook on the world observe much that is fascinating, educational and interesting, and also disheartening, as they visit not only Europe but Pakistan, Egypt, Ceylon, India and other exotic spots. Their grassroots contacts and their ability to record in words their impressions as they traveled, make for an altogether engrossing book.

"Passport to Greece" by Leslie Finer, an Englishman who lives there, also makes for enlightening hours of reading. Told in easy conversational style much as a traveler would use in talking of the country after visiting it, it also delves deeper. Having lived there, the author can speak objectively and turns up interesting sidelights which would undoubtedly be missed by even the most observing tourist, with his hasty eye.

Who doesn't like a bit of controversy to liven up the scene now and again? Get a good argument going, muddy up the pool a bit! A book to start the pot simmering is the rather new one, "Westviking" by Farley Mowat. It deals with the so-called "discovery of America" by Leif Erickson. Another one to stir up conjecture is "The Kensington Stone" written by Holand. This is an old book, copyright 1932, but with "Westviking" can form the basis for an interesting series of "chew-nights" among you who are of Scandinavian, Italian or Spanish ancestry.

All of you claim among your antecedents men who may or may not have been the real "first" finders of America. Whether they leave you believers in, or doubters of, the Columbus - discovery claim, the books are interesting and worth your while to investigate. In this Scandinavian community, these books should get a real work-out.

And if the argument gets hot and heavy when you start comparing notes and claims with the Columbus-people, you can always refer to Westviking as your reference. Which might still prove inconclusive, but then, you've had a good time arguing, and given your brain a good work-out. To your respective corners, now. And there's the bell!

A junior book so spanking new that it hasn't been loaned out as yet, is George Mason's "Animal Habits." It will provide a clue to many "I wonder" questions about animals and the forces which drive and guide them. What part does instinct play? How far does animal intelligence extend? How much is ingenuity and how much just plain animal urge and need for food, survival or other drives?

Can thieving crows differentiate between valuable articles and those that are shiny, but worthless? Can one animal teach another one tricks? How do animals communicate with one another? What about animal habits of cleanliness and neatness or the mother-instinct which drives animal mothers to give their lives to protect their young? Is this maternal love, or mere instinct? Can animals feel the same emotions of love and grief felt by humans? Is life in the wilds the uncomplicated, free existence that it appears to be? An attempt is made to analyze these and other types of animal behavior. Older boys, especially, should find this fascinating reading.

There are many more new books arriving constantly. Time, or rather the lack of it, prevents our telling you about them at this time, but we will attempt to brief you next week and in forthcoming weeks concerning the new arrivals which we so proudly receive and with which we want to familiarize you, the reading public. See you at the library . . .

QUESTIONS Answered for VETERANS

Q — I am service - connected for a disability, but am being treated in a VA hospital for a nonservice-connected ailment. Will my compensation be increased to 100 per cent during my hospitalization?

A — Compensation is increased only if treatment is given for service-connected disabilities.

Q — My sole income is retirement annuities totaling $3,108 per year. My wife has no income other than her salary. I am 72 years of age and have retired for disability. Am I eligible for VA pension based on my World War I service?

A — Your income would not be a bar to receiving pension from the VA, since it would amount to less than $3,000 after making the 10 per cent deduction permitted from social security and other retirement annuities. None of your wife's income would be considered for VA pension purposes since $1,200 or her total earnings, whichever is greater, is deducted from her total income by the VA in computing the amount available to the veteran.

Q — I receive disability compensation from the VA as a totally disabled veteran. I received an extra payment for my son until his 18th birthday. He is now 19 years old but is entering school to further his education. Am I entitled to increased compensation for him?

A — You are entitled to increased compensation provided your son is unmarried and in school. So long as he remains in school and unmarried, you will be entitled to benefits until his 23rd birthday. To secure this added payment, you should write the VA, giving your claim number and a full statement of the facts.

NEW CONNECTOR BOXES
Are a small, but important, component in our new all-weather cable system. As everyone knows, the more splices it is necessary to make in our trunk cable, the weaker the signal becomes.
When our new cable system is completed this fall these little junction boxes will be installed as an integral part of the line. And the number of splices reduced by connecting four subscribers to one weather-tite junction box. It's just one small part of the effort to bring our subscribers the best TV picture possible without costing them a cent.

Agreement Signed By Conservation, Highway Dep'ts.

Governor Rolvaag announced today that a new memorandum of understanding has been concluded between the state departments of highways and conservation in order to further eliminate or minimize the effects of highway construction on wildlife and recreational resources in Minnesota.

Since 1964 the division of game and fish has been provided the opportunity of commenting on effects to wildlife and fish from roads constructed under federal aid programs.

Deputy Conservation Commissioner Robert Herbst said the new agreement was signed July 19 by former Conservation Commissioner Wayne Olson. The new agreement allows for comments by the conservation department on effects of road building on all natural resources such as state forest lands and state parks in addition to game and fish.

Under terms of the agreement, copies of all current highway construction programs for regular and interstate trunk highways will be sent for review to the conservation department.

The conservation department will then request additional information on those projects where it is believed the proposed construction might have an adverse effect upon fish, wildlife or recreational resources.

Purpose of the agreement is to assure the United States department of commerce and bureau of public roads that wildlife and recreational values have been considered in planning construction of new highways.

The highway department will be required to furnish the two agencies with copies of the recommendations of the conservation department.

"Although the final decision on changes in highway plans to reduce wildlife and recreational losses rests with the highway department," said Herbst, "the agreement gives the conservation department an opportunity to call attention to any problems while the road is still in the planning stage."

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Judging from data collected in 1963 and 1965, residential property in Minnesota's small towns is going up in value.

For the state as a whole, a University of Minnesota study shows, average estimated values of both older and newer homes are about $900 higher in 1965, compared with 1963.

The study was done by mail questionnaire together with a study of farm real estate values by agricultural economists John C. English and Philip M. Raup.

There was much variation by age of house and area. For the state as a whole, houses built before 1946 had estimated average values of $8,100 in 1963 and $9,000 in 1965. For houses built since 1946, the respective values were $12,300 and $13,200.

In 1965, as in 1963, these estimated values were highest in the southeast district, which runs south and east of the Twin Cities to the Iowa border, and is the area in which urban development is proceeding most rapidly. Values there for 1965 averaged $14,000 per home, compared with $13,300 for 1963.

These are estimated average residential property values, based on three-bedroom homes and lots, in towns with under 5,000 population.

Residential property values in southwest small towns continued to be among the lowest of all districts—running 15 to 25 per cent below the southeast and slightly under levels of the northwest.

Yet, the same study showed that the southwest has the highest farm land values in the state.

Values reported in the study for an average quality three-bedroom house with lot were, by districts: Southeast, $14,000, up $700 from 1963; Southwest, $12,300, up $300; West Central, $13,500, up $1,300; East Central, $12,600, up 300; and Northwest, 13,900, up $1,800.

The northeast district was not sampled in 1965. Data for other districts were based on (from a total of 183 towns) property estimates from real estate dealers, loan agents, bankers and others with knowledge of the real estate market.

For Minnesota as a whole, the differential between values of houses built before and since 1946 has narrowed slightly since 1963.

There is, of course, much variation in property value according to size of the town—even though the upper limit for towns in the study was 5,000 persons. In general, bigger towns had higher property values, but this effect is not uniform.

In both years of the study, property values increased markedly as population went up to 1,500. Beyond that point, property values showed little change with further population increase. The economists suggest that the expanded range of services available as town size increases to 1,500 to 2,000 persons may partially explain this pattern. That is, the property values are closely linked to services a town provides, and the range of services does not change as sharply between 2,000 and 5,000 as it does between 500 and 1,500.

Camp Courage To Dedicate Nine Buildings Sunday

Almost doubling its capacity to serve the handicapped, Camp Courage will have nine new buildings dedicated Sunday, August 14. Vice-President Hubert H. Humphrey will make the dedicatory address.

The public is invited to the dedication ceremonies at Camp Courage, which is located north of Maple Lake on highway 55, or south of Clearwater on highway 152, about 45 miles northwest of the Twin Cities.

The new facilities are especially designed to help children with speech and hearing difficulties. Camp Courage has for many years been making camp experiences possible for children and adults with other physical handicaps, and now speech and hearing therapy have been added.

The new buildings have increased the camp's capacity from 96 to 186 campers per period. Need, not ability to pay, determines who may attend.

Owned and operated by the Minnesota Society for Crippled Children and Adults (MSCCA), Camp Courage is supported by United Funds and by private donors, organizations, foundations and companies.

New ACP Practices Set in Marshall Co.

Marshall County Agricultural Stabilization and Conservation committee has received notice that Marshall county has been designated by the secretary of agriculture as a disaster area under Public Law 85-58, according to Marcel Dahl, chairman of the county committee.

Marshall county has received an funds to assist farmers in correcting conservation problems caused solely or principally by the excessive rainfall or flooding in the spring of 1966.

Dahl stated that any farmer interested in signing up for these practices should contact the ASCS office in Warren. Requests must be filed by September 3 or before the date on which performance of the eligible measures in started, whichever is later.

Dahl also stated that no payment would be made unless the farmer submitted itemized bills or invoices to support his application for payment. The practices approved for Marshall county are listed below:

F - 4 - B1) Removal of debris, sand and silt deposits, filling holes and gullies, leveling and deep plowing: Cost-sharing may be authorized for the removal of debris and sand and silt deposits resulting from floods or excessive rains and runoff in the spring of 1966 where determined to be feasible and necessary so that normal farming operations may be resumed. Removal of debris should be done in the most efficient manner such as piling and burning, completely removing from the land, burying or otherwise as approved by the county committee.

The filling of holes and gullies, leveling and deep plowing to incorporate sand and silt deposits into the original soil will not qualify for cost - sharing if these operations are performed with regular farm tillage equipment. Deep plowing must be done with adapted equipment and must be to a depth of at least 12 inches.

Eligible costs must be supported by itemized bills of invoices.

Cost - sharing for this practice may be approved provided that federal cost - sharing is requested by the farm operator within 30 days after the practice is approved for use in the county or before the date on which performance of the eligible measures is started, whichever is the later.

Maximum federal cost - share is 80 per cent of the cost, not to exceed the rate established by the county committee.

F - 4 - B(2) Rehabilitating drainage systems: Cost - sharing may be authorized for the labor and materials required to repair drainage systems severely damaged by floods or excessive rains and runoff in the spring of 1966 so that these systems will properly function. All work must be done in conformance with the requirements of practices C-9 and C-10.

Eligible costs must be supported by itemized bills or invoices.

Cost - sharing for this practice may be approved provided that federal cost - sharing is requested by the farm operator within 30 days *after the practice is approved for* use in the county or before the date on which performance of the eligible measures is started, whichever is the later.

The Soil Conservation service is responsible for all four steps of the technical phases of this practice as assigned in Section 3G of the 1966 ACP state handbook for practices C-9 and C-10.

Maximum federal cost - share is 80 per cent of the cost, not to exceed the rate established by county committee.

Stain Removal Hints Given by "U" Specialist

During the summer, fruit, hot or iced coffee and tea stains are apt to occur. As for all stains, speed in handling the removal of the stain is very important, advises Athelene Scheid, extension clothing specialist.

If you aren't sure what to do, and you don't know the fabric content of the material on which the stain occurs, you're safe if you first sponge it lightly with cool water. This dilutes the stain and may remove it completely.

If not, for washable fabrics, soak in cool water for 30 minutes or longer. If the stain persists, work a detergent into it and rinse. If the stain is very stubborn, soak the fabric in a mild bleach solution. Follow with the regular washing process. There is another possibility if you are sure the fabric will not be injured by boiling water. Pour boiling water through the spot from a height of one to three feet.

If the fabric is not washable, use a syringe to force cool water through the stain, holding a sponge beneath it to absorb the moisture. If stain remains, rub detergent on stain and work it into the fabric. Rinse out the detergent. If stain remains, put stain in mild bleach solution and rinse.

It is best to allow the fabric to dry after each try. But, do not press or iron. Heat oftentimes sets a stain.

There are two other considerations, says Miss Scheid. If the fabric or garment with the stain is valuable, take it to a quality dry cleaner telling him the nature of the stain. Do not try to remove it yourself and then take it to the cleaner. Many times he will not accept it. Then there is the possibility that the stain cannot be removed. Accept this possibility.

For a handy reference, get a free copy of "Removing Stains from Fabrics," home and garden bulletin 62 from your county extension office.

CONSTRUCTION of the new addition to the L. B. Hartz Wholesale warehouse is progressing at a satisfactory rate. Located on the west side of the big building, the addition measures 276 feet in length, 100 feet in width and 20 feet in height to the ceiling, and will have a 30-foot extension on State street. Chief purpose of the addition, said Hartz, is to facilitate loading and unloading. The new wing will be equipped with four truck docks and five unloading doors along the Great Northern track. Ranum Construction company is handling the job, and completion is set for October 1.

Ram Show and Sale Slated September 12

30 Registered Rams Consigned from Four Major Sheep Breeds

"This is, no doubt, one of the most select group of rams consigned," stated Peter Probasco, sale manager, in commenting on the 30 rams consigned by 15 breeders to the 17th annual Northwestern Minnesota Purebred Ram show and sale to be held September 12. The show and sale will be held at the livestock pavilion on the Pennington county fairgrounds in Thief River Falls.

Consigned to the sale are nine Columbias, 14 hampshires, three Shropshires and four Suffolks. Flocks are represented from Goodridge, Oklee, Badger, Lake Bronson, Twin Valley, Clearbrook, Crookston, Bemidji, Perely, Roseau and Frazee.

"One of the goals of the show and sale is to promote more interest in sheep productions," Probasco said. "Sheep have proven to be one of the most profitable classes of livestock in this area and good rams are the basis for profitable lamb production. A ram from this sale would be a valued animal in making a flock still more profitable.

Farm management records for northwestern Minnesota indicate that proper management and a good breeding program can return a good profit from sheep production. Sheepmen in the area that were in the top 20 per cent in profit per ewe among records analyzed had a return above feed cost per ewe of $25.97 in 1962, $18.27 in 1963, $22.67 in 1964 and $23.67.

"In comparison with other livestock," Probasco notes, "these same sheepmen showed a return per $100 of feed fed of $352 in 1962, $270 in 1963, $313 in 1964 and $259 in 1965. In view of lamb prices this year, profits in 1966 should be as high or higher."

The sale manager believes there is possibly more profit potential in sheep than any other class of livestock. Sheep numbers in the United States are at the lowest level in 99 years and there are no positive signs of a future sheep number build-up. Wool continues to be in short supply and is imported in large amounts for domestic use in the United States.

"It is a proven fact that farmers can make money with sheep if they use good breeding stock and good management," Probasco concludes. "Now would be the time to expand in the sheep business and the ram show and sale offers an opportunity to select some of the best rams available."

Board Takes Steps for New Vocational School

Several major steps toward the anticipated construction of a new vocational - technical school building for the Thief River Falls school district were taken at a meeting of the local board of education last week. Taken simultaneously, the steps follow lengthy study, investigation and planning by the board of education toward coordinated effort with the expected construction of new junior college facilities.

Action taken by the board included purchase of approximately 57 acres of land from the city of Thief River Falls, calling of a meeting with school architects on August 29 to conclude specifications and costs of the new vocational school project, and authorization for the T. G. Evensen company to prepare for a bond election on October 18 of this year.

Land purchased from the city was recently obtained by the city council from Alfred Longren. It is located north of highway 1 and east of the Thief river, officially described as the south half of the southeast quarter of section 27 in North township, less highway right-of-way and a small portion previously deeded to the Thief River Falls Foundation. Price of the land to the district was $25,236.35—the actual cost of acquisition by the city.

The architectural firm of Jyring and Whiteman was retained some time ago by the district to make plans for vocational school construction. Assurance has been received by local school officials that approximately half of the cost of the structure can be obtained through state and federal sources. On a number of occasions the board has reviewed the potential building project with representatives of the architectural firm.

Three identical bids of 89 cents per gallon were received for the school's milk program during the year, and the bids of Land O'Lakes and Bridgeman Creameries were accepted. Western Oil and Fuel association was awarded the contract for gasoline at a constant price of 14.39 cents per gallon for the year, and the contract for No. 5 fuel oil at 10.38 cents per gallon. O'Hara Fuel and Transfer company was awarded the coal contracts at $21.55 per ton for Elkhorn, $20.80 for premium screenings and $19.10 for washed screenings.

Advertisement for bids was also authorized for conversion of one boiler at Franklin junior high school from oil to natural gas.

Resignations were accepted from Miss Carol Paavola, elementary music supervisor; Miss Virginia Phelps, first grade; Mrs. Ruth Bernhardson, second grade; and Miss Linda Rolfson, junior high school home economics.

Prices for school lunch tickets were set at 20 cents for elementary students, 25 cents for junior and senior high school students, 30 cents for vocational school students and 40 cents for faculty members. Salaries for school bus drivers were also set by the board at the existing rate of $2.09 and $2.23 per hour.

$550,000 in Bonds Sold for Street Work

Ordinance Adopted Prohibiting Mobile Homes Within City

More than half a million dollars in bonds for the 1966 street improvement project were sold by the Thief River Falls city council at its adjourned meeting Tuesday night. Bonds totaling $550,000 were sold to the First National bank of St. Paul and the Northern State bank of Thief River Falls, whose combined low bid carried a net interest rate of 4.375 per cent.

Other bond buyers submitting bids were Allison - Williams with an interest rate of 4.533 per cent and Paine, Weber, Jackson and Curtis at 4.475 per cent.

Prior to the meeting, a public hearing was held on the southeast assessment roll for 1965 street improvements. Many property owners were present, some of whom asked questions of the council and presented objections to their assessments. All assessment items were referred to the street committee.

The council heard the third and final reading of an ordinance prohibiting the use of mobile homes and mobile camping units for sleeping or living purposes within the corporate limits of Thief River Falls except in licensed trailer courts. The ordinance was adopted with Alderman Robert Carlson casting the only negative vote on the grounds that the ordinance, as written, does not define "mobile home" and, enforced as such, would technically bar mobile homes and campers from Tourist park.

It was voted to award a contract of $9,289.06 to the Elk River Concrete company on concrete piping for the Chief's coulee extension. No other bids were submitted.

The sum of $1,350 was paid to the Soo Line for a permanent easement on .022 acre of right-of-way north of the intersection of First street and the airport road. The land was acquired as being necessary to the 1966 street improvement project.

An appropriation of $1,000 was

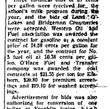
ROTTED to the breaking point, about a dozen of the beams holding up the roof of the city sewage trickle-filtering building have snapped and buckled. The breakage occurred simultaneously, and was first noticed about two weeks ago, according to Robert Carlson, chairman of the city council water and light committee. At the adjourned council meeting Tuesday night, the aldermen voted to remove the roof as a safety measure, and at some future date to remove the entire upper portion of the building and replace the present ceiling with a lower one. The building is large; the lower beam in the photo, which runs the diameter of the round building, measures 124 feet long. Estimated cost of replacing the roof is $65,000.

Rolvaag To Open C of C Meet the Candidate Series

Gov. Karl Rolvaag, seeking to upset the predictions of ranking DFL officials who claimed he could not again win the governorship of Minnesota and failed to give him convention endorsement, will speak in Thief River Falls Thursday. The governor will address the first in a series of "Meet the Candidate" meetings being arranged by the legislative committee of the Local Chamber of Commerce.



Gov. Karl Rolvaag

Establishing the format for future sessions, the meeting will be held at noon in the Elks club rooms with a luncheon to be served at $1.50 per plate. Anyone interested may purchase a ticket for the luncheon but must secure tickets in advance from the Chamber of Commerce office in the city auditorium. Chamber members may call for reservations and be billed later.

Invitations to take part in the "Meet the Candidate" series have been extended to Governor Rolvaag and Lt. Gov. A. M. Keith prior to the primary election. Following the primary election, the series is expected to include candidates for governor, U. S. Senate, U. S. House of Representatives, state Senate and state House of Representatives.

"Each session will provide the citizens of the area with an opportunity to get first-hand information about the candidates who are seeking your vote," a legislative committee statement notes. "These meetings are sponsored by the Chamber of Commerce for its members and the general public interested in the political future of state and nation."

Present plans call for the governor to appear at a coffee party sponsored by the Red Lake County Volunteers for Rolvaag at Red Lake Falls at 10 a.m. Thursday. He will arrive in Thief River Falls about 11:30 a.m. to officially open the local Rolvaag headquarters at 313 Third st. E., across from Piggly Wiggly supermarket. The public is invited to attend the opening and to visit with the governor, according to members of the Pennington county volunteer committee.

Following the "Meet the Candidate" session, the governor will visit local plants and business places before leaving at 2:30 p.m. for Bemidji. On the trip he will be accompanied by Wayne Olson, former commissioner of the state conservation department and currently candidate for attorney general.

Milk Marketing Order Hearing Starts At Fargo

Hearing on a proposed federal milk marketing order for western Minnesota and eastern North Dakota began Monday morning at North Dakota state university in Fargo with more than 100 area dairymen and producers in attendance. Hearing officer is Jack Fain of the Office of Hearing Examiners in Washington, D.C.

Proposed by Land O'Lakes Creameries, Inc., the marketing order was asked for 18 counties in Minnesota and 25 counties in North Dakota. Cass-Clay Creameries Inc., of Fargo asked to have three South Dakota counties and Hubbard county in Minnesota included.

Minnesota counties proposed by Land O'Lakes to be covered by the order are Kittson, Marshall, part of Polk, Pennington, Red Lake, Norman, Mahnomen, Clay, Becker, Wilkin, Otter Tail, Wadena, Todd, Grant, Douglas, Traverse, Stevens and Pope.

Purpose of the marketing order, which would require approval by at least two-thirds of the dairy farmers in the area, is to assure consumers of an adequate supply of milk. According to a report in the Fargo Forum, it does not guarantee the farmer a market with any buyer nor does it establish retail prices.

Purposes of the hearing were to make a record for the Secretary of Agriculture on which he will determine whether or not a marketing order will be issued, and to inform and educate the producers and handlers on how an order would affect them.

Fair Operation Up Slightly from 1965 Statistics

Comparative statistics for the operation of the Pennington county fair show a slight increase in total operating revenue this year over last year, according to Morris Goddard, secretary of the Pennington County Fair Association, Inc. Expenses are also expected to be larger than last year, however.

Grandstand programs grossed $3,323 this year as compared with $3,376 in 1965--a decrease of $53. Parking increased from $495 in 1965 to $697 this year and the local association's share of carnival income was $3,326.52 as compared with $3,059.97 a year ago.

Premiums paid out this year were just under $4,000 while premiums paid in 1965 totaled $4,154.30.

Find Sullivan Guilty of Criminal Negligence

Found guilty of criminal negligence in the auto death of Jerome Ramstad in July of 1965 was Robert Joseph Sullivan, son of Mr. and Mrs. Peter Sullivan of Thief River Falls. Judge H. O. Chommie, who heard the case which was tried without jury at the request of the defendant, announced his findings of fact, conclusions of law and order for judgement last week. Sentencing was stayed pending a presentence investigation.

Robert Sullivan was the driver of a car which crashed at high speed into another vehicle which was waiting at the stop light at the intersection of Main avenue and First street in Thief River Falls July 22, 1965. Jerome Ramstad, a passenger in the car driven by Miss Alverna Tigges, was killed in the crash. Miss Tigges died in Northwestern hospital several days later of injuries sustained in the accident.

Charged with criminal negligence in the death of the Ramstad youth, Sullivan requested trial without jury and the case was heard by Judge Chommie beginning on March 28. Curtis L. Charlson, Pennington county attorney, prosecuted the case with Robert A. Wurst as attorney for the defendant.

Judge Chommie's findings of fact noted that the Sullivan youth--age 17 at the time of the "commission of the alleged crime"--drove his father's automobile with the consent of his father.

It is also noted that "at times his speed was between 50 and 60 miles per hour" and that he was, "prior to entering the intersection, on the left or the east half of the intersection and proceeded across the same and struck a Corvair automobile heading north and waiting in the east lane just south of the intersection for the lights to turn from red to green."

Another finding of fact states: "That the defendant as a defense to said charge so made against him making no denial of erratic course and speed of the automobile, claims that at or immediately before the erratic movement of the Oldsmobile Sullivan car occurred, he suffered an epileptic attack or similar attack that caused him without warning to lose consciousness and which state of mind continued until the accident had occurred."

After noting that the Sullivan youth had been subject to "convulsive seizures" since three or four years of age, the court states: "That on May 10, 1965, the defendant, accompanied by his father, applied for a driver's license; that in his application signed by the defendant and his father he reported that he had not had any seizures or any epileptic fits or fainting spells; that he never had had fainting or

Ulrich and Kading Vows Spoken At Red Lake Falls

Miss Delores Ulrich, daughter of Mrs. Fred Ulrich of Red Lake Falls, and Marvin Kading, son of Mr. and Mrs. Raymond Kading of Fenton, Iowa, were united in marriage at a double-ring ceremony Sunday afternoon, July 24, at St. John Lutheran church, Red Lake Falls. Approximately 125 guests attended the service with Rev. Roger Raebel officiating.

Miss Kathy Stolte of Harris, Iowa, friend of the bride, supplied the nuptial organ music and accompanied Mrs. John Ulrich of Red Lake Falls, aunt of the bride, as Mrs. John Ulrich of Red Lake Falls, aunt of the bride, as she she sang "Brother James's Aire" (Psalm 23) and "A Wedding Bendiction".

The bride, given in marriage by her brother, Louis Ulrich, was attired in a floor-length gown of silk organza over taffeta with a matching train. The basic simplicity of the gown was off-set down the front of the skirt and on the train by lace panels with taffeta bows. Her only jewelry was a strand of pearls, a gift from the groom. A petuled headpiece enhanced with sged pearls secured her elbow-length veil and she carried a cascade bouquet of red roses, white feathered carnations and trailing ivy.

Mrs. Darold Stephanson of Sterling, Ill., sister of the bride, was matron of honor. Bridesmaids were friends of the bride, Suzanne Stender, Fountain and Carol Vander Luitaren of Chicago, Ill. They wore floor-length gowns styled similar to the bridal gown. The matron of honor was attired in a pastel yellow gown and the bridesmaids wore gowns of pastel green, each with matching veiled headpieces. Each carried a bouquet of white carnations accented with trailing ivy.

Attending the groom as best man was Francis Lieb of Algona, Iowa. Groomsmen were Douglas Kading, brother of the groom, and Gene Ladendorf of Roanoke, Ill. They wore black tuxedos with white carnation boutonnieres. Ushers were Larry Ulrich and Darold Stephanson, brother and brother-in-law, respectively, of the bride.

The mother of the bride was attired in a navy blue two-piece dress with pink and white accessories. The mother of the groom also wore a navy blue dress. Blue accessories completed her attire. Both wore corsages of red sweetheart roses and white carnations.

For the reception held in the church parlors following the ceremony the tables were decorated with yellow floral arrangements. Mrs. Russell Zimple served as hostess.

Sisters-in-law of the bride, Mrs. Louis Ulrich and Mrs. Larry Ulrich, cut and served the wedding cake which Mrs. Louis Ulrich had baked and decorated. Mrs. Ernest Ulrich, aunt of the bride, and Mrs. Roy Steitz poured. Presiding at the punch bowl were Miss Hazel Anderson and Mrs. Vay Rawerts while nieces of the bride, Deborah Ulrich and Julie Stephanson, registered the guests. Arranging the gifts were Cathy Steitz, Sharon Lehrer and Diane Luxemburg.

Out-of-town guests attending the wedding were from Fenton, Harris, Lone Rock and Swea City, Iowa; Chicago, Sterling and Roanoke, Ill.; Spencer and Turtle Lake, Wis.; Minneapolis, New Ulm, Duluth, Perham, Fountain, Elmore, Thief River Falls and St. Hilaire.

Following a wedding trip to Duluth and northeastern Minnesota, Mr. and Mrs. Kading will be at home at Waconia, where they have teaching positions at Trinity Lutheran school.

VISITING one of the "Chuck Wagon Dinners" sponsored by the Colorado Springs Jaycees on July 25 at Garden of the Gods in Colorado, Mrs. Robert Bregler of Thief River Falls was—in the words of the Jaycees—"unceremoniously pounced upon by the wranglers, up-ended and branded". A nightly activity of the Jaycees, the "branding" is considered by most of the guests to be a high honor. The steak dinner has been served to as many as 700 guests within 20 minutes and entertainment is provided by the "Trailriders".

Halvor Olson, 25, Of Oklee Drowns; Rites Saturday

Halvor Olaf Olson, 25, better known as Billy Sletvold of the Oklee community drowned Sunday while fishing with his brother Jim Olson and Richard Walsanen on Hart lake, south of Pengilly, when he tried to swim to shore from an over turned boat.

Sheriff John Muhar, whose crews recovered the body several hours after the accident, said that Olson, his brother James and Richard Walsanen were fishing in a 12-foot aluminum rowboat about 30 yards from shore. Survivors said that a sudden movement caused the boat to tip. Walsanen and Halvor Olson started to swim to shore and James clung to the overturned boat. Walsanen completed the swim but Olson went under and drowned. His brother, who stayed with the boat was picked up by another angler.

Funeral services for Halvor Olaf Olson (Billy Sletvold) will be held Saturday at 2 p. m. at the Zion Lutheran church in Oklee with Rev. Charles L. Gunderson officiating. Interment will be in Nazareth Lutheran cemetery northeast of Oklee. Friends and relatives may call at the Petterson Funeral home in Oklee Friday afternoon and evening and at the church for one hour prior to the time of services.

Halvor Olaf Olson was born Feb. 20, 1941, at Thief River Falls to Arne Olson and Irene Wallin Olson. His mother died at the time of his birth. He was raised by Mr. and Mrs. Richard Sletvold in the Oklee community where he attended school. He had worked in South Milwaukee and California, returning this spring to Minnesota. Since that time, he had been employed at Hibbing as an iron worker.

He was united in marriage to Caroline S. Skaggs of Blythe, Calif. on Feb. 7, 1964 in Arizona.

Survivors include his wife, one son, Dennis Lee; one step-daughter, Cleta; his father and step-mother, Mr. and Mrs. Arne Olson of Oklee; his foster mother, Mrs. Annie Sletvold, also of Oklee; two brothers, James Olson of Mountain Iron and John Olson of Hibbing an three sisters, Mrs. James (Joan) Battleson and Mrs. Harlan (Marlene) Halseth, both of Anoka and Mrs. Erling (Marion) Olson of Minot, N. D.

Services Held At Warren For Mrs. Emma Kvikstad, 82

Mrs. Emma Kvikstad, 82, of Warren, mother of Victor Kvikstad of this city, died in her sleep Saturday morning, August 6.

Funeral services for Mrs. Emma Kvikstad were held Tuesday afternoon, August 9, at Our Savior's Lutheran church at Warren. Rev. Orval K. Moren officiated and interment was in the Greenwood cemetery.

Mrs. Kvikstad, the former Emma Windahl was born Feb. 16, 1884 at Erdahl to George and Anna Windahl. She moved to Marshall county as a young girl, settling with her parents in Marsh Grove township. On July 28, 1902, she was married to Peter E. Kvikstad at Crookston. They lived at Argyle until 1930 when Mr. Kvikstad was elected Marshall county treasurer and moved to Warren.

She was a member of Our Savior's Lutheran church, its women's organizations, the Royal Neighbors and Rebekah lodges.

She is survived by two daughters, Mrs. John (Adele) Kurowski of Fargo, N. D., and Mrs. Henry (Ruth) Hanson of Warren; two sons, Elmer Kvikstad of Espanola, Wash., and Victor of this city; nine grandchildren, nine great-granchildren; one sister, Mrs. Tom Stalaas of Newfolden and one brother, Willie G. Windahl of Warren.

Anna M. Erickson returned Tuesday morning from a weekend visit in the Brooten and Belgrade area. Sunday she was a guest with relatives from the Olivia area at the Quisberg home.

Edwin Rokke, 60, Marshall County Official, Dies

Edwin K. Rokke, 60, Marshall county clerk of court for the past 20 years, died Monday, August 8, at the University hospital in Minneapolis where he had been a patient for several weeks with a heart ailment.

Funeral services for Edwin Rokke were held Thursday at 2 p. m. at Our Savior's Lutheran church at Warren with Rev. Orval K. Moren officiating. Interment was in Greenwood cemetery at Warren.

Born at Newfolden, the son of Elesius O. Rokke and Kristie Lind Rokke on Sept. 12, 1905, Mr. Rokke spent his childhood on the farm and was graduated from high school at Strandquist. He was also a graduate of the Anker's Business college at Grand Forks, N. D. On Feb. 25, 1939, he married Joan Opat Ivery at Warren.

William Sheedy, Formerly of TRF, Dies At Spokane

Funeral services for William Edward Sheedy, 45, a former resident of Thief River Falls who died Saturday, August 6, at Spokane, Wash., were held here Thursday, August 11, at 10:30 a. m. at St. Bernard's Catholic church. Rev. Keough Patnode was the celebrant and interment was in the church cemetery with Green Funeral home in charge of arrangements.

Serving as pallbearers were Earl Gjernes, Gary Carlson, Andy Anderson, Roy Langevin, LeRoy Olson and Art Hamilton.

William Edward Sheedy Jr., a son of the late Mr. and Mrs. William Sheedy Sr., was born Oct. 18, 1920 at Thief River Falls. He attended school and grew to manhood here. A veteran of World War II, he served in this country and overseas. After his discharge from the United States Army, he returned to Thief River Falls living here for several years before going to the West Coast where he had resided at Seattle and Spokane, Wash.

Survivors include his step-mother, Mrs. Nettie Pearl Sheedy of this city; a sister, Mrs. Rose Benoit, Monence, Ill.; two step-brothers, Richard Shoberg in New Mexico and Robert Shoberg in California and two step-sisters, Mrs. Beatrice Zachar of Thief River Falls and Mrs. Conrad Helgeson of Pinewood.

He was preceded in death by his parents and one brother, Leo.

Rosella Priebe Rites Were Held Here August 10

Funeral services for Mrs. Rosella Priebe, 79, a resident of Thief River Falls since 1934, who died Friday, August 5, at Northwestern hospital, were held Wednesday, August 10, at St. John Lutheran church in this city. Rev. Paul R. Biegner officiated. Mrs. Howard Langlie served as organist and hymns were sung by the congregation.

Pallbearers were Albert Koop, Lawrence Leach, L. P. Anton, Albert Busse, Fred Koop and B. F. Beiswenger. Interment was in the Clearwater Lutheran cemetery in Wyandotte township, Pennington county, with Sinding's Funeral Chapel in charge of arrangements.

Mrs. Priebe, the former Rosella Roese, was born April 29, 1887 at Farmington, Wis., to Augustus and Anna Demulling Roese. She came to Pennington county in 1913 settling on a farm near Plummer. In 1934 she moved to this city and for the past six years had been a resident of the Oakland Park Nursing home.

She married Henry Glewwe in 1913 in Pennington county. He died in 1919. On March 1, 1922 she was united in marriage to Albert Priebe at Plummer. He preceded her in death in December of 1959.

Mrs. Priebe was a member of the St. John Lutheran church in this city and a charter member of its ladies aid.

She is survived by three brothers, Wilbert Roese of Plummer, Clarence Roese of Hazel and Willis Roese of this city; four nieces and three nephews.

21 Cases Tried In Recent City Court Sessions

A total of 21 cases has been handled in Thief River Falls municipal court, with Judge Stanley N. Mortenson presiding, during the past couple of weeks. Court cases handled Monday, August 8, are as follows:

Highway patrol cases — James Gauthier, rt. 3, Red Lake Falls, following too close, $20 bond forfeited; Richard Wilford, Winnipeg, Man., speed, $15 bond forfeited; and Clarence Wangsnes, rt. 4, failure to heed stop sign, $15 fine with $5 suspended.

Charged by the sheriff's office were David Borman, Moorhead, issuing a worthless check, $25 bond forfeited; and Milo Gulbranson, city, non-support, 30 days in jail stayed on conditions.

Cited by the city police were George Broadwell, Crookston, speed, 15 fine with $5 suspended; Keith Hendrickson, city, illegal exhaust system, $15 bond forfeited; Sandra Wilson, city, speed, found guilty after trial, $17 fine with $5 suspended; and two persons charged with drunkenness.

Dallas Ray Kinney, alias Neal Bates, Eureka, Calif., appeared on a charge of aggravated forgery brought by the city police. He waived preliminary hearing and was bound over to district court with bond set at $3,000. He is in custody.

On Friday Jerry Sorenson, rt. 1, appeared on a charge brought by the sheriff's office of issuing a worthless check. He was sentenced to 15 days in jail suspended on conditions and was placed on probation for six months. He was also charged by the city police with driving after suspension of license and was sentenced to 30 days in jail, stayed, and was placed on probation for six months.

In Monday's regular session Roger Mischel, Angus, was charged by the highway patrol with speeding and was fined $15.

Charged by the sheriff's office were George Vernon Hendrickson, Roseau, driving after suspension of license, $50 fine, plates and title card ordered impounded; and Wayne Tollefson, Fosston, careless driving, $50 fine.

City police cases included Abe Voth, Steinbach, Man., speed, $19 bond forfeited; Charles Decker, Grand Forks, N. D., speed, $19 bond forfeited; Timothy Connors, city, driving over center line, $30 fine; and Daniel Dowers, city, careless driving, accident involved, $25 fine with $10 suspended. One drunk charged by the city police was tried Tuesday.

Social Security Sets Appointment Schedule in City

Thursdays are social security appointment days in Thief River Falls, according to Ted Hoversten, new field representative serving this area.

Anyone wishing an appointment time may write the social security office in Grand Forks asking for one. A caller at the city auditorium on Tuesdays may also sign up for an appointment in the basement of the auditorium if he does not have time to wait his turn to be interviewed. Prepared requests for appointments are available there.

A person wanting an appointment should give his name and address and the name, date of birth and social security number o fthe person whose social security he wants to discuss.

"Because 30 to 50 people come in every Tuesday on a walk-in basis," Hoversten said, "busy people will save time by getting Thursday appointments."

Hoversten recently transferred to Grand Forks from the Bismarck, N. D., social security office. He will be making the regular Tuesday and Thursday visits to Thief River Falls.

Council Awards $550,000 Bond Contract Tuesday

made to the Junior College Action committee for betterment of the Thief River Falls junior college.

Morris Owen, superintendent of utilities, reported that a number of roof beams in the sewage trickle-filter building had broken, and that the roof was in danger of collapse. Some temporary retaining posts have been installed, and the council decided to remove the roof for the duration of the fall and winter. Heating facilities will be installed to prevent the water from freezing. When the roof is replaced, it will be lowered to a point just above the windows. Cost of replacing the roof is estimated at $65,000.

At the regular meeting held Tuesday, July 9, the council called for bids on a new boiler for the municipal liquor store. Bids will be opened September 13 at 4 p.m.

Larry Rude was hired as a lineman effective August 15.

Building permits were awarded to Ole Grunum, 221 West Sixth st. for a $1,000 garage and to Inga Berg, 527 Spruce av. S. for an $11,000 dwelling.

Bills were paid to Thomas Hodne in the amount of $500 for Phase I of the recreation complex study and to Boyd Holcomb, CPA, in the amount of $2,500 for the 1965 city audit.

the greased pig will be allowed to keep it.

Concluding event of the festival will be a dance at 9 p.m. in the village hall. Throughout the day there will be horseshoe contests in progress and concessions in operation.

Mishaps, Thefts Reported Today By City Police

Accidents and criminal activity occurring since August 6 were reported today by the Thief River Falls police department. A total of five juvenile shoplifters were apprehended by employees of local stores. They were turned over to police for investigation and released to their parents. Three were apprehended August 6, a fourth on August 9 and the last on August 10.

A two-car accident happened Sunday, August 7, at 5:20 p.m. A car driven by Kenneth Mehrkens, rt. 1, was stopped in the traffic lane on East Third st. near Horace avenue behind two other vehicles and was waiting for traffic to clear when it was struck from the rear by a vehicle driven by Daniel Dowers, city. Damage was estimated at $175 to the Mehrkens car and $30 to the Dowers vehicle. Dowers was charged with careless driving.

On August 8 Charles Thorstad, city, reported the larceny of motorbike parts valued at $100 total over a period of time.

At 12:20 p.m. August 9 a car driven by Henry Wood, city, was traveling south on Knight avenue and collided with a vehicle driven by Ruth Shefveland, city, which was proceeding east on Second street. Damage was estimated at $15 to the Wood car and $135 to the Shefveland vehicle.

On August 10 at 12:40 p.m. a car driven by Ernest Ballingrud, city, was backing out of a driveway onto Eighth street and struck a vehicle driven by Ernest Berry, city, which had backed out of another driveway and started to proceed west on Eighth. Damage to the Berry car was estimated at $105; the Ballingrud car was not damaged.

On Tuesday the Soo Line reported the rain gear and railroad flares known as "fuzees" and "torpedoes" were taken from a caboose parked on a side track. The flares are dangerous, police stated.

City Police Nab California Man In Forgery Case

A case of felonious bad check passing was reported today by the Thief River Falls police department. On August 5 it was reported to the deputy sheriff that a suspicious check had been passed by a man who called himself Neal Bates. The sheriff's office and the police department cooperated in investigating the case.

It was learned that the party's real name was Dallas Ray Kinney, aged approximately 23 years, and that his last known address was Eureka, Calif. He was found to have issued a fraudulent check and was charged with aggravated forgery. He is also wanted in other states and by the FBI. Investigation of his activities prior to the local episode is continuing.

Sullivan Found Negligent; No Sentence Made

dizzy spells; and was not physically handicapped in any manner; never had had any attacks of epileptic stroke or paralysis, all of which was untrue.

"That the defendant knew that he was subject to epileptic fits or similar seizures when he would lose consciousness without any previous warning, before he undertook to drive the car on the day in question."

Conclusions of the law were listed as follows:

"That if he had such a fit while driving the automobile of his father, about a block and half prior to the fatal accident, it would not excuse or justify the grossly negligent manner by which automobile was managed or the erratic course of the vehicle while defendant was at its wheel; that the defendant knew that he was subject to such fits; that he was therefore grossly negligent in undertaking to drive the automobile and that his act in doing so resulting as it did in the killing of a human being, constituted criminal negligence contrary to the provisions of Section 609.21 of the Minnesota statutes and was the direct cause of the collision and death of Jerome Ramstad.

"The court further concludes that the defendant is guilty of criminal negligence resulting in the death of a human being, to-wit: said Jerome Ramstad and has been so proved beyond a reasonable doubt."

Dennis Johnson To Join Penney's In Fergus Falls

Dennis Johnson, who has been employed by the local J. C. Penney store, in Thief River Falls since 1959, has accepted a position as department manager in the Penney store in Fergus Falls. The transfer will be effective next Monday.

Johnson started with the Penney store here by working in the stock room following graduation from Lincoln high school. He later worked on display and since 1963 has been merchandising the men's and children's lines at the store.

The son of Mr. and Mrs. Willis Johnson of this city, he is married to the former Janet Morben and they have two children.

Dates Set for UND Homecoming

"Warriors of the Northern Plains" has been selected as the theme for the 1966 University of North Dakota homecoming, announced Ray Ulroth of Valley City, chairman. UND homecoming has been set for October 21 and 22. The theme will be carried out in parade floats, house decorations and alumni-student activities.

Leading the homecoming parade will be a Sioux warrior astride a horse, according to Reed Reichert, Hoople, parade chairman. Arrangements for the appearance of the Indian are being made by Golden Feather, UND men's pep organization.

This year's homecoming football game will match the UND Sioux against the North Dakota State Bison.

Current Summary Of City Mishaps

For the week ending August 13, 1966, inclusive:

	1965	1966
Total Accidents	156	154
Persons killed	2	0
Persons injured	47	38
Estimated Damage	$31,522	$34,301

CORRECTION

Due to a typographical error, it was wrongly stated in the August 8 issue of the Times that a milk producer would have to receive $4.40 per hundredweight to realize a 5 per cent profit. The correct figure is $5.40.

COUNTY BOARD PROCEEDINGS

Pursuant to adjournment the County Commissioners met in the Commissioners' Room in the Court House at 10:00 A.M., August 3, 1966.

Members present: Hanson, Olson, Anderson, Lindberg and Tasa. All present.

Upon confirmation that all easements were now in hand on CSAH 20 and 22, Engineer Seidel was instructed to proceed with plans for construction so as to let Contracts at the earliest opportunity. The Engineer advised the Board that the delay in easements may necessitate the construction being put off until next year because of a usual 8 to [illegible] week delay in Federal Aid Procedures which could not be activated until easements were complete.

Moved by Hanson seconded by Olson that the Engineer be authorized and instructed to advertise for bids for a new truck and to trade in the 1961 Ford truck with bids to be called and opened at 11:00 o'clock A.M., Sept. 12, 1966. Carried.

Commissioner Lindberg introduced the following resolution and moved its adoption:

WHEREAS, PENNINGTON COUNTY plans to reconstruct County State-Aid Highway No. 20, from Trunk Highway No. 1 located on the Section line between Section 25, T154N, R43W and Section 30, T154N, R42W; thence extending Northerly along the present established road to the North County Line, a distance of approximately 3.5 miles, and

WHEREAS, County Ditch No. 33 runs along and parallel on the East side of said C.S.A.H. No. 20 from T.H. No. 1 to the Northwest Corner of the S.W.¼ of Section 18, T154N, R42W, and

WHEREAS, it is advantageous and desirable in the construction of said C.S.A.H. No. 20 to move the location of said County Ditch No. 33 twenty feet East from its present location on that part parallel with said C.S.A.H. No. 20, improving and flattening the slopes to blend with the new road construction. Said alteration and change will not in any way effect the functioning and efficiency of said County Ditch No. 33, and

WHEREAS, PENNINGTON COUNTY plans to reconstruct County State-Aid Highway No. 22, from its intersection with C.S.A.H. No. 3 located on the Section line between Sections 32 and 33, T153N, R41W (Kratka Twp.); thence extending Northerly along the present established road to the North County line, a distance of approximately 10.5 miles, and

WHEREAS, County Ditch No. 59 runs along and parallel on the East side of said C.S.A.H. No. 22 from the Southwest Corner of the NW¼ of Section 16, T153N, R41W, to the Northwest Corner of Section 4, T153N, R41W (Kratka Twp.), and

WHEREAS, it is advantageous and desirable in the construction of said C.S.A.H. No. 22 to move the location of said County Ditch No. 59 twenty feet East from its present location on that part parallel with said C.S.A.H. No. 22, improving and flattening the slopes to blend with the new road construction. Said alteration and change will not in any way effect the functioning and efficiency of said County Ditch No. 59, and

WHEREAS, County Ditch No. 32 runs along and parallel on the East side of said C.S.A.H. No. 22 from the Southwest Corner of the NW¼NW¼ of Section 28, T153N R41W, (Sta. 91-00) to the Red Lake River (Sta. 127-65), and

WHEREAS, it is advantageous and desirable in the construction of said C.S.A.H. No. 22 to alter the inslope of said County Ditch No. 32 to blend with the new road construction on that part parallel with said C.S.A.H. No. 22. Said alteration and change will not in any way effect the functioning and efficiency of said County Ditch No. 32.

NOW, THEREFORE, BE IT RESOLVED, By the Board of County Commissioners of Pennington County to instruct its County Engineer to file the plans and profiles of said C.S.A.H. No. 20 and C.S.A.H. No. 22, showing the contemplated changes and alterations of said County Ditch No. 33, County Ditch No. 59 and County Ditch No. 32 in detail with the County Auditor who shall thereupon fix a time and place for a hearing thereon and to give notice of hearing by publication as defined by Minnesota Statues Section 106.011 Subdivision 2.

The foregoing resolution was duly seconded by Commissioner Anderson and declared carried.

Moved by Olson seconded by Hanson that the Road Committee and the Bridges and Culvert Committee inspect roads and bridges and culverts at 8:00 A.M., Aug. 30, 1966. Motion carried.

The matter of the apparent inability to obtain a Probation Officer to serve the Multi-County group was discussed. Auditor Rodekuhr was instructed to contact Mr. Davis the Supervisor and discuss the matter more fully.

Petitions were presented by Mr. and Mrs. Vernon Wold and by Mr. and Mrs. Robert Hirst requesting their farms be set off and transferred from School Dist. 562 (St. Hilaire) to School Dist. 564 (Thief River Falls). Upon motion by Olson seconded by Lindberg the petitions were accepted ordered filed and hearing upon said petitions set to be heard Aug. 25th at 8:30 P.M. and the Auditor be instructed to give notice of hearing as provided by Law. Motion carried.

Moved by Lindberg seconded by Olson that the sum of $1,249.09 be appropriated from the Revenue Fund to the Probation Officer Fund for the Pennington County share of the cost of operation of the Probation Officer Office. Motion carried.

Moved by Anderson seconded by Lindberg that Contract for new Graphotype with the Addressograph Multigraph Corp. be approved and accepted and the sum of $3,716.25 be paid. Motion carried.

Application for abatement of valuation of property of Sadie Sorenson was approved in the amount of $300.00 True & Full value. Property known as Lots 21 and 22, Block 6, Knox's Addition to the City of Thief River Falls. Entire value of Building approved upon demolition of building.

Letter from the Board of Directors of the Chamber of Commerce of Thief River Falls was read to the Board relative to the status of the redistricting of the Commissioners' Districts. The Auditor was advised to write in response the fact that the matter had been presented to the Board and was presently in Committee composed of the entire Board.

The minutes of the meeting of July 11, 1966 were read and approved as read.

The following bills were read audited and allowed:

JOSEPH SEIDEL-County Engineer

Aug. 17-24-31
NOTICE OF HEARING
TO ALL PERSONS INTERESTED IN PENNINGTON COUNTY DITCHES NO. 33, 59 & 32, IN PENNINGTON COUNTY:

YOU, AND EACH OF YOU WILL PLEASE TAKE NOTICE, that the County of Pennington, by Joseph Seidel, its Highway Engineer, has filed Petitions with the County Auditor of Pennington County, pursuant to Section 163.17, Minnesota Statutes, 1965, praying that he be allowed to make minor alterations or changes in Pennington County Ditches No. 33, 59 and 32. That attached to said Petitions now on file with the County Auditor are plans and cross sections showing minor alterations or changes petitioned for.

That County Ditch No. 33 runs along and parallel on the east side of C.S.A.H. No. 20 from T.H. No. 1 north to the Northwest Corner of the SW¼ of Section 18, T154N, R42W and it is proposed that County Ditch No. 33 be moved twenty feet East from its present location and improving and flattening the slopes to blend with the new road construction.

That County Ditch No. 59 runs along and parallel on the east side of C.S.A.H. No. 22 from the Southwest corner of the NW¼ of Section 16, T153N, R41W, to the Northwest corner of Section 4, T153N, R41W and it is proposed to move the location of said County Ditch No. 59 twenty feet East from its present location on that part parallel with C.S.A.H. 22 and improving and flattening the slopes to blend with the new road construction.

That County Ditch No. 32 runs along and parallel with the East side of C.S.A.H. 22 from the Southwest corner of the NW¼NW¼ of Section 28, T153N, R41W, (Sta. 91-00) to the Red Lake River (Sta. 127-65) and it is proposed to alter the inslope of said County Ditch No. 32 to blend with the new road construction on that part parallel with said C.S.A.H. No. 22.

Said Petitions allege that it is advantageous and desirable in the construction and maintenance of County State Aid Highway No. 20 and 22 that said minor alterations or changes be made and that said minor alterations or changes petitioned for will not affect the functioning or impair the efficiency of said County Ditches 33, 59 or 32.

YOU WILL FURTHER TAKE NOTICE, that said Petitions will be presented to the County Board of Pennington County, in the County Commissioners' Room in the Court House in Thief River Falls, Minn., on the 12th day of September, 1966, at 10:00 o'clock A.M., or as soon thereafter as the matter can be heard, at which time all persons interested in said ditches may appear and be heard and present arguments for or against granting of said Petitions.

Dated this 8th day of August, 1966.
C. W. RODEKUHR, County Auditor
Pennington County, Minnesota.

Jensen Mink Farm vs. Union State Bank.
Wilson Bros., vs. Times.
Ekeren Pharmacy vs. Coast-to-Coast.
Mostue's Floral vs. L. B. Hartz.

The 1966 schedule of trap shoot league will conclude this evening, Wednesday, at the traps north of town. The Jensen Mink Farm squad, defeating the runner-up Wilson Bros., team last week 123 to 121, can clinch the title be defeating the Union State Bank squad. The Wilson Bros., two points behind the league-leaders, can share in the title, and force a shoot-off, if the Jensens lose to the bankers, and the Wilsons defeat the defending champion Times.

In addition to being the conclusion of a successful season, Wednesday evening's program will also provide for the 1966 trap shoot individual shooting honors, with the marksmen competing in a 50-bird event for the individual title.

In last week's feature match, between the Jensen Mink Farm and the Wilson Bros., the Jensens had three "25's" in Vern Cyr's 24-3, Elmer Hanson's 22-3 and Mark Mattson's 20-5; and a pair of 24's in Al Jensen's 22-2 and Harold Cyr's 22-2. The Jensens scored a two-bird win over Wilsons. For the losers, Orv Feragen, with 20-6, and Merv Skadsem, with a 23-2, had "25's". Al Tonder had a 23-1, Roy Landmann an 18-6 and Wally Vagle a 20-3.

The Union State Bank squad posted the evening's high team total, a 124, as they defeated the Times, 124 to 117. For the bankers, John Moum, with a 17-8, Orvis Oen with a 20-8, Walt Fischer with a 23-4, and Jerry Wigness with an 18-8, had "25's". Fred Sorensen had a 21-3. For the Times squad, Bob Mattson scored a 24-2, Clarence Mattson a 19-1, George Mostue a 21-1, Marv Lundin a 23-2 and Jim Wills a 23-5.

The Mostue's Floral surprised the Ekeren Pharmacy by scoring a 115 to 110 win. Myrt Wilson had a 19-4, Carol Stenseth a 14-10, Julie Mattson an 11-10, Pat Ball a 17-9 and Joanie Wilson a 17-5. For the Pharmacy, which was shorthanded for the match, Sandy Wilson had a 24-0, Ray Thyren a 21-2, Floyd Ball a 24-3 and Stub Pahlen a 20-3.

The L. B. Hartz squad scored their second win of the season when they edged out the Coast-to-Coast, 106 to 103. For the winners, Don Hoganson had a 21-3, John Feragen a 23-6, Carl Carlson a 21-2 and Curt Bottem a 17-1. The Coast-to-Coast with only three shooters in competition, had Reuben Carlson with a 22-3, Howard Hagen with a 22-1, and Don Kamrowski with a 22-3.

The Junior edition of the Froseth's Market team, following the standard of the senior golf league Froseth's Market, are in first place in the junior golf league play, holding a 14-stroke margin over the runner-up Union State Bank.

The Froseth's posted a 136 team total in last week's competition. Steve Larson carded a gross 44 and net 33, Tim Carlson scored a gross 43 and net 35, Billy Olson had a gross 39 and net 34, and Paul Olson had a gross 46 and a net 34.

The low net individual cards were turned in by Larson, Roger Lee and Rob Swenson, each with a 33. Billy Olson's 39 was the low gross score reported.

Coaches To Issue Grid Equipment Friday Evening

Varsity football coach Jim Sims, and his assistants Whitey Olson and John Schmitz, will be issuing equipment to the Prowler football candidates at the high school gymnasium on Friday at 7 p.m.

The prospective candidates are requested to bring their physical check-up cards and their parents' player permit slips to the opening session on Friday. Football practice, in accordance with the State High School League rules, will begin on Monday, August 22.

Practice times for the two-a-day sessions will be announced by coach Sims at Friday's equipment issuing meeting.

Coach Sims announced that all boys in grades 10, 11 or 12 are invited to participate in the practice sessions, regardless of whether or not the boys were registered last spring.

Don Harmoning, Hamm's	25	7	.280

Jeff Vacura of the Hartz Stores softball team won the 1966 individual league batting title, posting an average of .400. In the season's concluding game, Vacura banged out one hit in three trips to the plate, and finished the year with 14 hits in 35 at bats.

Ike Ellingson of the Schmidt's beer, gained runnerup honors with a .375 average. Ellingson, in his team's final game, also connected for one hit in three times at the plate, and for the season the smooth-fielding shortstop had 12 hits in 32 at bats.

Marvin Lindberg Wins Magazine Writer's Award

Marvin Lindberg

Marvin Lindberg, son of Mr. and Mrs. N. C. Lindberg of Thief River Falls has been named first place winner in the magazine writers' division for members of the Outdoor Writer's Association of America. Lindberg resides in Pullman, Wash.

Lindberg, manager of the fabric department at Pullman's Empire department store, will receive $250 worth of camping gear as his prize. He was selected one of the writers who has "contributed the most toward the furtherance of camping as a public recreation".

The former Thief River Falls resident, a graduate of Lincoln high school, has had more than 100 articles published in about 20 different publications, including Field and Stream, Outdoor Life, Popular Science, Camping Guide, and others. He is also a contributing author to the book "Ford Guide to Outdoor Living on Wheels".

Lindberg has camped in all but seven of the continental United States. With his wife Marjorie, daughter Marsha, 19, and son Mark, 15, he resides at 606 Elm street in Pullman. Another son, Mike, is in the army.

Softball Banquet

It's not too early to remind the softball players, and their fans, that the trophy - awards banquet will be held at the V.F.W. on Monday evening, August 29, at 6:30 p.m. This banquet will be a combined affair with the girls softball league also attending.

Players can obtain their tickets for the banquet from their respective team managers. And the fans who wish to attend the gathering can purchase tickets from Bob Carlson or Pat Poole.

The banquet is 10 days away, but this early notice should give all those interested in attending the gathering time to "clear the calendar". It should be worth while to hear the acceptance speech of manager Pat Poole as he receives the city softball league trophy in behalf of his Vets team. A number of ghost writers are busy, in the third booth at The Club, at drafting a speech for the popular Pat.

In the meantime there is the business of the league playoffs at the fairgrounds. And if the first-round games are any criterion, the semi-finals and finals should provide plenty of excitement.

On Monday evening the Bridgeman's were "on the ropes", trailing by a 5-3 score moving into the last half of the seventh inning against the Bea's Food Market. Doc Carlson led off with a bunt, Paul Klungness bunted safely, and Gary Klungness also was safe on a hit. Doc scored on a wild pitch, and after Jerry Erickson had popped out, Larry Gilbertson lined a two-run drive into left-center, and the Bridgeman's were in the semi-finals. They'll meet the Schmidt's on Tuesday evening.

And on Tuesday evening the Hartz Stores team outlasted Erv Melvie's Hamm's Beer, winning by an 11-8 score. Whitey Olson lofted a two-run home run in the first inning. But the Hamm's rallied to score six runs in the fifth inning, to take an 8-5 lead, only to have the Hartz come back with six runs in the last half of the inning, and go on to win, 11-8. The Hartz will meet the league champion Vets at 6:30 p.m. on Monday evening.

A Rebuttal

The mass killings on the University of Texas Campus last week, by a sniper (a former Marine sharpshooter) who had a veritable arsenal, has caused a furor by the *anti-gun fanatics*. The current issue of "Sports Illustrated" makes an editorial comment on the proposed legislation that is sure to be dropped into the congressional hopper. The editorial is pertinent and logical.

"After the assassination of President Kennedy there was a predictable clamor for restrictive legislation that would make it difficult—but not too difficult—to buy firearms. Nothing much came of it, except that Senator Thomas J. Dodd of Connecticut was encouraged to concoct a bill that looked askance at the purchase of firearms by mail—presumably on the theory that weapons that pass through the post office are more lethal than those obtained from the neighborhood sporting goods dealer—and would otherwise meaninglessly discommode the person who wanted to buy a rifle or shotgun for hunting or plinking purposes. Nothing in the bill would have done more than inconvenience the Kennedy assassin or the nut who retaliated by killing Lee Harvey Oswald.

"Time cooled political passions, and the bill seemed headed for deserved oblivion. Then a shallow-brained misfit murdered eight Chicago nurses, although not with a gun, and a psychotic student mounted the University of Texas tower, after murdering his wife and mother, and slaughtered 14 more.

"Political reaction was instant. President Johnson demanded legislative action of a wonderfully unspecified kind. All hands, including the President, conceded that no legislation, contemplated or prospective, would have had the slightest effect on any of the deranged killers or would have saved their victims. But, in the emotional climate of the moment, 'Let us pass a law' seems to be the expedient thing to say."

Championship finals.

Manager Pat Poole's Vets squad won the city softball league title for 1966 by scoring a 3-2 win over the Schmidt's Beer in an extra-inning tilt last week. Kerm Mulberg of the Schmidt's wild-pitched Don Engelstad across the plate to give the Vets their one-run victory.

City league playoffs have been under way at the fairgrounds this week and the playoffs will be concluded next week.

In first-round playoff activity on Monday evening, Bob Carlson's Bridgeman's team, on Larry Gilbertson's two-run hit in the seventh, edged out the Bea's Food Market, 6-5.

On Tuesday evening, the Hartz Stores defeated the Hamm's Beer, 11-8. The Hamm's erupted for six runs in the fifth inning to take an 8-5 lead, but the Hartz, in the last half of the fifth, also tallied six runs. Buzz Olson, coming on in relief of Dwight Tungquist in the fifth, after giving up a base-clearing hit in that frame, pitched shut-out ball in the sixth and seventh.

Next week's schedule will find the league champion Vets meeting the Hartz Stores at 6:30 p.m. on Monday evening, August 22. On Tuesday evening, the second place Schmidt's Beer will play the Bridgeman's. The playoff championship finals are scheduled for Wednesday evening, August 23.

Glyndon Wins in Legion Baseball

Glyndon won the Ninth District American Legion junior baseball league title in the tournament that was concluded recently at East Grand Forks. Glyndon defeated Moorhead, 3-2, in the finals. In state tournament competition in St. Paul's Midway stadium, Glyndon dropped its first-round game, losing to Windon, 11-0.

In Ninth District first-round play, Fergus Falls defeated Fertile, 11-0; Glyndon shut out Warren, 6-0; Red Lake Falls surprised Breckenridge, 6-5; and Moorhead edged out Thief River Falls, 4-3, in 10 innings.

In semi-finals play, Glyndon defeated Fergus Falls, 6-5; and in a 17-inning marathon, Moorhead eked out a 2-1 win over Red Lake Falls.

Coach Lee Swanson's local squad, trailing the Moorhead team, 3-0, entering the seventh inning, scored three runs in the final frame to send the game into extra innings.

In the seventh, Dale Erickson opened with a single to left, and after Rocky Wilson had flied out to left field, Nickie Drees and Karl Poppenhagen drew walks. A wild pitch by Moorhead's Dale Hertel scorred Erickson. Tommy Cummings banged out a single to left, scoring Drees and Poppenhagen. Hertel, who chalked up 21 strike-outs in the 10-inning tilt, whiffed Billy Olson and Bob Brodin.

Moorhead notched the winning run in the tenth. Doug Peterson led off with a single and moved to second on a passed ball. Jim Wents drew a walk. Billy Poole came on in relief of Cummings, and Neal Horn was a strikeout victim. Hertel then won his own game by singling to left field, scoring Peterson.

"If you have called a bad thing bad, you have done no great matter; but if you call a good thing good, you have accomplished much." —Goethe

Just Fine, Thanks

Home again after a week of leisure, we have been greeted a number of times with the question, "How was your vacation" And the answer has to be, "Just fine, thanks."

And special thanks are due from all of us at the Times to the subscribers, advertisers and news sources of this paper for the excellent cooperation extended to make this first vacation period possible. Naturally, we hope that you all missed the Times when two issues were not printed during the vacation period, and that you will welcome this issue as a return to the normal schedule.

As expected, even with several advance stories on the vacation period, we have received a few calls from people who wondered what happened to their Times for the past two issues. In most cases, they had read the stories but paid little attention to the dates listed. In general, however, subscribers, news sources and advertisers have been very helpful, and their cooperation is sincerely appreciated.

Sunday Closing

From one of our exchange papers comes the following editorial:

"The Minnesota supreme court has ruled that Richfield's Sunday closing law is not in conflict with the State's century old blue law. In other words Richfield has the right to pass an ordinance which bars freedom of religion—under state law that is.

"More than likely the Minnesota high court is correct in that regard but what really needs testing is whether or not the state law is constitutional under the U. S. Constitution. If it is, then we haven't freedom of religion.

"Why should a Jew, for example or a Seventh Day Baptist or a Seventh Day Adventist or any of the other groups worshiping on the Biblical seventh day Sabbath, be denied the freedom of their religion. Why should a Buddist or Mohammedan be forced to observe another's religious holiday? Because they are a very small minority? That cannot be for the courts are designed to protect the minorities. The majorities seldom need that protection.

"Because we Christians are in the vast majority we get the idea that other religions need be given little consideration. In this we are all wrong if we are to believe in religious freedom.

"Does anyone think that our people will be more religious if forced into religion by law? Did Christ advocate religion by law"?

History Repeats

From the Oklee Herald comes this quotation from Cicero, statesman and philosopher of ancient Rome—a civilization that destroyed itself from within:

"We are taxed in our bread and wine, in our incomes and our investments, on our land and property, not only for base creatures who do not deserve the name of men, but for foreign nations, for complaisant nations who will bow to us and accept our largesse and promise to assist in the keeping of peace—these mendicant nations who will destroy us when we show a moment of weakness or our treasury is bare, and surely it is becomely bare! We are taxed to maintain legions on their soil, in the name of law and order and the Pax Romana, a document which will fall into dust when it pleases our allies and our vassals. We keep them in precarious balance only with our gold. Is the heart-blood of our nation worth these? Shall one Italian be sacrificed for Britain, for Gaul, for Egypt, for India, even for Greece, and a score of other nations? Were they bond to us with ties of love, they would not asked for our gold. They would ask only our laws. They take our very flesh, and they hate us and despise us. And who shall say we are worthy of more?"

Showing Disrespect?

According to the Minnesota AAA, the tourist who visits the nation's shrines, churches and monuments dressed as if he were attending a picnic is becoming of increasing concern to the travel industry. One letter received from a midwestern church by the AAA asked that the church be remove from the auto association's tour book.

"Because our church is listed in your book as one of the points of interest which tourists might visit," the letter said, "we have been inundated with travelers in all kinds of dress. Consequently, we are unable to maintain the reverential mood and spirit which should prevail in our sanctuary."

The suggestion is made that many so-called "miracle fabrics make it possible to dress tastefully as well as comfortably—relegating slacks and shorts to "their proper place in the home or at a resort".

Perhaps there is an "acceptable" attire which would be "respectful" at shrines, churches and monuments. We can understand the concern expressed by the church above if tasteless tourists disrupt worship services—perhaps more by their actions than by their dress. One can hardly condemn a traveler, however, for wishing to take part in a worship service and, in the likely press of time most vacationers feel, attending in something more casual than a full-dress suit.

As for "shrines and monuments", we would think it more important that they are visited than that the visitors follow a particular mode of dress in making the visits. Our contention is certainly open to debate, but it would seem that those attending church services, or visiting shrines or monuments, are lacking in their reasons for so doing if they pay more attention to the attire of the visitors than the obvious intent of their own personal attendance or visit.

Opportunity Beckons

A short time ago the following editorial appeared in the Walsh County Record at Grafton, N. D.:

If you happen ot have a son who is smart enought to rate an appointment to West Point, the Naval Academy or the Air Force Academy, put your foot down. That is, if you want him to have a good thing and become a member of the affluent society. Steer him instead into the poverty program. It's the hottest thing since prohibition.

Rep. William Ayres of Ohio made this clear recently when he cited some of the *lush salaries being paid to the top brass of* the Poverty Corps. Sargent Shriver draws down $30,000 a year for his efforts in planning strategy and directing the troops and serving pretty much as his joint chiefs of staff are 23 other world-renowned authorities on poverty who are paid more than $25,000 a year each.

By the way of contrast, the U. S. commander in Viet Nam, General Westmoreland, has a base pay of $28,268. However, it must be understood that the jobs are different. On orders from the White House, General Westmoreland is fighting only a limited war. Accordingly, you might say that he has only a part-time job. On the other hand, the White House has given Shriver the green light. To fight this kind of war, men are needed—the right kind of men, and lots of them.

Holding the poor man's citadel in Washington with Shriver and his joint chiefs are 2,350 full-time employees. Of this number more than a thousand draw down more than $10,000 a year. This elite corp has many reserve units available to it, and all over the country thousands of well-connected poverty-baiters are rallying to Shriver's colors—described as "long green."

That the Office of Economic Opportunity, which runs the Poverty Pentagon, is getting only the best, or at least the most expensive, manpower is obvious from other statistics released by Congressman Ayres. The OEO boasts 310 payrollers who make more than $17,055 a year. The FBI has only 192 in this wage category, and the Office of Education 172.

Fears about the escalation of the poverty war are discounted at the White House. One taxpayer who said he planned to burn his income tax return in public recanted after a call from the Internal Revenue Service.

What Price Honor?

Entertainment may be a great art and a great field, but we would agree with those who say that Americans too often pay too great a price to be entertained. An entertainer's value is based on his or her ability to return a profit to those by whom he or she is employed, and the fantastic fees that some of these people demand (and get) are paid for by those they entertain.

There is a legitimate question as to the value those of us in the United States place on various works and services performed for us. The following aticle from Newsweek magazine is a good example.

"A leading TV comic is paid $10,000 for a ten-minute guest appearance.

"An outstanding brain surgeon averages $900 for a six-hour operation.

"A famous comic strip artist makes $150,000 a year.

"The salary of the most distinguished professor at Harvard is no more than $28,000.

"A world champion boxer who fights with padded gloves made $1 million in one year.

"An infantry PFC who fights with live ammunition gets $2,104 a year.

"A youngster who writes rock 'n roll tunes took in $500,000 last year.

"The man who wrote the lyrics for our National Anthem didn't get ten cents for them.

"A football rookie who has yet to play a pro game signed a contract for $500,000.

"Our leading astronauts who have clocked the most time in space get $15,886 a year.

"As Plato said, more than 2300 years ago, "What is honored in the country is cultivated there."

"Are you content with whom we "honor" in our country?"

Interesting Opinions . . .

"So long as you wear this mortal body, you will be subject to weariness and sadness of heart . . . When this happens, you will be wise to resort to humble, exterior tasks, and to restore yourself by good works." —Thomas A. Kempis

"How perverse is the attitude of the weak toward their benefactors. They feel generosity as oppression; they want to retaliate. They say to their benefactors, 'May the day come when you shall be weak and we will send bundles to America.' " —Eric Hoffer

Borrowed Nonsense . . .

A young businessman returned home tired from a hard day at the office to find his two children rushing madly about the house. He gave them both a scolding and sent them to bed as soon as possible. The next morning he found this note pinned to his bedroom door: "Be good to your children and they will be good to you. Yours truly, God."

"Darling," sighed the enraptured young man, "when I think that tomorrow is your birthday and just a year ago I didn't even know you."

"Sweetheart," said the girl, "don't talk about my past, let's talk about my present."

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.

2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.

3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why . . . with buys that are better than ever.

4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.

5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.

6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

What to do about obscene or other offensive phone calls

We are very much concerned about these calls. Should you happen to receive any, the following simple guidelines provide an effective way for you to stop them:

1. **Hang up** — if the caller does not say anything.
   — at the first obscene word or improper personal question.
   — if the caller does not identify himself to your satisfaction.
2. **Don't keep talking to the caller** — what he really wants is an audience. Don't be that audience.

Remember, *you* are in control of your phone. You can end any conversation simply by hanging up.

By following these guidelines, you can usually discourage someone from continuing to call you. If the calls do persist, call the Telephone Business Office. We want to help in investigating and apprehending these callers.

VOTE FOR KARL IN THE PRIMARY.

The Rolvaag for Governor Club was organized to assist in the campaign for Rolvaag. The Club is composed of oldtime Farmer-Laborites. We recommend Karl F. Rolvaag to you, and urge the Voters of Pennington and surrounding counties to take off their coats, put on some steam, and go out and campaign for Rolvaag. Tell your friends and neighbors to vote for Karl. He will serve the people well.

(Political Adv.—Prepared, Paid for and published in behalf of Karl F. Rolvaag, candidate for Governor, by the Rolvaag for Governor Club, by Paul A. Harris, H. O. Berve, and Helmer Halland, its campaign committee, all of Thief River Falls, Minnesota.)

WHO WILL BECOME PRINCESS KAY OF THE MILKY WAY XIII?

KAYE WEBSTER, Beltrami, Region I — BARBARA OLESIAK, Sawyer, Region II — DIANE GESELL, Miltona, Region III — BONNIE SCHUSTAK, Foley, Region IV — DIANE JENSEN, Raymond, Region V

LINDA KOTTKE, Glencoe, Region VI — EVELYN WOLKOW, Farmington, Region VII

BARBARA REHNELT, Windom, Region VIII — BARBARA WENCL, Medford, Region IX — MARY ANN TITRUD, Clarissa, Princess Kay XII — CAROL KINGSBURY, Rochester, Region X — EILEEN HANSEN, Luverne, Region XI

She'll crown her successor at the 1966 Minnesota State Fair, Friday, Aug. 26.

NUMBER "13" will become the luckiest number of all for one of the 11 lovely dairy farm girls who are finalists in the American Dairy Association of Minnesota's Princess Kay of the Milky Way contest. The girls, each the winner of a regional dairy princess title during June Dairy Month, will gather in St. Paul, Aug. 24, for three days of contest activities leading to coronation ceremonies on the State Fair's grandstand stage at 7:45 p.m., Friday, Aug. 26. Nearly 1,000 dairy farm girls competed in this year's round of preliminary contests held throughout Minnesota.

American Dairy Association of Minnesota Newsphoto

Northwest Dairy Princess Enters State Fair Event

Contrary to superstition, 11 Minnesota dairy farm girls all regard "13" as a very lucky number.

One of them will have a good reason to believe so when she becomes Princess Kay (XIII) of the Milky Way on the Minnesota state fair's grandstand stage at 7:45 p. m., August 26 — the fair's "premiere night". The coronation will precede the fair's first night grandstand show.

Coronation ceremonies at the fair will climax the statewide round of contests in which nearly 1,000 dairy farm girls participated. Each of the 11 candidates earned her right to compete in the finals by winning the dairy princess title in her own region of the state during June Dairy Month.

State contest judges will be looking for the girl with the best combination of appearance, personality, vitality and ability to "speak up for milk and dairy foods.". The winner will receive her crown from Princess Kay XII Mary Ann Titrud of Clarissa.

A news conference at the fair grounds is scheduled as the first event of the three-day contest when finalists meet each other for the first time in St. Paul, August 24.

A special feature of the news conference will be announcement of the 11 winners in an "August Sandwich Month" recipe contest with each of the girls preparing a sandwich from one of the winning recipes.

In keeping with tradition, the new Princess Kay will be "initiated" into her year's work as the goodwill representative for the state's entire dairy industry with a 10-day schedule of appearances and activities at the state fair. The dairy building is her "home base" throughout the fair.

Her first day on the job will include a several-hour stint beginning at 9 a. m., August 27, in the ADA of Minnesota's triple award-winning "Beauty-In-Butter" sculpture exhibit in the dairy building. Each of the 10 runners-up also will take a turn posing in the refrigerated exhibit for University of Minnesota Artist Don Schule.

Schule will sculpt a head-and-shoulders likeness of each girl out of individual 68-pound blocks of butter provided by the girls' hometown or sponsoring creameries.

Teams of dairy princess finalists also will serve butter samples, on crackers, sell the new ADA cookbook, "Modern Approach to Everyday Cooking," and will assist youngsters in their conversations with "Jerry the 'Talking' Train."

University of Minnesota Air Force ROTC cadets will serve as escorts for the girls at this year's coronation program.

Each of the 10 runners-up will serve as dairy princess in her own region until next June. The new Princess Kay will begin her work and travel around the state immediately after the fair.

AAA Honors Cities In Minnesota for Pedestrian Safety

Common highway scene during the month of August — especially during hot, humid weather — is a stalled car on the roadside with a steaming radiator.

Minnesota AAA recommends the following steps if a car radiator overheats:

Don't turn off the engine if the temperature gauge starts to rise or if the warning light indicates overheating.

If stuck in a long line of waiting cars, shift to neutral and race the engine moderately for 30 seconds at two-minute intervals.

If the radiator continues to overheat, drive the car off the road . . . turn off the engine . . . raise the hood and wait until the temperature guage registers well below boiling or the warning light goes off.

Then, remove the radiator cap slowly using a towel or thick rag to protect your hands. Check the water level. If it is low, re-start the engine and add cool or warm water with engine running. Never add cold water to a hot radiator.

If the boil-over occurs again, have the car checked at the nearest service station.

Your best protection against overheating, according to AAA, is to have your car's radiator and cooling system put in good working order before starting out on any trip.

More Than 1,800 Firms Distribute Seed in State

More than 1,800 Minnesota firms were involved in the marketing and distribution of farm seed in the state in 1964, according to a report issued recently by agricultural economists at the University of Minnesota.

Seventeen per cent of these firms handled seed alone, while 45 per cent dealt in seed, feed, fertilizer and economic poisons. The remaining 38 per cent handled various combinations of the four farm products.

While private firms outnumbered cooperatives (60 per cent were private), the yearly average annual return of cooperative was nearly $60,000 compared to a $38,000 average annual return for private seed firms.

Despite this margin, there was no substantial difference in size of firms between cooperative and private. The economists offer as one explanation for this the fact that more cooperatives handled "high value to weight ratio" seed, such as alfalfa and clover.

The report shows that 97 per cent of the cooperatives handled alfalfa seed and 92 per cent handled clover. In comparison, only 77 per cent of the private firms handled alfalfa seed and 66 per cent handled clover.

The most important sources of seed for the firms studied were Twin Cities metropolitan wholesalers, which also supplied most of the "high value to weight ratio" seeds.

Also, most of the corn seed was secured from Twin Cities wholesalers, which the economists say probably reflects a desire on the part of retail firms to obtain specific hybrids which only the larger wholesalers have developed.

Farmers were the major source of seed in the "low value to weight ratio" category, which includes oats, flax and rye seed. In general, farmer-to-farmer or farmer-to-retailer sales transactions were typical in the distribution of these seeds.

Outstate wholesalers were the major source of wheat and flax seed.

U of M Guernsey Research Herd Leaves Duluth

Ninety head of Guernsey cattle, representing one of the top dairy herds in the country, were moved this week from the University of Minnesota northeast experiment station in Duluth to the experiment station near Rosemount.

Herdsman Michael Strasser, who has been in charge of the herd for 12 years, and his assistant Thomas Mike, who has worked with the cattle for three years, were in charge of the 200-mile move. They will also move to Rosemount.

Guernsey cattle have been raised at the experiment station in Duluth since the early 1900's as part of the university's dairy cattle breeding-production research.

The herd has received the gold medal of the American Guernsey Cattle club in four consecutive years and has been one of the top producing Guernsey herds in Minnesota for the last 10 years.

Another university Guernsey herd at the north central experiment station in Grand Rapids, a companion herd to the Duluth Guernseys, has also received the Guernsey Cattle club's gold medal.

According to Professor Clarence Cole head of the department of Animal Science, the two herds are of the same breeding, but are kept separate for production comparisons.

Breeding-production experiments conducted at Duluth for the past 60 years will be continued at Rosemount. Cole said, however, that he expects the herd's production to drop slightly due to the change from the stall housing at Duluth to Rosemount's loose housing.

The university is phasing out all livestock experiments at the northeast experiment station in Duluth and will concentrate on horticultural research there.

State Horticulture Group Will Note 100th Anniversary

Minnesota garden enthusiasts are invited to help celebrate 100 years by attending at the Centennial convention of the Minnesota State Horticultural society August 25 and 26 at the Pick-Nicollet Hotel, Minneapolis.

"Whether you are a member or not, you may attend," says Eldred Hunt, executive secretary of the society. The registration fee is $1.

According to Hunt, the Centennial convention will concentrate primarily on tours to give those attending a wide view of horticultural materials available to help them beautify their homes and communities. Tours of a large wholesale nursery and the Como Park conservatory will be held on Thursday, August 25. Tours on Friday, August 26, include the Lyndale rose gardens, flower and vegetable trial grounds and the University of Minnesota landscape arboretum. Bus transportation will be provided for the tours.

Further information on the program is available by writing Minnesota State Horticultural Society, University of Minnesota, St. Paul, Minnesota 55101, or by calling 647-2466.

4-H CLUB NEWS

Smiley

Smiley 4-H club held its regular meeting, Wednesday evening, July 13 in connection with a brief tour. County Agent Terry Courneya and sons were also in attendance. First stop was at the Wallace Torkelson home where the members viewed Troy's pig and then at the Don Knutson home where beef and sheep were shown. The meeting was held outdoors on the Knutson lawn. Business consisted of plans for the county fair.

Loren Lendobeja gave a demonstration and Marsha Newton gave a project report. The evening closed with the members playing ball and enjoying roasted wieners and marshmallows.

There is no meeting, in August. Next meeting will be September 14. Safety emblems must be sold before the September meeting. Money should be given to Norma Beiswenger, treasurer.

Tax Questions Aired By Internal Revenue

Q — A next door neighbor, who is an old family friend, moved in with us last month. Under what conditions can I claim this person as a dependent?

A — Someone who is not related to you may be claimed as a dependent only if (1) they lived with you for the entire year, (2) their income was less than $600 for the year, (3) you provide more than one-half the amount necessary for support, and (4) they do not file a joint federal tax return with their spouse.

Q — I just had my 65th birthday. Does this change my tax status?

A — Yes, there are several changes which should reduce your federal tax liability. For one thing, you are entitled to an additional $600 exemption when you become 65.

"Tax Benefits for Older Americans," IRS Document No. 5569, describes this and several other benefits for persons 65 and over. A free copy may be obtained by writing to our office.

Q — I forgot to include income from one of my jobs when I filed for 1965 and so I had to file an amended return. I just got a bill for interest on the additional amount of tax I paid. Why was I charged the interest?

A — Federal tax laws require that interest be charged on taxes that are not paid when they are due. The interest rate specified is six per cent per annum. This is not a penalty.

Q — My daughter is banking her summer job earnings. The bank wants her tax account number. What is that?

A — This is her social security number. The law requires financial institutions to ask the depositor for his number and to use it when reporting to IRS the interest payments on all savings accounts earning $10 or more during the calendar year.

Q — My return is being audited and I'm supposed to bring in my records on my business entertaining and travel. What do I need to substantiate these items?

A — Generally speaking, you must be able to produce records to establish each of the following: (1) the amount of the expense, (2) the time and place, (3) the business purpose, and (4) the business relationship of those entertained.

A receipt or other documentary evidence is required for each travel or entertainment expenditure of $25 or more, with certain exceptions. IRS Publication No. 463, "Travel, Entertainment and Gift Expenses," outlines the rules for deducting these expenses. You can get it by writing to our office.

You may want to look over this publication before you have your audit interview. It will also be helpful in maintaining your expense account records currently.

Thorson To Head Rolvaag Group

Governor Karl F. Rolvaag today announced the appointment of Henry Thorson, Thief River Falls, as chairman of the Pennington county Rolvaag Volunteer committee.

In accepting the appointment, Thorson said, "The majority of people in Pennington county are solidly supporting Governor Rolvaag's administration."

Bumper stickers, brochures, and signs can be obtained at the headquarters at 313 East Third.

Local Committee Scores Latz for Campaign Remark

A "shoot the wounded" statement by Rep. Robert Latz of Minneapolis was criticized by a Pennington county volunteer committee supporting Governor Karl F. Rolvaag's re-election in a unanimous resolution today.

Latz, a candidate for attorney general, running with Lt. Gov. A. M. Keith, said last week that by the time the Keith forces finish with "the Republicans and the renegade Democrats, the only thing to do will be to go out and shoot the wounded."

The Rolvaag committee said in its resolution that "such sentiments are completely foreign to the liberal political cause, and the candidate's reference to 'shooting the wounded' is in remarkably bad taste."

Latz will be opposed in the September 13 primary election by DFLer Wayne H. Olson, former assistant attorney general and conservation commissioner, who is a backer of Governor Rolvaag.

Henry Thorson is chairman of the committee. The resolution said that after the primary "all our efforts shall be directed toward increasing liberal leadership in state government and . . . in no case shall political terrorism or political violence be directed toward any liberal because of an honest difference of opinion."

The adopted resolution was discussed in advance with Governor Rolvaag, who gave it his approval.

She creates original designs which she applies to dishes, vases, flower pots, throw pillows, Easter eggs, lamps, pillow cases, figurines, wall panels and cottages. Her artistry is evident throughout her home as are also her own artificial floral creations which she calls Mesabi Leaf fantasies. The inspiration for this new type of decoration came from one of her own designs as she was in the process of handpainting it on a plate. She thinks this type of decoration would be a fine craft for all clubs such as girl scouts, 4-H, etc., homemakers as well as anyone interested in something a little more unique in the way of decorations.

THE TIME OF JOY

THE CHURCH FOR ALL...
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Copyright 1966, Keister Advertising Service, Inc., Strasburg, Va.

There's happiness and ice cream all over her face! It takes so little to delight a child, and we sometimes wish that we could be satisfied as easily.

As we grow older, we acquire expensive new possessions but tire of them. We try costly new entertainments until they bore us. Even though our lives are full of small pleasures . . . the fragrance of fresh-cut grass, the soothing sound of rain, the silent beauty of stars . . . we somehow aren't really aware of them any longer. Even life itself, the greatest gift we have, can seem bleak and fruitless. What can restore our awareness of the joy and privilege of being alive?

Jesus knew about this problem, and He had the answer for all who need it. He has promised life . . . more abundant life . . . to those who will follow Him. And He will help, every step of the way.

Farm Firm to Manufacture Hay Loader

The N. A. K. Manufacturing Co., Inc., was formed at Trail. The company which is in the business of making farm tools and implements was formed by George Ness, Albert Aaknes and Calvin Kolling. The latest time and man-saver the men have perfected is a hay fork attachment which will load a ton of hay in about one minute. According to a spokesman for the corporation. The hay fork reportedly is a simple uncomplicated attachment which fits any standardized tractor. It is currently being used by many farmers in the area. One of its greatest features is the simplicity of use, along with the man power and time it saves the user. The N.A.K. manufacturing Co., Inc., has their shop at Trail. The N. is for Ness, the A. for Aaknes and K. for Kolling.

NEW CONNECTOR BOXES

Are a small, but important, component in our new all-weather cable system. As everyone knows, the more splices it is necessary to make in our trunk cable, the weaker the signal becomes.

When our new cable system is completed this fall these little junction boxes will be installed as an istregal part of the line. And the number of splices reduced by connecting four subscribers to one weather-tite junction box. It's just one small part of the effort to bring our subscribers the best TV picture possible without costing them a cent.

Experimental Program Begins at Knox School

Considered to be the biggest experimental change in the history of the Thief River Falls elementary schools, a new program will be offered to fifth and sixth grade students at Knox elementary school during the 1966-67 school year. The program is termed "One-Half Day Departmentalized Instruction," according to Kenneth Swanson, principal at Knox and Mark Twain schools.

The experimental program is to be placed on a two-year trial schedule with the approval of the Minnesota department of education and the Thief River Falls school board. If determined to be successful at that time, it will likely be expanded to other schools and other grades in the Thief River Falls school system. Should it prove unsuccessful this year, it could be discontinued for future years.

"We are very enthusiastic about this new project and are going to do all in our power to try and make it succeed," Swenson said. "Advice and help has been sought from several experts in the field of elementary education at the state department of education, Bemidji state college and the University of North Dakota."

Basics of the program involve having the four instructors of grades five and six at Knox teach all of the classes in specialized subject fields—with the teachers moving from classroom to classroom for approximately one-half of each school day. The other one-half day will be spent on the remaining subjects normally taught, and these will be instructed by the teachers in their own home rooms.

The teaching rotation will be conducted as follows:

Patrick Klemisch will teach all the arithmetic in the two fifth and two sixth grade classes;

Donald Hejlik will teach all the science and health in the two grades, with the teaching of science and health alternated during nine-week periods;

Richard Tyler will teach all the social studies classes in the two fifth and two sixth grades;

Mrs. Alice Lendobeja will teach all the language (oral and written expression) in the two grades. No additional teachers or special equipment will be required for the program.

"We feel that departmentalized instruction would tend to insure a well-balanced program for our fifth and sixth grade children," Swenson said, "primarily because teachers have a higher morale when teaching in the field of their special interest.

"The interest level of the children should rise, since basically they like to have more than one teacher. Our sixth grade children should be better prepared for the departmentalized junior high school situation.

"Departmentalized instruction lessens the load of the teacher as compared to the load involved in teaching all subjects, and this type of program should tend to attract well-prepared teachers," the principal added. "Because of the variety of teachers each pupil has, he is more likely to find at least one teacher who understands him and to whom he may talk freely."

Swenson stressed that evaluation of the program will take place after each of the first two experimental years. Equated control groups will be identified in one

Thorstenson Is Ninth District VFW Commander

Farrell Harris, commander of VFW Post 2793 for the year 1965-66, together with Del Harbott, Larry Thorstenson and Harold Anderson were in attendance at the State of Minnesota Veterans of Foreign Wars convention held at Mankato.

At the close of the convention all elected and appointed officers at the post, district and state levels took over their respective offices.

Thorstenson is the new Ninth district commander of the Minnesota VFW. The following officers were elected for Post 2793 for the 1966-67 term: Bennie Wold, commander; Roy Jorgenson, quartermaster; Myrle Carlson, senior vice commander; and Lloyd Pederson, junior vice commander.

CHAMPION entry in the 13th District Horticultural society flower show held in Thief River Falls Wednesday was entered by Robert Kloubec of Thief River Falls. His single spike gladiolus was judged best in that division and also took show honors.

162 Girl Scouts Attend Day Camp At Camp M.O.E.

What is termed a very successful Girl Scout day camp was held August 8-12 at Camp M.O.E., located about five miles southeast of Thief River Falls. A total of 162 girls were in attendance.

Under the direction of Mrs. Pat Johnson, the girls formed small groups. Each group, with a leader, selected a campsite and set up tents, constructed fire rings and added a few comforts such as clotheslines for sack lunches, lashed tables, etc.

The Brownie program consisted of crafts using natural materials, music and games, nature, study compass and fire building. Brownie leaders were Mrs. Robert Helland, Mrs. Delwin Schob, Mrs. Ronald Swenson and Mrs. Eugene Prestegaard. They were assisted by Cadette Scouts Margaret Fox, Jeneen Sagmoen, Jill Berry, Laurel Onken, Barbara Nordvall, Diane Olson and Valerie Scholin, and also Senior Scout Lorray Owen.

Juniors and Cadettes used their time to complete requirements for outdoor badges. Various types of outdoor cooking figured strongly in their program. Junior leaders were Mrs. Joe Tunheim, Mrs. Curtis Charles, Mrs. Leslie Snetting, Pat Treumer and Sandy Frolland, who were assisted by Cadette Scouts Nicki Kloubec, Sheryl Seulthorp, Mary Ann Arhart, Ellen Vagle, Cathy Vigness, Lois Olson, Janet Bedard, Paula Stroble and Frances Hanson.

Mrs. Donald D. Olson headed the Cadette Scouts and was assisted by Sherry Adamson and Darlene Kelley, Senior Scouts.

Others who assisted were Mrs. Floyd Canfield, archery; Mrs. Rudy Sagmoen, crafts; Mrs. A. F. Scheuneman, nurse; Mrs. Herbert Achenbach, nature study; Mrs. Art Forsberg Jr., shopper; and Mrs. Fred Grant, Mrs. John Peterson, Mrs. Robert Lasha, Mrs. Adolph Anderson, Cathy Bacon and Mrs. Gunder Legvold.

Mr. and Mrs. Norman Nelson and Mr. and Mrs. Orville Hovelson of Ada were Sunday visitors at the Lena and Oliver Gullingsrud home.

CD Home Fallout Protection Check Progressing Well

Minnesota home fallout protection survey, which began the third week of July, is progressing very well, according to Roy Aune, acting state civil defense director.

Questionnaires have been mailed to 457,000 homes in Minnesota. To date 56.1 per cent or about 256,910 questionnaires have been filled out and returned to Jeffersonville Ind. for analysis.

The areas of the state that were to be visited by federally-employed interviewers have been completed. This portion of the survey reached approximately 550,000 dwellings.

Residents living in one, two or three dwelling units who have filled out their questionnaires and returned them in the self-addressed envelope provided, or those who have been visited by an interviewer, will receive a booklet in the mail explaining what protection the home will provide from radioactive fallout.

OFFICERS and workers who assisted in staging the fall flower show of the 13th District Horticultural society Wednesday are pictured above. Seated left to right are Mrs. Inga Geving, director of the state society; Mrs. Hild Hildahl, district president; Mrs. M. C. Gulbranson, placement chairman; and Mrs. E. J. LaCoursiere, president of the Red Lake Falls Forget-Me-Not club. Pictured left to right in the back row are Mrs. Emery LaChance, Red Lake Falls; Mrs. J. A. Hughes, Red Lake Falls; Mrs. Marie Cernousek, Thief River Falls; Mrs. Ed Heieren and Mrs. Clayton Walker, show chairmen; Mrs. Rose Hirsch, Red Lake Falls; Mrs. Florence Phillion, Red Lake Falls; and Mrs. Arnold Zutz, Red Lake Falls. The show was co-hosted by the Sow and Hoe club of Thief River Falls and the Forget-Me-Not club of Red Lake Falls.

Grygla School To Open Tuesday, September Sixth

Grygla school will open its doors Tuesday, September 6, for the 1966-1967 school year. Students will be dismissed the first day at 10:30 a.m. following registration, and receiving of books and assignments. Regular classes and the lunch program will begin on Wednesday, September 7.

Beginning date is a week later than planned due to a delay in receiving materials for repairing the lunchroom floor.

Bus routes are almost the same as last year. Those affected by any changes will be notified, according to Kenneth Rusten, principal.

July Bank Debits Down Slightly From 1965 Figure

Bank debits in Thief River Falls during July showed a decrease of less than 1 per cent from the same period a year ago, according to statistics released by the Federal Reserve Bank of Minneapolis. In dollars, the city's bank debits volume during July was $9,933,000. In the same month of 1965, the total figure was $9,947,000. During the first seven months of 1966 bank debits amounted to $66,111,000, an increase of 5 per cent from 1965.

For Minnesota the July volume of bank debits for reporting cities increased 13 per cent from July of last year. Debits for the first seven months of 1966 increased 18 per cent from the same period in 1965.

The volume of bank debits reported by the total sample of Ninth Federal Reserve district cities for July increased 12 per cent from a year ago. The cumulative total for the first seven months of 1966 indicated a 16 per cent increase from the comparable 1965 period.

Bank debits mainly include all debits against checking accounts of individuals, partnerships and corporations, and of states and political subdivisions, and thus represent payments for goods, services, debts, etc. They do not include debits to the accounts of other banks, the United States government and savings accounts.

Skaar Seeks Road System to Move Mobile Homes

Rep. Andrew Skaar of Thief River Falls attended a meeting of the legislative highway interim commission Friday in St. Paul, with main topics of discussion being traffic safety, highway beautification and conference reports.

Prior to the meeting, Rep. Skaar and Sen. Norman Larson of Ada met with John C. Jamieson, highway commissioner, in regard to movement of mobile homes on state highways. The legislators were seeking to arrange a system of highways in the state where mobile homes exceeding the legal width and length for highway travel could be moved during specified periods.

Willie, David and Andy Bischel of China Lake, Calif., were visitors the past week at the Lee Bischel home as guests of their cousin, Richard.

GOVERNOR Karl F. Rolvaag, a candidate for reelection this fall, opened his campaign office in Thief River Falls Thursday morning with a ribbon-cutting ceremony, which was considered a success as many of the governor's friends and party workers were in attendance. Pictured above, left to right, are H. O. Berve, veteran Thief River Falls DFL'er; A. S. Stenberg and Robert Kinsman, secretary and finance chairman, respectively, of the Pennington County Volunteers for Rolvaag; Governor Rolvaag; Wayne Olson, former commissioner of conservation who is running on the Rolvaag ticket for the attorney general; Milo Larson, Oklee, member of the Red Lake County Volunteers for Rolvaag; and Mrs. Gladys Joringdal, Pennington County DFL chairwoman. The office is located in the former Ben Bendickson barber shop. Following the ribbon cutting Rolvaag spoke at a Chamber of Commerce "Meet the Candidate" luncheon at the Elks club.

Gov. Rolvaag Speaks To Open C of C Series

SELECTED by voters casting ballots at the Grygla fall festival entertainment program Saturday evening, Almond Olson was named as the community's most eligible bachelor. Elvon Hamilton, right, master of ceremonies for the evening, presented the winner with a "Chief Cook and Bottle Washer" apron, a freshly-baked pumpkin pie and a large Raggedy Ann doll which he was encouraged to take with him to the dance following the program.

Governor Karl F. Rolvaag, an incumbent who finds himself on the outside looking in at the DFL primary, opened the Chamber of Commerce "Meet the Candidates" series Thursday noon at the Elks club rooms in Thief River Falls. Gov. Rolvaag lost the DFL convention endorsement to Lt. Gov. A. M. Keith, but is conducting his primary election campaign on the theme, "Let the People Decide".

The governor opened his remarks by commending the Chamber of Commerce for conducting the "Meet the Candidate" series, noting that such a series "is not uncommon but not common enough".

He noted that conducting this campaign is difficult since he must be concerned not only about the campaign but about the affairs of state government. Summarization was given of three firms which he had visited in the previous few days -including Detroiter Mobile Homes at Red Lake Falls—each of which has promoted an "in-migration of brains and talent" to build Minnesota manufacturing.

While the governor said he was a supporter of the convention system of endorsement, he also claimed strong support of the primary election system. "There is the possibility," he said, "that the decision of 1,000 delegates at a convention could have been a mistake."

When he became governor of Minnesota on March 25, 1963, following a recount, unemployment was heavy in the state, he said. On the Iron Range the unemployment ranged up to 35 per cent. Now statewide unemployment is 2.7 per cent—the lowest since the end of World War II. A total of $400 million has been invested or committed to investment on taconite projects on the Iron Range.

"Minnesota is on the march in education," Gov. Rolvaag noted. He cited an increase of 50 per cent in the state's share of maintenance costs to school districts and emphasized the start of the Thief River Falls junior college.

In conservation he pointed to a 10-year program for development

Hearings Conclude On Milk Market Order on Friday

Final day of hearings on a proposed federal marketing order for milk in eastern North Dakota and western Minnesota was held Friday at Fargo. An official of the Red River Valley Milk Producers pool took the stand to firmly back Land O'Lakes recommended price of 20 cents per hundredweight above the Minneapolis price.

The Fargo Forum stated the following in reporting on the hearings:
